The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. **PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 2. FAIR POLITICAL
PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES ADOPTION

MULTI-COUNTY: Bay Area Schools Insurance Cooperative

AMENDMENT

MULTI-COUNTY: Kings River Conservation District
Modesto Irrigation District
Nevada Irrigation District
San Luis Obispo Community College District

A written comment period has been established commencing on **January 7, 2011**, and closing on **February 21, 2011**. Written comments should be directed to the Fair Political Practices Commission, Attention **Cynthia Fisher**, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **February 21, 2011**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

**EFFECT ON HOUSING COSTS
AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code(s) and approve it as revised, or return the proposed code(s) for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to **Cynthia Fisher**, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

REGULATIONS
Title 2, §§ 633.9

[Notice Published January 7, 2011]

The Victim Compensation and Government Claims Board (Board) proposes to adopt the proposed regulations described below after considering all comments, objections and recommendations regarding the proposed action.

PUBLIC HEARING

The Board has not scheduled a public hearing on this proposed action; however, the Board will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested individual, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the Board. The written comment period closes at 5:00 p.m. on February 21, 2011. The Board will consider only comments received at the Board's office by that time. Submit written comments to:

Geoff Feusahrens, Regulations Analyst
Victim Compensation and Government
Claims Board
400 R Street
Sacramento, CA 95811

Comments may also be submitted by facsimile (FAX) at (916) 491-6439 or by e-mail to regulations@vcgcb.ca.gov.

AUTHORITY AND REFERENCE

Government Code section 13923

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

The Victim Compensation and Government Claims Board implements the California State Employees Charitable Campaign (CSECC). This rulemaking action makes several amendments to the CSECC regulation text including adding definitions of key terms used and requiring written justification for any combined fundraising and administrative costs above 14 percent. In addition to these specific amendments, the following modifications were made to the regulation text:

- Stating who the players are and in what context they are involved in the CSECC.
- Stating the contributing factors the Board shall make in determining whether a Combined Fund Drive will be selected as the Principal Combined Fund Drive (PCFD) to conduct the CSECC.
- Stating the form prescribed by the Board on which PCFD applications must be submitted. In addition, making clear that a written justification for any combined fundraising and administrative costs above 14 percent is required.
- Stating the form prescribed by the Board on which non-affiliated applications must be submitted.
- Clarification that all organizations participating in the prior year's CSECC must certify that the organization's status and conditions of approval remain the same as indicated in the original application in order to be included in the current CSECC.
- Stating procedures for payroll deductions for charitable contributions and increasing the minimum monthly contribution from \$2.00 to \$5.00.
- Stating a PCFD must seek Board approval prior to modifying its agreement with the Board.
- Clarification that Program costs will be based on each PCFD agency's or charitable organization's share of the annual contributions and that there will be no charge to any PCFD agency or charitable organization with total annual collections less than \$1,500.
- Addressing the Board's authority to terminate the participation of any agency or charitable organization that fails to comply with the requirements of Government Code section 13923.

- Stating the Board has the authority to authorize a new PCFD for a particular geographical area for the remainder of the year upon terminating participation of another PCFD.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Board has made the following initial determinations:

- Mandate on local agencies and school districts: None
- Cost or savings to any state agency: None
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None
- Other nondiscretionary cost or savings imposed on local agencies: None
- Cost or savings in federal funding to the state: None
- Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None
- Cost impacts on a representative private individual or business: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Adoption of these regulations will not:
 - (1) create or eliminate jobs within California;
 - (2) create new businesses or eliminate existing businesses within California; or
 - (3) affect the expansion of businesses currently doing business within California.
- Significant effect on housing costs: None

SMALL BUSINESS DETERMINATION

The Board has determined that the proposed regulations do not affect small businesses because the regulations only apply to organizations participating in the CSECC.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private individuals than the proposed action.

The Board invites interested individuals to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

**NOTICE OF PROPOSED REGULATORY ACTION
Revision of Certificate Application
Attestation Language
Regulations 9070–9078**

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Chapter 2 of Title 11 of the California Code of Regulations as described below in the Informative Digest. A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Public Comments Due by February 21, 2011, at 5:00 p.m.

Notice is also given that any interested person, or authorized representative, may submit written comments relevant to the proposed regulatory action by fax at (916) 227–5271, or by letter to the:

Commission on POST
Attention: Rulemaking
1601 Alhambra Boulevard
Sacramento, CA 95816–7081

Authority and Reference

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the

Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement, and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

On October 28, 2010, the Commission accepted, pending Office of Administrative Law approval, amendments to the attestation language on five different application forms for professional POST certificates. The current attestation language is not consistent and not uniform. These forms are cited in the POST Administrative Manual (PAM), Section F, Chapter 7, Regulations 9070 through 9078. A committee of the POST Leadership Team was formed to review and recommend new wording. The new wording developed by the committee provides uniformity and consistency taking into consideration the specific application requirements on each form.

Adoption of Proposed Regulations

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

Estimate of Economic Impact

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Non–Discretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Costs to any Local Agency or School District for which Government Code Section 17500–17630 Require Reimbursement: None

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards

and Training has made an initial determination that the amended regulations will not have a significant state-wide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

Assessment

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the state of California, nor result in the elimination of existing businesses or create or expand businesses in the state of California.

Consideration of Alternatives

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons than the proposed action.

Contact Persons

Please direct any inquiries or comments pertaining to the proposed action to Patti Kaida, Commission on Peace Officer Standards and Training, 1601 Alhambra Boulevard, Sacramento, CA 95816-7083, by email at Patti.Kaida@post.ca.gov, by telephone at (916) 227-4847, or by fax at (916) 227-5271. Darla Engler is the contact for inquiries on the substance of the proposed revisions. Ms. Engler is available by email at Darla.Engler@post.ca.gov or by telephone at (916) 227-3907.

Text of Proposal

Individuals may request copies of the exact language of the proposed regulations and of the initial statement of reasons, and the information the proposal is based upon, from the Commission on POST at 1601 Alhambra Boulevard, Sacramento, CA 95816. These docu-

ments are also located on the POST website at: <http://www.post.ca.gov/regulatory-actions.aspx>.

Availability and Location of the Rulemaking File and the Final Statement of Reasons

The rulemaking file contains all information upon which POST is basing this proposal and is available for public inspection by contacting the person(s) named above.

To request a copy of the Final Statement of Reasons once it has been approved, submit a written request to the contact person(s) named above.

TITLE 16. CALIFORNIA ARCHITECTS BOARD

NOTICE OF PROPOSED CHANGES IN THE REGULATIONS

NOTICE IS HEREBY GIVEN that the California Architects Board (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the California Architects Board, 2420 Del Paso Road, Suite 105, Sacramento, California, at 2:00 p.m. on February 22, 2011. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office at the above address not later than February 21, 2011 at 5:00 p.m. or at the hearing. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposal if such modification is sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in the Notice as the contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference

Pursuant to the authority vested by sections 5526, 5550, and 5552.5 of the Business and Professions Code, and to implement, interpret, or make specific sections 5550, 5552 and 5552.5 of said Code, the Board is considering changes to Division 2 of Title 16 of the California Code of Regulations (CCR) as follows:

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

Section 5526 of the Business and Professions Code authorizes the Board to adopt, amend, modify, or repeal rules and regulations as are reasonably necessary to carry into effect the provisions of the Architects Practice Act. Section 5550 authorizes the Board to establish qualifications required to become eligible for examination and section 5552.5 authorizes the Board to implement an intern development program until July 1, 2012.

Amend CCR Section 109 — Filing of Applications

The existing regulation specifies that subdivisions (b)(2), (b)(7), and (b)(8) of CCR section 109, which contains provisions for the National Council of Architectural Registration Boards' (NCARB) Intern Development Program (IDP), Canadian Architectural Certification Board's Internship in Architecture Program (IAP), and the Board's Comprehensive Intern Development Program (CIDP) requirement, would be repealed on January 1, 2011. This proposal would strike the inoperative and repeal language from the regulation, as an intern development program sunset date is provided in section 5552.5 of the Business and Professions Code.

Amend CCR Section 121 — Form of Examinations; Reciprocity

The existing regulation specifies that subdivision (a)(2) of CCR section 121, which contains provisions for the NCARB's IDP, Canadian Architectural Certification Board's IAP, and the Board's CIDP requirement, would be repealed on January 1, 2011. This proposal would strike the inoperative and repeal language from the regulation, as an intern development program sunset date is provided in section 5552.5 of the Business and Professions Code.

Business Impact

The Board has made an initial determination that the proposed regulatory action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with business in other states, because it affects only architect applicants.

Impact on Jobs/New Businesses

The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California because it affects only architect applicants.

Cost Impact on Representative Private Person or Business

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs

None

Effect on Small Business

The proposed regulatory action will not affect small businesses, because it affects only architect applicants.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determination at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS
AND INFORMATION

The Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the California Architects Board at 2420 Del Paso Road, Suite 105, Sacramento, California, 95834, or by telephoning the contact person listed below.

AVAILABILITY AND LOCATION OF THE FINAL STATEMENT OF REASONS AND RULEMAKING FILE

All of the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the Web site listed below.

TITLE 16. CALIFORNIA ARCHITECTS BOARD

NOTICE OF PROPOSED CHANGES IN THE REGULATIONS

NOTICE IS HEREBY GIVEN that the California Architects Board (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the California Architects Board, 2420 Del Paso Road, Suite 105, Sacramento, California, at 2:00 p.m. on February 22, 2011. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office at the above address not later than February 21, 2011 at 5:00 p.m. or at the hearing. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposal if such modification is sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in the Notice as the contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference

Pursuant to the authority vested by sections 5526 and 5550 of the Business and Professions Code, and to implement, interpret, or make specific sections 5550 and 5552 of said Code, the Board is considering changes to Division 2 of Title 16 of the California Code of Regulations (CCR) as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Amend CCR Section 109 — Filing of Applications

Section 5526 of the Business and Professions Code authorizes the Board to adopt, amend, modify, or repeal rules and regulations as are reasonably necessary to carry into effect the provisions of the Architects Practice Act. Section 5550 authorizes the Board to establish qualifications required to become eligible for examination.

The existing regulation references three different intern development programs required by the Board (in two different subdivisions) for new and inactive candidates, including those who are licensed as architects in a qualifying foreign country. The programs referenced

are the National Council of Architectural Registration Boards’ (NCARB) Intern Development Program (IDP), Canada’s Internship in Architecture Program (IAP); and the Board’s Comprehensive Intern Development Program (CIDP). This proposal would: 1) clarify and provide consistency with how the programs and applicable guidelines/program editions are listed in subdivision (b)(2); and 2) simplify the references under subdivision (b)(7) by referencing the programs contained in subdivision (b)(2).

Amend CCR Section 117 — Experience Evaluation

Section 5526 of the Business and Professions Code authorizes the Board to adopt, amend, modify, or repeal rules and regulations as are reasonably necessary to carry into effect the provisions of the Architects Practice Act. Sections 5550 and 5552 authorize the Board to establish qualifications required to become eligible for examination.

Subdivision (c)(8) of the regulation provides the IDP entry point requirement and subdivision (e)(2) references IDP and IAP, as it pertains to the training experience exemption for those candidates who are certified as having completed either program. This proposal would: 1) delete the IDP entry point requirement language under subdivision (c)(8), as the requirements have been revised by NCARB to be less restrictive for candidates and are referenced in the applicable IDP Guidelines; and 2) simplify the references under subdivision (e)(2) by referencing the programs contained in subdivision (b)(2) of CCR section 109.

Amend CCR Section 121 — Form of Examinations; Reciprocity

Section 5526 of the Business and Professions Code authorizes the Board to adopt, amend, modify, or repeal rules and regulations as are reasonably necessary to carry into effect the provisions of the Architects Practice Act. Sections 5550 and 5552 authorize the Board to establish qualifications required to become eligible for examination.

Subdivision (a)(2) of the regulation references IDP and IAP, as it pertains to one of the programs required for reciprocity candidates. This proposal would simplify the references under subdivision (a)(2) by referencing the programs contained in subdivision (b)(2) of CCR section 109.

Business Impact

The Board has made an initial determination that the proposed regulatory action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with business in other states, because it affects only architect applicants.

Impact on Jobs/New Businesses

The Board has determined that this regulatory proposal will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California because it affects only architect applicants.

Cost Impact on Representative Private Person or Business

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs

None

Effect on Small Business

The proposed regulatory action will not affect small businesses, because it affects only architect applicants.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determination at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS
AND INFORMATION

The Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the California Architects Board at 2420 Del Paso Road, Suite 105, Sacramento, California, 95834, or by telephoning the contact person listed below.

AVAILABILITY AND LOCATION OF THE
FINAL STATEMENT OF REASONS AND
RULEMAKING FILE

All of the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the Web site listed below.

**TITLE 17. CALIFORNIA AIR
RESOURCES BOARD**

**NOTICE OF PUBLIC HEARING TO
CONSIDER AMENDMENTS TO THE CARBON
INTENSITY LOOKUP TABLES IN THE LOW
CARBON FUEL STANDARD REGULATION**

The Executive Officer of the California Air Resources Board (Board or ARB) will conduct a public hearing at the time and place noted below to consider amendments to the Carbon Intensity (CI) Lookup Tables in the Low Carbon Fuel Standard (LCFS) regulation.

DATE: February 24, 2011

TIME: 2:00 p.m.

PLACE: California Environmental Protection
Agency
Air Resources Board
Byron Sher Auditorium, Second Floor
1001 I Street
Sacramento, California 95814

This item will be considered at a hearing on February 24, 2011, commencing in the afternoon around 2:00 p.m. The hearing will be conducted by the Executive Officer or an individual designated by him or her pursuant to the authority set forth in sections 39515 and 39516 of the Health and Safety Code. Please consult the agenda for the hearing, which will be available at least 10 days before February 24, 2011, for scheduling details on this item.

**INFORMATIVE DIGEST OF PROPOSED ACTION
AND POLICY STATEMENT OVERVIEW**

Sections Affected: Proposed amendments to California Code of Regulations (CCR), title 17, section 95486. Background: At its April 23, 2009, public hearing, the Board in Resolution 09-31 approved the adoption of the LCFS regulation, which went into effect in January 2010.¹ The LCFS regulation is described in detail in the LCFS Staff Report released to the public on March 5, 2009, along with other rulemaking materials which can be viewed at <http://www.arb.ca.gov/regact/2009/lcf09/lcf09.htm>.

The LCFS regulation expected to reduce greenhouse gas (GHG) emissions of the transportation sector in California by about 16 million metric tons in 2020. These reductions account for almost 10 percent of the total GHG emission reductions needed to achieve the State's mandate of reducing GHG emissions to 1990 levels by 2020.² The LCFS incorporates the use of "lifecycle analysis" to reduce each fuel's GHG emissions.³ The lifecycle analysis accounts for the GHG emissions associated with the production, transportation, and use in California of regulated transportation fuels in motor vehicles (also called the fuel's "carbon intensity").

The LCFS regulation specifies three methods by which a regulated party can arrive at a carbon intensity determination for each fuel pathway (see CCR, title 17, § 95486 for more information). All three methods use the same analytical tools (CA-GREET⁴ and GTAP⁵) for establishing the direct and indirect effects that contribute to a fuel's lifecycle carbon intensity. Method 1 refers to the ARB-initiated regulatory adoption or amendment of carbon intensity values in the Lookup Tables⁶ in section 95486. The remaining two methods, called Method 2A and 2B, refer to the regulatory process by which regulated parties obtain a customization to an existing pathway in the Lookup Tables (Method 2A) or request a brand new pathway for incorporation into the Lookup Tables (Method 2B). For both Method 2A and 2B, there is a threshold requirement that the proposed pathways meet the specified provisions for "scientific defensibility⁷," and Method 2A has an additional "substantiality⁷" requirement. This is because ARB reviews of new or modified requirements are intended to help focus ARB's resources on consideration of fuel pathways that represent real and significant innovations in the production of biofuels and alternative fuels.

As noted, the addition of fuel pathways to the Lookup Tables is subject to public review. In other words, the Executive Officer may not approve a carbon intensity value proposed pursuant to Method 2A or 2B unless the proposed method and associated information submitted in support of that method has been disclosed to the public and available for public review for the prescribed time period, in accordance with rulemaking requirements in the Administrative Procedure Act. Trade secrets submitted to ARB, as defined under State law, are treated in accordance with established ARB regulations and procedures (CCR, title 17, §§ 91000-91022) and the Public Records Act (Government Code § 6250 et seq.).

Once a fuel's or blendstock's CI value is approved, the CI value may be used by the appropriate regulated party in calculating the overall carbon intensity for its fuel pool and the credits/debits generated by the fuels in its fuel pool. Fuels and blendstocks that have a CI that is lower than the standard (specified in CCR, title 17, §§ 95482 and 95483) for a given year generate credits in that year, while those with a CI that is higher than that year's standard generate debits (see section 95484(b) for more information on the credit balance calculation).

¹ Codified at title 17, California Code of Regulations, sections 95480-95490. Additional provisions went into effect in April 2010.

² Pursuant to Assembly Bill 32 (Stats. 2006, ch. 488), which is codified at Health and Safety Code section 38500 et seq.

³ For petroleum-based fuels, the lifecycle analysis is also referred to as "well-to-wheels"; for fuels produced from crops, the lifecycle analysis is sometimes referred to as "seed-to-wheels."

⁴ Staff used the California Greenhouse Gases, Regulated Emissions, and Energy Use in Transportation (CA-GREET) model to assess the direct GHG emissions.

⁵ Staff used the Global Trade Analysis Project (GTAP) model to estimate indirect GHG emissions from land use change.

⁶ "Lookup Tables" refers to tables 6 and 7 in section 95486.

⁷ Refer to section 95486 for more details on these requirements.

tions). Under the LCFS regulation, all regulated parties are required to show compliance with the carbon intensity reduction and credit balancing requirement on an annual basis. Thus, the addition of modified or new fuel pathways in the Lookup Tables will provide regulated parties with additional options from which to choose an appropriate mix of fuels and blendstocks to comply with the LCFS' annual CI standards.

Description of the Proposed Regulatory Action:

Staff is proposing amendments to the Lookup Tables of carbon intensity values contained in section 95486, title 17, CCR, as well as the list of incorporated supporting pathway documents. As noted, section 95486 sets forth the methodology for determination of carbon intensity values of various fuel pathways.

As noted, there are three types of proposed CI amendments: (1) ARB initiated pathways, (2) Method 2A submittals, and (3) Method 2B submittals. Staff has developed carbon intensities for six additional fuel pathways — Used Cooking Oil Biodiesel (with and without cooking), Canola Biodiesel⁸, Corn Oil Biodiesel, and Sorghum Ethanol (Dry and Wet DGS)⁷. In addition, staff has evaluated a number of Method 2A/2B customized CI pathway applications submitted by regulated parties or entities on behalf of regulated parties. The customized CI pathways under consideration include: corn ethanol, mixed-feedstock ethanol (e.g., corn-sorghum), sugarcane ethanol processed pursuant to the Caribbean Basin Initiative, and liquefied natural gas. The various corn and mixed-feedstock ethanol pathways differ by process energy input, energy efficiency, production process technology, and co-product mix. Staff will be presenting these new and modified fuel pathways for Executive Officer approval and incorporation into the Lookup Tables.

Staff also proposes several non-substantive changes to the Lookup Tables, as follows:

(1) identification of the fuels used for two corn ethanol pathways, which were inadvertently omitted in the original Lookup Tables but specified in their respective pathway supporting documents in section 95486(b)(1); and

(2) addition of an alphanumeric, sequential "Pathway Identifier" column to both Lookup Tables to assist regulated parties and ARB staff in cross-referencing a particular fuel pathway with its specific pathway supporting document identified in section 95486(b)(1).

⁸ For canola and sorghum, the Executive Officer will consider only the direct emissions associated with these fuel pathways. To allow regulated parties to use carbon intensities for these fuel pathways, staff has estimated the indirect emissions for these pathways (i.e., the land use change effects). The Board did not delegate to the Executive Officer in Resolution 09-31 the authority to approve land use change effects for fuel pathways; therefore, the Board will consider these values at a later public hearing.

Finally, ARB staff recently posted on its website preliminary CI values for sorghum ethanol (see <http://www.arb.ca.gov/fuels/lcfs/2a2b/2a-2b-apps.htm>). Subsequent to that posting, staff discovered a calculation error. Under the proposed regulatory action, staff proposes for adoption corrected CI values for sorghum ethanol. Pursuant to LCFS Regulatory Advisory 10-04 (<http://www.arb.ca.gov/fuels/lcfs/122310lcfs-rep-adv.pdf>), it is ARB's policy at this time to allow regulated parties to use a posted CI value before it is approved through the rulemaking process. However, if the adopted CI value is different from the posted preliminary CI value, or if the proposed CI value is disapproved under the rulemaking, regulated parties would not be allowed to use the posted preliminary CI value beyond six months after the effective date of the adoption or disapproval.

COMPARABLE FEDERAL REGULATIONS

There are no current federal regulations that are comparable to the LCFS regulation. The U.S. Environmental Protection Agency (U.S. EPA) has adopted its Renewable Fuel Standard (RFS2) regulation—Code of Federal Regulations (CFR), title 40, part 80, section 1100 et seq.—that mandates the blending of specific volumes of renewable fuels into gasoline and diesel sold in the U.S. to achieve a specified ratio for each year (i.e., the renewable fuel standard). As defined, "renewable fuels" under the RFS2 superficially resembles the list of transportation fuels subject to the LCFS.⁹ However, there are a number of reasons why the RFS2 is complementary, but not comparable, to the LCFS.

Congress adopted a renewable fuels standard in 2005 and strengthened it in December 2007 as part of the Energy Independence and Security Act (EISA). The RFS2 requires that 36 billion gallons of biofuels be sold annually by 2022, of which 21 billion gallons must be "advanced" biofuels and the other 15 billion gallons can be corn ethanol. The advanced biofuels are required to achieve at least 50 percent reduction from baseline lifecycle GHG emissions, with a subcategory required to meet a 60 percent reduction target. These reduction tar-

⁹ 40 CFR §80.1101(d)(1) and (2) provides: (1) Renewable fuel is any motor vehicle fuel that is used to replace or reduce the quantity of fossil fuel present in a fuel mixture used to fuel a motor vehicle, and is produced from any of the following: (i) Grain; (ii) Starch; (iii) Oilseeds; (iv) Vegetable, animal, or fish materials including fats, greases, and oils; (v) Sugarcane; (vi) Sugar beets; (vii) Sugar components; (viii) Tobacco; (ix) Potatoes; (x) Other biomass; (xi) Natural gas produced from a biogas source, including a landfill, sewage waste treatment plant, feedlot, or other place where there is decaying organic material.

(2) The term "Renewable fuel" includes cellulosic biomass ethanol, waste-derived ethanol, biodiesel (mono-alkyl ester), non-ester renewable diesel, and blending components derived from renewable fuel.

gets are based on lifecycle emissions, including emissions from land use changes.

Although the RFS2 is a step in the right direction, the RFS2 volumetric mandate alone will not achieve the objectives of the LCFS. The RFS2 targets only biofuels and not other alternatives; therefore, the potential value of electricity, hydrogen, and natural gas are not considered in an overall program to reduce the carbon intensity of transportation fuels. In addition, the targets of 50 percent and 60 percent GHG reductions only establish the minimum requirements for biofuels. It forces biofuels into a small number of fixed categories and thereby stifles innovation. Finally, it exempts existing and planned corn ethanol production plants from the GHG requirements, thus providing no incentive for reducing the carbon intensity from these fuels.

By contrast, the LCFS regulates all transportation fuels, including biofuels and non-biofuels, with a few narrow and specific exceptions. Thus, non-biofuels such as compressed natural gas, electricity, and hydrogen play important roles in the LCFS program. In addition, the LCFS encourages much greater innovation than the federal program by providing important incentives to continuously improve the carbon intensity of biofuels and to deploy other fuels with very low carbon intensities.

If California were to rely solely on the RFS2 (i.e., the “No LCFS” alternative), the State would not achieve the GHG emission reductions called for in Assembly Bill 32 and Executive Order S-01-07. RFS2, by itself, achieves only approximately 30 percent of the GHG reductions projected under the LCFS program. Because of these differences, the federal RFS regulation is complementary but not comparable to the LCFS.

AVAILABILITY OF DOCUMENTS AND AGENCY CONTACT PERSONS

ARB staff has prepared a Staff Report: Initial Statement of Reasons (Staff Report or ISOR) for the proposed regulatory action, which includes a summary of the potential environmental and economic impacts of the proposal. The ISOR is entitled “Staff Report: Initial Statement of Reasons for the Proposed Amendments to the Carbon Intensity Lookup Tables in the Low Carbon Fuel Standard Regulation.”

Copies of the Staff Report with the full text of the proposed regulatory language, in underline and strikeout format to allow for comparison with the existing regulations, may be accessed on the ARB’s website listed below, or may be obtained from the Public Information Office, Air Resources Board, 1001 I Street, Visitors and Environmental Services Center, First Floor, Sacramento, California 95814, (916) 322-2990, at least 45 days prior to the scheduled hearing on February 24, 2011.

Upon its completion, the Final Statement of Reasons (FSOR) will be available and copies may be requested from the agency contact persons in this notice, or may be accessed on the ARB’s website listed below.

Inquiries concerning the substance of the proposed regulations may be directed to the designated agency contact persons: John Curtis, Manager of the Alternative Fuels Section, at (916) 323-2661, or Wes Ingram, Air Resources Engineer, at (916) 327-2965.

Further, the agency representative and designated back-up contact persons to whom nonsubstantive inquiries concerning the proposed administrative action may be directed are Lori Andreoni, Manager, Board Administration & Regulatory Coordination Unit, (916) 322-4011, or Amy Whiting, Regulations Coordinator, (916) 322-6533. The Board has compiled a record for this rulemaking action, which includes all the information upon which the proposal is based. This material is available for inspection upon request to the contact persons.

This notice, the ISOR, and all subsequent regulatory documents, including the FSOR, when completed, are available on ARB’s website for this rulemaking at <http://www.arb.ca.gov/regact/2011/lcfs11/lcfs11.htm>.

COSTS TO PUBLIC AGENCIES AND TO BUSINESSES AND PERSONS AFFECTED

The determinations of the Board’s Executive Officer concerning the costs or savings necessarily incurred by public agencies and private persons and businesses in reasonable compliance with the proposed regulations are presented below.

The proposed regulatory action will provide regulated parties additional options to comply with the LCFS regulation. Costs incurred as a result of the proposed regulatory action are not expected to exceed the costs estimated for the LCFS regulation in the April 2009 rulemaking.

Pursuant to Government Code sections 11346.5(a)(5) and 11346.5(a)(6), the Executive Officer has determined that the proposed regulatory action would not create costs or savings to any State agency or in federal funding to the State, costs or mandate to any local agency or school district, whether or not reimbursable by the State pursuant to Government Code, title 2, division 4, part 7 (commencing with section 17500), or other nondiscretionary cost or savings to State or local agencies.

In developing this regulatory proposal, ARB staff evaluated the potential economic impacts on representative private persons or businesses. The ARB is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

The Executive Officer has made an initial determination that the proposed regulatory action would not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states, or on representative private persons.

In accordance with Government Code section 11346.3, the Executive Officer has determined that the proposed regulatory action would not affect the creation or elimination of jobs within the State of California, the creation of new businesses or elimination of existing businesses within the State of California, or the expansion of businesses currently doing business within the State of California. A detailed assessment of the economic impacts of the proposed regulatory action can be found in the ISOR.

The Executive Officer has also determined, pursuant to California Code of Regulations, title 1, section 4, that the proposed regulatory action would not affect small businesses because ARB is not aware of any small businesses that are impacted by the proposed action.

Before taking final action on the proposed regulatory action, the Executive Officer must determine that no reasonable alternative considered by the ARB staff, or that has otherwise been identified and brought to the attention of the ARB staff, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.

SUBMITTAL OF COMMENTS

Interested members of the public may also present comments orally or in writing at the meeting, and comments may be submitted by postal mail or by electronic submittal before the meeting. The public comment period for this regulatory action will begin on **January 10, 2011**. To be considered by the Board, written comments, not physically submitted at the meeting, must be submitted on or after **January 10, 2011** and received **no later than 12:00 noon on February 23, 2011**, and must be addressed to the following:

Postal mail: Clerk of the Board, Air Resources Board
1001 I Street, Sacramento, California
95814

Electronic submittal: <http://www.arb.ca.gov/lispub/comm/bclist.php>

Please note that under the California Public Records Act (Government Code section 6250 et seq.), your written and oral comments, attachments, and associated contact information (e.g., your address, phone, email, etc.) become part of the public record and can be released to the public upon request. Additionally, this in-

formation may become available via Google, Yahoo, and other search engines.

The Board requests but does not require 30 copies of any written submission. The Board also requests that all written statements be filed at least 10 days prior to the hearing so that ARB staff and Board Members have time to fully consider each comment. The ARB encourages members of the public to bring to the attention of staff in advance of the hearing any suggestions for modification of the proposed regulatory action.

Additionally, the Board requests but does not require that persons who submit written comments to the Board reference the title of the proposal in their comments to facilitate review.

STATUTORY AUTHORITY AND REFERENCES

This regulatory action is proposed under the authority granted to ARB in sections 38510, 38560, 38560.5, 38571, 38580, 39600, 39601, 41510, 41511, 43013, and 43018, Health and Safety Code; and *Western Oil and Gas Ass'n v. Orange County Air Pollution Control District*, 14 Cal.3rd 411, 121 Cal.Rptr. 249 (1975). This regulatory action is proposed to implement, interpret, or make specific sections 38501, 38510, 38560, 38560.5, 38571, 38580, 39000, 39001, 39002, 39003, 39515, 39516, 41510, 41511, 43013, and 43018, Health and Safety Code; and *Western Oil and Gas Ass'n v. Orange County Air Pollution Control District*, 14 Cal.3rd 411, 121 Cal. Rptr. 249 (1975).

HEARING PROCEDURES

The public hearing will be conducted in accordance with the California Administrative Procedure Act, title 2, division 3, part 1, chapter 3.5 (commencing with section 11340) of the Government Code.

The public hearing will be conducted by the Executive Officer of ARB or a designee of the Executive Officer, in accordance with the California Administrative Procedure Act, Title 2, Division 3, Part 1, Chapter 3.5 (commencing with section 11340) of the Government Code. Following the public hearing, the Executive Officer may adopt the regulatory language as originally proposed or with non-substantial or grammatical modifications. The Executive Officer (or designee) may also adopt the proposed regulatory language with other modifications if the modifications are sufficiently related to the originally proposed text that the public was adequately placed on notice that the regulatory language as modified could result from the proposed regulatory action. In the event that such modifications are made, the full regulatory text, with the modifications clearly indicated, will be made available to the public for written comment at least 15 days before it is adopted.

The public may request a copy of the modified regulatory text from ARB's Public Information Office, Air Resources Board, 1001 I Street, Visitors and Environmental Services Center, First Floor, Sacramento, California, 95814, (916) 322-2990.

SPECIAL ACCOMMODATION REQUEST

Special accommodation or language needs can be provided for any of the following:

- An interpreter to be available at the hearing;
- Documents made available in an alternate format (i.e., Braille, large print, etc.) or another language;
- A disability-related reasonable accommodation.

To request these special accommodations or language needs, please contact the Clerk of the Board at (916) 322-5594 or by facsimile at (916) 322-3928 as soon as possible, but no later than 10 business days before the scheduled Board hearing. TTY/TDD/Speech to Speech users may dial 711 for the California Relay Service.

Comodidad especial o necesidad de otro idioma puede ser proveído para alguna de las siguientes:

- Un intérprete que esté disponible en la audiencia.
- Documentos disponibles en un formato alterno (por decir, sistema Braille, o en impresión grande) u otro idioma.
- Una acomodación razonable relacionados con una incapacidad.

Para solicitar estas comodidades especiales o necesidades de otro idioma, por favor llame a la oficina del Consejo al (916) 322-5594 o envíe un fax a (916) 322-3928 lo más pronto posible, pero no menos de 10 días de trabajo antes del día programado para la audiencia del Consejo. TTY/TDD/Personas que necesiten este servicio pueden marcar el 711 para el Servicio de Re-transmisión de Mensajes de California.

TITLE 27. OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF PROPOSED RULEMAKING

TITLE 27, CALIFORNIA CODE OF REGULATIONS

AMENDMENT TO SECTION 25705 SPECIFIC REGULATORY LEVELS POSING NO SIGNIFICANT RISK: 4-METHYLIMIDAZOLE

JANUARY 7, 2011

NOTICE IS HEREBY GIVEN that the Office of Environmental Health Hazard Assessment (OEHHA) proposes to establish a specific regulatory level posing no significant risk for 4-methylimidazole and amend Title 27, California Code of Regulations, section 25705¹.

PUBLIC PROCEEDINGS

Any written statements or arguments concerning this proposed action, regardless of the form or method of transmission, must be received by OEHHA by 5:00 p.m. on **Monday, February 21, 2011**, the designated close of the written comment period.

Written comments can be sent by e-mail, mail or fax addressed to:

It is requested but not required that hard-copy statements or arguments be submitted in triplicate.

A public hearing to present oral comments will be scheduled only if one is requested. The request must be submitted in writing no later than 15 days before the close of the comment period on February 21, 2011. The written request must be sent to OEHHA at the address listed below no later than **Monday, February 7, 2011**. A notice for the public hearing, if one is requested, will be mailed to interested parties who are on the Proposition 65 mailing list for regulatory public hearings. The notice will also be posted on the OEHHA web site at least ten days in advance of the public hearing date. The notice will provide the date, time, location and subject matter to be heard.

If a hearing is scheduled and you have special accommodation or language needs, please contact Monet Vela at (916) 323-2517 or mvela@oehha.ca.gov at least one week in advance of the hearing. TTY/TDD/Speech-to-Speech users may dial 7-1-1 for the California Relay Service.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

The Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Health and Safety Code section 25249.5 et seq. and commonly known as Proposition 65 (hereinafter Proposition 65 or the Act), prohibits a person in the course of doing business from knowingly and intentionally exposing any individual to a chemical that has been listed as known to the State to cause cancer or reproductive toxicity, without first giving clear and reasonable warning to such individual (Health and Safety Code section 25249.6). The Act also prohibits a business from knowingly discharging a listed chemical into water or onto or into land where such chemical passes or probably will pass into any source of drinking water (Health and Safety Code section 25249.5).

For chemicals known to the state to cause cancer, an exemption from the warning requirement is provided by the Act when a person in the course of doing business is able to demonstrate that an exposure for which the person is responsible produces no significant risk or that a discharge which otherwise complies with all applicable requirements would not cause any significant amount of the discharged or released chemical to enter any source of drinking water (Health and Safety Code sections 25249.9 and 25249.10). A determination that a level of exposure poses no significant risk may be made utilizing regulations that have previously been adopted by OEHHA (sections 25701–25721). Section 25701 describes alternative methods for making such a determination. Section 25705 sets forth the process by which OEHHA may identify specific regulatory levels for determining “no significant risk” for purposes of Proposition 65 and establishes those levels for certain listed chemicals.

Details on the basis for the proposed level are provided in the reference cited below, which is incorporated in the rulemaking record. The reference is a risk assessment document prepared by OEHHA describing and summarizing the derivation of the proposed regulatory level listed below.

This amendment to section 25705(b) would adopt the following No Significant Risk Level (NSRL) for one chemical listed as known to cause cancer:

Chemical	NSRL, in units micrograms per day	Reference
4–Methylimidazole	16	OEHHA (2011)

The risk assessment which was used by the Office of Environmental Health Hazard Assessment to determine the stated level is as follows:

Office of Environmental Health Hazard Assessment (OEHHA, 2011). No Significant Risk Level (NSRL) for the Proposition 65 Carcinogen 4–Methylimidazole. OEHHA, Reproductive and Cancer Hazard Assessment Branch, California Environmental Protection Agency, January 2011.

AUTHORITY

Health and Safety Code Section 25249.12.

REFERENCE

Health and Safety Code Sections 25249.5, 25249.6, 25249.9, 25249.10 and 25249.11.

**IMPACT ON LOCAL AGENCIES OR
SCHOOL DISTRICTS**

OEHHA has determined the proposed regulatory action would not pose a mandate on local agencies or school districts nor does it require reimbursement by the State pursuant to Part 7 (commencing with Section 17500) of Division 4 of the Government Code. OEHHA has also determined that no nondiscretionary costs or savings to local agencies or school districts will result from the proposed regulatory action.

COSTS OR SAVINGS TO STATE AGENCIES

The OEHHA has determined that no savings or increased costs to any State agency will result from the proposed regulatory action.

**EFFECT ON FEDERAL FUNDING TO
THE STATE**

OEHHA has determined that no costs or savings in federal funding to the State will result from the proposed regulatory action.

EFFECT ON HOUSING COSTS

OEHHA has determined that the proposed regulatory action will have no effect on housing costs.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS, INCLUDING ABILITY TO COMPETE

OEHHA has made an initial determination that the adoption of the regulation will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

IMPACT ON THE CREATION, ELIMINATION, OR EXPANSION OF JOBS/BUSINESSES

OEHHA has determined that the proposed regulatory action will not have any impact on the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business within the State of California.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

OEHHA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

OEHHA has determined that the proposed regulation will not impose any requirements on small business. Rather, the proposed regulation will assist small businesses subject to the Act in determining whether or not an exposure for which they are responsible is subject to the warning requirement or discharge prohibition.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), OEHHA must determine that no reasonable alternative considered by OEHHA or that has otherwise been identified and brought to the attention of OEHHA would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

OEHHA has prepared and has available for public review an Initial Statement of Reasons for the regulation,

all the critical information upon which the regulation is based and the text of the regulation. A copy of the Initial Statement of Reasons, a copy of the text of the regulation and a copy of the risk assessment which was used by OEHHA to determine the proposed NSRL are available upon request from OEHHA's Proposition 65 Implementation Program at the address and telephone number indicated above. These documents are also posted on OEHHA's Web site at www.oehha.ca.gov.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

The full text of any regulation which is changed or modified from the express terms of this proposed action will be made available at least 15 days prior to the date on which OEHHA adopts the resulting regulation. Notice of the comment period on changed regulations and the full text will be mailed to individuals who testified or submitted written comments at the public hearing, whose comments were received by OEHHA during the public comment period, and who request notification from OEHHA of availability of such changes. Copies of the notice and the changed regulation will also be available at the OEHHA's Web site at www.oehha.ca.gov.

FINAL STATEMENT OF REASONS

A copy of the Final Statement of Reasons may be obtained, when it becomes available, from OEHHA's Proposition 65 Implementation Program at the address and telephone number indicated above. The Final Statement of Reasons will also be available at the OEHHA's Web site at www.oehha.ca.gov.

GENERAL PUBLIC INTEREST

TITLE 2. DEPARTMENT OF FAIR EMPLOYMENT AND HOUSING

NOTICE IS HEREBY GIVEN that the prospective contractors listed below have been required to submit a Nondiscrimination Program (NDP) or a California Employer Identification Report (CEIR) to the Department of Fair Employment and Housing, in accordance with the provisions of Government Code Section 12990. No such program or CEIR has been submitted and the prospective contractors are ineligible to enter into State contracts. The prospective contractor's signature on Standard Form 17A, 17B, or 19, therefore, does not constitute a valid self-certification. Until further notice, each of these prospective contractors in order to submit a responsive bid must present evidence that its

Nondiscrimination Program has been certified by the Department.

**ANNOUNCEMENT OF FIRST PUBLIC
COMMENT PERIOD AND WORKSHOP**

**Draft Technical Support Document on Proposed
Public Health Goal for Perchlorate in
Drinking Water**

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is announcing the availability of the draft technical support document for the proposed Public Health Goal (PHG) for perchlorate in drinking water. The draft document is a revision of the original perchlorate PHG established in 2004, based on new data on environmental exposures to and possible effects of perchlorate, plus further consideration of infants as a susceptible population. These considerations have resulted in the present proposal to decrease the perchlorate PHG from 6 ppb to 1 ppb. The draft document is posted on the OEHHA web site at www.oehha.ca.gov. OEHHA is soliciting comments on the draft report during a 45-day comment period. The Office will also hold a public workshop on February 23, 2011 at the Elihu Harris Building, 1515 Clay Street, Oakland, 94612, Room 11, 10 a.m.–12 noon, or until business is concluded. OEHHA follows the requirements set forth in Health and Safety Code Sections 57003(a) and 116365 for conducting the workshop and receiving public input.

Written comments must be received at the OEHHA address below by 5:00 p.m. on February 23, 2011, to be considered during this document revision period. The workshop is provided to encourage a dialogue between OEHHA scientists and the public, to discuss the scientific basis of the proposed PHG, and to receive comments. Following the workshop, OEHHA will evaluate all the comments received, revise the document as appropriate, and make it available for another 30-day comment period. After any subsequent revisions, the final document will be posted on our web site along with responses to the major comments from the public at the workshop and during the public review and scientific comment periods.

The PHG technical support documents provide information on the health effects of contaminants in drinking water. The PHG is a level of drinking water contaminant at which adverse health effects are not expected to occur from a lifetime of exposure. The California Safe Drinking Water Act of 1996¹ requires OEHHA to develop PHGs based exclusively on public health considerations.² PHGs published by OEHHA are considered by the California Department of Public Health in setting drinking water standards (Maximum Contaminant Levels, or MCLs).³

If you would like to receive further information on this announcement or have questions, please contact our office at (510) 622-3170 or the address below.

 SAFE DRINKING WATER AND TOXIC
 ENFORCEMENT ACT OF 1986

CHEMICALS KNOWN TO THE STATE
 TO CAUSE CANCER OR
 REPRODUCTIVE TOXICITY
 January 7, 2011

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

(Proposition 65)
NOTICE TO INTERESTED PARTIES

**A CHEMICAL LISTED EFFECTIVE
January 7, 2011
AS KNOWN TO THE STATE OF CALIFORNIA
TO CAUSE CANCER**

The Office of Environmental Health Hazard Assessment (OEHHA) within the California Environmental Protection Agency is adding *4-methylimidazole* (CAS No. 822-36-6) to the list of chemicals known to the state to cause cancer for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹). The listing of *4-methylimidazole* is effective **January 7, 2011**.

4-Methylimidazole (CAS No. 822-36-6) is being listed as a chemical known to the State of California to cause cancer. The listing of *4-methylimidazole* is based on formal identification by an authoritative body², the National Toxicology Program (NTP), that the chemical causes cancer. The criteria used by OEHHA for the listing of chemicals under the “authoritative bodies” mechanism can be found in Title 27, Cal. Code of Regs., section 25306³.

The reader is directed to the Notice of Intent to List *4-methylimidazole* published in the March 13, 2009 issue of the California Regulatory Notice Register (Register 2009, No. 11-Z) for the documentation supporting OEHHA’s determination that the criteria for administrative listing have been satisfied for this chemical.

Because of the significant public interest in this chemical, a Notice of Proposed Rulemaking identifying a proposed No Significant Risk Level (NSRL) is being published concurrently with this listing notice. Documents related to the proposed adoption of a NSRL for

4-methylimidazole are available on the OEHHA website at <http://www.oehha.ca.gov/prop65/law/index.html>.

A complete, updated Proposition 65 list is published elsewhere in this issue of the *California Regulatory Notice Register* and is available on the OEHHA website at <http://www.oehha.ca.gov/prop65.html>.

Light Brown Apple Moth Interior Quarantine

This emergency regulatory action will affect the contiguous quarantine area in Monterey, Napa, Solano, and Sonoma counties and will expand this contiguous quarantine area by approximately 175 square miles. A new quarantine area will be established in the Lindsey Slough Area of Solano County of approximately 15 miles. Additionally, the quarantine areas in the Tracy area of Alameda and San Joaquin counties will expand by approximately four square miles, the Davis area of Solano and Yolo counties by approximately two square miles; the Ryer Island area of Sacramento and Solano counties by approximately two miles; and the Sacramento area of Sacramento and Solano counties by approximately 11 square miles. This action is due to recent findings of the light brown apple moth "LBAM" ("Epiphyas postvittana"). This will result in a total of approximately 5,358 square miles under regulation within the State for the pest. The effect of these amendments to the regulation is to establish the authority for the State to perform quarantine activities against the LBAM in these additional quarantine areas.

DEPARTMENT OF INSURANCE
Removal of Restrictions on Mortality Adjustments Factors

The Department of Insurance submitted this rule-making action to amend title 10, California Code of Regulations, section 2542.4 to remove existing restrictions on calculating required annual reserve valuations of life insurance products. These reserve valuations are based on mortality data and adjustment factors, and assure that insurers have adequate reserves to pay benefits and expenses. The amendments to section 2542.4 track recent revisions to the National Association of Insurance Commissioners (NAIC) Model No. 830 that were adopted to allow insurers greater flexibility to adjust the mortality valuation used in the calculation of deficiency reserves with more precision and accuracy, and to lower deficiency reserves when warranted. Also based on NAIC Model No. 830, the amendments to section 2542.4 will require an appointed actuary to make an annual statement regarding the adequacy of reserves.

Standards and Training for Estimating Replacement Value on Homeowner's Insurance

This rulemaking action adds and amends regulations in Title 10 of the California Code of Regulations to establish standards for homeowner's insurance replacement cost estimates and training requirements for licensees who prepare and provide replacement cost estimates for insured structures. In addition to defining necessary terms, this rulemaking action sets standards for the following: the training of agents and brokers, replacement value calculators, record keeping, and for real estate appraisers who estimate replacement costs. The rulemaking also establishes that the failure by an insurer to include all the elements (required by these regulations) of home replacement costs in a replacement estimate (when communicating about a homeowner's policy) will constitute a misleading statement under the Unfair Practices Act.

 ABX4 60-Month Time Limit Requirements for Adults

This certificate of compliance makes permanent the prior emergency regulatory action (OAL file no. 2010-0602-01E) that established two new temporary CalWORKs exemptions and exemption requirements. The new exemptions apply to clients who are caring for young children and to clients who may be exempt for good cause from Welfare-to-Work participation due to a lack of supportive services. Clients who receive the exemption for caring for young children will not be required to participate in Welfare-to-Work activities and will have their CalWORKs 60-month time clock stopped until they no longer meet certain criteria, or until July 1, 2011, whichever comes first. Clients who receive the exemption because they were granted a good cause exemption from Welfare-to-Work participation due to a lack of supportive services will also have their CalWORKs 60-month time clock stopped until they no longer meet certain criteria, or until July 1, 2011, whichever come first.

 Maximum Allowable Load

The Occupational Safety and Health Standards Board submitted this rulemaking action to amend title

8, California Code of Regulations, section 1709. Section 1709 is the construction safety order that provides for maximum allowable loads that can be placed on any building, structure, or part thereof, or any temporary support or scaffolding. The amendment clarifies that none of these structures or supports are to be subjected to loads unless an employer consults with a qualified person with experience in structural design to determine that the load can be safely supported prior to placing a load on any of these structures or supports. This amendment is intended to enhance employee safety by removing reliance on the existing, ambiguous term "design capacity" and removing ambiguity as to who is responsible for determining the structure's ability to bear the load.

 STATE WATER RESOURCES CONTROL BOARD
 Prohibition of On-site Wastewater Disposal Systems in the Malibu Area

This filing is a Basin Plan Amendment submitted to OAL by the State Water Resources Control Board (SWRCB) and subject to OAL review under Government Code section 11353.

The Los Angeles Regional Water Quality Control Board (Los Angeles Water Board) adopted a Basin Plan Amendment for the Los Angeles Region Water Quality Control Plan establishing a phased waste discharge prohibition on the use of on-site wastewater disposal systems in the Malibu Civic Center area. After adoption, the Los Angeles Water Board submitted the Basin Plan Amendment to the SWRCB which then approved the amendment and submitted it to OAL.
