**TITLE 3. DEPARTMENT OF FOOD
AND AGRICULTURE**

Notice of Proposed Rulemaking

The Department of Food and Agriculture adopted Section 3591.24 of the regulations in Title 3 of the California Code of Regulations pertaining to European Grapevine Moth Eradication Area as an emergency action that was effective on February, 18, 2010. The Department proposes to continue the regulation as adopted and to complete the amendment process by submission of a Certificate of Compliance no later than August 17, 2010.

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period. Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department of Food and Agriculture, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

Any person interested may present statements or arguments in writing relevant to the action proposed to the agency officer named below on or before May 10, 2010.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread, and the feasibility of its control or

eradication (Food and Agricultural Code Section 5321).

Existing law also provides that the Secretary may establish, maintain, and enforce quarantine, eradication, and other such regulations as he deems necessary to protect the agricultural industry from the introduction and spread of pests (Food and Agricultural Code, Sections 401, 403, 407 and 5322). Existing law also provides that eradication regulations may proclaim any portion of the State as an eradication area and set forth the boundaries, the pest, its hosts, and the methods to be used to eradicate said pest (Food and Agricultural Code Section 5761).

Section 3591.24 was adopted as an emergency regulation and established the State of California as an eradication area for European Grapevine Moth, *Lobesia botrana*. The effect of this action was to establish authority for the State to conduct eradication activities anywhere in the state against this pest, establish the list of hosts and possible carriers, and state the means and methods that may be used in control and eradication. There is no existing, comparable federal regulation or statute.

**COST TO LOCAL AGENCIES AND
SCHOOL DISTRICTS**

The Department of Food and Agriculture has determined that Section 3591.24 does not impose a mandate on local agencies or school districts and no reimbursement is required for Section 3591.24 under Section 17561 of the Government Code. The Department also has determined that no savings or increased costs to any state agency, no reimbursable costs or savings under Part 7 (commencing with Section 17500) of Division 4 of the Government Code to local agencies or school districts, no nondiscretionary costs or savings to local agencies or school districts, and no costs or savings in federal funding to the State will result from the proposed action.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed actions will not affect housing costs.

EFFECT ON BUSINESSES

The Department has made an initial determination that the proposed actions will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACT ON AFFECTED PRIVATE PERSON OR BUSINESSES

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT

The Department has made an assessment that the proposed adoption and amendment to the regulations would not (1) create or eliminate jobs within California, (2) create new business or eliminate existing businesses within California, or (3) affect the expansion of businesses currently doing business within California.

ALTERNATIVES CONSIDERED

The Department of Food and Agriculture must determine that no reasonable alternative considered by the Department or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the actions are proposed or would be as effective and less burdensome to affected private persons than the proposed actions.

AUTHORITY

The Department proposes to adopt Section 3591.24 pursuant to the authority vested by Sections 407 and 5322 of the Food and Agricultural Code.

REFERENCE

The Department proposes to adopt Section 3591.24 to implement, interpret and make specific Sections 407, 5322, 5761, 5762 and 5763 of the Food and Agricultural Code.

EFFECT ON SMALL BUSINESS

The proposed adoption of this regulation may affect small businesses.

TITLE 16. CALIFORNIA BOARD OF ACCOUNTANCY

NOTICE IS HEREBY GIVEN that the California Board of Accountancy is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at Hilton Pasadena, 168 South Los Robles Ave., Pasadena, CA, at 1:30 p.m. on May 12, 2010. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the California Board of Accountancy at its office not later than 5:00 p.m. on May 10, 2010 or must be received by the California Board of Accountancy at the hearing. The California Board of Accountancy, upon its own motion or at the

instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 5010 and 5027 of the Business and Professions Code, and to implement, interpret or make specific Sections 5026, 5027, 5028, and 5100 of said Code, the California Board of Accountancy is considering changes to Division 1 of Title 16 of the California Code of Regulations as follows:

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Section 5076 of the Business and Professions Code authorizes the CBA to implement a mandatory peer review program. Section 87.9(a)(6) of the CBA Regulations outlines the required content of a Regulatory Review course used as CE.

The purpose of the Regulatory Review course is to provide licensees with practical knowledge regarding the laws and rules of practicing public accountancy in California. With the recent addition of peer review for all firms, including sole practitioners, performing accounting and auditing services, it is necessary that Article 6 (Peer Review) be included in any review of the laws and rules.

1. Amend Section 87.9 Title 16 of the California Code of Regulations

Section 87.9(a)(6) outlines the required content of a regulatory review course used as continuing education.

This proposal would amend section 87.9 to add that such a course must also include a review of Article 6 of the California Board of Accountancy (CBA) Regulations.

2. Amend Section 88.2 Title 16 of the California Code of Regulations

Section 88.2 contains a minor, technical numbering error.

This proposal would correct the numbering error.

3. Amend Section 90 Title 16 of the California Code of Regulations

Section 90(d) provides for an automatic extension for meeting certain continuing education requirements that

are stated by cross reference to subsections in Section 87.

Section 87 was recently amended to add in subsection (b) regarding ethics continuing education. However, the cross-references in Section 90(d) were inadvertently not changed at the same time causing an incorrect cross reference. This proposal would correct the cross references in Section 90(d) to correctly reflect the intent of the CBA.

Authority and Reference: Pursuant to the authority vested by Sections 2615, 2655.1 and 2655.92 of the

Business and Professions Code (B&P), and to implement, interpret or make specific B&P Sections 2620.7, 2630, 2639, 2650.1, 2650.2, 2655.9, 2655.75, 2655.91 and 2655.92 of said Code, the Physical Therapy Board of California is considering changes to Division 13.2 of Title 16 of the California Code of Regulations as follows:

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Amend section 1398.44

Existing statutes establish that a physical therapist who is a licensed professional may supervise a physical therapist assistant (PTA), who meets the qualifications stated in B&P Section 2655.3 and who is licensed by the Physical Therapy Board of California (Board), to assist in the provision of physical therapy. The amendment proposes to define “adequate supervision” of the physical therapist assistant by the supervising physical therapist; clarify who is the supervising physical therapist of record responsible for the supervision of the physical therapist assistant; activities the physical therapist assistant is prohibited from doing; and, responsibilities required of the physical therapist assistant.

Amend section 1399

Section 2630 of existing statutes authorize a physical therapist to utilize the services of one aide, a person unlicensed by the Board, to assist the physical therapist in his or her practice of physical therapy and that the aide shall at all times be under the orders, direction, and immediate supervision of the physical therapist. The proposed amendment requires the supervising physical therapist to document the aide’s competencies for performing tasks specific to the physical therapy setting and that they shall be made available to the Board on request; defines patient and non-patient related tasks; clarifies the meaning of “under the orders, direction and immediate supervision” as stated in the statute authorizing the utilization of a physical therapy aide.

Amend section 1399.85; relocate to Article 1 and renumber to section 1398.13

Business and Professions Code section 2620.7 requires documentation in the patient record. Section 1399.85 further defines what documentation is to be included in the patient record. The Board proposes amending existing regulations to make specific the signature and documentation requirements for care provided, and that the physical therapist is responsible for ensuring that all assistive personnel comply with the same. The ordered language also will apply the requirement to all who provide care to the patient, including physical therapist assistants, physical therapy aides,

physical therapist and physical therapist assistant license applicants and physical therapist and physical therapist assistant students as well as the physical therapist. The amendments also indicate acceptable means of affixing a signature to the patient record.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Requires Reimbursement: None

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: None

Impact on Jobs/New Businesses:

The Physical Therapy Board of California has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

CHAPTERS

Title 22, Division 6, Chapter 4 (Small Family Homes), Section 83064 (Licensee Duties and Responsibilities); Chapter 5 (Group Homes), Section 84001 (Definitions), Section 84067 (Reasonable and Prudent Parent Standard), Section 84076 (Food Service), Section 84079 (Planned Activities), Section 84087.2 (Outdoor Activity Space), Section 84088 (Fixtures, Furniture, Equipment, and Supplies), and Section 84090 (Initial Certification Training Program Approval Requirements); Chapter 7 (Transitional Housing Placement Program), Section 86065 (Personnel Requirements); Chapter 8.8 (Foster Family Agencies), Section 88065 (Personnel Requirements); and, Chapter 9.5 (Foster Family Homes), Section 89405 (Training Requirements).

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Currently, group home regulations lack direction for the administrator or facility manager and his or her responsible designee as it relates to allowing children in care to participate in extracurricular, enrichment, and social activities. In addition, existing regulations require training for caregivers of foster family homes,

transitional housing placement programs, foster family agencies, small family homes, and administrators of group homes.

The proposed regulations have been drafted to apply the "Reasonable and Prudent Parent Standard" to group homes and to adopt new training requirements.

Assembly Bill (AB) 2096, (Chapter 483, Statutes of 2008), amended Welfare and Institutions Code sections 362.05 and 727 and requires a group home administrator or facility manager, or his or her responsible designee to apply the "Reasonable and Prudent Parent Standard," as defined in 362.04(a)(2), when determining whether to allow group home children (i.e., wards and dependents) to participate in age-appropriate extracurricular, enrichment, and social activities. AB 2096 required designated staff to take steps to determine the appropriateness of the activity considering the child's age, maturity, and developmental level.

The proposed regulations clarify and create standards for group home administrators or facility managers, or their designees in regard to applying a "Reasonable and Prudent Parent Standard." These proposed regulations are intended to clarify the definition of "Reasonable and Prudent Parent Standard," to guide its application to group homes when determining whether to allow children (i.e., wards and dependents) to participate in age-appropriate and developmentally-appropriate extracurricular, enrichment, and social activities, and to amend various sections of the group home regulations to allow for the day-to-day application of this standard.

The proposed regulations will add new training requirements for specified staff in group homes, small family homes, foster family agencies, foster family homes, and transitional housing placement programs. As specified in Health and Safety Code sections 1522.41(c)(1)(J) and 1529.2(b)(3)(G), amended by AB 3015, (Chapter 557, Statute of 2008), this new training provides basic instruction on existing laws and procedures addressing the safety of foster youth at school and to ensure a harassment and violence free school environment.

Adopting these new training requirements will assist in educating group home administrators and licensed caregivers on what schools are doing to promote student safety, and harassment and violence prevention. Applicable statutes have been added to the handbook for easy reference.

**CESA CONSISTENCY DETERMINATION
 REQUEST FOR**

United Technologies Corporation San Jose
 Facility Closure Project
 Santa Clara County
 2080-2010-004-03

The Department of Fish and Game (Department) received a notice on March 10, 2010, that United Technologies Corporation (UTC) proposes to rely on consultation between federal agencies to carry out a project that may adversely affect species protected by the California Endangered Species Act (CESA). This project consists of site closure activities — including decontamination, decommissioning, demolition, and remediation — of a 5,200 acre property used to design, manufacture, and test solid propellant rocket motors from 1959 to 2004 southeast of San Jose in Santa Clara County, California (Project).

Project activities may have adverse temporary impacts on 5.1 acres of habitat of the California tiger sala-

mander (*Ambystoma Californiense*). Activities that remove sheltering habitat, collapse burrows, and expose individuals could result in harassment, injury, or death of individual California tiger salamanders. Individuals of the species could also become trapped in trenches or holes overnight, encounter oil and other petroleum based products, or be injured or killed by vehicular traffic while attempting to find alternative upland habitat sites.

The U.S. Fish and Wildlife Service (Service) issued a "no jeopardy" federal biological opinion (1-1-07-F-0350)(BO) and incidental take statement (ITS) to the U.S. Army Corps of Engineers (Corps) on October 2, 2007, and issued amendments to the biological opinion on August 19, 2008 and September 24, 2009, which considered the effects of the Project on the Federally and State threatened California tiger salamander. Pursuant to California Fish and Game Code Section 2080.1, UTC is requesting a determination that the BO and ITS, as amended, are consistent with CESA for purposes of the proposed Project. If the Department determines the BO and ITS are consistent with CESA for the proposed Project, UTC will not be required to obtain an incidental take permit under Fish and Game Code section 2081 for the Project.

FISH AND GAME COMMISSION

NOTICE OF FINAL CONSIDERATION OF PETITION

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Section 2073.3 of the Fish and Game Code, the California Fish and Game Commission (Commission), on January 23, 2008, received a petition from the Center for Biological Diversity to list the Pacific fisher (*Martes pennanti*) as an endangered or threatened species.

Pursuant to Section 2073 of the Fish and Game Code, on January 31, 2008, the Commission transmitted the petition to the Department of Fish and Game (Department) for review pursuant to Section 2073.5 of said code.

Pursuant to Section 2074.2 of the Fish and Game Code, the Commission, at its August 7, 2008, meeting in Carpinteria, rejected the petition to list the Pacific fisher as an endangered or threatened species based on a finding that the petition did not provide sufficient information to indicate that the petitioned action may be warranted.

The Commission, at its March 4, 2009, meeting in Woodland: (1) voided and set aside its August 7, 2008, decision rejecting the petition filed by the Center for Biological Diversity to list the Pacific fisher as a threat-

ened or endangered species under the California Endangered Species Act, Fish and Game Code Section 2074.2, subdivision (a)(1); and (2) accepted the petition filed by the Center for Biological Diversity to list the Pacific fisher as an endangered or threatened species, and designated the Pacific fisher as a candidate species.

Pursuant to Section 2074.2, subdivision (a)(2) of the Fish and Game Code, on April 8, 2009 the Commission adopted the formal finding that the Pacific fisher warrants listing as a candidate species.

Pursuant to Section 2074.6 of the Fish and Game Code, the Department submitted a written report to the Commission on March 3, 2010, indicating whether the petitioned action is warranted.

NOTICE IS HEREBY GIVEN that the Commission, pursuant to the provisions of Section 2075 of the Fish and Game Code, has scheduled the petition for final consideration at its April 7, 2010 meeting at the Monterey Best Western, Beach Resort Monterey, 2600 Sand Dunes Drive, Monterey, California.

Copies of the petition, the Department's written report, and minutes of the August 7, 2008 and March 4, 2009 Commission meetings, are on file and available for public review from John Carlson, Jr., Executive Director, Fish and Game Commission, 1416 Ninth Street, Box 944209, Sacramento, California 94244-2090, phone (916) 653-4899. Written comments or data related to the petitioned action should be directed to the Commission at the aforementioned address.

March 26, 2010

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the

Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy refer-

ence, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

TO CAUSE REPRODUCTIVE TOXICITY**

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is adding *1,1-Dichloro-2,2-bis(p-chlorophenyl)ethylene (DDE)* (CAS No. 72-55-9) and *nitrobenzene* (CAS No. 98-95-3) to the list of chemicals known to the state to cause reproductive toxicity for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹). The listing of *1,1-dichloro-2,2-bis(p-chlorophenyl)ethylene (DDE)* and *nitrobenzene* is effective **March 30, 2010**.

¹ Health and Safety Code, section 25249.5 et seq.

1,1-Dichloro-2,2-bis(p-chlorophenyl)ethylene (DDE) (CAS No. 72-55-9) is being listed as a chemical known to the State of California to cause developmental and male reproductive toxicity. *Nitrobenzene* (CAS No. 96-95-3) is being listed as a chemical known to the State of California to cause male reproductive toxicity. The listing of these chemicals is based on formal identification by an authoritative body² (the U.S. Environmental Protection Agency (U.S. EPA)), that the chemical *1,1-dichloro-2,2-bis(p-chlorophenyl)ethylene (DDE)* causes developmental and male reproductive toxicity and the chemical *nitrobenzene* causes male reproductive toxicity. The criteria used by OEHHA for the listing of chemicals under the “authoritative bodies” mechanism can be found in Title 27, Cal. Code of Regs., section 25306³.

The reader is directed to the Notice of Intent to List *1,1-Dichloro-2,2-bis(p-chlorophenyl)ethylene (DDE)* (CAS No. 72-55-9) and *Nitrobenzene* (CAS No. 96-95-3) published in the January 29, 2010 issue of the *California Regulatory Notice Register* (Register 2010, No. 5-Z) for the documentation supporting OEHHA’s determination that the criteria for administrative listing have been satisfied for these chemicals.

March 26, 2010

On February 12, 2010, the California Environmental Protection Agency’s (Cal/EPA) Office of Environmental Health Hazard Assessment (OEHHA) published a notice requesting public comments concerning whether Bisphenol A (BPA) meets the authoritative bodies listing criteria set forth in the Proposition 65 regulations in Title 27, Cal. Code of Regulations, section 25306.¹

OEHHA has received a request for a public forum to present oral comments concerning the potential listing

of BPA. Therefore, through this notice OEHHA announces that a public forum will be held on Tuesday, April 20, 2010, from 10 a.m.–12 p.m. or until all business has been completed in the Sierra Hearing Room at the Cal/EPA Headquarters Building, 1001 I Street, Sacramento, California 95814. At the forum, the public may present scientific data and other relevant information on whether BPA meets the criteria for listing in section 25306. In addition, a request was received to extend the comment period to allow for the submission of complete and relevant scientific information for BPA. OEHHA hereby extends the written public comment period until 5:00 p.m. on Thursday, May 13, 2010.

We encourage you to submit comments in electronic form, rather than in paper form. Comments transmitted by e-mail should be addressed to coshita@oehha.ca.gov. Comments submitted in paper form may be mailed, faxed, or delivered in person to the addresses below:

**NOTICE OF DECISION
ON PETITION TO
ADOPT A REGULATION**

**California Code of Regulations (C.C.R.)
Title 13. Professional and Vocational Regulations
Division 1. State Board of Accountancy
Article 9. Rules of Professional Conduct**

Petitioner:

Carl Olson

Authority:

Business and Professions Code Section 5010 provided the California Board of Accountancy (CBA) the authority to “adopt, repeal, or amend such regulations as may be reasonably necessary . . . for the administration of this chapter.” “This Chapter” has to do with the licensing and regulation of the profession of public accountancy in the State of California. (Business & Professions Code § 5000 et seq.)

Contact Person:

Please direct any inquiries regarding this action to Gary W. Duke, Senior Staff Counsel, Department of Consumer Affairs, 1625 North Market Blvd., Suite S-309, Sacramento, CA 95834

Availability of Petition:

The petition for adoption of a regulation is available upon request directed to the CBA’s contact person.

INTRODUCTION

Existing law provides jurisdiction and authority for the CBA to inquire into any alleged violation of any state or federal law, regulation, or rule relevant to the practice of accountancy. The CBA is authorized to receive and investigate restatements and to conduct investigations or hearings, with or without the filing of a complaint, and to obtain information and evidence relating to any matter involving the conduct of its licensees. The CBA may investigate any matter involving any violation or alleged violation of state laws regulating the practice of public accountancy by a licensee of the CBA.

Existing law also authorizes the CBA to take disciplinary action against a license for a variety of acts and causes, including dishonest and fraudulent acts, negligence resulting in a violation of applicable professional standards indicating incompetence, and knowing preparation, publication, or dissemination of false, fraudulent, or materially misleading financial statements, reports, or information.

The petitioner’s rulemaking request proposes a regulation that would require the following:

“A chart that lists restatements from licensees from January 2003 to the present shall be posted on the board’s website, and shall be updated weekly. The chart has the headings ID, Date Received, Firm License No., Last Name, Company Name, Restmt, Auditee Entity Name, Governmental, Non Profit, SEC Registrant, Fiscal Year Ended.”

DISCUSSION

1. Proposed Regulation is Unnecessary, and of Questionable Value.

Business and Professions Code Section 5063 provides the following:

(b) A licensee shall report to the board in writing the occurrence of any of the following events occurring on or after January 1, 2003, within 30 days of the date the licensee has knowledge of the events:

(1) Any restatement of a financial statement and related disclosures by a client audited by the licensee.

A restatement is issued when information inside an audit report is changed. For instance, shortly before public school district audit reports were due in November 2009, the Executive Office of the State of California decided to change the way receivables were to be handled for the 2009/10 fiscal year (FY). The Executive Office effectively pushed a payment for all school districts from the 2009/10 FY to the 2010/11 FY. This required that all audit reports that were generated late last year will have to be restated when this year’s audit report is completed. There is nothing wrong with the work of the CPA, there is just a responsibility of the auditor to respond to the way the public agency, in this case the State of California, tells them to treat the payment.

All restatements that are received by the CBA are reviewed by an Investigative Certified Public Accountant (ICPA). If there is the possibility of any type of fraud or malpractice on behalf of the CPA, the CBA will open an investigation. However, due to the innocuous nature of the majority of restatements that are received, there is risk of undue harm to CBA licensees should restatements be listed on the CBA Web site that are of negligi-

ble value. Further, the posting of restatements to the CBA Web site is a matter of policy, not regulation.

2. Posting a Restatement Chart Would be Duplicative.

Publicly traded companies are required to report restatements to the Securities and Exchange Commission, where they are posted to the Electronic Data Gathering, Analysis, and Retrieval system (EDGAR). The primary purpose of EDGAR is to increase the efficiency and fairness of the securities market for the benefit of investors, corporations, and the economy by accelerating the receipt, acceptance, dissemination, and analysis of time-sensitive corporate information filed with the agency. Everyone has access to EDGAR, and may utilize the search engine as needed before making the decision to invest in a public company. Further, publicly traded companies are required to post restatements to their Web site, where they can be viewed by potential investors.

3. Proposed Regulation is Not a Standard of General Application.

The proposed regulation does not establish any standard that implements, interprets, or makes specific the law enforced by the Board. It seeks to establish a CBA policy to post all restatements to its Web site, without vetting which, if any, restatements would be of a material value to the general public. Although the petitioner provides a list of restatements, no evidence or documentation is provided outlining actual harm to the California public via any of the restated financial reports. The proposed regulation does not appear to be standard of general application.

DECISION

For all the reasons stated above, the rulemaking petition submitted by Mr. Carl Olson is hereby denied.
