PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

ADOPTION

STATE: California Blueberry Commission

AMENDMENT

MULTI-COUNTY: Coast Life Support District

A written comment period has been established commencing on **March 18, 2011**, and closing on **May 2, 2011**. Written comments should be directed to the Fair Political Practices Commission, Attention **Cynthia Fisher**, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **May 2, 2011**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code(s) and approve it as revised, or return the proposed code(s) for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**TITLE 2. VICTIM COMPENSATION
AND GOVERNMENT CLAIMS BOARD**

VICTIM COMPENSATION AND GOVERNMENT
CLAIMS BOARD
VICTIM COMPENSATION
PROGRAM REGULATIONS
Title 2, §§ 649-649.32

[Notice Published March 18, 2011]

The Victim Compensation and Government Claims Board (Board) proposes to adopt the proposed regulations described below after considering all comments, objections and recommendations regarding the proposed action.

PUBLIC HEARING

The Board has not scheduled a public hearing on this proposed action; however, the Board will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested individual, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the Board. The written comment period closes at 5:00 p.m. on May 2, 2011. The Board will consider only comments received at the Board's office by that time. Submit written comments to:

Geoff Feusahrens, Regulations Analyst
Victim Compensation and Government Claims
Board
400 R Street, Suite 500
Sacramento, CA 95811

Comments may also be submitted by facsimile (FAX) at (916) 491-6441 or by e-mail to regulations@vcgcb.ca.gov.

AUTHORITY AND REFERENCE

Government Code sections 11400.20, 13920 and 13974 authorize the Board to adopt these proposed regulations. The proposed regulations implement, interpret and make specific Government Code section 13957.

**INFORMATIVE DIGEST / POLICY STATEMENT
OVERVIEW**

The Victim Compensation and Government Claims Board implements the Victim Compensation Program (VCP). The rulemaking action proposes the following changes to VCP regulations.

This rulemaking action implements the following changes:

- Creates a maximum program benefit of \$63,000 for each victim or derivative victim, down from \$70,000;
- Implements changes for verifying income or support loss including requiring documentation from the California Franchise Tax Board and clarifying that income or support loss will only be compensated if the victim was employed at the time of the qualifying crime;
- Adopts a maximum benefit of \$30,000 for the purchase, renovation and/or retrofitting of a vehicle;
- Adopts a regulation to implement the verification of attorney's fees and provide specific language as to what attorney's fees will be paid and at what rate those fees will be paid;
- Implements a maximum benefit of \$5,000 for funeral and burial expenses and excludes payment for the cost of food and beverages as well as the cost for renting equipment and supplies such as tables and chairs.

These proposed regulations are necessary to guard against fraud and to protect the solvency of the Restitution Fund. Unless VCP expenditures are altered as proposed in this rulemaking record, the Fund is in danger of insolvency in the immediate future.

**DISCLOSURES REGARDING THE
PROPOSED ACTION**

The Board has made the following initial determinations:

Mandate on local agencies and school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None.

Other nondiscretionary cost or savings imposed on local agencies: None.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private individual or business:

Under the proposed regulatory action, victims of crime who qualify for benefits under CalVCP will experience the following cost impacts:

- They can receive up to a maximum of \$63,000 in total benefits, rather than the current limit of \$70,000.
- They can receive up to \$5,000 in funeral and burial expense benefits, rather than the current limit of \$7,500.
- Food and beverages will no longer be reimbursed as part of funeral burial expenses.
- They can receive up to \$30,000 in benefits for vehicle purchase, renovation, and retrofitting, rather than the current limit of \$70,000.

There is no direct cost impact to businesses.

Adoption of these regulations will not:

- (1) create or eliminate jobs within California;
- (2) create new businesses or eliminate existing businesses within California; or
- (3) affect the expansion of businesses currently doing business within California.

Significant effect on housing costs: None.

SMALL BUSINESS DETERMINATION

The Board has determined that the proposed regulations do not affect small businesses because the regulations only apply to individuals who apply to the VCP.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private individuals than the proposed action.

The Board invites interested individuals to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

Notice of Proposed Rulemaking

45-Day Notice

The Department of Food and Agriculture proposes to amend subsection 3434(b) of the regulations in Title 3 of the California Code of Regulations pertaining to Light Brown Apple Moth Interior Quarantine.

This notice is being provided to be in compliance with Government Code Section 11346.4.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed amendment to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.654.1018 or by email to sbrown@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on May 2, 2011. The Department will consider only comments re-

ceived at the Department offices by that time. Submit comments to:

Sacramento, CA 95814
sbrown@cdfa.ca.gov
916.654.1017
916.654.1018 (FAX)

Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication (Food and Agricultural Code Section 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as he deems necessary to protect the agricultural industry from the introduction and spread of pests (Food and Agricultural Code, Sections 401, 403, 407 and 5322). Existing law also provides that eradication regulations may proclaim any portion of the State as an eradication area and set forth the boundaries, the pest, its hosts and the methods to be used to eradicate said pest (Food and Agricultural Code Section 5761).

There is no existing, comparable federal regulation or statute regulating the intrastate movement.

AMENDED TEXT

This proposal will remove approximately 10 square miles of the South Park area of San Diego County from the regulation. This proposal will also add approximately five miles to the existing quarantine area in Long Beach, Los Angeles County; approximately one square mile to the Sacramento area of Sacramento County; approximately seven square miles to the Manteca area of San Joaquin County; one square mile to the Los Osos area of San Luis Obispo County; and, approximately one square mile to the Ryer Island area of Sacramento County. The effect of this proposed change to the regulation will be to remove and add authority for the State

to perform quarantine activities against LBAM (*Epi-
phyas postvittana*) in these areas. This will result in a total of approximately 5,363 square miles under regulation within the State.

DISCLOSURES REGARDING THE
PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies and school districts: None.
Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

Significant effect on housing costs: None.

Small Business Determination

The Department has determined that the proposed regulations may affect small business.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the actions are proposed or would be as effective and less burdensome to affected private persons than the proposed actions.

AUTHORITY

The Department proposes to amend Section 3434 pursuant to the authority vested by Sections 407, 5301, 5302 and 5322 of the Food and Agricultural Code.

REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 5301, 5302 and 5322 of the Food and Agricultural Code.

CONTACT

The agency officer to whom written comments and inquiries about the initial statement of reasons, proposed actions, location of the rulemaking files, and request for a public hearing may be directed is: Stephen S. Brown, Department of Food and Agriculture, Plant Health and Pest Prevention Services, 1220 N Street, Room 210, Sacramento, California 95814, (916) 654-1017, FAX (916) 654-1018, E-mail: sbrown@cdfa.ca.gov. In his absence, you may contact Lindsay Raines at (916) 654-1017. Questions regarding the substance of the proposed regulation should be directed to Stephen S. Brown.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet Web site (www.cdfa.ca.gov/phpps/Regulations.html).

AVAILABILITY OF STATEMENT OF REASONS
AND TEXT OF PROPOSED REGULATIONS

The Department of Food and Agriculture has prepared an initial statement of reasons for the proposed actions, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, when completed, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations adopted by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.

DIVISION 3. TEACHERS'
RETIREMENT SYSTEM
CHAPTER 1. TEACHERS'
RETIREMENT SYSTEM
ARTICLE 16. PENALTIES AND INTEREST
FOR LATE REMITTANCES AND
LATE AND UNACCEPTABLE REPORTING
BY EMPLOYERS**

The California State Teachers' Retirement System ("CalSTRS" or "the System") and the Teachers' Retirement Board ("Board") propose to adopt new regulations, in the form of sections 27000 through 27010 in new Article 16, Chapter 1, Division 3, Title 5 of the California Code of Regulations, after considering all comments, objections, and recommendations regarding the proposed action.

PUBLIC HEARING

A public hearing will be held:

Date and Time: June 3, 2011, 1:00 p.m. to 2:30 p.m.

Place: California State Teachers' Retirement System Boardroom
100 Waterfront Place
West Sacramento, CA 95605

Purpose: To receive comments about this action. Comments are limited to five minutes each and must not repeat comments already received in written or verbal form.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory actions to CalSTRS. The written comment period closes at 5:00 p.m. on **May 2, 2011**. CalSTRS may only consider written comments received at CalSTRS' office address as reflected below by that time. Submit comments to:

Office of the General Counsel
California State Teachers' Retirement System
P.O. Box 15275, MS-03
Sacramento, CA 95851-0275
Fax: (916) 414-1722
E-Mail: Regulations@CalSTRS.com

AUTHORITY AND REFERENCE

The Board has exclusive authority to administer CalSTRS under Article XVI, section 17 of the California Constitution. In addition, California Education Code section 22207 authorizes the Board to perform any acts necessary for the administration of the System and the plan in carrying into effect the provisions of the Teachers' Retirement Law, California Education Code sections 22000 through 28101 ("the Law"). Education Code section 22305 provides that any rules and regulations adopted by the Board have the force and effect of law. These regulations would implement, interpret, and make specific Education Code sections 23000, 23001, 23002, 23002.5, 23003, 23004, 23005, 23006, 23007, 23008, 23010, 26000.5, 26002, 26301, 26301.5, 26302, 26303, and 26303.5.

The Board approved the proposed regulations on February 11, 2011, and authorized the System to give public notice and schedule a public hearing before the Board.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

The California Constitution recognizes that the Board has "plenary authority and fiduciary responsibility for investment of moneys and administration of the system," and charges the Board with "defraying reasonable expenses of administering the System" (Cal. Const., Art. XVI, § 17). The Education Code requires each employer to deduct Defined Benefit Program member contributions and remit these and the corresponding employer contributions to the System for deposit in the Teachers' Retirement Fund ("the Fund") at the State Treasury within five working days (Education Code §§ 22950, 22951, 23002). Each employer also must report the compensation upon which the contributions are based to the System within 30 days (Education Code §§ 22455, 22456, 23005). Requirements for the Cash Balance Benefit Plan are that employers remit and report contributions and salary to the System within 10 working days (Education Code §§ 26301, 26303). The Education Code authorizes the System to impose penalties and charge interest to employers for late and incorrect reporting and remittance of contributions (Education Code §§ 23003, 23006, 23008, 26301, 26303). Al-

though the law is clear in regards to the System’s authority to impose these penalties and to assess interest, how those sums are imposed and calculated can benefit from additional clarification.

The proposed regulations provide that clarification and reflect the Board’s efforts over the past several years to reduce System administrative costs associated with late and incorrect contribution remittances and reporting from employers. In addition, the proposed regulations include penalties and interest to compensate the Fund for lost investment earnings. The Board wanted to establish timely, accurate, and transparent means for:

- Determining penalty and interest amounts due from employers for late and inaccurate contribution remittances and reporting;
- Determining applicable penalties for late or improper adjustments to contribution remittances and reporting; and
- Providing dispute and appeal processes for employers.

The Board now proposes to adopt regulations to outline and enforce compliance with these processes.

Sections 27000 through 27010 describe and implement procedures for the Board to assess, and the System to bill and collect, interest and penalties on late and incorrect contribution remittances and employer reports for both the Defined Benefit Program and Cash Balance Benefit Program. These processes clarify and refine the penalties and interest assessment guidelines included in the Education Code. Interest rates for penalty assessment are established by the Board annually.

The regulations provide for ongoing interest on outstanding penalty and interest assessments until paid by employers. The regulations also outline an avenue for an employer to dispute and then appeal the System’s calculations of amounts due.

The regulations incorporate by reference two file specifications, which contain the rules for reporting employer and employee data to CalSTRS for the Defined Benefit Program and the Cash Balance Benefit Program. The two file specifications are:

- “CalSTRS F496 File Specification,” revised on March 1, 2011.
- “CalSTRS VDF File Specification,” revised on March 1, 2011.

DISCLOSURES REGARDING THE PROPOSED ACTION

CalSTRS has made the following initial determinations, as required by the California Administrative Procedure Act and Office of Administrative Law regulations:

1. MANDATE ON LOCAL AGENCIES AND SCHOOL DISTRICTS:
None.
2. COST OR SAVINGS TO ANY STATE AGENCY:
In acquiring software for penalties and interest automation, CalSTRS anticipated leveraging the platform to provide the basis for the new Corporate Accounting and Resource Management system to replace multiple legacy tools. The implementation cost estimate for the penalties and interest automation component is approximately \$6 million over three years.
CalSTRS anticipates penalty and interest assessments collected to total approximately \$5.2 million over three years. CalSTRS also anticipates a reduction in lost state contributions, as well as additional investment returns from those contributions, due to more timely remittance and reporting practices. Given these outcomes, a reduction in the unfunded liability is also projected.
3. COST TO ANY LOCAL AGENCY OR SCHOOL DISTRICT WHICH MUST BE REIMBURSED IN ACCORDANCE WITH CALIFORNIA GOVERNMENT CODE (“GC”) SECTIONS 17500 THROUGH 17630:
None.
4. OTHER NONDISCRETIONARY COST OR SAVINGS IMPOSED ON LOCAL AGENCIES:
None.
5. COST OR SAVINGS IN FEDERAL FUNDING TO THE STATE:
None.
6. SIGNIFICANT, STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS INCLUDING THE ABILITY OF CALIFORNIA BUSINESSES TO COMPETE WITH BUSINESSES IN OTHER STATES:
None.
7. COST IMPACTS ON A REPRESENTATIVE PRIVATE PERSON OR BUSINESS:
The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
8. ADOPTION OF THESE REGULATIONS WILL NOT:
 - (a) Create or eliminate jobs within California;
 - (b) Create new businesses or eliminate existing businesses within California;

(c) Affect the expansion of businesses currently doing business within California.

9. **SIGNIFICANT EFFECT ON HOUSING COSTS:**

None.

10. **SMALL BUSINESS DETERMINATION:**

The Board has determined that the proposed regulations do not affect small business as small businesses are not impacted by the statutes that these regulations are clarifying.

Please direct requests for copies of rulemaking documents or for any other information to Ms. Vincent using the contact information listed above.

CONSIDERATION OF ALTERNATIVES

CalSTRS and the Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

The System weighed the option of continuing to assess penalties and interest on a case–by–case basis. The System engaged in discussions, including reports from staff on the status of current collection efforts to recover overpayment amounts from members, the impact of overpayments on members, and the status of new Web site tools for employers. The System concluded that the only effective measure to ensure the fund receives all reports and contributions timely is to consistently assess the penalties and interest provided for under the Law.

CalSTRS and the Board invite interested persons to present any statements or arguments that would support an alternative to the proposed regulations in the form of written comments or attendance at the public hearing.

TITLE 13. DEPARTMENT OF MOTOR VEHICLES

NOTICE IS HEREBY GIVEN

The Department of Motor Vehicles (the department) proposes to adopt Section 345.03, 345.75, 345.76 and 345.77 in Article 4.7, Chapter 1, Division 1 of Title 13, California Code of Regulations, relating to the Schools for Traffic Violators.

PUBLIC HEARING

A public hearing regarding this proposed regulatory action is not scheduled. However, a public hearing will be held if any interested person or his or her duly authorized representative requests a public hearing to be held relevant to the proposed action by submitting a written request to the contact person identified in this notice no later than 5:00 p.m., fifteen (15) days prior to the close of the written comment period.

DEADLINE FOR WRITTEN COMMENTS

Any interested party or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 p.m., May 2, 2011, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulation.

AUTHORITY AND REFERENCE

The department proposes to adopt this regulation under the authority granted by Section 1651 of the Vehicle Code in order to implement, interpret, or make specific Sections 11202.5 and 11204 of the Vehicle Code and Title 42 of the United States Code (U.S.C.), commencing with Section 12101.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Department of Motor Vehicles (department) proposes to adopt Sections 345.03, 345.75, 345.76 and 345.77 in Article 4.7, Chapter 1, Division 1 of Title 13, California Code of Regulations, relating to Schools for Traffic Violators.

Historically, the department has exercised oversight of Traffic Violator School (TVS) programs operating in classroom settings; however, no authority existed to oversee home study or online TVS programs. Assembly Bill (AB) 2499 (Chapter 599; Statutes of 2010) places home study and online TVS programs under the authority of the department. AB 2499 allows the department to provide operator training requirements and curriculum requirements, prescribe application forms, as well as establish guidelines for those TVS programs not under department purview prior to the bill's passage.

This action will implement the requirement that applicants for an original TVS operator license present proof of completion of an eight-hour TVS operator educational training program (program) and applicants for a renewal TVS operator license to present proof of completion of a four-hour program.

This action will also implement standards required for a TVS operator educational training program to be approved by the department. Standards specified in this action include completion of a prescribed application, educational content, examination requirements, as well as other standards based on the modality of the program being submitted for departmental approval.

The provisions of the TVS operator educational training program established in this action are authorized under Vehicle Code section 11202.5, as effective September 1, 2011, and are necessary to ensure operators are current on information related to the department's TVS program.

FISCAL IMPACT STATEMENT

- Cost or Savings to Any State Agency: None.
- Other Non-Discretionary Cost or Savings to Local Agencies: None.
- Costs or Savings in Federal Funding to the State: None.
- Cost Impact on Representative Private Persons or Businesses: The department is unaware of any cost impacts a representative person or business would incur in reasonable compliance with the proposed action. This action establishes standards for a traffic violator school operator educational training program.
- Effects on Housing Costs: None.

DETERMINATIONS

The department has made the following initial determinations concerning the proposed regulatory action:

- The proposed regulatory action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.
- The adoption of this regulation is not expected to create or eliminate jobs or businesses in the state of California or reduce or expand businesses currently doing business in the state of California.
- The proposed regulatory action will not impose a mandate on local agencies or school districts, or a mandate that requires reimbursement pursuant to part 7 (commencing with Section 17500) of Division 4 of the Government Code.
- The proposed regulatory action will not affect small businesses. This proposal only implements requirements for an educational program to receive departmental approval.

PUBLIC DISCUSSIONS OF PROPOSED REGULATIONS

A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

ALTERNATIVES CONSIDERED

The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons that the proposed action.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The department has prepared an Initial Statement of Reasons for the proposed action and has available all the information upon which the proposal is based. The contact person identified in this notice shall make available to the public upon request the Express Terms of the proposed action using underline to indicate additions, and strikeouts to indicate deletions from the California Code of Regulations. The contact person identified in this notice shall also make available to the public, upon request, the Final Statement of Reasons and the location of public records, including reports, documentation and other materials related to the proposed action. In addition, the above-cited materials (Initial Statement of Reasons and Express Terms) may be accessed at www.dmv.ca.gov/about/lad/regactions.htm.

AVAILABILITY OF MODIFIED TEXT

Following the written comment period and the hearing, if one is held, the department may adopt the proposed regulations substantially as described in this notice. If modifications are made which are sufficiently related to the originally proposed text, the full, modified text with changes clearly indicated would be made available to the public for at least 15 days prior to the date on which the department adopts the resulting regulations. Requests for copies of any modified regulations should be addressed to the department contact person identified in this notice. The department will accept written comments on the modified regulations for 15 days after the date on which they are first made available to the public.

PUBLIC COMMENT PERIOD

Any interested person, or his or her representative, may submit written comments relevant to the proposed regulatory action to CDFG. Comments may also be submitted by facsimile (FAX) at 530.225.2391 or by email to dfgsuctiondredge@dfg.ca.gov. The written comment period closes at 5:00 p.m. on May 10, 2011.

CDFG will consider only comments received by that time. Submit comments to:

Mark Stopher
California Department of Fish and Game
601 Locust Street
Redding, CA 96001

AUTHORITY AND REFERENCE

Fish and Game Code sections 5653.1 and 5653.9 authorize CDFG to adopt the proposed regulation. The proposed regulations implement, interpret and make specific sections 5653, 5653.1 and 5653.9 of the Fish and Game Code.

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

The use of vacuum or suction dredge equipment for instream mining is currently prohibited in California by Fish and Game Code section 5653.1 (Section 5653.1), which became effective August 6, 2009. Section 5653.1 establishes a temporary moratorium on instream suction dredge mining in California, prohibiting persons with existing permits previously issued by CDFG to engage in instream suction dredge mining and prohibiting CDFG from issuing any new permits. The statewide moratorium on instream suction dredge mining and the related prohibition on the issuance of new permits will remain in place until CDFG completes the environmental review required by a December 2006 Court Order; CDFG adopts, as necessary, updates to the previous regulations; and any such updates become effective. (Fish & G. Code, § 5653.1.) Fish and Game Code section 5653 (Section 5653) requires that persons obtain CDFG-issued permits before using any vacuum suction or dredge equipment in any river, stream or lake and imposes certain conditions to protect fish populations. Fish and Game Code section 5653.9 directs CDFG to adopt regulations to carry out Section 5653.

The regulations (14 CCR 228 et seq.) proposed in this rulemaking action consider the best information currently available regarding the condition of fish populations in California and the reasonably foreseeable effects of suction dredging on fish. The proposed regulations would authorize CDFG to issue permits to persons allowing them to engage in motorized suction dredging, with specific restrictions intended to avoid effects which would be deleterious to fish. The proposed regulations are more restrictive than those that were in place prior to establishment of the moratorium. Additional restrictions include specific equipment and operational requirements and shorter operating seasons or closures for various rivers, lakes and streams.

DISCLOSURES REGARDING THE
PROPOSED ACTION

CDFG has made the following initial determinations:
Mandate on local agencies and school districts: None.
Cost or savings to any state agency: CDFG will incur administrative, environmental review and enforcement costs which may exceed revenues available from statutorily established permit fees. Although a precise estimate is not feasible prior to implementation, these costs are likely to be greater than \$300,000 annually and less than \$500,000 annually.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other nondiscretionary cost or savings imposed on local agencies: None.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on representative private person or businesses: Individual persons or businesses will be required to pay permit fees already established by Fish and Game sections 5653(c) and 713. Additional costs will apply to individuals and businesses proposing to conduct suction dredging using dredges with intake nozzles greater than 4" in diameter and related activities, including power winching, dredging in lakes or reservoirs and dredging related activities which substantially divert or obstruct the natural flow of streams or rivers.

Adoption of these regulations will not:

- (1) create or eliminate jobs within California;
- (2) eliminate existing businesses within California; or
- (3) adversely affect the expansion of businesses currently within California

Adoption of these regulations will:

- (1) cause the expansion of existing business and create new businesses in California

Significant effect on housing costs: None.

Small Business Determination:

The CDFG has determined that the proposed regulations will not adversely affect small businesses. Existing State law prohibits all motorized suction dredge mining and any related economic activity which could benefit small businesses. The proposed regulations would allow suction dredging to resume, under amended regulations, thereby increasing economic activity for small businesses relative to existing conditions.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), CDFG must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

CDFG invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

CONTACT PERSONS

Please direct requests for copies of the proposed regulations, the initial statement of reasons, the modified text of the regulations, or other information upon which the rulemaking is based to Mr. Stopher at the above address.

AVAILABILITY OF THE STATEMENT
OF REASONS, TEXT OF PROPOSED
REGULATIONS, AND RULEMAKING FILE

CDFG will have the entire rulemaking file available for inspection and copying throughout the rulemaking process at its office at the above address. As of the date this notice is published, the rulemaking file consists of this notice, the proposed text of the regulations and the initial statement of reasons. Copies may be obtained by contacting Mr. Stopher.

AVAILABILITY OF CHANGED
OR MODIFIED TEXT

After holding the hearings and considering all timely and relevant comments received, CDFG may adopt the

proposed regulations substantially as described in this notice. If CDFG makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Board adopts the regulations as revised. Please send requests for copies of any modified regulations to the attention of Mr. Stopher at the address indicated above. CDFG will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Upon its completion, copies of the Final Statement of Reasons may be obtained by contacting Mr. Stopher at the above address.

AVAILABILITY OF DOCUMENTS ON THE INTERNET

TITLE 18. BOARD OF EQUALIZATION

Notice of Intention

The State Board of Equalization Intends to Adopt Proposed Amendments to its Conflict of Interest Code, California Code of Regulations, Title 18, Section 6001, General Provisions

NOTICE IS HEREBY GIVEN

The conflict of interest code for the State Board of Equalization (Board) is set forth in California Code of Regulations, title 18, section (Regulation) 6001, *General Provisions*, and appendices A and B to Regulation 6001, which list the Board's designated positions and describe the Board's numbered disclosure categories, respectively. Pursuant to the requirements of Government Code section 87306, the Board hereby proposes to adopt amendments to appendices A and B of Regulation 6001. The proposed amendments update the designated positions listed in appendix A, the disclosure categories assigned to the designated positions listed in

appendix A, and the disclosure categories described in appendix B. The proposed amendments are necessary due to changes in the Board's internal structure, the addition of new Board positions and the elimination of some previously designated positions, and changes in the duties assigned to some existing Board positions.

PUBLIC HEARING

A public hearing on the proposed regulatory action will be held in Room 121, 450 N Street, Sacramento, at 10:00 a.m., or as soon thereafter as the matter may be heard, on May 24, 2011. At the hearing, any interested person may present or submit oral or written statements, arguments, or contentions regarding the proposed amendments to appendices A and B to Regulation 6001.

AUTHORITY

Government Code section 87306.

REFERENCES

Government Code sections 87300–87302 and 87306.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Current Law

Government Code section 87300 requires the Board to adopt a conflict of interest code. Government Code section 87302, subdivision (a) requires that the Board's conflict of interest code contain a:

Specific enumeration of the positions within the agency, other than those specified in Section 87200, which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest and for each such enumerated position, the specific types of investments, business positions, interests in real property, and sources of income which are reportable.

The Board's conflict of interest code is set forth in Regulation 6001, *General Provisions*, and appendices A and B to Regulation 6001. Appendix B contains the Board's numbered disclosure categories, which each describe different types of reportable economic interests. Appendix A designates (or lists) the Board's positions that involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest, and specifies each listed position's reportable economic interests by reference to the numbered disclosure categories in appendix B.

Proposed Amendments

The Board reviewed its entire organizational chart and the descriptions for all of the job classifications (positions) listed therein to determine whether appendix A to Regulation 6001 lists all of the current Board positions, including officers and consultants, but not elected officers, such as the Board Members, that make decisions, or advise or make recommendations to decision makers directly or without significant intervening substantive review, and to determine whether appendix A requires employees in all of the designated positions to disclose all of their economic interests that could reasonably come into potential conflict with such decisions. The Board also reviewed the disclosure categories described in appendix B to Regulation 6001 to ensure that the categories sufficiently describe all of the economic interests that designated employees are required to disclose in a clear, concise, and efficient manner. During its February 22, 2011, Board meeting:

- I. The Board determined that there are positions and divisions that need to be deleted from appendix A because they no longer exist;
- II. The Board determined that it needs to amend disclosure categories 1, 2, and 8, and delete disclosure category 10 in appendix B in order to create a full disclosure category, a business taxes and fees disclosure category, and a disclosure category applicable to both telecommunications and information technology property and services;
- III. The Board determined that it needs to amend appendix A to require full disclosure from the Board's Executive Director, Executive Team Members, Assistant Chief Counsels, other Career Executive Assignment (CEA) positions, Tax Counsels, and Administrative and Executive Assistants; and
- IV. The Board determined that each of its departments and most of its divisions have positions that need to be added to appendix A and/or positions that need to be assigned new disclosure categories due to changes in the Board's organizational structure and personnel since appendix A was last amended.

Therefore, the Board is proposing to amend appendices A and B to Regulations 6001 in accordance with those determinations, as explained in detail in the Initial Statement of Reasons.

No Comparable Federal Regulations or Statutes

There are no comparable federal regulations or statutes to appendices A and B to Regulation 6001.

NO MANDATE ON LOCAL AGENCIES AND SCHOOL DISTRICTS

The Board has determined that the proposed amendments to appendices A and B to Regulation 6001 do not impose a mandate on local agencies or school districts, including a mandate that is required to be reimbursed under part 7 (commencing with section 17500) of division 4 of title 2 of the Government Code.

NO COST OR SAVINGS TO STATE AGENCIES, LOCAL AGENCIES, AND SCHOOL DISTRICTS

The Board has determined that the proposed amendments to appendices A and B to Regulation 6001 will not impose a cost or savings on any state agency, local agency or school district that is required to be reimbursed under part 7 (commencing with section 17500) of division 4 of title 2 of the Government Code; will not result in any non-discretionary cost or savings to local agencies; and will not result in any cost or savings in federal funding to the State of California.

NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS

The proposed amendments to appendices A and B to Regulation 6001 change some of the economic interests that Board employees are required to disclose pursuant to the Board's conflict of interest code. The proposed amendments to appendices A and B to Regulation 6001 do not change any existing regulatory requirements imposed on businesses or impose any new regulatory requirements on businesses. Therefore, the Board has made an initial determination that the proposed amendments to appendices A and B to Regulation 6001 will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The proposed regulatory action may affect small business.

NO COST IMPACTS TO PRIVATE PERSONS OR BUSINESSES

The Board has determined that the proposed amendment to appendices A and B to Regulation 6001 will not have any potential cost impact on private persons or businesses, including small business.

RESULTS OF THE ASSESSMENT REQUIRED BY GOVERNMENT CODE SECTION 11346.3, SUBDIVISION (b)

The Board has determined that the adoption of the proposed amendments to appendices A and B to Regu-

lation 6001 will neither create nor eliminate jobs in the State of California nor result in the elimination of existing businesses nor create or expand business in the State of California.

NO SIGNIFICANT EFFECT ON HOUSING COSTS

Adoption of the proposed amendments to appendices A and B to Regulation 6001 will not have a significant effect on housing costs.

DETERMINATION REGARDING ALTERNATIVES

The Board must determine that no reasonable alternative considered by it or that has been otherwise identified and brought to its attention would be more effective in carrying out the purpose for which this action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action.

WRITTEN COMMENT PERIOD

The written comment period ends when the public hearing begins at 10:00 a.m., or as soon thereafter as the matter may be heard, on May 24, 2011. If the Board receives written comments prior to the close of the written comment period, the statements, arguments, and/or contentions contained in those comments will be presented to and considered by the Board before the Board decides whether to adopt the proposed amendments to appendices A and B to Regulation 6001. The Board will only consider written comments received by that time.

CONTACT PERSONS

Questions regarding the substance of the proposed amendments should be directed to Bradley M. Heller, Tax Counsel III (Specialist), by telephone at (916) 323-3091, by email at Bradley.Heller@boe.ca.gov, or by mail at State Board of Equalization, Attn: Bradley M. Heller, MIC:82, 450 N Street, P.O. Box 942879, Sacramento, CA 94279-0082.

Written comments for the Board's consideration, notice of intent to present testimony or witnesses at the public hearing, and inquiries concerning the proposed administrative action should be directed to Mr. Rick Bennion, Regulations Coordinator, by telephone at (916) 445-2130, by fax at (916) 324-3984, by e-mail at Richard.Bennion@boe.ca.gov, or by mail at State

Board of Equalization, Attn: Rick Bennion, MIC:80, 450 N Street, P.O. Box 942879, Sacramento, CA 94279-0080.

AVAILABILITY OF INITIAL STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATION

The Board has prepared an Initial Statement of Reasons containing a written explanation of the reasons for the proposed amendments and underscore and strikeout versions of appendices A and B to Regulation 6001 illustrating the express terms of the proposed amendments. These documents and all the information on which the proposed amendments are based are available to the public upon request. The rulemaking file is available for public inspection at 450 N Street, Sacramento, California. The express terms of the proposed amendments and the Initial Statement of Reasons are also available on the Board's Website at www.boe.ca.gov.

SUBSTANTIALLY RELATED CHANGES PURSUANT TO GOVERNMENT CODE SECTION 11346.8

The Board may adopt the proposed amendments to appendices A and B to Regulation 6001 with changes that are nonsubstantial or solely grammatical in nature, or sufficiently related to the original proposed text that the public was adequately placed on notice that the changes could result from the originally proposed regulatory action. If a sufficiently related change is made, the Board will make the full text of the proposed regulation, with the change clearly indicated, available to the public for at least 15 days before adoption. The text of the resulting regulation will be mailed to those interested parties who commented on the proposed regulation orally or in writing or who asked to be informed of such changes. The text of the resulting regulation will also be available to the public from Mr. Bennion. The Board will consider written comments on the resulting regulation that are received prior to adoption.

AVAILABILITY OF FINAL STATEMENT OF REASONS

If the Board adopts the proposed amendments to appendices A and B to Regulation 6001 the Board will prepare a Final Statement of Reasons, which will be made available for inspection at 450 N Street, Sacramento, California, and available on the Board's Website at www.boe.ca.gov.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Health and Safety Code section 25249.5 et seq. and commonly known as Proposition 65 (hereinafter Proposition 65 or the Act), prohibits a person in the course of doing business from knowingly and intentionally exposing any individual to a chemical that has been listed as known to the State to cause cancer or reproductive toxicity, without first giving clear and reasonable warning to such individual (Health and Safety Code section 25249.6). The Act also prohibits a business from knowingly discharging a listed chemical into water or onto or into land where such chemical passes or probably will pass into any source of drinking water (Health and Safety Code section 25249.5).

For chemicals known to the state to cause cancer, an exemption from the warning requirement is provided by the Act when a person in the course of doing business is able to demonstrate that an exposure for which the person is responsible produces no significant risk or that a discharge which otherwise complies with all applicable requirements would not cause any significant amount of the discharged or released chemical to enter any source of drinking water (Health and Safety Code sections 25249.9 and 25249.10). A determination that a level of exposure poses no significant risk may be made

utilizing regulations that have previously been adopted by OEHHA (sections 25701–25721). Section 25701 describes alternative methods for making such a determination. Section 25705 sets forth the process by which OEHHA may identify specific regulatory levels for determining “no significant risk” for purposes of Proposition 65.

Details on the basis for the proposed level are provided in the reference cited below, which is incorporated in the rulemaking record. The reference is a risk assessment document prepared by OEHHA describing and summarizing the derivation of the regulatory level listed below.

This amendment to section 25705(b) would adopt the following No Significant Risk Level (NSRL) for one chemical listed as known to cause cancer:

Chemical	NSRL, in units micrograms per day	Reference
Chlorothalonil	27	OEHHA (2011)

The risk assessment which was used by the Office of Environmental Health Hazard Assessment to determine the stated level is as follows:

Office of Environmental Health Hazard Assessment (OEHHA, 2011). No Significant Risk Level (NSRL) for the Proposition 65 Carcinogen Chlorothalonil. OEHHA, Reproductive and Cancer Hazard Assessment Branch, California Environmental Protection Agency, Oakland, March 2011.

**IMPACT ON LOCAL AGENCIES OR
SCHOOL DISTRICTS**

OEHHA has determined the proposed regulatory action would not pose a mandate on local agencies or school districts nor does it require reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. OEHHA has also determined that no nondiscretionary costs or savings to local agencies or school districts will result from the proposed regulatory action.

COSTS OR SAVINGS TO STATE AGENCIES

OEHHA has determined that no savings or increased costs to any State agency will result from the proposed regulatory action.

**EFFECT ON FEDERAL FUNDING
TO THE STATE**

OEHHA has determined that no costs or savings in federal funding to the State will result from the proposed regulatory action.

EFFECT ON HOUSING COSTS

OEHHA has determined that the proposed regulatory action will have no effect on housing costs.

ECONOMIC IMPACT DIRECTLY AFFECTING
BUSINESS, INCLUDING ABILITY TO COMPETE**

OEHHA has made an initial determination that the adoption of the regulation will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

**IMPACT ON THE CREATION, ELIMINATION,
OR EXPANSION OF JOBS/BUSINESSES**

OEHHA has determined that the proposed regulatory action will not have any impact on the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business within the State of California.

**COST IMPACTS ON REPRESENTATIVE
PRIVATE PERSONS OR BUSINESSES**

The OEHHA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

OEHHA has determined that the proposed regulation will not impose any requirements on small business. Rather, the proposed regulation will assist small businesses subject to the Act in determining whether or not an exposure for which they are responsible is subject to the warning requirement or discharge prohibition.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), OEHHA must determine that no reasonable alternative considered by OEHHA or that has otherwise been identified and brought to the attention of OEHHA would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

OEHHA has prepared and has available for public review an Initial Statement of Reasons for the regulation, all the critical information upon which the regulation is based, and the text of the regulation. A copy of the Initial Statement of Reasons, a copy of the text of the regulation and a copy of the risk assessment which was used by OEHHA to determine the NSRL are available upon request from OEHHA's Proposition 65 Implementation Program at the address and telephone number indicated above. These documents are also posted on OEHHA's Web site at www.oehha.ca.gov.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

The full text of any regulation which is changed or modified from the express terms of the proposed action will be made available at least 15 days prior to the date on which OEHHA adopts the resulting regulation. Notice of the comment period on changed regulations and the full text will be mailed to individuals who testified or submitted written comments at the public hearing, whose comments were received by OEHHA during the public comment period, and who request notification from OEHHA of availability of such changes. Copies of the notice and the changed regulation will also be available at the OEHHA's Web site at www.oehha.ca.gov.

FINAL STATEMENT OF REASONS

A copy of the Final Statement of Reasons may be obtained, when it becomes available, from OEHHA's Proposition 65 Implementation Program at the address and telephone number indicated above. The Final Statement of Reasons will also be available at the OEHHA's Web site at www.oehha.ca.gov.

Project: Central Valley Natural Gas Storage Project

Location: Colusa County

Applicant: Central Valley Gas, LLC

Notifier: Sue Bushnell, ICF International

Background

Central Valley Gas, LLC (Applicant) proposes to convert and upgrade the existing depleted Princeton Gas Field (PGF) into a high-deliverability storage field. The Central Valley Natural Gas Storage Project (Project), located in Colusa County, includes construction of a facility that allows the storage of gas in the PGF and provides a connection to Pacific Gas & Electric's existing Line 400/401. The Project will involve construction of a one-acre metering station with several sections of pipeline, a compressor station, remote well pad site (3.30 acres with a 4.80 acre buffer in active rice farmlands), observation well pads, and a 400-foot long unpaved access road; trenching for the 14.7 mile-long, 24-inch diameter underground gas pipeline which will temporarily disturb 159.91 acres; and conversion of the existing PGF well sites to observation wells. Several features of the project will occur in non-rice, row crop agriculture, such as the compressor station (10 acres), the observation wells and salt water disposal wells.

The Project activities described above are expected to incidentally take giant garter snake (*Thamnophis gigas*) where those activities take place within the rice fields and irrigation ditches in the vicinity of the Project. In particular, giant garter snake could be incidentally taken as a result of the removal of refugial vegetative cover and basking sites, by the inadvertent or direct fill or crushing of burrows or crevices, obstruction of snake movement, decrease in prey abundance or availability, direct disturbance, displacement, injury or direct mortality. Disturbed snakes may disperse onto existing roadways and may be killed by construction equipment or other vehicles. Disturbance from the Project may cause snakes to move into unsuitable habitat where they may be more prone to increased mortality from vehicles or predation. Silt, fill or chemical spills associated with the Project may also cause snake mortality. Giant garter snake is designated as an endangered species under the federal Endangered Species Act (ESA) (16 U.S.C.

§ 1531 et seq.) and a threatened species under the California Endangered Species Act (CESA) (Fish & G. Code, § 2050 et seq.). (See Cal. Code Regs., tit. 14, § 670.5, subd. (b)(4)(E).)

Giant garter snake individuals are documented as present within the vicinity of the Project site and there is suitable giant garter snake habitat within and adjacent to the Project site. Furthermore, there are multiple occurrence records for the snake in the California Natural Diversity Database (CNDDB) within 5 miles of the Project site. Both the irrigation canals and fields in active rice production provide habitat for the giant garter snake. In addition, several occurrence records are reported from the Sacramento and Delevan National Wildlife Refuges and in irrigation canals in the area that have direct hydrological connectivity to the Project site. Because of the proximity of the nearest documented giant garter snake, dispersal patterns of giant garter snake and the presence of suitable giant garter snake habitat within the Project site, the United States Fish & Wildlife Service (Service) determined that giant garter snake is reasonably certain to occur within the Project site and that Project activities may result in the incidental take of giant garter snake.

According to the Service, the Project will temporarily affect a total of 159.91 acres of snake habitat. Included in the total is 0.32 acre of upland habitat which will be temporarily affected during the snake's inactive period for isolation berm construction. Construction of the Project remote well pad site (3.30 acres of rice) and the creation of the adjacent buffer area (4.80 acres of aquatic converted to upland) surrounding it will also result in the permanent loss of a total of 8.1 acres of aquatic giant garter snake habitat.

Because the Project is expected to result in take of a species designated as threatened under the federal ESA, the US Army Corp of Engineers (Corps) consulted with the Service as required by the ESA. On February 2, 2011, the Service issued a biological opinion (Service file No. 81420-2010-F-0556-2) (BO) to the Applicant. The BO describes the Project, requires the Applicant to comply with terms of the BO and its incidental take statement (ITS), and incorporates additional measures.

The Reasonable and Prudent Measures of the BO also requires the Applicant to implement and adhere to measures contained within the Project Biological Assessment (BA).

On February 3, 2011 the Director of the Department of Fish and Game (DFG) received a notice from Ms. Sue Bushnell, ICF International on behalf of the Applicant requesting a determination pursuant to Fish and Game Code section 2080.1 that the BO and its related ITS are consistent with CESA for purposes of the Proj-

ect and giant garter snake. (Cal. Reg. Notice Register 2011, No.7-Z, p. 222.)

Determination

DFG has determined that the BO, including the ITS, is consistent with CESA as to the Project and giant garter snake because the mitigation measures contained in the BO, ITS and the conditions in the BA, meet the conditions set forth in Fish and Game Code section 2081, subdivisions (b) and (c), for authorizing incidental take of CESA-listed species. Specifically, DFG finds that: (1) take of giant garter snake will be incidental to an otherwise lawful activity; (2) the mitigation measures identified in the BO, ITS and BA will minimize and fully mitigate the impacts of the authorized take; (3) adequate funding is ensured to implement the required avoidance minimization and mitigation measures and to monitor compliance with, and effectiveness of those measures; and (4) the Project will not jeopardize the continued existence of giant garter snake. The mitigation measures in the BO, ITS and BA include, but are not limited to, the following:

Avoidance, Minimization, and Mitigation Measures

- As required by the BO, the applicant has purchased a total of 20.46 acres of giant garter snake credits from the Ridge Cut Giant Garter Snake Conservation Bank, a Service-approved conservation bank with a service area covering the project site.
- Upon project completion, all temporarily disturbed giant garter snake habitat will be restored to pre-project conditions. The BA requires the Applicant to provide a snake habitat restoration plan to the Service and DFG for approval 4 weeks prior to construction in giant garter snake habitat.
- Except for the removal of existing berms during isolation berm construction, all construction activity within giant garter snake habitat will occur during the giant garter snake's active period (May 1–October 1) when giant garter snakes will be more mobile and therefore able to avoid danger from construction activities more easily.
- After April 15th all aquatic habitat for the giant garter snake must remain dry for at least 15 consecutive days before any construction occurs.
- No more than 24-hours prior to construction, a Service-approved biologist will conduct a pre-construction survey for the giant garter snake. This survey will be repeated if a lapse in construction activity of two weeks or greater occurs. If a giant garter snake is encountered during construction, activities will cease until appropriate corrective measures have been

completed or it has been determined that the giant garter snake will not be harmed. All sightings of giant garter snake will be reported immediately by telephone to the California Department of Fish and Game at (530) 895-4267 and the Service at (916) 414-6600. All giant garter snake sightings will also be reported to the California Natural Diversity Database.

- Any giant garter snake or other wildlife mortality resulting from routine operations and maintenance activities by the contractor or employees must immediately be reported to their representative. The Applicant's representative must contact DFG immediately at the DFG State Dispatch at (916) 445-0045.
- To minimize the effects of increased traffic in the construction area, a construction speed limit of 15 miles-per-hour will be established, and speed limit signs will be posted on all project-controlled roads leading to construction areas.
- All construction personnel will receive training from a biologist on how to identify giant garter snakes and their habitat, the need to report all sightings of giant garter snakes, and the consequences of not complying with these conservation measures.

Monitoring and Reporting Measures

- The BA requires the applicant to monitor restored habitat for one year and requires the applicant to submit a monitoring report to the Service and DFG one year from restoration implementation, including photo-documentation with pre- and post-project photos, and other information as specified in the monitoring plan.

Financial Assurances

- Applicant has provided financial assurances consistent with CESA, in the form of a completed purchase of 20.46 acres of giant garter snake credits from the Ridge Cut Giant Garter Snake Conservation Bank as documented by an Agreement of Sale dated February 21, 2011 and provided to DFG.
- The BA requires the applicant to provide a cost estimate to DFG for approval at least four weeks before initiating construction for the implementation of the restoration plan, including the cost of restoration and after-the-fact monitoring and reporting. Upon DFG approval of the cost estimate, a financial commitment in a form approved by DFG will be provided to DFG to ensure performance.

Pursuant to Fish and Game Code section 2080.1, take authorization under CESA is not required for the Project for incidental take of giant garter snake, provided

the Applicant implements the Project as described in the BO, including adherence to all measures contained therein, and complies with the mitigation measures and other conditions described in the BO and ITS and the BA. If there are any substantive changes to the Project, including changes to the mitigation measures, or if the Service amends or replaces the BO and ITS or the BA, the Applicant shall be required to obtain a new consistency determination or a CESA incidental take permit for the Project from DFG. (See generally Fish & G. Code, §§ 2080.1, 2081, subs. (b) and (c).)

**PROPOSED RESEARCH ON FULLY
 PROTECTED SPECIES**
 Monitoring of Golden Eagles (*Aquila chrysaetos*)

The Department of Fish and Game received a proposal on December 15, 2010, from Dave Bittner, Executive Director of Wildlife Research Institute, Inc., in Ramona, California, requesting authorization to take the golden eagle (*Aquila chrysaetos*) (eagle), a Fully Protected bird, for research purposes consistent with the protection and recovery of the species. The proposed research is to monitor occupancy, reproduction, and movement of the eagle throughout its range in California.

The applicant is in the process of obtaining the required Scientific Collecting Permit (SCP) to take protected species of wildlife. Permit conditions require that the holder of an SCP obtain special authorization from the Department for research on Fully Protected species. The proposed activities include banding, tagging, and tracking of eagles with VHF and satellite/GPS transmitters, via capture and release techniques approved by the Department. None of these activities are anticipated to have a negative effect on the eagle or its populations. The Department intends to issue, under specified conditions, a Memorandum of Understanding (MOU) that would authorize the applicant to carry out the proposed activities.

Pursuant to California Fish and Game Code (FGC) Section 3511(a)(1), the Department may authorize take of Fully Protected birds after 30 days' notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the proposed research is consistent with the requirements of FGC Section 3511 for take of Fully Protected birds, it would issue the authorization on or after April 18, 2011, for an initial and renewable term of two years. Investigating Collision Hazards and Population
Dynamics for Golden Eagle

The Department of Fish and Game (Department) received a proposal on March 7, 2011, from Douglas A. Bell, Ph.D., East Bay Regional Park District, Oakland, California, requesting authorization to take the golden eagle (*Aquila chrysaetos*) (eagle), a Fully Protected bird, for research purposes consistent with the protection and recovery of the species. The proposed research is to use satellite telemetry to refine eagle collision hazard maps for wind turbine repowering in the Altamont Pass Wind Resource Area (APWRA), and to investigate eagle population dynamics in the Diablo Range.

The applicant is in the process of obtaining the required Scientific Collecting Permit (SCP) to take protected species of wildlife. Permit conditions require that the holder of an SCP obtain special authorization from the Department for research on Fully Protected species. The proposed activities include trapping eagles to attach GPS satellite transmitters, as well as banding and taking blood samples, from up to 5 eagles per year in the APWRA and the Diablo Range, California. Satellite tracking of eagles would accomplish two main goals of this research: 1) improve and expand eagle collision hazard maps within the APWRA to inform wind farm repowering and lessen wind turbine impacts on eagles; and 2) contribute to estimates of eagle population dynamics (e.g., territory occupancy, home range, mortality, dispersal) in the Diablo Range, to assess impacts of the APWRA on the region's eagles, especially in light of changing conditions through the repowering of the APWRA. Population genetic information would contribute to understanding population interchange between eagles in the western United States. The Department intends to issue, under specified conditions, a Memorandum of Understanding (MOU) that would authorize the applicant to carry out the proposed activities.

Pursuant to California Fish and Game Code (FGC) Section 3511(a)(1), the Department may authorize take of Fully Protected birds after 30 days' notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the proposed research is consistent with the requirements of FGC Section 3511 for take of Fully Protected birds, it would issue the authorization on or after April 18, 2011, for an initial and renewable term of two years.

Research on Santa Cruz Long-toed Salamander
Recovery Techniques

The Department of Fish and Game ("Department") received a proposal on February 28, 2011, from Dr. Antonia D'Amore at the Elkhorn Slough National Estuarine Research Reserve, requesting authorization to conduct research on the Santa Cruz long-toed salamander (*Ambystoma macrodactylum croceum*) (salamander), a Fully Protected amphibian. The applicant is required to have a Scientific Collecting Permit (SCP) to search for a protected species of amphibian. Permit conditions require that the holder of an SCP obtain special authorization from the Department for research on Fully Protected species.

Dr. D'Amore requests permission to set up replicate fish exclusions in four wetlands in southern Santa Cruz County and northern Monterey County that contain invasive fish species and the salamanders. Fish exclusion areas would be used to test the hypothesis that salamander breeding can be restored in these wetlands by providing fish-free habitat in shallow water that would allow for egg deposition by the salamanders. The exclusions would be large enough (3m x 10m) that they would provide ample space for larvae to thermoregulate and forage successfully until they metamorphose. The exclusions would be checked at least weekly to ensure they have sufficient water for the salamanders and that they remain fish-free. The success of the exclusions would be determined by surveying both the exclusion areas (treatment) and the remainder of the wetland (control), in late spring (May), to determine if there was a difference in reproductive success between the areas. If the salamander is encountered, Dr. D'Amore would note the number of individuals, the developmental stage, and the sex of the individuals based on physical characteristics. The survey techniques would involve dip-netting and seining for larval salamanders, and brief handling for identification purposes, in accordance with a Department-approved protocol. No marking or tissue sampling would be conducted on the individuals. The techniques that Dr. D'Amore is proposing to use are commonplace in field biology, and no adverse effects on individuals or populations are anticipated. If there is evidence that fish exclusions can boost repro-

ductive success, it may provide a valuable tool to create breeding habitat in large wetlands, and to provide rationale for invasive whole-system fish removal in wetlands of feasible size. Data obtained from this research will be used to test these restoration techniques to aid in the recovery of the species.

The Department intends to issue, under specified conditions, a Memorandum of Understanding (MOU) or other special permit that would authorize the applicant to carry out the proposed activities. Additional locations may be authorized by the Department for future projects. As the salamander is also a federally endangered species, the applicant is required to possess a valid Federal Fish and Wildlife Permit for threatened and endangered species.

Pursuant to California Fish and Game Code (FGC) Section 5050(a)(1), the Department may authorize take of Fully Protected amphibians after 30 days' notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the proposed research is consistent with the requirements of FGC Section 5050 for take of Fully Protected amphibians, it would issue the authorization on or after April 18, 2011, for an initial and renewable term of two years. CHEMICALS KNOWN TO THE STATE
TO CAUSE CANCER OR
REPRODUCTIVE TOXICITY
March 18, 2011

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

**CHEMICALS LISTED EFFECTIVE
March 22, 2011
AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE CANCER**

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental

Protection Agency is adding *MON 4660 (dichloroacetyl-1-oxa-4-azaspiro(4,5)-decane)* (CAS No. 71526-07-3), *MON 13900 (furilazole)* (CAS No. 121776-33-8) and *pymetrozine* (CAS No. 123312-89-0) to the list of chemicals known to the state to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹). The listing of the three chemicals is effective **March 22, 2011**.

The listing of the three chemicals is based on formal identification by an authoritative body², the U. S. Environmental Protection Agency (U.S. EPA), that the chemicals cause cancer. The criteria used by OEHHA for the listing of chemicals under the “authoritative bodies” mechanism can be found in Title 27, Cal. Code of Regs., section 25306.

The documentation supporting OEHHA’s determination that the criteria for administrative listing have been satisfied for these chemicals is included in the Notice of Intent to List *MON 4660 (dichloroacetyl-1-oxa-4-azaspiro(4,5)-decane)*, *MON 13900 (furilazole)*, and *Pymetrozine* published in the January 21, 2011 issue of the *California Regulatory Notice Register* (Register 2011, No. 3-Z).

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at <http://www.oehha.ca.gov/prop65.html>.

AIR RESOURCES BOARD
Transport Refrigeration Units (TRU) ATCM

In 2004 the Air Resources Board (ARB) adopted an Airborne Toxic Control Measure (ATCM) for transport refrigeration units (TRU). In March 2005, ARB requested the U. S. Environmental Protection Agency (USEPA) to grant authorization to ARB to adopt and enforce the TRU ATCM pursuant to the Clean Air Act. USEPA granted California authorization on January 16,

2009. ARB now amends section 2477 of title 13 of the California Code of Regulations to (1) allow the owners of model year 2003 TRU in the 25 hp and greater category and model year 2003 TRU and 2004 TRU in the less than 25 hp category to use the low-emission TRU in-use standard, (2) clarify that the operational life of flexibility engines installed before the effective date of these amendments is seven years from the year of engine manufacture, and (3) add new reporting requirements for TRU original equipment manufacturers.

DENTAL BOARD OF CALIFORNIA
Retroactive Fingerprinting

This rulemaking action requires that dentists, Registered Dental Assistants, and Registered Dental Assistants in Extended Functions, who were licensed prior to January 1, 1999, or for whom an electronic record of submission of fingerprints to the Department of Justice (DOJ) does not exist, must furnish a full set of fingerprints to the DOJ for the purpose of conducting a criminal history record check and information search when the licensee next seeks to renew his/her license. The rulemaking adopts other provisions related to implementation of this requirement.

DEPARTMENT OF CORPORATIONS
Finance Lenders Pilot Program (SB 1146 (Chap. 640, Stats. 2010))

This rulemaking action adopts emergency regulations to implement Senate Bill 1146 (Chapter 640 of Stats. 2010) to implement the Pilot Program for Affordable Credit Building Opportunities, which seeks to move consumers of small loans away from payday loans and other fringe banking practices and toward more traditional and affordable borrowing through which consumers can improve their credit ratings and receive consumer credit education at no cost. The regulations establish lender participation requirements and procedures and adopt various lender application and reporting forms. The regulations also establish requirements for the use by lenders of "finders," which are entities that connect borrowers with lenders.

DEPARTMENT OF CORRECTIONS AND REHABILITATION
SB 1453 Residential Aftercare Program

The Department of Corrections and Rehabilitation submitted this rulemaking action to adopt sections 3800, 3800.1, 3800.2 and 3800.3 to title 15 of the California Code of Regulations concerning residential drug treatment aftercare. This action establishes a new 150-day residential substance abuse program for parolees that implements Penal Code section 3050. The program is referred to as the Treatment Incentive Program (TIP) in order to differentiate it from similar residential substance abuse programs. The program defines eligibility and exclusionary criteria for participating in the TIP residential drug treatment aftercare program, and defines the process by which a parolee who successfully completes the program shall be discharged from parole after successful completion of the 150-day program.

OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD
 Machinery and Equipment

This action amends an existing regulation which establishes requirements for machinery and equipment to be designed, operated and maintained to ensure employee safety. Existing subsection (e) requires machinery and equipment component parts be designed, secured, or covered to minimize hazards caused by breakage, release of mechanical energy, or loosening and falling. This action amends subsection (e) of the existing regulation by requiring machinery and equipment components to be designed, and secured, or covered (or both) to minimize hazards caused by breakage, release of mechanical energy, or loosening and/or falling unless the employer can demonstrate doing so would be inconsistent with manufacturer’s recommendations or would otherwise impair employee safety.
