TITLE 16. BOARD OF ACCOUNTANCY

NOTICE IS HEREBY GIVEN that the California Board of Accountancy (CBA) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the Hyatt Regency Sacramento, 1209 L Street, Sacramento, CA, at 1:00 p.m., on July 25, 2013. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the CBA at its office not later than 5:00 p.m. on May 27, 2013, or must be received by the CBA at the hearing. The CBA, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 5010, 5018, 5096.9, and 5116 of the Business and Professions Code and Section 11400.20, Government Code, and to implement, interpret or make specific Sections 5018, 5035.3, 5070, 5082, 5087, 5093, 5095, 5096-5096.12, and 5116-5116.6, Business and Professions Code and Section 11425.50(e), Government Code, the California Board of Accountancy is considering changes to Division 1 of Title 16 of the California Code of Regulations as follows:

Legislation enacted in 2012 (Stats 2012, ch. 411 (SB 1405)) rewrote the CBA's practice privilege provisions (Article 5.1, Chapter 1, Division 3 of the Business and Professions Code). The law prior to July 1, 2013 requires individual out-of-state licensees who wish to practice in California to either obtain a California license or a California practice privilege (see Business and Professions Code sections 5050, 5096). Under that law, an out-of-state licensee could obtain a practice privilege by filing a notice with the CBA and paying a fee.

The new provisions, effective July 1, 2013, beginning at Section 5096 of the Business and Professions Code, allow individuals, whose principal place of business is outside of California, licensed in states that have licensing requirements substantially similar to California's to practice in California under a practice privilege conferred by operation of law without providing the notice or paying the fee. Individuals who wish to perform certain accounting and attest functions for companies headquartered in California must do so through a firm that is registered with the CBA.

An individual who acquires certain disqualifying conditions while exercising a practice privilege must immediately cease practice and notify the CBA which, after investigating, may grant permission to resume practice.

Individuals who acquired certain disqualifying conditions in the seven years prior to the date they wish to practice in California must notify the CBA prior to beginning practice in California. These individuals may only begin practicing in California with the permission of the CBA.

A practice privilege may be revoked, suspended, or otherwise disciplined. In addition, a practice privilege may be administratively suspended pending an investigation by the CBA. The proposal would establish the rules, process and procedures necessary to implement the new law, including specifying how an out-of-state CPA's education, examination, and experience qualifications are "substantially equivalent" to California's eligibility requirements, rendering him or her eligible for the practice privilege.

The regulatory proposal is as follows:

1. Adopt Section 5.5 of Title 16 of the California Code of Regulations.

This proposal would identify the states that the CBA has determined have education, examination, and experience requirements which are substantially equivalent to California's licensing requirements. For those indi-

viduals licensed by a state that is not on the list, the proposal establishes a process by which the individual's qualifications may be deemed substantially equivalent.

2. Adopt Section 18 of Title 16 of the California Code of Regulations.

This proposal repeals the current Article 3 title and creates a new Article 3 title "Practice Privileges (operative July 1, 2013)." It establishes the effective date of this new article as July 1, 2013 to coincide with the operative date of the new law.

This proposal sets forth two definitions that are needed to clarify certain terms used in the law. It defines "minor traffic violation," and "principal place of business." The definition for "minor traffic violation" is consistent with CBA Regulation Section 37.5. The definition for "principal place of business" is consistent with the Uniform Accountancy Act (6th Edition, August 2011), Section 3 — Definitions. The Uniform Accountancy Act is the model laws and rules prepared jointly by the American Institute of Certified Public Accountants and the National Association of State Boards of Accountancy.

3. Adopt Section 19 in Title 16 of the California Code of Regulations.

This proposal incorporates three forms by reference. The Practice Privilege Pre-Notification of Listed Events Form is to be used by out-of-state licensees who acquired certain disqualifying conditions in the seven years prior to the date they wish to practice in California. The reporting of this information is required by law. This form will be used by the CBA to initiate an investigation to determine whether the individual may practice in California under a practice privilege.

The Notification of Cessation of Practice Privilege Form is to be used by individuals exercising a practice privilege who acquire certain disqualifying conditions. The reporting of this information is required by law. This form will be used to report to the CBA the conditions which required the cessation of practice, and it will be used by the CBA to determine if and when the individual may resume practice.

The Application for Reinstatement of a Practice Privilege is to be used by individuals whose practice privilege has been revoked by the CBA to request that the practice privilege be restored. The information requested on this form is necessary for the CBA to make an informed judgment as to whether the individual's practice privilege should be reinstated. The CBA will use the information on the form to determine if a reinstatement hearing is appropriate, whether all discipline has been complied with, and to schedule a hearing before the CBA.

4. Adopt Section 20 in Title 16 of the California Code of Regulations.

This proposal incorporates the Out-of-State Accounting Firm Registration Form by reference. This form will be used to register firms licensed by another state in order that practice privilege holders employed by those firms may perform certain accounting and attest functions for companies that are headquartered in California.

This proposal states that the registration is good for two years after which it must be renewed every two years thereafter. The proposal specifies what information is required for renewal of the registration including current contact information, current license information, and current ownership information. A two-year renewal is consistent with the CBA's licensing renewal period. The minimal amount of information being requested for renewal means that a standardized form is not needed as the requirements are already clear.

The proposal states that a registration may be renewed any time up until five years after the registration expires, at which time the registration is cancelled. The proposal allows for re-registration after the cancellation of a registration. Finally, the proposal requires these registered firms to maintain current address of record and ownership information with the CBA, defines "registered firms," and requires that information changes be submitted in writing and be signed by someone whom the registered firm has authorized to sign such notifications.

5. Adopt Section 21 in Title 16 of the California Code of Regulations.

This proposal establishes an appeals process for individuals who want to appeal any decision made by CBA staff under Section 5096 (g-i). Two copies of the appeal must be submitted within 15 days and must contain identification information of the practice privilege holder, action and date of the action being appealed, and the basis of the appeal. The proposal allows the CBA to only consider information that was available to staff at the time the decision was made. If new information is presented, the matter will be reconsidered by staff. The proposal requires the individual to comply with the action pending the outcome of the appeal.

6. Adopt Section 22 in Title 16 of the California Code of Regulations.

This proposal allows the Executive Officer to issue a Notice of Intent to Administratively Suspend. As no address of record is required from practice privilege holders, the Notice is to be mailed, pursuant to Business and Professions Code Section 5096(e)(4), to the state board of accountancy that licensed the practice privilege hold-

er. The Notice is to provide the information contained in the Administrative Suspension Order (ASO) and provide the practice privilege holder with 30 days to respond. After considering any response, the Executive Officer determines whether to proceed with issuing the ASO.

7. Amend Section 26 in Title 16 of the California Code of Regulations.

This proposal makes the existing practice privilege regulations in Article 4 inoperative effective July 1, 2013, the operative date of the new law and the new Article 3 created by this rulemaking.

8. Amend Section 36.1 in Title 16 of the California Code of Regulations.

This proposal renumbers existing Section 21 as Section 36.1 for the purpose of creating room for the new practice privilege regulations article.

9. Amend Section 98 in Title 16 of the California Code of Regulations.

This proposal incorporates by reference the CBA’s 8th edition of “A Manual of Disciplinary Guidelines and Model Disciplinary Orders.” The guidelines are updated to remove the guidelines for the existing practice privilege program and replace them with guidelines for the new practice privilege program.

Specifically, guidelines for violating the following are being added to the document:

- Business and Professions Code (pp. 20–25)
 - Section 5096(d) — Practicing through an unregistered firm;
 - Section 5096(e)(2) — Comply with rules, laws, and standards;
 - Section 5096(e)(3) — Practice from an unauthorized office in this state;
 - Section 5096(e)(5) — Cooperate with the Board;
 - Section 5096(e)(6), (7), (8), and (9) — Failure to cease exercising the practice privilege;
 - Section 5096(f) — Failure to notify the Board/cease practice;
 - Section 5096(i) — Failure to file Pre-Notification Form;
 - Section 5096.5 — Unauthorized signing of attest reports;
 - Section 5096.12 — Firm practicing without a practice privilege holder;
- CBA Regulations (pp. 38–39)
 - Section 20 — Notification of change of information for registered out-of-state accounting firms.

Anticipated Benefits of the Proposal:

Out-of-state licensees wishing to practice in California who are required to self-report will benefit from this proposal by having standard forms on which to report such information. In addition, the proposal creates an appeals process for practice privilege holders who object to certain decisions made by CBA staff. The proposal also benefits out-of-state firms by providing a standard registration form to ensure they provide all of the required information for registering in California.

Consumers benefit through the new disciplinary guidelines which are drafted in such a way as to ensure that violations of the practice privilege laws and rules are met with appropriate discipline.

Consistency and Compatibility with Existing State Regulations

The CBA has evaluated this regulatory proposal and it is neither inconsistent nor incompatible with existing state regulations.

INCORPORATION BY REFERENCE

- Practice Privilege Pre-Notification of Listed Events Form (PP-10 (1/13))
- Notification of Cessation of Practice Privilege Form (PP-11 (1/13))
- Application for Reinstatement of Practice Privilege (PP-12 (1/13))
- Out-of-State Accounting Firm Registration Form (PP-13 (1/13))
- “A Manual of Disciplinary Guidelines and Model Disciplinary Orders” (8th edition, 2013)

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

While the majority of the fiscal impact is due to the removal of the practice privilege fee and the notification requirement through SB 1405 of 2012, the fiscal impact of the regulation itself is minimal resulting in an additional minor and absorbable workload for processing the self-reporting forms and firm registrations.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Require Reimbursement: None.

Business Impact:

The CBA has made an initial determination that the proposed regulatory action would have no significant

statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

AND

The following studies/relevant data were relied upon in making the above determination:

Based on the current practice privilege program, it is projected that 50 out-of-state licensees annually will be required to self-report events which would prohibit the practice of public accountancy in California. In addition, based on the number of practice privilege holders who are employed with firms not registered in California, the CBA estimates that approximately 422 firms will register in California to allow their employees to provide attest services to California clients through a practice privilege. Registration involves simply filling out a short form.

Cost Impact on Representative Private Person or Business:

Based on the current practice privilege program, it is projected that 50 out-of-state licensees annually will be required to self-report events which would prohibit the practice of public accountancy in California. In addition, based on the number of practice privilege holders who are employed with firms not registered in California, the CBA estimates that approximately 422 firms will register in California to allow their employees to provide attest services to California clients through a practice privilege. Registration involves simply filling out a short form.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The CBA has determined that the proposed regulations may affect small businesses.

RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS

Impact on Jobs/Businesses:

The CBA has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California because this proposal merely designates states that are considered substantially equivalent, incorporates some forms by reference, establishes an appeals process, allows a Notice of Intent to administratively suspend, and amends the Disciplinary Guidelines to conform to the new law. Therefore, the proposed reg-

ulatory changes are not sufficient to cause the creation or elimination of jobs or businesses.

Benefits of Regulation:

The CBA has determined that this regulatory proposal will have the following benefits to the health and welfare of California residents, worker safety, and state's environment:

Out-of-state licensees wishing to practice in California who are required to self-report will benefit from this proposal by having standard forms on which to report such information. In addition, the proposal creates an appeals process for practice privilege holders who object to certain decisions made by CBA staff. The proposal also benefits out-of-state firms by providing a standard registration form to ensure they provide all of the required information for registering in California.

In addition, consumers benefit through the new disciplinary guidelines which are drafted in such a way as to ensure that violations of the practice privilege laws and rules are met with appropriate discipline.

These benefits cannot be expressed in monetary terms.

CONSIDERATION OF ALTERNATIVES

The CBA must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS AND INFORMATION

The CBA has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

**DEPARTMENT OF FISH AND

PROPOSED RESEARCH ON A FULLY
PROTECTED SPECIES
Research on the Blunt-nosed Leopard Lizard

The Department of Fish and Wildlife (Department) received a proposal on March 22, 2013 from Dr. David Germano, on behalf of California State University, Bakersfield, Bakersfield, California, requesting authorization to take the blunt-nosed leopard lizard (*Gambelia sila*) (lizard), for research purposes, consistent with the protection and recovery of the species. The lizard is a Fully Protected reptile, and is also listed as Endangered under the California Endangered Species Act and Endangered under the federal Endangered Species Act.

Dr. Germano is planning to conduct studies of the lizard throughout its range in the San Joaquin Valley, in accordance with non-invasive methods approved by the Department and the U.S. Fish and Wildlife Service (Service). The ongoing research activities include capture of wild lizards by hand or pole and noose, taking of body measurements, collection of tail tip tissue samples, marking with passive integrated transponder (PIT) tags, marking with a non-toxic felt-tipped pen, marking by toe-clipping, or other non-invasive marking approved by the Department, and palpation of females for eggs, and release at the site of capture. Dr. Germano and any others deemed qualified by the Department for this purpose would collect tail tip samples in order to obtain genetic tissue samples. The PIT-tag is a small device (1.5-6mm) that is inserted into the region just below the skin and would not interfere with muscle, skeletal, and organ functions. The above marking methods are commonly used for genetic sampling and individual marking of reptiles, and no adverse effects on individual lizards or lizard populations are expected.

The new research is for temporary captivity of lizards for the purpose of scat collection and diet analysis. Lizards would be held no longer than 24 hours, in order to collect scat. Understanding the diet of the lizard is essential to its conservation and recovery.

The Department intends to amend, under specified conditions, a Memorandum of Understanding (MOU)

to authorize qualified professional wildlife researchers, with Dr. Germano as the Principal Investigator, to carry out the proposed activities. The applicants are also required to have a valid federal recovery permit for the lizard, and a scientific collecting permit (SCP) to take other terrestrial species in California.

Pursuant to California Fish and Game Code (FGC) Section 5050(a)(1), the Department may authorize take of Fully Protected reptile species after a 30-day notice has been provided to affected and interested parties through publication of this notice. If the Department determines that the proposed research is consistent with the requirements of FGC Section 5050 for take of Fully Protected reptiles, it would issue the authorization on or after May 5, 2013, amending a current MOU with an expiration date of June 15, 2015. This MOU may be subsequently renewed. Contact: Laura Patterson, Laura.Patterson@wildlife.ca.gov, 916-341-6981.
