The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

## PROPOSED ACTION ON REGULATIONS

*Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.*

### TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the Commission), under the authority vested in it by the Political Reform Act (the Act)<sup>1</sup> by Section 83112 of the Government Code proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulation at a public hearing on or after **April 21, 2016**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments should be received at the Commission offices no later than **5:00 p.m. on April 19, 2016.**

#### BACKGROUND/OVERVIEW

Section 87300 requires every agency to “adopt and promulgate a Conflict of Interest Code” (1) designating all “positions within the agency, other than those specified in Section 87200, which involve the making or participation in the making of decisions which may foreseeably have a material effect on any financial interest,” and (2) identifying those interests of the designated employees that are reportable. A newly created agency is required to submit a code to its code-reviewing body for approval, “not later than six months after it comes into existence.” (Section 87303.) An agency must submit a code amendment to its code-reviewing body for approval, “within 90 days after the changed circumstances necessitating the amendments have become apparent.” (Section 87306.) Agencies must also review their existing codes biennially. (Sections 87306 and 87306.5.)

The Commission is the code-reviewing body for all state agencies, other than agencies in the judicial branch

<sup>1</sup> The Political Reform Act is contained in Government Code sections 81000 through 91014. All further statutory references are to the Government Code. The regulations of the Fair Political Practices Commission are contained in sections 18110 through 18997 of Title 2 of the California Code of Regulations (hereafter Regulation).

of government, and all local government agencies with jurisdiction in more than one county (multi-county agencies). (Section 82011.) The Commission may not approve a Conflict of Interest Code or code amendment if it fails to (1) “provide reasonable assurance that all foreseeable potential conflict of interest situations will be disclosed or prevented,” (2) “provide to each affected person a clear and specific statement of his duties under the Code,” or (3) “adequately differentiate between designated employees with different powers and responsibilities.” (Section 87309.) Additionally, the review of codes by the Commission and the preparation of codes by state agencies are subject to the Administrative Procedure Act and local agencies must prepare codes “under procedures which guarantee to officers, employees, members, and consultants of the agency and to residents of the jurisdiction adequate notice and a fair opportunity to present their views.” (Section 87311.)

Current Regulations 18750 through 18750.2 and 18752, detail the procedures for the adoption and amendment of conflict of interest codes for state agencies and multi-county agencies subject to the Commission’s review and approval. Under current provisions, separate detailed procedures are provided for state agencies (Regulation 18750), multi-county agencies (Regulation 18750.1), state agencies exempt from the Administrative Procedure Act (Regulation 18750.2), and non-substantive amendments (Regulation 18752).

#### REGULATORY ACTION

Repeal and Adopt 2 Cal. Code Regs. Section 18750 and Repeal 2 Cal. Code Regs. Sections 18750.1, 18750.2, and 18752.

**Proposed Regulation 18750 harmonizes and streamlines existing procedural requirements for all code adoptions and amendments subject to the Commission’s review and approval. In consolidating the existing requirements, the Commission may consider and revise all existing requirements, and may impose any additional requirements consistent with the Commission’s regulatory authority under the Act, including but not limited to the following:**

- **Consolidating existing regulations and repealing existing regulations as necessary.**
- **Clarifying requirements for codes and code amendments.**
- **Clarifying notice and hearing requirements for the consideration and adoption of codes and code amendments.**
- **Encouraging the preliminary review of draft codes and code amendments.**

- **Detailing the documents required for the Commission's approval of a code or code amendment.**

#### AUTHORITY AND REFERENCE

(pursuant to GOV § 11346.5(a)(2) and 1 CCR § 14)

**14 CCR §§ 1666.0 to 1666.16** Note: Authority cited: Sections 4111, 4212, and 4214, Public Resources Code. Reference: Sections 4102, 4112, 4113, 4114, 4740 and 4741, Public Resources Code.

#### INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

(pursuant to § 11346.5(a)(3)(A)-(D))

The California Governor signed ABX1 29 (PRC § 4210, et seq.) into law on July 7, 2011. This law levied a fire prevention fee (Fee) on the owners of habitable structures within the State Responsibility Area (SRA) to fund fire prevention activities. One of the specified activities for that Fee is to provide grants to eligible organizations to perform fire prevention projects that reduce the risk and potential impact of wildfire to habitable structures in the SRA. Public Resources Code (PRC) § 4210 et seq. requires that money deposited into the SRA Fire Prevention Fund (SRAFPP) be distributed back to their communities of origin proportional to how they were collected.

Pursuant to PRC § 4214(e), the Board adopted 14 CCR 1665.8 in 2012 by the use of Emergency rulemaking. This Emergency regulation was readopted twice in 2012 and a Certificate of Compliance was filed in October 2012, making the regulation permanent. Changes without regulatory effect were filed in 2015.

The purpose of the proposed action is to repeal 14 CCR § 1665.8 because it is too vague and broad to properly administer a grant program and it does not provide the public with any useful information regarding applying for the grant program. §§ 1666.0 through 1666.16

provide unambiguous and transparent information about applicant eligibility, the application process and requirements, and the application evaluation criteria. The proposed action creates a grant program to distribute Fee funds appropriated by the Legislature to their communities of origin for fire prevention activities designed to benefit habitable structures within SRA provided by counties and other local agencies, including special districts, with state responsibility areas within their jurisdictions.

The effect of the proposed action is the establishment of a grant program, including applicant requirements, eligible entities, and application evaluation criteria, to distribute grants from the SRA Fire Prevention Fund. The primary benefit of the proposed action is the ability to fund local fire prevention activities that reduce the effects of fire in the state's wildlands and watersheds on habitable structures within the SRA. As a result, this regulatory action creates a positive impact to the environment, and an increased benefit to public health and safety.

There is no comparable federal regulation or statute.

Board staff conducted an evaluation on whether or not the proposed action is inconsistent or incompatible with existing State regulations pursuant to **GOV § 11346.5(a)(3)(D)**. Board staff assessed existing State regulations related to the grant program previously developed pursuant to PRC § 4214(e) and found no existing State regulations that met the same purpose as the proposed action. Based on this evaluation and effort, the Board has determined that the proposed regulations are neither inconsistent nor incompatible with existing State regulations. The proposed regulation is entirely consistent and compatible with existing Board rules.

#### MANDATED BY FEDERAL LAW OR REGULATIONS

The proposed action is not mandated by federal law or regulations.

The proposed action neither conflicts with, nor duplicates Federal regulations.

There are no comparable Federal regulations for a statewide wildfire prevention grant program based on the Fee collected from owners of habitable structures in the SRA. No existing Federal regulations that met the same purpose as the proposed action were identified.

#### OTHER STATUTORY REQUIREMENTS (pursuant to GOV § 11346.5(a)(4))

There are no other matters as are prescribed by statute applicable to the specific State agency or to any specific regulation or class of regulations.

**LOCAL MANDATE**  
(pursuant to GOV § 11346.5(a)(5))

The proposed action does not impose a mandate on local agencies or school districts.

**FISCAL IMPACT**  
(pursuant to GOV § 11346.5(a)(6))

There is no cost to any local agency or school district that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of the Government Code.

Regarding costs or savings to any State agency, the anticipated fiscal impact of the SRAFPF Grant Program is expected to be approximately \$250,000 per year. In their 2014/2015 appropriation, the Legislature set aside \$500,000 to cover CAL FIRE’s implementation costs of the grant program for two years. It is estimated that the fiscal impact to the State from the Board’s grant program would also be approximately \$250,000 a year. It is expected the Legislature will again appropriate money for the implementation of the SRAFPF Grant Program as part of the appropriation of grant funds sourced from the Fee.

The proposed action will not result in the imposition of other non-discretionary costs or savings to local agencies.

The proposed action will not result in costs or savings in federal funding to the State.

**HOUSING COSTS**  
(pursuant to GOV § 11346.5(a)(12))

The proposed action will not significantly affect housing costs.

**SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS, INCLUDING ABILITY TO COMPETE**  
(pursuant to GOV §§ 11346.3(a), 11346.5(a)(7) and 11346.5(a)(8))

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Businesses may be beneficially impacted by the proposed action in the short term.

Pursuant to **GOV § 11346.5(a)(8)**, the agency shall provide in the record facts, evidence, documents, testimony, or other evidence upon which the agency relies to support this initial determination:

- Contemplation by the Board of the economic impact of the provisions of the proposed action through an examination of the costs borne by applicants to CAL FIRE’s 2014/15 and 2015/16 SRAFPF Grant Program.
- Additional outreach performed in 2015 and 2016 to prior successful grant applicants to assess costs borne in complying with the reporting requirements of the CAL FIRE grants.
- In the long term, the limited scope of allowable administrative costs (indirect costs), the cap on grant requests, and the restricted time period for using any awarded grant funding will not create any ongoing economic activity that will create or eliminate jobs within California or create or eliminate businesses in California. In the short term, spending awarded grant money would provide small investments into the local community where the grant was awarded, but not enough to sustain any significant changes in the job market.

**STATEMENTS OF THE RESULTS OF THE ECONOMIC IMPACT ASSESSMENT (EIA)**

The results of the economic impact assessment are provided below pursuant to **GOV § 11346.5(a)(10)** and prepared pursuant to **GOV § 11346.3(b)(1)(A)–(D)**. The proposed action:

- (A) will not create or eliminate jobs within California;
- (B) will not create or eliminate new businesses within California;
- (C) will affect the expansion of businesses currently doing business within California;
- (D) will not affect the contraction of businesses currently doing business within California;
- (E) will yield nonmonetary benefits to the environment, public health and safety, including the improved awareness of the local wildfire risk as a result of planning and education projects.

**COST IMPACTS ON REPRESENTATIVE PERSON OR BUSINESS**  
(pursuant to GOV § 11346.5(a)(9))

There are no cost impacts that a representative private person would necessarily incur in reasonable compliance with the proposed action, because private persons are ineligible grant recipients under the proposed program.

A representative business can expect to incur approximately \$1,500 in costs to apply for the grant program. Other costs can be recouped in the proposed grant budget. Long-term costs to store files for potential audits are expected to be minimal.

**BUSINESS REPORT**

(pursuant to GOV §§ 11346.5(a)(11) and 11346.3(d))

The Board finds that it is necessary for the health, safety or welfare of the people of this state that the proposed regulation, which requires a report, apply to business.

The proposed action imposes a business reporting requirement on small businesses that have been awarded a grant. These costs are expected to be \$2,500/year over the life of the grant and, after the grant has terminated, file storage costs are expected to be minimal. Some of these costs, incurred over the life of the grant, can be recouped as part of the administrative costs (indirect costs) provided in the grant budget.

**SMALL BUSINESS**

(pursuant to 1 CCR 4(a) and (b))

Small business, within the meaning of GOV § 11342.610, are not expected to be affected by the proposed action.

Small business:

- (1) Is not eligible to apply for this grant program;
- (2) Is not legally required to enforce the regulation;
- (3) Does not derive a benefit from the enforcement of the regulation;
- (4) Does not incur a detriment from the enforcement of the regulation if they do not comply with the regulation.

**ALTERNATIVES INFORMATION**

In accordance with **GOV § 11346.5(a)(13)**, the Board must determine that no reasonable alternative it considers, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Lockwood, Chief, Regulation and Policy Management Branch, Department of Corrections and Rehabilitation, P.O. Box 942883, Sacramento, CA 94283-0001.

AVAILABILITY OF PETITION

The petition to amend regulations is available upon request directed to the Department's contact person.

SUMMARY OF PETITION

Petitioner is an inmate at San Quentin State Prison and claims to represent a group of inmates at this institution. The petition asks the Department to amend regulations to exempt from restitution orders monies sent by outside parties to inmates for the purposes of charitable donations. The petitioner states: "Inmates who want to support charitable organizations . . . must ask their benefactors to deposit funds in their inmate trust accounts to support the charity." Such funds are subject to deductions for court ordered restitution and administrative charges so that "only 10% of the actual funds may reach the intended charity". The petitioner cites existing exemptions from restitution orders under Section 3097 of the California Code of Regulations (CCR), Title 15, Division 3. This section exempts funds designated to pay the costs of a family visit, wages received as part of a Joint Venture Program, and Temporary Community Leave funds, from restitution orders.

The petition argues that such an exemption would encourage inmate fundraising for charities, many of which support inmate rehabilitation, and that the current practice of subjecting such contributions to restitution orders prevents potential benefactors from making donations. The petition states that charitable donations are typically exempt from taxation, and a similar exemption ought to apply to funds raised for charity by inmates.

DEPARTMENT DECISION

The Secretary of CDCR denies the petitioner's request in its entirety.

In order to encourage inmates to become involved in community activities, CDCR allows inmate groups to participate in fund raisers to benefit charitable community organizations. CCR Section 3240 establishes the requirements under which these fund-raising campaigns must operate. Specifically, inmate fund-raising campaigns may solicit only fellow inmates and, with prior approval of the institution head, prison staff. Soliciting funds from the general public, including family and friends of inmates, for these campaigns is prohibited. This precaution is necessary to ensure that inmates, some of whom are in prison for financial crimes, do not fraudulently solicit donations from the general public that may be used by the inmate for their own personal benefit.

The payment of court ordered restitution is viewed by the department as part of the process for inmates to take responsibility for their actions. Restitution, by definition, is the act of making good or compensating for loss, damage or injury. Criminal restitution is a process by which offenders are held accountable for the financial losses they have caused to the victims of their crimes. Though not the same as charitable donations, payment of court ordered restitution is part of developing a community mindedness that recognizes the impact of one's own actions on others.

California Penal Code Sections 1202.4 et seq. set forth requirements regarding payment of restitution when ordered by a court. These statutes do not contain an exemption for funds donated for charitable fund-raising. It is not clear that CDCR has the authority to exempt these funds from restitution under California law.

The petition raises the issue that funds deposited for a family visit or Temporary Community Leave are exempt from restitution. Pursuant to CCR Section 3097, these funds are designated for specific purposes and require the sender of the funds to complete a form specifying the use of the funds. Joint Venture Program wages are subject to deduction of restitution before those funds are deposited in the inmate's trust account (CCR Section 3485).

Nothing in California law or CDCR regulations prevents a potential benefactor from donating funds directly to a specific charity in an inmate's name.

ACTION REGARDING  
UNDERGROUND REGULATIONS**

**SUSPENSION OF ACTION REGARDING  
UNDERGROUND REGULATIONS**

(Pursuant to Title 1, section 280, of the California Code of Regulations)

**DEPARTMENT OF EDUCATION**

On January 5, 2016, the Office of Administrative Law (OAL) received a petition challenging the Department of Education's Memorandum dated August 10, 2015, as an alleged underground regulation. The subject of the memorandum is "Identification of and Provision of Service to Eligible Students in Adult County Jails."

On March 7, 2016, the Department of Education certified to the OAL that part of the Memorandum dated August 10, 2015, had been rescinded; therefore, pursuant to Title 1, section 280 of the California Code of Regulations, OAL must suspend all action on that part of the petition. OAL declined to consider the remainder of the petition.

Re: Response to Petition to Office of Administrative Law

Dear Ms. Heidig:

I am the Interim Director of the Special Education Division of the California Department of Education (CDE) and am authorized to make this certification pursuant to Title 1, *California Code of Regulations*, Section 280.

I hereby certify that that the CDE will not issue, use, enforce, or attempt to enforce the sentence on page 2 of

the CDE's memo to Special Education Local Plan Area (SELPA) Directors dated August 10, 2015, on the subject of "Identification of and Provision of Service to Eligible Students in Adult County Jails" that states "It also includes the responsibility to notify a LEA outside the SELPA that its eligible adult student is in a county jail within the SELPA." This certification applies only to that particular sentence, which is one subject of the pending underground regulation petition, and not to any other portion of the August 10, 2015 memo. The CDE intends to amend the memo with respect to that particular sentence.

If you have any questions regarding this subject, please contact me by phone at 916-445-4602.

Sincerely,

/s/  
 Chris Drouin, Interim Division Director
