PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 10. DEPARTMENT OF BUSINESS OVERSIGHT

NOTICE IS HEREBY GIVEN [Government Code Section 11346.5, Subdivision (a)(1)]

The Commissioner of Business Oversight (Commissioner) proposes to adopt regulations to implement the Pilot Program for Increased Access to Responsible Small Dollar Loans and repeal the regulations under the former pilot program, the Pilot Program for Affordable Credit-Building Opportunities, under the California Finance Lenders Law. Effective January 1, 2014, Senate Bill 318 (Chap. 467, Stats, 2013) abolishes the former pilot program and establishes the Increased Access to Responsible Small Dollar Loans pilot program in place of the abolished program. Specifically, the Commissioner proposes to amend Section 1550 of Article 10, repeal Sections 1580 through 1596 of Article 13, and adopt Sections 1600 through 1618 to Article 14, of Subchapter 6 of Title 10 of the California Code of Regulations.

On July 1, 2013, the Department of Corporations and the Department of Financial Institutions merged to form the Department of Business Oversight. The Department of Business Oversight (Department) has all of the powers, authority, enforcement, jurisdiction, laws and regulations that were under the former Department of Corporations and former Department of Financial Institutions.

INFORMATIVE DIGEST [Government Code Section 11346.5, Subdivision (a)(3)]

Policy Statement and Specific Benefits Anticipated from Regulatory Action [Government Code Section 11346.5, Subdivision (a)(3)(C)]

The objectives of the proposed regulations are to:

- Adopt necessary rules to implement the Pilot Program for Increased Access to Responsible Small Dollar Loans. The pilot program was established by Senate Bill 318 to increase the availability to Californians of responsible small dollar loans of at least \$300 but less than \$2,500.

- Repeal the regulations of the former program, the Pilot Program for Affordable Credit–Building Opportunities, because the program was abolished by Senate Bill 318 effective January 1, 2014.
- Amend the existing rule on advertising to provide guidance to licensees under the California Finance Lenders Law on how to report license information in advertisements.

The specific benefits anticipated by the proposed adoption of the rules include increasing the supply of responsible small dollar loans in the financial services market. The Department also anticipates benefits to the general economy from encouraging economic development in California through the expansion of a small dollar loan market. By making affordable small dollar loans more accessible, helping consumers build or rebuild their credit, and providing them with financial and credit education at no cost, the Department further anticipates benefits to the economic welfare of California consumers. Moreover, by adopting the rules and forms in compliance with California’s rulemaking procedures and standards, the proposed regulatory action increases transparency in government and encourages public participation in developing the rules.

Summary of Existing Laws and Regulations, and Effect of Proposed Action [Government Code Section 11346.5, Subdivision (a)(3)(A)]

Finance lenders and brokers are regulated under the California Finance Lenders Law by the Department. Existing law regulates the interest, administrative fees and delinquency fees that a licensee may charge on loans made under the law, and prohibits a licensee from paying loan referral fees to unlicensed persons.

The Legislature established the former pilot program, the Pilot Program for Affordable Credit–Building Opportunities, under the California Finance Lenders Law to increase the availability of affordable small dollar loans and provide credit–building opportunities for consumers [Senate Bill 1146 (Chap. 640, Stats. 2010)]. However, the Affordable Credit–Building Opportunities pilot program has not resulted in a substantial increase in the availability of small dollar loans and therefore Senate Bill 318 was enacted to abolish the former pilot program and establish in its place another pilot program, the Pilot Program for Increased Access to Responsible Small Dollar Loans, under the California Finance Lenders Law. The newly established pilot program was intended by the Legislature to build upon the knowledge and experiences of the former pilot program.

The laws for both the former pilot program and the Increased Access to Responsible Small Dollar Loans pilot program are substantially similar. Specifically, licens-

ees and persons seeking licensure under the California Finance Lenders Law are required to file an application and pay a fee to the Department to participate in the pilot program. Existing law makes licensees of the former pilot program subject to the new pilot program and provides that any outstanding loans made under the former pilot program remain subject to the terms and conditions in effect at the time the loan was made.

Under existing law, licensees may charge higher interest rates and fees on loans of at least \$300 but less than \$2,500, and pay referral fees to finders for referring customers to the licensee, subject to specified registration and compensation restrictions. Existing law identifies the services a finder is authorized to perform under the pilot program. Licensees are required under existing law to notify the Department within 15 days of entering into a contract with a finder, pay an annual finder registration fee to the Department, and report to the Department annually on the business and operations with a finder. Existing law also authorizes the Department to examine the operations of pilot program participants and finders to ensure that their activities are in compliance with the law, requires the Department to examine licensees every two years, and makes a licensee responsible for a finder’s violation of the law. Existing law authorizes the Department to bar or prohibit use of a finder, and prohibits payment to a finder who has been barred by the Commissioner.

Existing law requires licensees to offer a Department–approved credit education program to borrowers and underwrite loans in compliance with specified standards. Existing law also requires licensees to provide various notices and loan disclosures to applicants and borrowers.

Existing law authorizes a pilot program participant to appoint one or more branch managers with responsibility over multiple branch locations, subject to the Department’s approval. Licensees not participating in the pilot program may not under the California Finance Lenders Law appoint a branch manager over more than one branch location. Existing law also requires the Department to conduct a random sample of borrowers, and to prepare reports and post the reports on the Department’s Internet Web site concerning utilization of the pilot program.

Existing law also requires licensees to disclose in any advertisement that the licensee is licensed under the California Finance Lenders Law.

This regulatory action proposes the following rules to implement the new Pilot Program for Increased Access to Responsible Small Dollar Loans:

- Provide the procedures and time period for licensees to report changes about a finder.

- Provide the procedures and time period for licensees to request approval from the Department to appoint a branch manager with responsibility for multiple branch locations.
- Set forth the application form, filing process, and fees for licensees to apply to participate in the pilot program.
- Set forth the finder registration form, filing process and annual finder registration fees.
- Set forth the annual report form and the instructions to complete the form to enable licensees to report on the business and operations, including finder activities, under the pilot program.
- Inform licensees about additional borrower information, not typically required in a loan transaction, which licensees are required to collect from borrowers for purposes completing the annual report.
- Identify the information that must be included in a credit education program or seminar, and provide the procedures for licensees to obtain the Department's approval of the program or seminar.
- Set forth the recordkeeping requirements and evidence of compliance for licensees concerning the consumer education offer, consumer reporting requirements and loan underwriting standards.
- Provide the procedures to enable licensees to verify a finder's status before compensating the finder.
- Set forth the recordkeeping requirements and evidence of compliance for licensees concerning notices and other disclosures, including notification of payments and due dates, that licensees are required to provide to consumers.
- Clarify when a finder is providing services to a licensee and the prohibition against a finder providing counseling or advice to a borrower or prospective borrower.
- Identify the information that licensees must make available to the Department for purposes of conducting the survey of borrowers.

The regulatory action also proposes to:

- Repeal the regulations under the Pilot Program for Affordable Credit–Building Opportunities.
- Clarify for licensees under the California Finance Lenders Law how to disclose license information in advertisements.

Existing Federal Regulation or Statute [Government Code Section, Subdivision (a)(3)(B)]

Finance lending is largely subject to state law and therefore there is no existing comparable federal regulation or statute.

Existing State Regulations [Government Code Section 11346.5, Subdivision (a)(3)(D)]

The Department has conducted an evaluation of whether the proposed regulations are consistent with existing laws and has concluded that these are the only regulations that modify on a trial basis small-dollar lending. The proposed regulatory action is consistent with existing regulations and policy considerations under the California Finance Lenders Law, and therefore the proposed amendments are neither inconsistent nor incompatible with existing state regulations.

DISCLOSURES REGARDING THE PROPOSED ACTION [Government Code Section 11346.5, Subdivisions (a)(5) and (6), and (12)(A)]

- Mandate on local agencies or school districts: none.
- Cost or savings to any state agency: none.
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: none.
- Other nondiscretionary cost or savings imposed on local agencies: none.
- Cost or savings in federal funding to the state: none.
- Significant effect on housing costs: none.

ECONOMIC IMPACT ON BUSINESS [Government Code Section 11346.5, Subdivision (a)(8)]

The Commissioner has made an initial determination that the proposed regulatory action will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The Department has not relied upon any facts, evidence, documents, testimony or other evidence to support the initial determination that the regulation will not have a significant adverse economic impact on business.

EFFECT ON SMALL BUSINESS [Title 1, California Code of Regulations, Section 4]

The proposed regulations will not affect small business because finance lenders are not a small business

within the meaning of Government Code section 11342.610.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS [Government Code Section 11346.5, Subdivision (a)(9)]

Participation in the pilot program is voluntary and no lender will be required to participate. A licensee or lender seeking to participate in the program will incur costs for preparing and submitting an application, complying with the consumer education requirements, ensuring compliance with the program requirements, developing and providing notices and loan disclosures to consumers, collecting data and reporting annually to the Department.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS [Government Code Section 11346.5, Subdivision (a)(10)]

The Department has determined that:

- The proposed action will not create or eliminate jobs within California;
- The proposed action will not create new businesses or eliminate existing businesses within this state;
- The proposed action may positively affect the expansion of businesses currently doing business within California;
- The proposed action may benefit the health and welfare of California residents; and
- No benefits or adverse impacts to worker safety or to the state's environment are anticipated from this regulatory action.

BUSINESS REPORTING REQUIREMENT [Government Code Section 11346.5, Subdivision (a)(11)]

The Department finds that it is necessary for the health, safety or welfare of the people of this state that the report required in this regulatory action apply to businesses.

CONSIDERATION OF ALTERNATIVES [Government Code Section 11346.5, Subdivision (a)(13)]

The Department must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of

the Department would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of the law.

AVAILABILITY OF THE NOTICE, STATEMENT OF REASONS, TEXT OF PROPOSED REGULATIONS AND RULEMAKING FILE [Government Code Section 11346.5, Subdivisions (a)(16) and (20), and (b)]

As of the date this notice is published, the rulemaking file consists of this notice, the initial statement of reasons and the proposed text of the regulation. The proposed text (Document PRO 15/13 – B) may be obtained from any of the following Department offices:

A public hearing has not been scheduled for this rule-making. However, the Department will conduct a hearing if a written request for a public hearing is received from any interested person or his or her duly authorized representative, no later than 15 days prior to the close of the written comment period, pursuant to Government Code Section 11346.8.

The Department shall consider all comments received regarding the proposal equally, whether submitted in writing or through oral testimony at a public hearing.

AUTHORITY AND REFERENCE

These regulations are being proposed under the following authorities:

Sections 20, 1267.7 and 1275.3 Health and Safety Code; and Sections 10725, 14105, 14108, 14108.1, 14108.2, 14109.5, 14110.6, 14110.7, 14124.5, 14125.5 and 14570, Welfare and Institutions Code.

These regulations implement, interpret, or make specific the following:

Sections 14087.3, 14105, 14105.47, 14105.981, 14108, 14108.1, 14108.2, 14109.5, 14110.1, 14110.4, 14110.6, 14110.7, 14123, 14132.22, 14132.25, 14171 and 14571, Welfare and Institutions Code; Sections 1250, 1267.7, 1275.3, 1324, 1324.2, 1324.4, 1324.6, 1324.8, 1324.10, 1324.12 and 1324.14 Health and Safety Code; Statutes of 2004, Chapter 208, Items 4260-101-0001 and 4260-101-0890; Statutes of 2005, Chapters 38, Items 4260-101-0001 and 4260-101-0890; and Statutes of 2006, Chapters 48, Items 4260-101-0001 and 4260-101-0890; and the Settlement Agreement in *California Association for Adult Day Services v. Department of Health Services*, January 12, 1994, San Francisco County Superior Court (Case Number 944047).

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Welfare and Institutions (W&I) Code Section 14105 requires the Department to adopt regulations establishing reimbursement rates for Medi-Cal providers of health care services and mandates for the emergency adoption of regulations for these changes in response to legislative budgeting decisions.

This regulatory action amends the CCR, Title 22 to reflect reimbursement rates established by the Department for specific types of facilities providing long-term care services to Medi-Cal beneficiaries. The rate years are August 1, through July 31 of 2004-05, 2005-06 and

2006-07. In the Budget Acts of 2004-05, Items 4260-101-0001 and 4260-101-0890 (Ch. 208, Stats. 2004); 2005-06, Items 4260-101-0001 and 4260-101-0890 (Ch. 38, Stats. 2005); and 2006-07, Items 4260-101-0001 and 4260-101-0890 (Ch. 48, Stats. 2006), the Legislature appropriated funding to pay these rates. The reimbursement rates established through this regulatory action include the Quality Assurance Fee (QAF), pursuant to Health and Safety (H&S) Code Section 1324.21.

Anticipated Benefits or Goals of the Regulations

This regulatory proposal supports the intent of the initiating legislation as specified under W&I Code Section 14000, which states the purpose of Chapter 7, Basic Health Care is to afford qualifying individuals (such as the aged or disabled) employment of health care services in a manner equitable to the general public and without duplication of benefits available under other federal or state laws.

Within Chapter 7, Section 14105 specifies that the Director shall prescribe policies and regulations for the administration of the chapter, which includes the establishment of rates for payment of health care services.

The amendments proposed through this regulatory action will address the matter of establishing reimbursement rates for specific types of facilities providing long-term care services to Medi-Cal beneficiaries. These amendments will directly benefit these Medi-Cal providers through the update of their specific rates of reimbursement, which facilitates the delivery of these vital long-term care services to beneficiaries. In addition to meeting the goals of the authorizing statutes as described above, these regulations ensure the proper and efficient administration of the Medi-Cal program in accordance with the federal and state laws that govern the Program's rules of participation and funding.

Consistency and Compatibility with Existing State Regulations

The Department has conducted an evaluation of the related existing state regulations in CCR, Title 22, Division 3 and has determined that the regulations are consistent and compatible with those regulations.

Regulatory Sections

The proposed changes affect the following CCR sections: 51510, 51510.1, 51510.2, 51510.3, 51511, 51511.5, 51511.6, 51535, 51535.1, and 54501. In addition to the changes in reimbursement rates this regulatory action will also accomplish the following:

- Make non-substantial changes in formatting and language structure.
- Specify the fiscal period for audit report findings.
- State audit disallowance factors per rate year.

DISCLOSURES REGARDING THE
RULEMAKING

The Department has made the following initial determinations:

Estimated Fiscal Impact Statement

- A. Costs to any Local Agency or School District that is required to be reimbursed under Part 7 (commencing with Section 17500), Division 4 of the Government Code: None.
- B. Costs or Savings to any State Agency: The costs for the General Fund (Dollars in Thousands): FY 2004–05, \$119,133; FY 2005–06, \$61,884; and FY 2006–07, \$34,195. These costs were appropriated for and paid in their respective rate years and are included in the ongoing Medi-Cal base expenditures for Long-Term Care rates.
- C. Costs or Savings in Federal Funding to the State: The costs for federal funding to the state via matching funds: FY 2004–05, \$119,133; FY 2005–06, \$61,884; and FY 2006–07, \$34,195.
- D. Other Nondiscretionary Costs or Savings including Revenue Changes Imposed on State or Local Governments: None.

All cost impacts, known to the Department at the time the notice of proposed action was submitted to the Office of Administrative Law, that a representative private person or business would necessarily incur in reasonable compliance with the proposed action: The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Mandates on Local Agencies or School Districts

The Department has determined that the regulations would not impose a mandate on local agencies or school districts, nor are there any costs for which reimbursement is required by Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

Significant Statewide Adverse Economic Impact Affecting Businesses

The Department has made an initial determination that the regulations would not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Results of the Economic Impact Assessment (Analysis)

Impact on Jobs and Businesses

In accordance with Government Code Section 11346.3(b)(1), the Department has made the following assessments and has determined that the proposed regulations would not significantly affect the following:

- (1) The creation or elimination of jobs in California.
- (2) The creation or elimination of businesses in California.
- (3) The expansion of businesses currently doing business in California.

This determination is made on the basis that the regulations reflect rate changes based upon reported costs that are prospectively updated for economic indicators and adjusted for audit results.

Medi-Cal is a voluntary program for both service providers and beneficiaries. These emergency regulations will affect only those long-term care facilities that choose to participate in the Medi-Cal program.

Benefits of the Proposed Regulation

The Department has determined that the emergency regulations will not affect worker safety or the state’s environment. However, the emergency regulations will benefit the health and welfare of California residents by maintaining the continuity of the Medi-Cal program through the provision of comprehensive health care services at low cost for low-income individuals such as families with children, seniors, persons with disabilities, children in foster care and pregnant women, including the delivery of long-term care services.

This emergency regulatory action will benefit long-term care Medi-Cal service providers through the provision of the reimbursement rates established in the Budget Acts of 2004–05, Items 4260–101–0001 and 4260–101–0890 (Ch. 208, Stats. 2004); 2005–06, Items 4260–101–0001 and 4260–101–0890 (Ch. 38, Stats. 2005); and 2006–07, Items 4260–101–0001 and 4260–101–0890 (Ch. 48, Stats. 2006) for these services, which in turn facilitates the delivery of these vital services to beneficiaries.

Effect on Small Businesses

The Department has determined that the emergency regulations would only affect small businesses that voluntarily provide long-term care services to Medi-Cal beneficiaries. The regulations do not impose any additional reporting, recordkeeping, or other compliance requirements on small businesses.

Housing Costs Determination

The Department has made the determination that the regulations would have no impact on housing costs.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), the Department must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to af-

affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

ASSISTIVE SERVICES

For individuals with disabilities, the Department can provide assistive services such as the conversion of written materials into Braille, large print, audiocassette and computer disk. For public hearings, assistive services can include sign-language interpretation, real-time captioning, note takers, reading or writing assistance. To request these assistive services, please call (916) 440-7695 (or California Relay at 711 or 1-800-735-2929), email — regulations@dhcs.ca.gov, or write to the Office of Regulations at the address noted above. Note: The range of assistive services available may be limited if requests are received less than ten business days prior to a public hearing.

PROPOSITION 65

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65)

NOTICE OF AVAILABILITY OF HAZARD IDENTIFICATION MATERIALS TO SUPPORT RECONSIDERATION OF LISTING:

CHEMICALS LISTED VIA THE LABOR CODE AS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE REPRODUCTIVE TOXICITY

ANNOUNCEMENT OF A MEETING OF THE DEVELOPMENTAL AND REPRODUCTIVE TOXICANT IDENTIFICATION COMMITTEE

JANUARY 10, 2014

The Office of Environmental Health Hazard Assessment (OEHHA) announces the availability for public review of a hazard identification document to support the reconsideration of chemicals listed under Proposition 65 as known to cause reproductive toxicity. The chemicals were added to the Proposition 65 list on the

basis of reproductive toxicity via the Labor Code mechanism.¹ OEHHA is initiating this action based on changes to the federal regulations that affect the basis for the original listings via the Labor Code mechanism. Specifically, in March 2012, the federal Occupational Safety and Health Administration (OSHA) amended the regulations contained in CFR² Title 29, section 1910.1200. These changes have affected the use of this section as a definitive source for identifying chemicals as known to cause reproductive toxicity by the Labor Code mechanism.

This notice marks the beginning of a 45-day public comment period on this document. The public comment period will close on **Tuesday, February 25, 2014**. Copies of the document are available from OEHHA's web site at www.oehha.ca.gov. The document may also be requested from OEHHA's Proposition 65 Implementation Office by calling (916) 445-6900.

The Developmental and Reproductive Toxicant Identification Committee (DART IC) will consider whether the chemicals covered in the hazard identification document should remain listed under Proposition 65 as known to cause reproductive toxicity. The DART IC will consider these chemicals at its meeting on Wednesday, March 19, 2014. The meeting will be held in the Sierra Hearing Room at the Cal/EPA Headquarters building, 1001 I Street, Sacramento, California. The meeting will begin at 10:00 a.m. and will last until all business is conducted or until 5:00 p.m. The agenda for the meeting will be provided in a future public notice published in advance of the meeting. OEHHA will send comments received on the hazard identification document for these chemicals to DART IC members prior to the meeting.

OEHHA, a department of the California Environmental Protection Agency, is the lead agency for the implementation of Proposition 65.³ The DART IC advises and assists OEHHA in compiling the list of chemicals known to the State to cause reproductive toxicity, as required by Proposition 65. The DART IC serves as the State's qualified experts for determining whether a chemical has been clearly shown through scientifically valid testing according to generally accepted principles to cause reproductive toxicity.

OEHHA must receive comments and any supporting documentation on the hazard identification document by 5:00 p.m. on Tuesday, February 25, 2014. We encourage you to submit comments in electronic form, rather than in paper form. Comments trans-

mitted by e-mail should be addressed to P65Public.comments@oehha.ca.gov. Please include "2014 Labor Code Chemicals Reconsideration" in the subject line. Comments submitted in paper form may be mailed, faxed, or delivered in person to the addresses below:

DEPARTMENT OF BUSINESS OVERSIGHT
Investment Adviser Custody Rule

This rulemaking amends one section in Title 10 of the California Code of Regulations. The Department of Business Oversight is amending this section to increase safeguards for investor funds and securities. The purpose of this rulemaking is to define “custody” and to establish that subject to certain limited exceptions advisers with custody maintain the assets with a qualified custodian as defined in the regulation. The amendments also specify that certain audits and independent verifications must be performed by certified public accountants that are registered with, and subject to regular inspection, by the Public Company Accounting Oversight Board. The amendment also establishes several safeguards including, but not limited to, specific requirements for the maintenance of funds and securities

and notifying clients of the identity and location of the qualified custodian.

DEPARTMENT OF CONSERVATION
Well Stimulation Treatment

This emergency regulatory action is the Department’s adoption of interim regulations under Public Resources Code section 3161 (SB 4) to allow well stimulation treatment. These interim regulations establish procedures and requirements for operators providing written notice of well stimulation treatment and certifications of compliance as required under Public Resources Code section 3161. These interim regulations also establish definitions, address the distinction between well stimulation treatment and other routine operations and the distinction between well stimulation and underground injection projects, establish the acid concentration threshold at which an acid matrix stimulation treatment is subject to SB 4, establish the neighbor notification and water well testing procedures, provide interim model groundwater monitoring criteria for groundwater sampling, testing, and monitoring related to well stimulation that is conducted prior to the finalization of model groundwater monitoring criteria by the State Water Resources Control Board, establish public disclosure requirements and provide general requirements for well stimulation treatment.

DEPARTMENT OF FISH AND WILDLIFE
Suction Dredging; Use of Vacuum and Suction Dredge Equipment

The Department of Fish and Wildlife (Department) submitted this emergency readoption action to extend the amended definition of suction dredging in title 14, California Code of Regulations, section 228(a) made in OAL File No. 2013-0618-02E. The amended definition in section 228(a) was made for purposes of Fish and Game Code sections 5653 and 5653.1. In this context, suction dredging or suction dredge mining is a method

of vacuuming material from rivers, streams, or lakes for the extraction of minerals. There is currently a statutory moratorium on suction dredge mining pursuant to Fish and Game Code section 5653.1(b). The former definition of suction dredging was prescriptive and resulted in members of the public evading compliance with the Fish and Game Code by modifying suction dredging equipment. The Department's amendment closed the loophole in the former definition in order to allow the Department to enforce its regulatory and statutory authority over suction dredge mining activities.

DEPARTMENT OF JUSTICE
DROS Entry System

This rulemaking action by the Department of Justice (DOJ) implements the DROS (Dealer's Record of Sale) Entry System (DES), the process by which licensed firearms dealers submit electronic purchase information to DOJ. Historically, this information has been provided by dealers to DOJ via a third party, and DOJ's present third-party contract expires December 31, 2013. DOJ will assume responsibility for electronic transfer of DROS information beginning January 1, 2014, and these regulations detail the new process.

MANAGED RISK MEDICAL INSURANCE BOARD
Eligibility, Enrollment, Subscriber Contributions; Technical Changes

The Managed Risk Medical Insurance Board (Board) administers the Access for Infants and Mothers (AIM) program. The program provides low-cost health insurance coverage to uninsured lower-middle-income pregnant women. In response to bills ABX1-1 (Stats. 2013, c. 3) and AB 82 (Stats. 2013, c. 23) the Board is amending the regulations to require use of Modified Adjusted Gross Income in calculating AIM eligibility as well as requiring AIM eligibility to continue through the end of the month in which the 60th day following the end of the pregnancy falls. The Board is also making several other changes to better align the provisions in the AIM regulations to the related activities of the Department of Health Care Services and the California Health Benefit Exchange.
