Any person interested may present statements or arguments in writing relevant to the action proposed. Written comments, including those sent by mail, facsimile, or e-mail to the address listed under Contact Person in this Notice, must be received by the Secretary of State at its office not later than 5:00 p.m. on April 6, 2012.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the contact person listed below no later than 15 days prior to the close of the written comment period. Following the public hearing, if one is requested, or following the written comment period if no public hearing is requested, the Secretary of State, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE

Under authority established in California Government Code section 8220, the California Secretary of

State proposes to implement, interpret or make specific Section 20804 of the California Code of Regulations by revising the California Notary Public Disciplinary Guidelines 2001 incorporated by reference therein.

Pursuant to California Government Code section 8220, the Secretary of State may adopt rules and regulations to ensure that applicants and commissioned notaries public possess the requisite honesty, integrity, credibility, truthfulness and integrity to fulfill the responsibilities of the position of a notary public, which includes discipline of applicants and commissioned notaries public. California Government Code section 8220 states, "The Secretary of State may adopt rules and regulations to carry out the provisions of this chapter [California Government Code, title 2, division 1, chapter 3]. [¶] The regulations shall be adopted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3)."

Further authority for amending the 2001 Guidelines is found in California Government Code section 11425.50(e) that states: "A penalty may not be based on a guideline, criterion, bulletin, manual, instruction, order, standard of general application or other rule subject to Chapter 3.5 (commencing with Section 11340) unless it has been adopted as a regulation pursuant to Chapter 3.5 (commencing with Section 11340)."

INFORMATIVE DIGEST

A. Informative Digest

The Notary Public Disciplinary Guidelines are a document incorporated by reference in Section 20804 of Title 2, Division 7, Chapter 8 of the California Code of Regulations. The purpose of revising the Notary Public Disciplinary Guidelines 2001 ("2001 Guidelines") is as follows:

1. To reflect the changes in law made by Statutes of 2003, chapter 513 (AB 1210 Nakano), Statutes of 2007, chapter 496 (AB 434 Silva), Statutes of 2007, chapter 339 (AB 886 Runner), Statutes of 2008, chapter 67 (AB 2452 Davis); and Statutes of 2011, chapter 269 (AB 75 Hill).
2. To clarify the Secretary of State's process for handling cases that have gone to an administrative hearing and petitions for reinstatement or reduction of penalty; and
3. To incorporate the Secretary of State's experience in the last decade in dealing with offenses and misconduct by applicants for appointment as a notary public and commissioned notaries public.

The disciplinary guidelines were last revised effective March 31, 2001, to require stricter qualifications for both notary public applicants and commissioned notaries public with convictions.

B. Policy Statement Overview/Anticipated Benefits of Proposal

The Secretary of State appoints and commissions notaries public for the State of California. The Secretary of State is charged with ensuring that applicants and commissioned California notaries public possess the requisite honesty, credibility, truthfulness, and integrity to fulfill the responsibilities of the position. The Secretary of State may refuse to appoint any person as a notary public or may revoke or suspend the commission of any notary public for failure to meet the minimum qualification standards or violation of notary public law. When warranted, the Secretary of State is tasked with disciplining California notaries public, by suspending or revoking the commission of any notary public if the person has been convicted of a felony, a lesser offense involving moral turpitude, a lesser offense of a nature incompatible with the duties of a notary public, for notarial misconduct, or for any other statutory or regulatory grounds provided by California law.

Disciplinary guidelines have been adopted by the Secretary of State through the regulatory process and are incorporated by reference in (now) Section 20804 of California Code of Regulations, title 2, division 7, chapter 8, first effective June 1, 1998. The purpose of the disciplinary guidelines is to facilitate due process and maintain consistency in reviewing applications, investigating alleged violations of laws applicable to California notaries public, and instituting administrative disciplinary actions. The disciplinary guidelines are designed to assist administrative law judges, attorneys, notaries public, notary public applicants, and others involved in the disciplinary process.

Statutes of 2003, chapter 513 (AB 1210 Nakano), Statutes of 2007, chapter 496 (AB 434 Silva), Statutes of 2007, chapter 339 (AB 886 Runner), Statutes of 2008, chapter 67 (AB 2452 Davis); and Statutes of 2011, chapter 269 (AB 75 Hill) made changes that affect disciplinary action against notaries public. The proposed changes to the 2001 disciplinary guidelines incorporate the legislative changes, involve policy decisions about the duration of time between release from parole or probation as well as make changes to clarify the guidelines and to make the guidelines more easily readable and understandable:

- A felony conviction may allow an appointment if ten (10) years have elapsed from the end of parole or probation and the Secretary of State finds the applicant possesses the requisite honesty, credibility, truthfulness and integrity to fulfill the responsibilities of the position. Currently, the bar is permanent.

- A conviction for a misdemeanor or lesser offense may allow an appointment if five (5) years have elapsed from the end of parole or probation and the Secretary of State finds the applicant possesses the requisite honesty, credibility, truthfulness and integrity to fulfill the responsibilities of the position. Currently, the bar is ten (10) years.
- The explicit statement that a second disciplinary action will permanently bar appointment has been removed.
- The distinction between willful and negligent actions has been removed due to a 2008 legislative change.
- New Sections 8214.1(q) and (r) have been added as grounds for revocation, suspension, or denial since they became law in 2008.
- A new section dealing with the Secretary of State's process for handling cases that have gone to an administrative hearing has been added.
- The section dealing with petitions for reinstatement or reduction of penalty has been rewritten to make the process clear for the Secretary of State and the petitioners.

TITLE 4. CALIFORNIA STATE ATHLETIC COMMISSION

NOTICE IS HEREBY GIVEN that the California State Athletic Commission (hereinafter "commission")

is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held:

April 9, 2012 — 10:00 a.m.
 Department of Consumer Affairs
 Hearing Room—Suite S-102
 1625 North Market Blvd.
 Sacramento, CA 95834

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the commission at its office **no later than 5:00 p.m. on April 2, 2012 or must be received by the commission at the hearing on April 9, 2012.** The commission, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as the contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Section 18611 of the Business and Professions Code, and to implement, interpret or make specific Sections 18640 and 18645 of said Code, the commission is considering changes to Division 2 of Title 4 of the California Code of Regulations as follows:

INFORMATIVE DIGEST

A. Informative Digest

1. Amend section 303. Currently rule 303 prohibits the use of any drugs, alcohol, stimulants, or injections before or during a match. This proposed amendment would modify currently prohibited substances by allowing the use of salbutamol (maximum 1600 micrograms over 24 hours) and salmeterol by inhalation; a Beta-2 agonist (asthma medication).

2. Adopt section 303.1. Currently, there is no exemption to allow an athlete to use a medically prescribed drug that may be necessary to maintain the athlete's health. This proposal would establish an exemption process and provide the necessary authority to the commission to allow an athlete to use a medically prescribed drug that is necessary to maintain their health, before or during a match, provided said usage does not provide an advantage to the athlete during competition.

B. Policy Statement Overview/Anticipated Benefits of Proposal

Existing law at Section 18611 of the Business and Professions Code authorizes the commission to adopt, amend, or repeal, in accordance with the Administrative Procedure Act, rules and regulations as may be necessary to enable it to carry out the laws relating to boxing and the martial arts. By amending section 303 and adopting section 303.1 the commission will honor its commitment to the health and safety of athletes, allowing them to use the medication necessary to maintain their health, as diagnosed by a licensed physician.

It is anticipated that the amendment and adoption of regulations such as these will protect the health and safety of athletes, prevent discrimination against those athletes with legitimate medical conditions and promote fairness and social equity by allowing eligible legitimate contenders an equal opportunity to enter the ring. The amendment will allow athletes taking a very common but effective asthma medication to continue their asthma medication, in specific doses proven not to provide an unfair advantage, prior to and during competition. Additionally adoption of Rule 303.1 will allow athletes an avenue, not otherwise afforded, to request permission from the Commission to use a prohibited substance, when proven necessary and that does not provide an unfair advantage during competition, before and during competition. Without this avenue, fighters may choose to fight in other states where exemptions exist, or discontinue taking medications that are necessary thereby risking their health in order to fight in California, or quit fighting altogether.

C. Consistency with Existing State Regulations

The commission does not believe that the proposed regulation is inconsistent or incompatible with existing state regulations.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500-17630 Require Reimbursement: None.

BUSINESS IMPACT

The commission has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly af-

fecting business, including the ability of California businesses to compete with businesses in other states.

AND

The following studies/relevant data were relied upon in making the above determination: None.

Impact on Jobs/New Businesses:

The commission has determined that this regulatory proposal will not have any significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

This regulation will benefit the health and welfare of California residents who participate in regulated combat sports by allowing avenues for licensees to obtain Commission approval to use medications, required to maintain their health, before and during competition, provided the medicine does not create an unfair advantage.

Cost Impact on Representative Private Person or Business:

The commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON HOUSING COSTS

None.

EFFECT ON SMALL BUSINESS

The commission has determined that the proposed regulations would not affect small businesses. The proposed changes provide a mechanism to allow an athlete an avenue to continue to use specific medications necessary to maintain the athlete's health.

CONSIDERATION OF ALTERNATIVES

The commission must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

**INITIAL STATEMENT OF REASONS
AND INFORMATION**

The commission has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations, any document incorporated by reference and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the California State Athletic Commission at 2005 Evergreen Street, Suite 2010, Sacramento, California 95815.

**AVAILABILITY AND LOCATION OF THE
FINAL STATEMENT OF REASONS
AND RULEMAKING FILE**

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

Certification of Self-Paced Training Regulations 1052(b)

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations as described below in the Informative Digest. A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Public Comments Due by April 2, 2012, at 5:00 p.m.

Notice is also given that any interested person, or authorized representative, may submit written comments relevant to the proposed regulatory action by fax at (916) 227-5271, or by letter to:

Commission on POST
 Attention: Rulemaking
 601 Alhambra Boulevard
 Sacramento, CA 95816-7081

AUTHORITY AND REFERENCE

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Current law provides that peace officer training can be implemented through modern instructional technology to improve the effectiveness of law enforcement training, Penal Code section 13508(a)(1).

Many courses are defined as “e-learning,” however not all are designed in a manner that results in effective training. Sound instructional objectives should be at the

core of training development. The activities within the course should be engaging and provide practice in meeting the objectives. The activities should give learners corrective/confirming feedback regarding their performance. Evaluation activities must also be included to measure whether the learner has achieved a sufficient change in knowledge, skill, and/or attitude.

The specific benefits anticipated by the proposed changes to Regulation 1052(b) Self-Paced Training (e.g., CD-ROM or Web-based training) will provide presenters and developers clear direction to create and submit the on-line, self-paced courses for certification. The new language defines the criteria for the evaluation of e-learning, self-paced courses and provides staff with effective standards for self-paced courses submitted to POST for certification. The changes add language that directs presenters to existing POST forms specifically created for self-paced training course certification but not referenced in the original regulation. These existing POST forms are Self-Paced Training Course Certification Request (POST 2-124, 01/2012), Course Developer Resume (POST Form 2-125, 01/2012), and Instructor Resume Worksheet (POST Form 2-112, 01/2012). There would be no effect to benefits in regard to public health and safety, worker safety, or the environment, the prevention of discrimination, and the increase in openness and transparency in business and government.

An evaluation has found that the proposed changes to regulation are consistent or compatible with existing state regulations.

ADOPTION OF PROPOSED REGULATIONS

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

ESTIMATE OF ECONOMIC IMPACT

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Non-Discretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Costs to any Local Agency or School District for which Government Code Sections 17500-17630 require reimbursement: None.

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

**RESULTS OF ECONOMIC IMPACT
ASSESSMENT PER GOV. CODE SEC. 11346.3(b)**

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the state of California, nor result in the elimination of existing businesses or create or expand businesses in the state of California.

There would be no benefits of the proposed amendments of regulations to the health and welfare of California residents or any impact which would affect worker safety or the state's environment.

CONSIDERATION OF ALTERNATIVES

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons or would be more cost-effective to affected private persons and equally effective

in implementing the statutory policy or other provision of law than the proposed action.

CONTACT PERSONS

Please direct inquiries about this proposed regulatory action to Jan Bullard, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, by email at Jan.Bullard@post.ca.gov, or by telephone at (916) 227-4829. **TITLE 11. COMMISSION ON PEACE
OFFICER STANDARDS AND TRAINING**

**Peace Officer Feasibility Study Requirements
Regulation 9020**

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations as described below in the Informative Digest. A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Public Comments Due by April 2, 2012, at 5:00 p.m.

Notice is also given that any interested person, or authorized representative, may submit written comments relevant to the proposed regulatory action by fax at (916) 227-5271, or by letter to:

Commission on POST
 Attention: Rulemaking
 601 Alhambra Boulevard
 Sacramento, CA 95816-7081

AUTHORITY AND REFERENCE

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Commission Regulation 9020 specifies the requirements for feasibility studies for peace officer status/designation requests. When adopted in 1990, Regulation 9020 (formerly Regulation 1019) applied only to new peace officer designation pursuant to Penal Code Section 13540. It was revised in 2001 when Penal Code Section 13540 was amended to extend the feasibility study requirement to changes in peace officer designation or status. It was revised and renumbered to Regulation 9020 in 2007 in accordance with POST Strategic Plan 2006, Objective C-4 (“revise the POST Administrative Manual”).

The specific benefits anticipated by the proposed amendments to the regulation will ensure the regulatory language is clear and consistent with statute. There would be no affect to benefits in regard to public health and safety, worker safety, or environment, the prevention of discrimination, and the increase in openness and transparency in business and government. Minor changes to the structure and format, including reverting the regulation back to its original numbering convention of Regulation 1019, are also proposed.

An evaluation has found that the proposed regulation amendments are consistent or compatible with existing state regulations.

ADOPTION OF PROPOSED REGULATIONS

Following the public comment period, the Commission may adopt the proposal substantially as set forth

without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

ESTIMATE OF ECONOMIC IMPACT

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Non-Discretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Costs to any Local Agency or School District for which Government Code Sections 17500-17630 require reimbursement: None.

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

ASSESSMENT

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the state of

California, nor result in the elimination of existing businesses or create or expand businesses in the state of California.

The benefits of the proposed amendments of regulations to the health and welfare of California residents would be to clarify the requirements for a peace officer feasibility study. There would be no impact which would affect worker safety or the state's environment.

CONSIDERATION OF ALTERNATIVES

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

CONTACT PERSONS

Please direct inquiries about this proposed regulatory action to Associate Analyst Kathy Hobson, Commission on POST, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, by email at Kathy.Hobson@post.ca.gov, or by telephone at (916) 227-3911. DEADLINE FOR WRITTEN COMMENTS

Any interested person or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 p.m. on **April 2, 2012**, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulations.

AUTHORITY AND REFERENCE

The department proposes to adopt the proposed action under the authority granted by Vehicle Code section 1651, in order to implement, interpret or make specific Vehicle Code section 1685.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Department of Motor Vehicles (department) proposes to amend Sections 225.00, 225.03, 225.06, 225.09, 225.12, 225.18, 225.21, 225.24, 225.35,

225.36, 225.38, 225.42, 225.45, 225.54, 225.60, 225.63, 225.66, 225.69, and 225.72 in Article 3.6, Chapter 1, Division 1 of Title 13, California Code of Regulations, relating to the department's Business Partner Automation (BPA) Program.

The proposed regulations make changes or additions among other revisions, to include:

- Limiting contracts to only first-line business partners and first-line service providers.
- Expanding of business partner definitions. Now includes dealers, automobile dismantlers, salvage pools, and rental/leasing companies as business partners.
- Adding and deleting Permanent Fleet Registration (PFR) Program transactions, as specified.
- Removing second-line business partner contracts and bonds. The proposed regulations remove previous contract and bond requirements. This action is business-friendly and seeks to streamline the permitting procedures for second-line business partners.
- Removing complicated fingerprint language. The proposed regulations remove previous redundant requirements to streamline the permitting process.

The proposed regulations are being implemented under the authority granted to the department with passage of Assembly Bill (AB) 1215 (Chapter 329; Statutes of 2011) and will produce non-monetary benefits to business by streamlining application processes and benefits to customers by promoting business comprehensibility and equity.

Vehicle Code section 1685 authorizes the department to contract with private industry partners to electronically process and update registration and titling transactions. The proposed regulatory action will amend program requirements as follows:

§225.00. Definitions. Section 225.00 would be amended to specify the PFR inventory and define the PFR Program. In addition, other definitions would be clarified and added.

§225.03. Application Requirements. Section 225.03 would be amended to identify the original application revisions that allow each business partner to identify transactions that would be processed by the business partner, including the new PFR transactions.

§225.06. Fingerprints. Section 225.06 would be deleted for redundancy with fingerprint requirements in Section 225.03.

225.09. Financial Security Requirements. Section 225.09 would be amended to correctly identify form names as well as remove subsections requiring bonds for second-line business partners.

§225.12. First-Line Business Partner or First-Line Service Provider Business Partner Contract.

Section 225.12 is amended to reflect the elimination of contracts for second-line business partners.

§225.27. Transaction Access. Section 225.27 would be amended to identify the various transactions available to a business partner and inform the business partner that the authorized transactions will be listed in each business partner contract.

§225.35. Renewal. Section 225.35 would be amended to standardize the identity of forms and documents by adding italics to the form title and identify the new transactions allowed on the renewal application.

§225.36 Change of First-Line Service Provider. Section 225.36 would be amended to identify the new revision date of the Business Partner Automation Program Service Provider Change form and to require the second-line business partner to collect all unassigned accountable and controlled inventory and return to the first-line service provider.

§225.42. Business Partner Changes. Section 225.42 would be amended to standardize the identity of forms and documents by adding italics to the form title.

§225.45. Customer Fees. Section 225.45 would be amended to standardize the identity of forms and documents by adding italics to the form title and delete the monetary maximum limits a business partner is allowed to charge customers for processing transactions.

§225.54. Transaction Procedures and Inventory Requirements. Section 225.54 would be amended to identify the proposed revision of the BPA Handbook.

§225.63. Audit Requirements. Section 225.63 would be amended to eliminate the business partner audit self-certification form requirement.

§225.72. Voluntary Closing. Section 225.72 would be amended to standardize the identity of forms and documents by adding italics to the form title.

This proposed action is consistent and compatible with both state and federal regulations.

sues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

TITLE 14. DEPARTMENT OF CONSERVATION

NOTICE OF INTENTION TO AMEND CONFLICT-OF-INTEREST CODE

NOTICE IS HEREBY GIVEN that the Department of Conservation, pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendments to its Conflict-of-Interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The Department of Conservation proposes to amend its Conflict-of-Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment incorporates new positions which have been added to the previously existing divisions and offices within the Department, changes the name of the Office of Equality, Safety and Workforce Planning to the Employee Relations Office, and makes other technical changes to reflect the current organizational structure of the Department. posed amendments by submitting them in writing no later than the end of the public comment period, which is April 9, 2012, or at the conclusion of the public hearing if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than March 26, 2012, by contacting the Contact Person set forth below.

The Department of Conservation has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. 6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the Department of Conservation must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

TITLE 17. CALIFORNIA INSTITUTE FOR REGENERATIVE MEDICINE

California Code of Regulations, Division 4, Chapter 5, Section 100500

Date: February 17, 2012

**Deadline for Submission of Written Comment:
April 2, 2012 — 5:00 p.m.**

Public Hearing Date: None Scheduled

Subject Matter of Proposed Amendments: Grant Administration Policy for Academic and Non-Profit Institutions

Sections Affected: The proposed regulatory action amends the document incorporated by reference into Chapter 5, Section 100500, of Title 17 of the California Code of Regulations.

Authority: Article XXXV of the California Constitution and Health and Safety Code Section 125290.40, subdivision (j).

Reference: Sections 125290.30, 125290.35, 125290.40, 125290.45, 125290.50, 125290.60, 125290.70 and 125292.10, Health and Safety Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The California Institute for Regenerative Medicine ("Institute" or "CIRM") was established in 2005 after the passage in 2004 of Proposition 71 (the "Act"), the California Stem Cell Research and Cures Initiative. The statewide ballot measure established a new state agency to make grants and provide loans for stem cell research, research facilities and other vital research opportunities. The Independent Citizens' Oversight Committee ("ICOC") is the 29-member governing board for the Institute. The ICOC members are public officials, appointed on the basis of their experience earned in California's leading public universities, non-profit academic and research institutions, patient advocacy groups and the biotechnology industry. The Act charges the ICOC with developing standards and criteria to make grant awards and to develop standards and criteria for proper oversight of awards. (§ 125290.50.) To that end, CIRM adopted the CIRM Grants Administration Policy for Academic and Non-Profit Institutions ("Non-Profit GAP"). The Office of Administrative Law approved the Policy and it is now codified in the California Code of Regulations under Title 17, Division 4, Chapter 5, Section 100500. This Policy states the

rights and responsibilities of academic and non-profit recipients of CIRM research funding. Principal investigators, program directors, and organizational officials with grants management responsibilities may refer to pertinent sections for answers to questions that arise concerning the award and administration of the grants. By accepting a CIRM grant award, grantees agree to comply with the provisions set forth in the policies for the entire project period of the grant, and thereafter.

The proposed amendments to the Non-Profit GAP include non-substantive changes without regulatory effect, changes made for clarity and substantive changes. The proposed amendments in this rulemaking action interpret, clarify and make specific the regulations in Section 100500.

The amendments are to the document incorporated by reference through subdivision (a) of Section 100500 entitled "CIRM Grants Administration Policy for Academic and Non-Profit Institutions" with a footer that now dates the document as "Non-Profit and Academic Institution Grants Administration Policy (Rev. April 28th, 2009)". The amendment to subdivision (a) of Section 100500 will now reference a footer that dates the document as "Non-Profit and Academic Institution Grants Administration Policy (Rev. February 2, 2012)." The amendments facilitate the award and management of research funds as authorized by Proposition 71 for use in California by California researchers and affiliated entities. The amendments further the purposes of the Proposition to find procedures, treatments and cures for major diseases, injuries and orphan diseases and to establish the appropriate regulatory standards for research development. The proposed amendments are not inconsistent or incompatible with existing state regulations.

DISCLOSURES REGARDING THE
PROPOSED AMENDMENTS

CIRM has made the following initial determinations:

Mandate on local agencies and school districts:
None.

Submittal of Comments:

Any interested party may present comments in writing about the proposed amendments to the agency contact person named in this notice. Written comments must be received no later than 5:00 p.m. on April 2, 2012. Comments regarding this proposed action may also be transmitted via e-mail to GAPComments@cirm.ca.gov or by facsimile transmission to (415) 396-9141.

Public Hearing:

At this time, no public hearing has been scheduled concerning the proposed regulations. If any interested

person or the person's representative requests a public hearing, he or she must do so in writing no later than March 19, 2012.

Effect on Small Business:

CIRM has determined that the proposed amendment will have no impact on small businesses. The regulation implements conditions on awarding and administering grants for stem cell research. This research is conducted almost exclusively by large public and private nonprofit institutions. As such, the amendments to the regulation are not expected to adversely impact small business as defined in Government Code Section 11342.610.

Impact on Local Agencies or School Districts:

CIRM has determined that the proposed amendments do not impose a mandate on local agencies or school districts, nor do they require reimbursement by the state pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code because the amendments do not constitute a "new program or higher level of service of an existing program" within the meaning of Section 6 of Article XIII of the California Constitution. CIRM has also determined that no nondiscretionary costs or savings to local agencies or school districts will result from the proposed amendments.

Costs or Savings to State Agencies:

CIRM has determined that no savings or increased costs to any agency will result from the proposed amendments.

Effect on Federal Funding to the State:

CIRM has determined that no costs or savings in federal funding to the state will result from the proposed amendments.

Effect on Housing Costs:

CIRM has determined that the proposed amendments will have no effect on housing costs.

Significant Statewide Adverse Economic Impact Directly Affecting Businesses:

CIRM has made an initial determination that the proposed amendments will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California Businesses to compete with businesses in other states.

Cost Impacts on Representative Private Persons or Businesses:

CIRM has made an initial determination that the adoption of these amendments will not have a significant cost impact on representative private persons or businesses. CIRM is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed amendments.

Results of Economic Impact Analysis:

The above analysis is based on the fact that the proposed amendments do not impose new requirements on existing business operations or functions of other agencies or individuals, but implement standards for seeking and using state grant funds for scientific research. In most cases, such grants include funds to cover overhead and other indirect costs of the research, including most compliance activities. CIRM has made an initial determination that it is unlikely the proposed amendments will impact the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business within the State of California, nor directly impact the health and welfare of California residents, worker safety, and the state’s environment.

Consideration of Alternatives:

In accordance with Government Code Section 11346.5, subdivision (a)(13), CIRM must determine that no reasonable alternative it considered, or that has otherwise been identified and brought to its attention, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of the law than the proposal described in this Notice. CIRM invites interested persons to present statements or arguments with respect to alternatives to the proposed amendments at the scheduled hearing or during the written comment period.

Availability of Statement of Reasons and Text of Proposed Regulations:

CIRM has prepared an Initial Statement of Reasons, and has available the express terms of the proposed amendments, all of the information upon which the amendments are based, and a rulemaking file. A copy of the Initial Statement of Reasons and the proposed text of the regulation may be obtained from the agency contact person named in this notice. The information upon which CIRM relied in preparing this proposal and the rulemaking file are available for review at the address specified below.

Availability of Changed or Modified Text:

After holding the hearing and considering all timely and relevant comments, CIRM may adopt the proposed amendments substantially as described in this notice. If CIRM makes modifications that are sufficiently related to the originally proposed text of the amendments, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before it adopts the regulations as amended. Requests for the modified text should be addressed to the agency

contact person named in this notice. CIRM will accept written comments on any changes for 15 days after the modified text is made available.

Agency Contact:

Written comments about the proposed regulatory action; requests for a copy of the Initial Statements of Reasons, the proposed text of the amendments; and inquiries regarding the rulemaking file may be directed to:

GENERAL PUBLIC INTEREST

DEPARTMENT OF FISH AND GAME

**SUCTION DREDGE PERMITTING PROGRAM
NOTICE OF AVAILABILITY OF REVISIONS TO
PROPOSED REGULATIONS**

The California Department of Fish and Game (CDFG) provides this notice as part of its effort under the Administrative Procedure Act (APA) to notify interested members of the public that revisions to regulation amendments originally proposed in March 2011 are now available. The proposed revisions will be available for public review and comment as set forth below for 15 days. All related comments should be submitted to CDFG as described below by no later than **5:00 p.m., Monday, March 5, 2012**. (See generally Gov. Code, § 11346.8, subd. (c); Cal. Code Regs., tit. 1, § 44.)

Background: CDFG is currently engaged by court order in an environmental review and rulemaking effort

to update existing regulations governing suction dredge mining in California under the Fish and Game Code. (See generally Fish & G. Code, § 5653.9; Cal. Code Regs. tit. 14, § 228 et seq.)

Consistent with the California Environmental Quality Act (CEQA), on February 28, 2011, CDFG released the proposed amendments as originally noticed for public review, along with a related environmental analysis prepared by CDFG (State Clearinghouse No. 2009112005). On March 18, 2011, CDFG published notice of the proposed amendments to its existing regulations in the California Regulatory Notice Register, commencing formal rulemaking under the APA. (Cal. Reg. Notice Register 2011, No. 11-Z, p. 374; OAL Notice File No. Z2011-0304-02.) Those proposed amendments to the existing regulations as originally noticed are available on CDFG's web page (www.dfg.ca.gov/suctiondredge/), along with other related information. The original public comment and review period that began in February 2011, closed on May 10, 2011. CDFG has subsequently been reviewing those comments and related information, and preparing written responses as required by the APA and CEQA. CDFG has determined as part of that effort that revisions to the proposed amendments as originally noticed are appropriate.

Revisions to the Proposed Regulations: The proposed amendments as originally noticed, and as revised, are intended to implement and comply with California Fish and Game Code section 5653, subdivision (b). Consistent with CEQA, the proposed amendments as originally noticed, and as revised, are also intended to avoid and substantially lessen to the extent feasible any significant impacts associated with suction dredging that may be authorized by CDFG under the Fish and Game Code. Compared to the proposed amendments as originally noticed, the revisions provide more efficient permit management, account for further evaluation of species distributions and life histories, and make related adjustments to the regulations to ensure suction dredging that may be authorized under the Fish and Game Code is not deleterious to fish.

Public Review: The revisions to the proposed amendments are available on the CDFG web page (www.dfg.ca.gov/suctiondredge/). Copies of the proposed revisions are also available upon request at 530-225-2275, and related requests can be submitted to CDFG via email at dfgsuctiondredge@dfg.ca.gov (please include the following in the subject line: Request for Revisions to Proposed Regulations).

Copies of the revisions to the proposed amendments are available for public review at the following CDFG offices:

- 601 Locust Street, Redding
- 1701 Nimbus Road, Suite A, Rancho Cordova
- 1807 13th Street, Suite 104, Office of Communications, Sacramento
- 7329 Silverado Trail, Napa
- 1234 E. Shaw Avenue, Fresno
- 3883 Ruffin Road, San Diego
- 4665 Lampson Avenue, Suite J, Los Alamitos
- 3602 Inland Empire Blvd., Suite C-220, Ontario
- 20 Lower Ragsdale Drive, Suite 100, Monterey

Finally, CDFG intends to transmit via email a copy of the revisions to the proposed amendments to every individual currently registered to receive electronic updates from CDFG regarding the ongoing Suction Dredge Program environmental review and rulemaking effort. To subscribe with CDFG to receive related updates via email, please visit CDFG's webpage (www.dfg.ca.gov/suctiondredge/).

Public Comment: Consistent with the APA, the opportunity for public review and comment regarding the revisions to the proposed amendments shall **begin on Friday, February 17, 2012, and end at 5:00 p.m. on Monday, March 5, 2012**. All comments must be post-marked or received by CDFG on or before March 5, 2012. All comments received by CDFG, including the names and addresses of commenters, will become a part of CDFG's official public record for this rulemaking and environmental review effort.

Please mail or hand-deliver written comments regarding the revisions to the proposed amendments to CDFG at: Suction Dredge Program, Revisions to Proposed Amendments, Department of Fish and Game, Northern Region, 601 Locust Street, Redding, CA 96001.

Written comments regarding the revisions to the proposed amendments may also be submitted to CDFG via email at: dfgsuctiondredge@dfg.ca.gov. For written comments submitted via email, please include the following in the subject line: Comments re Revisions to Proposed Amendments.

If you require reasonable accommodation or require this notice or the Revisions to the Proposed Amendments in an alternative format, please contact CDFG's Suction Dredge Program at 530-225-2275, or the California Relay (Telephone) Service for the deaf or

PROPOSITION 65

DEPARTMENT OF HEALTH CARE SERVICES

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

DEPARTMENT OF HEALTH CARE SERVICES TO EXEMPT ANY DISTINCT PART SKILLED NURSING FACILITY LEVEL B THAT PROVIDES AT LEAST 90 PERCENT OF ITS SERVICES TO CHILDREN UNDER 21 YEARS OF AGE, FROM THE 10 PERCENT PAYMENT REDUCTION AND RATE FREEZE

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986
(Proposition 65)
NOTICE TO INTERESTED PARTIES
February 17, 2012
A CHEMICAL LISTED EFFECTIVE
February 17, 2012
AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE REPRODUCTIVE TOXICITY

Assembly Bill (AB) 97 (Statutes of 2011) added section 14105.192 of the Welfare and Institutions Code. That section provides for a provider payment reduction up to 10 percent for various services and freezes per-diem rates at their 2008-09 levels, effective for dates of service on or after June 1, 2011.

Effective **February 17, 2012**, the Office of Environmental Health Hazard Assessment (OEHHA) is adding *methyl isopropyl ketone* (CAS No. 563-80-4) to the list of chemicals known to the State to cause reproductive toxicity for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹).

Based on the statutory authority described below, the Department of Health Care Services (DHCS) will exempt any Distinct Part Skilled Nursing Facility — Level B that provides at least 90 percent of its services to children under 21 years of age, from the payment reduction and rate freeze required by AB 97.

Health and Safety Code section 25249.8(a) requires that substances identified in Labor Code section 6382(d) as causing reproductive toxicity be included on the Proposition 65 list. Labor Code section 6382(d) captures any chemicals within the scope of the federal Hazard Communication Standard that are identified as reproductive toxicants. Chemicals fall within the scope of the Hazard Communication Standard if they are listed as hazardous in the latest edition of the American Conference of Governmental Industrial Hygienists (ACGIH) “Threshold Limit Values (TLVs).” The TLV for methyl isopropyl ketone was assigned on the basis of ACGIH’s findings of reproductive effects (developmental toxicity endpoint).

Section 14105.192, subdivision (m), authorizes the Director of DHCS not to implement a particular payment reduction as necessary to comply with federal Medicaid requirements.

PUBLIC REVIEW AND COMMENTS

The California statutes mentioned above are available for public review at Welfare offices in every county of the State. Written comments (or requests for copies of the statutes) may be submitted to:

The basis for the listing of *methyl isopropyl ketone* was described in a public notice published in the December 30, 2011, issue of the *California Regulatory Notice Register* (Register 2011, No. 52-Z). The title of the notice was “Notice of Intent to List Methyl Isopropyl Ketone by the Labor Code Mechanism”. The publication of the notice initiated a 30-day public comment period that closed on January 30, 2012.

A complete, updated chemical list is published in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at www.oehha.ca.gov.

In summary, the following chemical is being listed under Proposition 65 as known to the State to cause reproductive toxicity:

¹ Health and Safety Code section 25249.5 et seq.

Chemical	CAS No.	Toxicological Endpoints	Listing Mechanism ²
Methyl isopropyl ketone	563-80-4	developmental toxicity	LC

² Listing mechanism: LC — “Labor Code” mechanism (Labor Code sections 6382(b)(1) and (d)).

ENFORCEMENT ACT OF 1986

CHEMICALS KNOWN TO THE STATE
TO CAUSE CANCER OR
REPRODUCTIVE TOXICITY
February 17, 2012

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish

at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.
