SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State	855
Sections Filed, December 10, 2014 to May 13, 2015	858

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. **PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 2. CALIFORNIA PUBLIC
EMPLOYEES' RETIREMENT SYSTEM**

**NOTICE OF INTENTION TO AMEND THE
CONFLICT-OF-INTEREST CODE OF THE
CALIFORNIA PUBLIC EMPLOYEES'
RETIREMENT SYSTEM**

NOTICE IS HEREBY GIVEN that the California Public Employees' Retirement System, pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendment to its Conflict-of-Interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The California Public Employees' Retirement System proposes to amend its Conflict of-Interest Code to include employee positions that involve the making, or participation in the making of, decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment addresses the numerous organizational changes that have taken place since the current Conflict-of-Interest Code was adopted by elevating CalPERS designated positions to the agency level. Instead of grouping designated positions by their respective divisions, positions are now combined into one group for the entire agency. Amendments include the addition of new positions that make or participate in governmental decisions, the deletion of positions that no longer exist or where the position's duties are limited to ministerial or administrative tasks, and renamed positions. Some changes may also reflect new job duties or responsibilities, as well as other technical and non-substantive changes to reflect the current CalPERS organizational structure.

In addition, the amendment reflects a change to the Incorporation Page proposed by the Fair Political Practices Commission (FPPC). CalPERS will now retain original statements for all filers except board members,

designees or alternates, candidates and the chief executive officer. The FPPC noted that since CalPERS has reorganized its filing officer practices and has instituted electronic filing, statements appear to be filing timely and have very few mistakes.

Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than **July 6, 2015** or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than **June 26, 2015**, by contacting the Contact Person set forth below.

The California Public Employees' Retirement System has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The California Public Employees' Retirement System has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the California Public Employees' Retirement System must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

All inquiries concerning this proposed amendment and any communication required by this notice should be directed to:

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (Commission), pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

ADOPTION

MULTI-COUNTY: Gateway Community Charters

AMENDMENT

MULTI-COUNTY: Truckee Tahoe Airport District
Central Sierra Child Support
Services

STATE AGENCY: California Environmental
Protection Agency
California Department of
Parks and Recreation

A written comment period has been established commencing on May 22, 2015, and closing on **July 6, 2015**. Written comments should be directed to the Fair Political Practices Commission, Attention Ivy Branaman, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his/her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government

Code Section 87302, employees who must disclose certain investments, interests in real property and income.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **July 6, 2015**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances,

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**TITLE 8. DIVISION OF WORKERS’
COMPENSATION**

**Workers’ Compensation — Transition to ICD-10;
Update to
DWC Medical Billing and Payment Guide**

NOTICE IS HEREBY GIVEN that the Acting Administrative Director of the Division of Workers’ Compensation (hereafter “Administrative Director”), pursuant to the authority vested in her by Labor Code sections 133, 4600.5, 4603.4, 4603.5, 5307.1 and 5307.3, proposes to modify existing regulations and adopt regulations and forms, by amending Articles 4, 5 and 5.3, Subchapter 1 to Chapter 4.5 of Division 1, title 8, California Code of Regulations, in order to transition, effective October 1, 2015, from the International Classification of Diseases, 9th Revision (ICD-9) diagnosis and inpatient procedure coding systems, to the International Classification of Diseases, 10th Revision (ICD-10) diagnosis and inpatient procedure systems, the use of which is being implemented by the United States Department of Health and Human Services effective October 1, 2015. The proposed amendments adopt new forms for Primary Treating Physician Progress Report (Form PR-2), Primary Treating Physician Permanent and Stationary Report (PR-3), Primary Treating Physician Permanent and Stationary Report (PR-4), to accommodate the ICD-10 and make related changes to the text. The proposal also includes amendment to the DWC Medical Billing and Payment Guide to adopt the ICD-10-CM 2015 Code Tables and Index (updated November 13, 2014) and the ICD-10-CM Official Guidelines for Coding and Reporting FY 2015 (updated September 29, 2014). Additional updates are proposed to the Medical Billing and Payment Guide to adopt more current versions of instruction manuals for professional and facility paper billing forms, and updated dental codes.

NOTICE IS ALSO HEREBY GIVEN that the Director of the Department of Industrial Relations (DIR), pursuant to the authority vested in her by Labor Code sections 6409(a), 6410, 6410.5 and 6413.5, proposes to

modify existing regulations, by amending Article 1, Subchapter 1 to Chapter 7 of California Code of Regulations, title 8, section 14006, where reference is made to the International Classification of Diseases, 9th Revision (ICD-9) system of diagnosis, which needs to be updated to reflect the new International Classification of Diseases, 10th Revision (ICD-10) system of diagnosis, the use of which is being implemented by the United States Department of Health and Human Services effective October 1, 2015.

PROPOSED REGULATORY ACTION

The Administrative Director of the Division of Workers’ Compensation proposes to modify existing regulations and adopt new regulations and forms relating to physician medical treatment reporting and billing, by amending Articles 4, 5, 5.3 and 5.5.0, Subchapter 1, Chapter 4.5, Division 1, of title 8, California Code of Regulations, in order to transition, on October 1, 2015, from the ICD-9 diagnosis and procedure coding system to the ICD-10 diagnosis and procedure coding system, as follows.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries or illness sustained in the course of his or her employment. Labor Code section 4600 requires an employer to provide medical, surgical, chiropractic, acupuncture, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatus, including orthotic and prosthetic devices and services, that are reasonably required to cure or relieve the injured worker from the effects of his or her injury or illness. Under existing law, payment for medical treatment shall be no more than reasonable maximum amounts set by the Administrative Director in the Official Medical Fee Schedule or the amounts set pursuant to a contract.

Labor Code section 4603.2 sets forth procedures and timelines for payment of a medical treatment bill. Labor Code section 4603.4 mandates the Administrative Director to adopt rules to standardize paper billing forms and to establish electronic billing rules. Regulations of the Administrative Director specify billing formats and detailed requirements for the bills and supporting documentation. Regulations adopted to implement the Labor Code's medical treatment and evaluation requirements (including sections 4600, 4603.2, 4603.4, 4660, 4662, 4663, and 4664) specify forms for physicians to use to report on treatment rendered, and to evaluate disability resulting from industrial injury or illness.

The federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) contains "administrative simplification" provisions relating to medical

billing, including the requirement for HIPAA-covered entities to use specified code sets. Currently the required code sets for HIPAA covered entities are the International Classification of Diseases, 9th Revision (ICD-9-CM) for diagnosis, and the International Classification of Diseases, 9th Revision (ICD-9-PCS) for inpatient procedure codes. Substantially revised codes sets, the International Classification of Diseases — 10th Revision, Clinical Modification (ICD-10-CM) and the International Classification of Diseases — 10th Revision, Procedure Coding System (ICD-10-PCS) have been developed to improve upon diagnosis and procedure coding.

The United States Department of Health and Human Services (HHS) issued a rule requiring HIPAA-covered entities and medical providers to transition from the ICD-9 to the ICD-10 system effective October 1, 2013. The October 1, 2013 date was extended to October 1, 2014, due to concerns regarding ICD-10 readiness raised by the medical community. On April 1, 2014, the Protecting Access to Medicare Act of 2014 (PAMA) (Public Law No. 113-93) was enacted by the United States Congress. Section 212 of PAMA delayed the ICD-10 for at least one year, providing, *inter alia*, that the ICD-10 may not be adopted by the Secretary of the United States Department of Health and Human Services earlier than October 1, 2015. Thereafter, on September 3, 2014, the HHS enacted a Final Rule implementing Section 212 of PAMA, thereby setting October 1, 2015 as the implementation date for use of ICD-10 by HIPAA covered entities.

Currently, the California workers' compensation system uses the ICD-9 for diagnosis and inpatient procedure coding. Although there is a specific exemption for workers' compensation in HIPAA, the HHS encourages non-covered entities to adopt ICD-10. The Administrative Director and the Director of DIR determined that it would be efficient to transition the workers' compensation system to the ICD-10 coding system to coincide with the ICD-10 transition date adopted by HHS for HIPAA covered entities. The DWC initially adopted the ICD-10 for workers' compensation billing in the Medical Billing and Payment Guide to be effective for services on or after October 1, 2014. When HHS extended the ICD-10 implementation date to 2015, DWC conducted a rulemaking action to delay the October 1, 2014 date. On September 30, 2014 regulations were adopted revising the billing regulations and the Medical Billing and Payment Guide to transition to ICD-10 for services rendered on or after October 1, 2015.

Accordingly, the Administrative Director and the Director of DIR are issuing this Notice of Proposed Rulemaking so that physician reporting regulations and forms are consistent with the ICD-10 transition already

adopted for workers compensation billing. Moreover, it is beneficial for the workers' compensation system to align with this important change in the way the United States medical community will be diagnosing patients and coding inpatient procedures as of October 1, 2015. Also, in this rulemaking the Administrative Director adopts and incorporates by reference a revised Medical Billing and Payment Guide which adopts the ICD-10-CM Official Guidelines for Coding and Reporting FY 2015 and the 2015 Code Tables and Index (updated November 13, 2014), which were not available when the billing guide was revised to adopt the October 1, 2015 date. In addition, the proposed Medical Billing and Payment Guide adopts updated 1500 Claim Form Instruction Manual and Change Log, UB-04 Data Specifications Manual, and American Dental Association *Current Dental Terminology (2015 CDT)*.

These proposed regulations will update the regulation text, and workers' compensation forms and documents incorporated by reference, as follows:

1. Section 9770

This section, which provides definitions relating to Certification Standards for Health Care Organizations, is amended to delete subdivision (g), the definition of "International Classification of Diseases — 9th Revision (ICD-9) Code", as the ICD-9 system of diagnosis is nowhere else mentioned in Title 8, Chapter 4.5, Subchapter 1, Article 4, covering Certification Standards for Health Care Organizations. The remaining subdivisions are renumbered.

2. Section 9785

Section 9785 sets forth the reporting duties of the primary treating physician in the California workers' compensation system. Specific proposed amendments to subdivisions (e)(1), (f)(8) and (h) are as follows:

§ 9785(e)(1): This subdivision discusses a primary treating physician's duty to complete a Form DLSR 5021 (Rev. 4), entitled "Doctor's First Report of Occupational Injury or Illness," within five working days of the doctor's initial examination of the injured worker. This subdivision is amended to state that the existing version of the form (Rev. 4, 1992 version) should be used for dates of service prior to October 1, 2015, while the revised form 5021 (Rev. 5, 2015 version) should be used for dates of service on or after October 1, 2015. In addition, references to "Form DLSR 5021" are revised to read, "Form 5021."

§ 9785(f)(8): This subdivision discusses a primary treating physician's duty to complete periodic progress reports regarding the injured worker's treatment. This subdivision is amended to state that the existing version of Form DWC PR-2, entitled "Primary Treating Physician's Progress Report," (06-05 version) should be

used for dates of service prior to October 1, 2015, while the revised Form PR-2 (2015 version) should be used for dates of service on or after October 1, 2015.

§ 9785(h): This subdivision discusses a primary treating physician's duty to complete a Primary Treating Physician's Permanent and Stationary Report for an injured worker and when to use a Form DWC PR-3 versus a Form DWC PR-4. This subdivision is amended to state that the existing versions of Forms PR-3 and PR-4 (06-05 versions) should be used for dates of service prior to October 1, 2015, while the revised Forms PR-3 and PR-4 (2015 versions) should be used for dates of service on or after October 1, 2015.

3. Section 9785.2 (Form PR-2) "Primary Treating Physician Progress Report" — Services Prior to October 1, 2015

The heading for this section is amended to indicate that the existing Form PR-2 is to be used for services prior to October 1, 2015.

4. Section 9785.2.1 (Form PR-2) "Primary Treating Physician Progress Report" — Services On or After October 1, 2015

This section is added to adopt the Form PR-2 for services rendered on or after October 1, 2015. The content of the new form is substantially the same as the current form, except the section of the form to list diagnosis codes indicates ICD-10 codes instead of ICD-9, and the number of lines in the diagnosis section that can be used to indicate diagnoses is increased from 3 to 12, and reference to the injured worker's social security number is omitted. The formatting of the form has been reorganized and the version number is updated.

5. Section 9785.3 (Form PR-3) "Primary Treating Physician's Permanent and Stationary Report" — Services Prior to October 1, 2015

The heading for this section is amended to indicate that the existing Form PR-3 is to be used for services prior to October 1, 2015.

6. Section 9785.3.1 (Form PR-3) "Primary Treating Physician's Permanent and Stationary Report" — Services on or after October 1, 2015

This section is added to adopt the Form PR-3 for services rendered on or after October 1, 2015, for those cases in which a Form PR-3 is applicable. The content of the new form is substantially the same as the current form, except the section of the form to list diagnosis codes indicates ICD-10 codes instead of ICD-9, the number of lines in the diagnosis section that can be used to indicate diagnoses is increased from 4 to 12, and reference to the injured worker's social security number is omitted. The formatting of the Form PR-3 has been reorganized to more efficiently use space on the form and the version number is updated.

7. Section 9785.4 (Form PR-4) “Primary Treating Physician’s Permanent and Stationary Report” — Services Prior to October 1, 2015

The heading for this section is amended to indicate that the existing Form PR-4 is to be used for services prior to October 1, 2015.

8. Section 9785.4.1 (Form PR-4) “Primary Treating Physician’s Permanent and Stationary Report” — Services on or after October 1, 2015

This section is added to adopt the Form PR-4 for services rendered on or after October 1, 2015. The content of the new form is substantially the same as the current form, except for the following changes.

The section of the form to list diagnosis codes indicates ICD-10 codes instead of ICD-9, the number of lines in the diagnosis section that can be used to indicate diagnoses is increased from 4 to 12, and reference to the injured worker’s social security number is omitted.

In the Functional Capacity Assessment section, reference is made to completing form DWC-AD 10133.36 in connection with completing this section for injuries occurring on or after January 1, 2013. In the Written Job Description section, language is added providing that the physician may attach form DWC-AD 10133.33 for injuries occurring on or after January 1, 2013. The form is also reorganized to more efficiently use space on the form. Finally, the version of the form is updated.

9. Section 9792.5.1 Medical Billing and Payment Guide; Electronic Medical Billing and Payment Companion Guide; Various Implementation Guides

Section 9792.5.1 incorporates by reference the *Division of Workers’ Compensation Medical Billing and Payment Guide* and specifies the effective date of each version of the Guide. The section is amended to add subdivision (a)(4), adopting a new Version 1.2.2, for bills submitted on or after October 1, 2015.

Division of Workers’ Compensation Medical Billing and Payment Guide, Version 1.2.2 (which is incorporated by reference) is amended based on Labor Code sections 4603.2 and 4603.4 as follows.

- The cover page is amended to change the version number from 1.2.1 to 1.2.2.
- The introduction page is revised to add a new row to the version table, to list Version 1.2.2 and the October 1, 2015 effective date.
- Section 3.2.1 subdivision (a)(2) is revised to adopt the 2015 Code Tables and Index updated November 13, 2014 in place of the version updated May 22, 2014. Subdivision (a)(6) is amended to adopt the ICD-10-CM Official Guidelines for Coding and Reporting FY 2015 (updated September 29, 2014).

- Section One — Business Rules, Appendix A, 1.0 CMS 1500: the table adopts and incorporates by reference the 1500 Health Insurance Claim Form Reference Instruction Manual for Form Version 02/12, Version 2.0 7/14 and 1500 Instructions Change Log — as of 10/14 for services rendered on or after October 1, 2015. The 1500 Claim Form and Field Table adopted are the same form and table used prior to October 1, 2015.
- Section One — Business Rules, Appendix A, 2.0 UB-04: the table adopts and incorporates by reference the National Uniform Billing Committee Official UB-04 Data Specifications Manual 2015, Version 9.0, July 2014 for services rendered on or after October 1, 2015. The UB-04 Claim Form and Field Table adopted are the same form and table used prior to October 1, 2015.
- Section One — Business Rules, Appendix A, 4.0 ADA Dental Claim Form: the table adopts and incorporates by reference the CDT 2015 Dental Procedure Codes for services rendered on or after October 1, 2015. The ADA Dental Claim Form and Field Table adopted are the same form and table used prior to October 1, 2015.

10. Section 14003Physician

Subdivision (c) of this section is revised to state that Rev. 4 of Form 5021 should be used for dates of service prior to October 1, 2015, while Rev. 5 of Form 5021 should be used for dates of service on or after October 1, 2015. Reference to Rev. 3 of Form 5021 is deleted.

11. Section 14006 (Form 5021) “Doctor’s First Report of Occupational Illness or Injury” — Services Prior to October 1, 2015

The heading for this section is amended to indicate that the existing Form 5021 is to be used for services prior to October 1, 2015.

12. Section 14006.1 (Form 5021) “Doctor’s First Report of Occupational Illness or Injury” — Services On or After October 1, 2015

This form is amended to reference ICD-10, instead of ICD-9, and additional space is provided for additional detailed diagnostic information that may be provided under the ICD-10 system. The address in the header of the form is changed from “Division of Labor Standards Research” to “Department of Industrial Relations.” A column entitled “please do not use this column” on the right side of the top of the form is deleted. In item 25, “Estimated stay” is changed to “Estimated length of stay.” The physician signature block is updated to be consistent with the physician signature blocks on the PR-2 — PR-4 forms. Finally, the version of the form is updated.

13. Section 14007 Reproduction of the Doctor’s Report

Subdivision (a) of this section is revised to state that Rev. 4 of Form 5021 should be used for dates of service prior to October 1, 2015, while Rev. 5 of Form 5021 should be used for dates of service on or after October 1, 2015. Subdivisions (b), (c) and (d) are revised to remove reference to “Rev. 4.” The form is not referred to as “Form 5021.” Lastly, in subdivision (d), instead of being referred to another regulation for the address to direct requests for permission to make changes to Form 5021 during the reproduction process, an address to direct such requests is listed.

OBJECTIVE AND ANTICIPATED BENEFITS OF THE PROPOSED REGULATIONS

The broad objective of these amendments and adoptions is to ensure consistency with national standards for reporting medical diagnoses and inpatient procedures under the ICD–10–CM and ICD–10–PCS coding systems for services on or after October 1, 2015. In addition, the objective is to ensure that physician report forms in workers’ compensation are consistent with medical billing regulations adopted by the Administrative Director in 2014, which mandate transition to ICD–10–CM for diagnosis codes and ICD–10–PCS for inpatient procedures effective October 1, 2015.

The Administrative Director and the Director of DIR anticipate that there will be many benefits to adopting the ICD–10 for medical reporting in conformity with the previously adopted workers’ compensation billing regulations and the HIPAA transition date. The medical treatment billing must be supported by documentation of the treatment rendered. Since the billing rules already require ICD–10 beginning in October 2015, the physician report forms need to conform in order to support the bill. In addition, the ICD–10 is a much more robust coding system that will provide more detail regarding the injured worker’s diagnosis or diagnoses, thereby improving communication between physician and claims administrator. This will be beneficial for reducing disputes and improving claims handling, for example, by improving the ability of the claims administrator to authorize appropriate treatment related to the diagnosed occupational injury. A further important benefit is ensuring consistency within the medical community for both record–keeping and billing purposes, since medical providers who are HIPAA–covered will need to transition to ICD–10 for Medicare and private patients as of October 1, 2015. Adoption of the October 1, 2015 transition date avoids the possibility of conflicting obligations for HIPAA–covered entities that also participate in workers’ compensation.

DETERMINATION REGARDING INCONSISTENCY AND/OR INCOMPATIBILITY WITH EXISTING STATE REGULATIONS

The Administrative Director and the Director of DIR evaluated whether the proposed regulations were inconsistent or incompatible with existing state regulations and have found that these are the only regulations concerning the International Classification of Diseases (ICD) or the transition from ICD–9 to ICD–10. Therefore, the proposed regulations are neither inconsistent nor incompatible with existing state regulations. This rulemaking will improve consistency with existing regulations since the Administrative Director has already adopted ICD–10 for medical treatment billing by a rulemaking action conducted in 2014.

DUPLICATION OF LABOR CODE PROVISIONS

The Administrative Director and the Director of DIR have determined that the proposed regulatory amendments are not duplicative of any Labor Code provision.

DISCLOSURES REGARDING THE PROPOSED REGULATORY ACTION

The Administrative Director and the Director of DIR have made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost or savings to any state agency: None.
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.
- Other nondiscretionary cost or savings imposed on local agencies: None.
- Cost or savings in federal funding to the state: None.
- Cost impacts on a representative private person or business: The DWC anticipates minor but unknown cost impacts that a representative private person or business would need to incur in reasonable compliance with the proposed action. There will be minor costs for medical providers to adapt to the new physician reporting forms. The mandate to transition to ICD–10 is already established in regulation for workers’ compensation billing. In addition, most medical providers are HIPAA–covered and will need to implement ICD–10 into their record–keeping and billing practices; these costs are necessitated by the federal government’s mandate that ICD–10 be implemented on October 1, 2015. Workers’

compensation claims administrators are not HIPAA-covered entities, but are already required to accept ICD-10 codes on physician bills as of October 1, 2015 due to previously adopted workers' compensation regulations.

- Statewide adverse economic impact directly affecting business and individuals: The regulatory action will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.
- Significant Effect on Housing Costs: None.

Results of the Economic Impact Analysis/Assessment

The Administrative Director and the Director of DIR conclude that it is (1) unlikely that the proposal will create any jobs within the State of California, (2) unlikely that the proposal will eliminate any jobs within the State of California, (3) unlikely that the proposal will create any new businesses within the State of California, (4) unlikely that the proposal will eliminate any existing businesses within the State of California, and (5) unlikely that the proposal would cause the expansion of the businesses currently doing business within the State of California. The proposed regulations will not have a significant adverse economic impact on representative private persons or directly affected businesses.

Benefits of the Proposed Action: The Administrative Director and the Director of DIR anticipate that there will be many benefits to adopting the ICD-10 for medical reporting in conformity with the previously adopted workers' compensation billing regulations and the HIPAA transition date. The medical treatment billing must be supported by documentation of the treatment rendered. Since the billing rules already require ICD-10 beginning in October 2015, the physician report forms need to conform in order to support the bill. In addition, the ICD-10 is a much more robust coding system that will provide more detail regarding the injured worker's diagnosis or diagnoses, thereby improving communication between physician and claims administrator. This will be beneficial for reducing disputes and improving claims handling, for example, by improving the ability of the claims administrator to authorize appropriate treatment related to the diagnosed occupational injury. A further important benefit is ensuring consistency within the medical community for both record-keeping and billing purposes, since medical providers who are HIPAA covered will need to transition to ICD-10 for Medicare and private patients as of October 1, 2015. Adoption of the October 1, 2015 transition date avoids the possibility of conflicting obliga-

tions for HIPAA-covered entities that also participate in workers' compensation.

Small Business Determination: The Administrative Director and the Director of DIR have determined that the proposed regulations may affect small businesses.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5(a)(13), the Administrative Director and the Director of DIR must determine that no reasonable alternative considered or that has otherwise been identified and brought to the Administrative Director's or the Director of DIR's attention would be more effective in carrying out the purpose for which the actions are proposed, or would be as effective and less burdensome to affected private persons than the proposed actions, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Administrative Director and the Director of DIR invite interested persons to present reasonable alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

PUBLIC DISCUSSIONS OF PROPOSED REGULATIONS

The text of draft proposed regulations and forms were made available for pre-regulatory public comment from March 18-28, 2014, through the Division's Internet message board (the "DWC Forum").

TITLE 11. COMMISSION ON PEACE OFFICER STANDARDS AND TRAINING

Notice is hereby given that the Commission on Peace Officer Standards and Training (POST) proposes to amend regulations in Division 2 of Title 11 of the California Code of Regulations as described below in the Informative Digest. A public hearing is not scheduled. Pursuant to Government Code Section 11346.8, any interested person, or his/her duly authorized representative, may request a public hearing. POST must receive the written request no later than 15 days prior to the close of the public comment period.

Public Comments Due by July 6, 2015, at 5:00 p.m.

Notice is also given that any interested person, or authorized representative, may submit written comments relevant to the proposed regulatory action by fax at (916) 970-4610, or by letter to:

Commission on POST
Attention: Rulemaking
860 Stillwater Road, Suite 100
West Sacramento, CA 95605-1630

AUTHORITY AND REFERENCE

This proposal is made pursuant to the authority vested by Penal Code Section 13503 (authority of the Commission on POST) and Penal Code Section 13506 (POST authority to adopt regulations). This proposal is intended to interpret, implement and make specific Penal Code Section 13503(e), which authorizes POST to develop and implement programs to increase the effectiveness of law enforcement, including programs involving training and education courses.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

In order to provide exemplary instruction in the Regular Basic Course that includes adult learning techniques, the Academy Instructor Certification Program (AICP) was developed. To maintain instructional excellence, content has been added to address instructors who have fallen out of compliance with Regulation 1009.

On March 1, 2008, POST Regulation 1009 required all presenters of the Regular Basic Course to participate in the AICP. Effective January 1, 2011, each Regular Basic Course–Modular Format presenter, was also required to comply with the regulation. Regulation 1009 specifies the training that must be completed and instructional hours that must be taught within a designated time frame. January 1, 2014 was the first time instructors who had not completed the requirements could fall out of compliance with the AICP regulation. Regulation 1009 does not provide a method for instructors who have fallen out of compliance with the AICP requirements to re–qualify.

The implementation of these changes will allow instructors who have fallen out of compliance to re–qualify.

The specific benefits anticipated by the proposed changes to the regulations will be to provide a method for instructors who have fallen out of compliance with the AICP requirements to re–qualify. There would be no effect to benefits in regard to public health and safety, worker safety, or the environment, the prevention of discrimination, and the increase in openness and transparency in business and government.

During the process of developing these regulations and amendments, the Commission on Peace Officer Standards and Training has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing State regulations.

ADOPTION OF PROPOSED REGULATIONS

Following the public comment period, the Commission may adopt the proposal substantially as set forth without further notice, or the Commission may modify the proposal if such modifications remain sufficiently related to the text as described in the Informative Digest. If the Commission makes changes to the language before the date of adoption, the text of any modified language, clearly indicated, will be made available at least 15 days before adoption to all persons whose comments were received by POST during the public comment period and to all persons who request notification from POST of the availability of such changes. A request for the modified text should be addressed to the agency official designated in this notice. The Commission will accept written comments on the modified text for 15 days after the date that the revised text is made available.

ESTIMATE OF ECONOMIC IMPACT

Fiscal impact on Public Agencies including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Non–Discretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Costs to any Local Agency or School District for which Government Code Sections 17500–17630 requires reimbursement: None.

Significant Statewide Adverse Economic Impact Directly Affecting California Businesses, including Small Business: The Commission on Peace Officer Standards and Training has made an initial determination that the amended regulations will not have a significant statewide adverse economic impact directly affecting California businesses, including the ability to compete with businesses in other states. The Commission on Peace Officer Standards and Training has found that the proposed amendments will not affect California businesses, including small businesses, because the Commission sets selection and training standards for law enforcement which does not impact California businesses, including small businesses.

Cost Impacts on Representative Private Persons or Businesses: The Commission on Peace Officer Standards and Training is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: The Commission on Peace Officer Standards and Training has made an initial determination that the proposed regulation would have no effect on housing costs.

RESULTS OF ECONOMIC IMPACT
ASSESSMENT PER GOV. CODE SEC. 11346.3(b)

The adoption of the proposed amendments of regulations will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California.

The benefits of the proposed amendments of regulations to the health and welfare of California residents would be to ensure instructors are in compliance to instruct in the Regular Basic Course. There would be no impact that would affect worker safety or the State's environment.

CONSIDERATION OF ALTERNATIVES

To take this action, the Commission must determine that no reasonable alternative considered by the Commission, or otherwise identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective as and less burdensome to affected private persons or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposed action.

CONTACT PERSONS

Questions regarding this proposed regulatory action may be directed to Charles Evans, Commission on POST, 860 Stillwater Road, Suite 100, West Sacramento, CA 95605-1630, at Charles.Evans@post.ca.gov, or (916) 227-3909. **TITLE 14. DEPARTMENT OF PARKS
AND RECREATION**

NOTICE OF INTENTION TO AMEND THE
CONFLICT-OF-INTEREST CODE OF THE
CALIFORNIA DEPARTMENT OF
PARKS AND RECREATION (PARKS)

NOTICE IS HEREBY GIVEN that the California Department of Parks and Recreation, pursuant to the authority vested in it by section 87306 of the Government Code, proposes amendment to its Conflict-of-Interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The California Department of Parks and Recreation proposes to amend its Conflict-of-Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment adds new Designated Positions and Disclosure Categories and makes other technical changes to reflect the current organizational structure of the Department. Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than July 6, 2015 or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than June 22, 2015, by contacting the Contact Person set forth below.

The California Department of Parks and Recreation has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the

reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The California Department of Parks and Recreation has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the California Department of Parks and Recreation must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

All inquiries concerning this proposed amendment and any communication required by this notice should be directed to:

**David Skaggs
 Division of Adult Institutions
 (916) 324-1441**

AUTHORITY AND REFERENCE

Penal Code (PC) Section 5000 provides that commencing July 1, 2005, any reference to the Department of Corrections in this or any code, refers to the CDCR, Division of Adult Operations.

PC Section 5050 provides that commencing July 1, 2005, any reference to the Director of Corrections, in this or any other code, refers to the Secretary of the CDCR. As of that date, the office of the Director of Corrections is abolished.

PC Section 5054 provides that commencing July 1, 2005, the supervision, management, and control of the State prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Current regulations provide for accommodation of inmates’ religious beliefs, including possession of specified religious personal property items, but do not allow for possessing religious items, or wearing or carrying of certain items, such as religious headgear (other than during their regular religious or sweat events, or facility–approved special events), without prior written approval of the institution head or his or her designee.

The proposed regulations will make Section 3213 consistent with the Religious Personal Property Matrix (RPPM) by allowing inmates to possess specified religious items without prior written approval, and bring the Department into compliance with the Settlement Agreement in *Zomalt v. Beard*, by allowing inmates to wear approved religious headgear as defined in the RPPM, at all times throughout the institution, subject to search. In addition, inmates will be allowed to wear or carry at any time, other specified religious items, as authorized in the RPPM.

The broad objective of the regulation is to provide consistency amongst institutions, and direction to staff, as to what personal religious property items can be worn or carried throughout the institution. The proposed regulations will help to reduce further litigation against the Department and provide religious freedom to inmates.

This action provides the following:

- Amends Section 3000, Definitions, to add the definitions for “Outdoor Religious/Spiritual Grounds” and “Statewide Religious Review Committee (SRRC).”
- Reorganizes Section 3213 title heading to more appropriately identify the issues in the order that they are identified within the Section.
- Reorganizes and renumbers the entire Section for a better understanding and flow of the overall Section.

- Adopts new Section 3213(b) which allows for an inmate to “possess any religious item authorized in the Religious Personal Property Matrix (RPPM),” and “as defined in the RPPM, and subject to search by staff, for an inmate to wear or carry at any time, a beaded headband, beaded wrist band, beaded choker, religious medallion and chain, religious headgear, medicine bag and a tallit katan/tsitsit.”
- Adopts new Section 3213(e) regarding removal or restriction of an approved religious item for up to 30 calendar days, and requires approval from the Associate Director of the SRRC for removal or restriction longer than 30 calendar days. Additionally, establishes provisions for direction after a removal or restriction period.
- Adopts new language which provides an example of “chapels” as sanctuaries, amends the wording “sweat lodge” to “Native American Sweat Lodge Grounds,” and adds “Outdoor Religious/Spiritual Grounds” which is to be included as an area designated for religious/spiritual use that shall be subject to searches by staff.

**BENEFITS ANTICIPATED BY THE
PROPOSED REGULATIONS**

The proposed regulatory action will benefit CDCR staff by ensuring statewide consistency, and will act as a directive concerning religious headgear and other items that inmates may wear or carry. In addition, inmates will benefit by having the religious freedom to wear or carry religious headgear, a beaded head band, beaded wrist band, beaded choker, religious medallion and chain, medicine bag, and a tallit katan/tsitsit.

**EVALUATION OF
CONSISTENCY/COMPATIBILITY WITH
EXISTING LAWS/REGULATIONS**

The Department has determined that these proposed regulations are consistent and compatible with existing state laws and regulations. The Department reached this conclusion by reviewing existing CCR, Title 15, Division 3, related to religious items, and determining that these regulations are a supplement to existing regulations pertaining to religious items.

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement of costs or savings pursuant to Government Code Sections 17500–17630.

FISCAL IMPACT STATEMENT

- Cost to any local agency or school district that is required to be reimbursed: *none*

- Cost or savings to any state agency: *none*
- Other nondiscretionary cost or savings imposed on local agencies: *none*
- Cost or savings in federal funding to the State: *none*

California residents by ensuring CDCR staff have clearer directions on handling these types of matters, and allowing inmates to wear/carry certain religious items.

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT AFFECTING BUSINESSES

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations will not affect small businesses. It is determined that this action has no significant adverse economic impact on small business because they are not affected by the internal management of state prisons.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

The Department has determined that the proposed regulations will have no impact on the creation of new, or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California. The Department has determined that the proposed regulations will have no affect on worker safety, or the state's environment, because the proposed regulations relate strictly to the internal management of CDCR institutions. The proposed regulations will benefit the health and welfare of

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. Interested persons are accordingly invited to present statements or arguments with respect to any alternatives to the changes proposed at the scheduled hearing or during the written comment period.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared, and will make available, the text and the Initial Statement of Reasons (ISOR) of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The proposed text, ISOR, and Notice of Proposed Regulations will also be made available on the Department's website <http://www.cdcr.ca.gov>.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AVAILABILITY OF THE FINAL STATEMENT
OF REASONS

Following its preparation, a copy of the Final Statement of Reasons may be obtained from the Department's contact person.

AUTHORITY AND REFERENCE

PC Section 5000 provides that commencing July 1, 2005, any reference to the Department of Corrections in this or any code, refers to the CDCR, Division of Adult Operations.

PC Section 5050 provides that commencing July 1, 2005, any reference to the Director of Corrections, in this or any other code, refers to the Secretary of the CDCR. As of that date, the office of the Director of Corrections is abolished.

PC Section 5054 provides that commencing July 1, 2005, the supervision, management, and control of the state prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of persons confined therein are vested in the Secretary of the CDCR.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

Current laws and regulations provide guidelines on the effective uses of security modules and the types of inmates and circumstances for placing inmates into security modules, i.e., mental health group therapy sessions.

This action:

- Amends section 3000 to add the definition of *Security Module*. This definition provides guidelines regarding the type of inmate that may be placed into a Security Module and specifies that it is designed to be used with State-issued restraint gear.

- Amends subsection 3268.2(c)(4) to specify that maximum custody inmates can be secured to a Security Module with the use of Department–approved restraint gear.
- Repeals pilot program 3999.17, Secure Alternative Treatment Module (SATM).

SPECIFIC BENEFITS ANTICIPATED BY THE PROPOSED REGULATIONS

The Department has determined that the proposed regulatory action will benefit CDCR staff and inmates by approving Security Modules specifically designed for inmates who pose a threat to staff and inmate safety. These Security Modules will provide more of a classroom type of atmosphere for the maximum custody inmates to participate in mental health treatment and/or recreational activities.

EVALUATION OF CONSISTENCY/COMPATIBILITY WITH EXISTING REGULATIONS

The Department has researched existing regulations and determined that these proposed regulations are consistent and compatible with existing state laws and regulations.

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement of costs or savings pursuant to Government Code Sections 17500–17630.

FISCAL IMPACT STATEMENT

- Cost to any local agency or school district that is required to be reimbursed: *None*
- Cost or savings to any state agency: *None*
- Other nondiscretionary cost or savings imposed on local agencies: *None*
- Cost or savings in federal funding to the state: *None*

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

The Department has determined that the proposed regulations will have no impact on the creation of new, or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California. Also, the Department has determined that the proposed regulations will have no effect on the health and welfare of California residents, worker safety, or the state’s environment and none of these are affected by the internal management of CDCR institutions. As described above, the benefits to the health and welfare of California residents includes increased safety to inmates and staff.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations may not affect small businesses. It is determined that this action has no significant adverse economic impact on small business because they are not affected by the internal management of state prisons.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost–effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. Interested persons are accordingly invited to present statements or arguments with respect to any alternatives to the changes proposed at the scheduled hearing or during the written comment period.

AVAILABILITY OF PROPOSED TEXT AND
INITIAL STATEMENT OF REASONS

The Department has prepared, and will make available, the text, Initial Statement of Reasons (ISOR), and any Reports Relied on for the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (i.e., rulemaking file) is available to the public upon a request directed to the Department's contact person. The proposed text, ISOR, and the Notice of Proposed Regulations will also be made available on the Department's website: http://www.cdcr.ca.gov/Regulations/Adult_Operations/index.html.

AVAILABILITY OF THE FINAL STATEMENT
OF REASONS

Following its preparation, a copy of the Final Statement of Reasons may be obtained on the Department's contact person.

AVAILABILITY OF CHANGES TO
PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this Notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this Notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

**TITLE 16. BOARD FOR
PROFESSIONAL ENGINEERS, LAND
SURVEYORS, AND GEOLOGISTS**

NOTICE IS HEREBY GIVEN that the Board for Professional Engineers, Land Surveyors, and Geologists (Board) is proposing to take the action described in the Informative Digest. The Board does not intend to hold a hearing in this matter. If an interested party wishes that a hearing be held, he or she must make the request in writing to the Board no later than 15 days prior to the close of the written comment period. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially related to the original text.

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office not later than 5:00 p.m. on July 6, 2015.

With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in the Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 6716, 6755, 8710, and 8741 of the Business and Professions Code, and to implement, interpret, or make specific Sections 6706.3, 6710, 6732, 6751, 6755, 6755.1, 6759, 8741, 8742, 8745 and 8748 of said Code, the Board is considering changes to Division 5 of Title 16 of the California Code of Regulations as follows: section 438, subsections (a)(2), (b)(2), (b)(7), and (c).

INFORMATIVE DIGEST

Amend Section 438

Business and Professions Code section 6755 provides that the Fundamentals of Engineering (FE) examination shall test the applicant's knowledge of appropriate fundamental engineering subjects, including mathematics and basic sciences. Business and Professions Code section 8741 provides that the Fundamentals of Surveying (FS) examination shall test the applicant's fundamental knowledge of surveying, mathematics, and basic sciences.

Both sections 6755 and 8741 also provide the requirements for the examinations necessary for applicants to be licensed in professional engineering and land surveying (respectively) and each section provides for the possibility of exemptions for the FE and FS examinations. These exemptions for professional engineers and land surveyors are codified in 16 CCR Section 438.

Section 438 currently contains inaccurate and contradictory language. The proposed regulatory action would amend section 438(a)(2) and repeal 438(b)(7) to remove language identifying an eight-hour written examination. FE and FS examinees are no longer tested within an eight-hour timeframe. Currently, the FE and FS examinees are tested on the content of the exam, not the timeframe. Additionally, section 438(b)(2) and (c) must be amended to define chaptered legislation. Section 438(b)(2) contradicts legislation that was passed in 2012 (Senate Bill 1576; amended by Stats. 2012, Ch. 661, Sec. 12). SB 1576 specified that individuals who hold an Engineer-in-Training (EIT) certificate can no

longer use the certificate to waive the Land Surveyor-in-Training (LSIT) certificate.

POLICY STATEMENT
OVERVIEW/ANTICIPATED BENEFITS
OF PROPOSAL

The purpose and benefit of this proposed regulatory action is to ensure that the Board’s regulations are accurate and reflective of the examinations that are being administered to applicants for licensure. These amendments will help to maintain the Board’s mission to “evaluate current laws and regulations and pursue changes where appropriate.”

CONSISTENCY AND COMPATIBILITY WITH
EXISTING STATE REGULATIONS

During the process of developing these regulations and amendments, the Board has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

The changes to Section 438(a)(2), (c), and 438(b)(7) do not result in a fiscal impact to public or state agencies (with the exception of the Board) since they do not require any action, time, or fiscal adjustments. There is also no costs/savings impact to federal funding to the state.

The changes to Section 438(b)(2) create a minor cost impact to applicants who at one time were able to waive the LSIT examination, but must now take the examination. The cost impact is very minimal, because the number of applicants applying for the LSIT waiver is very small. Only one application has been received over the last four years.

Nondiscretionary Costs/Savings to Local Agencies:

This proposed regulatory action does not result in nondiscretionary costs or savings to local agencies.

Local Mandate:

This proposed regulatory action does not impose a mandate on local agencies or school districts.

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Require Reimbursement:

None.

Business Impact:

The Board has made an initial determination that this proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Impact on Jobs/New Businesses:

The Board has determined that this proposed regulatory action will not have an impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Cost Impact on Representative Private Person or Business:

The board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Board has determined that this proposed regulatory action would not affect small businesses. The removal of language regarding examination length is administrative and has no economic or fiscal impact on agencies or individuals. The waiver removal has a very minimal effect on applicants, but will have no effect on small business.

RESULTS OF ECONOMIC IMPACT
ASSESSMENT/ANALYSIS

Impact on Jobs/Businesses:

The Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Benefits of Regulation:

The Board has determined that this regulatory proposal will have the following benefits to health and welfare of California residents, worker safety, and the State’s government:

This proposed regulatory action will benefit prospective applicants by not misleading them into a false representation of national examinations. Although the examinations will continue to be developed as they always have been, the regulations will be more representative of the examinations by not having any indication of time associated with them. Removing the possibility of a waiver of the LSIT will bring the Board into compliance with statute. These regulations will help to maintain the Board's mission to safeguard the life, health, property, and welfare of the public.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

INITIAL STATEMENT OF REASONS AND INFORMATION

The Board has prepared an initial statement of reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the Board at 2535 Capitol Oaks Drive, Suite 300, Sacramento, California 95833.

AVAILABILITY AND LOCATION OF THE FINAL STATEMENT OF REASONS AND RULEMAKING FILE

All the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below. You may obtain a copy of the final statement of reasons, once it has been prepared, by mak-

ing a written request to the contact person named below or by accessing the website listed below.

TITLE 16. BOARD OF PHARMACY

NOTICE IS HEREBY GIVEN that the Board of Pharmacy ("Board") is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments relevant to the action proposed in writing. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board of Pharmacy at its office not later than 5:00 p.m. on July 6, 2015.

The Board does not intend to conduct a regulation hearing on the matter, unless requested. Any interested person may submit a written request for a public hearing no later than 15 days prior to the close of the 45-day written comment period.

The Board, upon its own motion or at the request of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption

from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Under the authority conferred by Business and Professions Code (“B&P”) sections 4005 and 4052.01, in order to implement, interpret and make specific B&P section 4052.01, the Board is proposing to amend Article 5 of Division 17 of Title 16 of the California Code of Regulations (“CCR”), as follows:

INFORMATIVE DIGEST/ POLICY STATEMENT
OVERVIEW

The Board proposes to adopt Section 1746.3 of Article 5 of Division 17 of Title 16 of the California Code of Regulations to permanently set out requirements pharmacists must follow to furnish naloxone hydrochloride (“naloxone”) without a doctor’s prescription. Naloxone is an “opioid antagonist,” that reverses the effects of opioid medications, including oxycodone, oxycodone, Vicodin, Percocet, methadone, and heroin. Senate Bill 493 (Chapter 469, Statutes of 2013) authorized the Board to address the problem of restricted public access to naloxone. The Board, following the instructions set out in B&P section 4052.01(e), promulgated an emergency regulation to allow pharmacists to furnish naloxone to the public. The emergency regulation went into effect on April 10, 2015 and will expire on October 8, 2015.

Since the adoption of the emergency regulation, the Board, again following the instructions set out in B&P section 4052.01(a), worked with the Medical Board and consulted with the California Society of Addiction Medicine, the California Pharmacists’ Association and other entities, to revise the emergency regulation found at 16 CCR Section 1746.3 and created the version submitted herein.

The practice of pharmacy is authorized, regulated and enforced in California by the Board. Because the federal government does not authorize or regulate practice in California, there are no existing federal regulations comparable to this rulemaking.

Specific Benefits Anticipated: Increasing the public’s access to naloxone will contribute to public health and safety by preventing opioid overdose deaths.

Consistency and Compatibility with Existing State Regulation: During the collaborative process of reviewing and revising this regulation, the Board conducted a search of similar regulations on this topic. Presently, emergency regulation 16 CCR Section 1746.3 is quite similar and is in effect. However, 16

CCR Section 1746.3 was adopted as an emergency regulation. This proposed regulation, while substantially similar to 16 CCR Section 1746.3, is neither inconsistent nor incompatible with it or any other existing state regulations. Aside from the existing emergency naloxone regulation, the Board has concluded that the only other California statute concerning naloxone is Assembly Bill 635 (Chapter 707, Statutes of 2013), which insulates physicians from civil liability when they prescribe naloxone to a family member, friend, or other person in a position to assist a person experiencing or suspected of experiencing an opioid overdose (adopted as Civil Code section 1714.22).

Mandate on Local Agencies or School Districts: This regulatory action does not impose a mandate on local agencies or school districts.

FISCAL IMPACT

- A. Cost or Savings to any state agency: NONE.
- B. Cost to any local agency required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: NONE.
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: NONE.
- D. Other nondiscretionary cost or savings imposed on local agencies: NONE.
- E. Cost or savings in federal funds to the state: NONE.

Effect on Housing Costs: NONE.

Business Impact: The Board has made an initial determination that the proposed regulatory action will have no significant statewide adverse economic impact on directly affected businesses, including the ability of California businesses to compete with businesses in other states.

Results of Economic Impact Assessment: Pharmacists wishing to dispense naloxone must take one (1) hour of continuing education (CE) before dispensing. However, pharmacists presently complete thirty (30) hours of CE each renewal cycle, and the one (1) hour of CE on dispensing of naloxone can be applied to meet the existing CE requirement. Thus, while this regulatory proposal affects pharmacists, it will not have a significant statewide adverse economic impact directly affecting business, or businesses’ ability to compete.

Impact on Jobs/New Businesses: The Board has determined that the regulatory proposal herein will not have any impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Benefits of the Regulations: This regulatory proposal benefits the health and welfare of California residents

because pharmacies furnishing naloxone to the general public will increase the availability of naloxone. Increased public access to naloxone will contribute to public health and safety by preventing opioid overdose deaths. Improved access to this life-saving drug will help eliminate some of the previous income and class-based discrimination that has existed and thus, also promotes fairness and social equity.

The Board has determined that this regulation has no impact on worker safety.

This regulatory proposal does not affect the state's environment because it simply allows pharmacists to dispense naloxone to family, friends, and other persons in a position to assist a person experiencing or suspected of experiencing an opioid overdose. Pharmacists have been dispensing naloxone to the public with a doctor's prescription for several decades, and since April (under the emergency regulation) without a doctor's prescription, and the Board has not received any information about measureable environmental effects.

Cost Impacts: The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Business Report: The proposed regulations do not require a new report to be made. Until the emergency regulations were adopted, naloxone was only dispensed by prescription, and pharmacies were and are required to maintain patient medication records for three (3) years. This proposed regulation makes permanent the requirement of the existing emergency regulation, under which pharmacies are to keep records of dispensing naloxone for three (3) years

Effect on Small Businesses: The Board has determined that the proposed regulation would not affect small businesses. Before the emergency regulations were enacted, pharmacists already furnished naloxone to those presenting a doctor's prescription. While there might have been a slight uptick in demand for naloxone once members of the public could obtain it without a doctor's prescription, the Board has concluded that making this regulation permanent will have a negligible effect on small businesses.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative considered by the Board, or otherwise identified and brought to the Board's attention, would either be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less

burdensome to affected private persons than the regulation described herein, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policies or other provision of law.

Any interested person may present statements or arguments in writing relevant to the above determinations to the Board at the address listed for the Contact Person.

INITIAL STATEMENT OF REASONS AND INFORMATION

The Board has prepared an initial statement of the reasons for the proposed actions and has available all the information upon which the proposals are based.

TITLE 20. PUBLIC UTILITIES COMMISSION

The California Public Utilities Commission (Commission) proposes to amend regulations described below after considering all comments, objections, or recommendations regarding the proposal.

At a duly noticed regularly scheduled meeting not earlier than July 9, 2015, in the Commission Auditorium, 505 Van Ness Avenue, San Francisco, the Commission will consider a proposal to amend the Rules of Practice and Procedure set forth in Division 1, Chapter 1 of Title 20 of the California Code of Regulations. The proposed amended regulations will reflect changes in the Commission's administration, provide consistency between the rules, and provide greater clarity.

AUTHORITY TO ADOPT RULES

Article XII, Section 2 of the California Constitution and Section 1701 of the Public Utilities Code authorize the Commission to adopt Rules of Practice and Procedure.

INFORMATIVE DIGEST

The California Public Utilities Commission proposes to amend its Rules of Practice and Procedure to ensure that funds will be available for the payment of an intervenor compensation award to any intervenor who makes a substantial contribution to a Commission proceeding even if the proceeding results in an unsuccessful application for a Certificate of Public Convenience and Necessity. To achieve this goal, the Commission proposes to require all new applicants for a Certificate of Public Convenience and Necessity to post a bond in an amount determined by the presiding Administrative Law Judge to be sufficient to pay all anticipated intervenor compensation awards.

AVAILABILITY OF INITIAL STATEMENT OF REASONS AND PROPOSED TEXT

The proposed rule amendments are set forth in an Assigned Commissioner's Ruling and available on the Commission's website at <http://docs.cpuc.ca.gov/SearchRes.aspx?DocFormat=ALL&DocID=148365165>. The ruling includes a more detailed initial statement of the reasons for the rule amendments and sets forth the complete text of the proposed rule amendments.

COMMENTS AND INQUIRIES

Any interested person may submit written comments concerning the proposed rule amendments. The written comment period closes at 5:00 p.m. on July 1, 2013. All comments must be served on the following contact person:

Karl J. Bemesderfer
Administrative Law Judge
California Public Utilities Commission
Division of Administrative Law Judges
505 Van Ness Avenue
San Francisco, CA 94102
Telephone: (415) 703-1199

Inquiries concerning the substance of the proposed amendment, requests for copies of the text for the proposed amendment, or other questions should be directed to Judge Bemesderfer at the above street or e-mail address or telephone number.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

Following the comment period, the Commission may adopt the proposed rule amendments substantially as described in this notice. If modifications are made that are sufficiently related to the originally proposed text, the modified text, with the changes clearly indicated, will be made available to the public for at least 15 days prior to the date on which the Commission adopts the rule amendments. Requests for copies of any modified rule amendments should be sent to the attention of Judge Bemesderfer at either of the addresses indicated above. The Commission will accept written comments on the modified regulations, if any, for 15 days after the date on which the modifications are made.

TITLE 27. CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

NOTICE OF INTENTION TO AMEND THE CONFLICT-OF-INTEREST CODE OF THE CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

NOTICE IS HEREBY GIVEN that the California Environmental Protection Agency, pursuant to the authority vested in it by Section 87306 of the Government Code, proposes amendment to its conflict-of-interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The California Environmental Protection Agency proposes to amend its conflict-of-interest code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment clarifies positions and disclosure categories and makes other technical changes to reflect the current organizational structure of the Department. Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than July 6, 2015, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than June 22, 2015, by contacting the Contact Person set forth below.

The California Environmental Protection Agency has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The California Environmental Protection Agency has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.

3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the California Environmental Protection Agency must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons that the proposed amendments.

All inquiries concerning this proposed amendment and any communication required by this notice should be directed to:

TITLE 28. DEPARTMENT OF MANAGED HEALTH CARE

- DATE:** May 22, 2015
ACTION: Notice of Amendment to Department of Managed Health Care Conflict of Interest Code
SUBJECT: Conflict-of-Interest Code, section 1000 in Title 28, California Code of Regulations; Control No. 2015-5118,

NOTICE IS HEREBY GIVEN that the Department of Managed Health Care (DMHC), pursuant to the authority vested in it by Section 87306 of the Government Code, proposes amendments to its conflict-of-interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

The DMHC proposes to amend its conflict-of-interest code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

This amendment simplifies the DMHC's conflict-of-interest code by designating individual job classifications and adopts a streamlined format suggested by the Fair Political Practices Commission. Furthermore,

this amendment makes other technical changes to reflect the current organizational structure of the Department. Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing **no later than 5 p.m. on July 6, 2015**, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than 15 days before close of the written comment period, by contacting the Contact Person set forth below.

The DMHC has prepared a written explanation of the reasons for the proposed amendments and has available the information on which the amendments are based. Copies of the proposed amendments, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The DMHC has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the DMHC must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective as and less burdensome on the affected persons than the proposed amendments.

**PUBLIC COMMENT PERIOD STARTING MAY
19, 2015, FOR THE DRAFT CBAS TRANSITION
PLAN TO MEET FEDERAL HOME AND
COMMUNITY-BASED (HCB)
SETTINGS REQUIREMENTS**

The California Department of Health Care Services partners with the California Department of Aging to oversee the Community-Based Adult Services (CBAS) Program. CBAS is a Medi-Cal managed care benefit provided in an outpatient, facility-based day program that delivers skilled nursing care, social services, therapies, personal care, family/caregiver training and support, nutrition services, care coordination and transportation to eligible Medi-Cal beneficiaries. CBAS recipients are age 18 and older, and have chronic medical, cognitive, or mental health conditions and/or disabilities that place them at risk of needing institutional care.

The CBAS benefit is authorized under California's 1115 Bridge to Reform Demonstration Waiver. The Waiver's Standard Terms and Conditions (STC) 95 and 96 direct the State to engage in a stakeholder process to develop a CBAS HCB Settings Transition Plan that will bring CBAS centers into compliance with the requirements of the HCB Settings rule as specified in 42 CFR 441.301(c)(4). The State is to amend and submit its Statewide Transition Plan to the Centers for Medicare & Medicaid Services (CMS) no later than September 1, 2015 to ensure all California's HCB Settings comply with the HCB Settings requirements by March 17, 2019. The State will incorporate CBAS HCB Settings Transition Plan into the Statewide Transition Plan.

This notice is to inform interested parties of the start of the 30-day public comment period on the Draft CBAS HCB Settings Transition Plan. The public comment period will begin on Tuesday, May 19, 2015 and end on Monday, June 22, 2015. There was a CBAS Stakeholder Meeting and Webinar on Tuesday, May 19th, 2-5 p.m., to review the Draft CBAS HCB Settings Transition Plan and the public comment process. Refer to the links below to view the Draft CBAS HCB Set-

tings Transition Plan, listen to the webinar recording and learn more about the new federal HCB Settings requirements. All public input will be documented, posted and made available to CMS by September 1, 2015, at the time California's Statewide Transition Plan is submitted to CMS.

COMPLIANCE ON-SITE ASSESSMENT TOOL
AND PROVIDER SELF-SURVEY TOOL**

The Department of Health Care Services (DHCS) is developing "On-Site Assessment Tools" for Home and Community-based settings that are residential and non-residential. The On-Site Assessment Tool will be used when state-trained assessment teams visit providers and review that features of the settings comply with

the HCB Settings rules. DHCS is also developing residential and non-residential “Provider Self-Survey Tools” that will be distributed to providers statewide. This tool will allow providers to self-assess their compliance with the HCB Settings rules.

This notice is to inform the public that the Tools are available on the DHCS website: <http://www.dhcs.ca.gov/services/ltc/Pages/HCBSSstatewideTransitionPlan.aspx>. The State invites all interested parties to review the tools using the “On-Site Assessment Tool — Public Comment Template” and “Provider Self-Survey Tool — Public Comment Template” which are also available on the DHCS website: <http://www.dhcs.ca.gov/services/ltc/Pages/HCBSSstatewideTransitionPlan.aspx>. We ask that comments, questions, and suggestions be recorded on the above-mentioned templates to provide the State ease of access for reviewing and incorporating public comment. There will be 30 days (ending June 30, 2015) to comment and review the Tools. Comments can be provided by email: STP@dhcs.ca.gov, or by mail

**PROPOSED SECTION 25205
 LEAD AGENCY WEBSITE
 MAY 22, 2015**

As required by Government Code section 11346.8(c), and Title 1, section 44 of the California

Code of Regulations, the Office of Environmental Health Hazard Assessment (OEHHA) is providing notice of additional changes to the proposed regulation to add section 25205 to Title 27 of the California Code of Regulations.

This proposed regulation was originally the subject of a Notice of Proposed Rulemaking published on January 16, 2015, in the California Regulatory Notice Register (Register 2015, No. 8-Z), which initiated a public comment period. Twenty-four written comments from the public were received during the comment period that ended April 8, 2015. In addition, OEHHA heard comments at a public hearing on the proposed regulation held on March 25, 2015.

After careful consideration of the comments, OEHHA has modified the text of the proposed regulation. Non-substantive changes were made to subsection (b) regarding OEHHA’s disclaimer on the website. Subsection (b)(10) was modified to limit the scope of the information OEHHA may request to information concerning exposures to listed chemicals for which warnings are being provided under Health and Safety Code Section 25249.6. A new subsection (c) was added to state that testing is not required for the sole purpose of providing information in response to a request for information under this section. Additionally, the fifteen (15) day notice period required for notification of a business under section (d) has been extended to thirty (30) days to allow a business additional time to provide additional justification or initiate legal proceedings to protect the claimed trade secrets. Finally, the term “Confidential Business Information” has been replaced with the term “trade secret” for consistency with the use of the term in the California Evidence Code and Public Records Act. The term “trade secret” is now defined by reference to Civil Code section 3426.1.

Included with this notice are copies of the regulatory language with the modified language provided in underline and strikeout format. These modifications are also available on the OEHHA website at www.oehha.ca.gov, and may be requested from Monet Vela at the OEHHA Legal Office at (916) 323-2517.

OEHHA will accept written comments on the amendments to the proposed regulation until **June 6, 2015 at 5:00 p.m.**

We encourage you to submit comments in electronic form, rather than in paper form.

Comments transmitted by e-mail should be addressed to P65Public.comments@oehha.ca.gov. Please include “Lead Agency Website” in the subject line. Comments submitted in paper form may be mailed, faxed, or delivered in person to the address below.

PROPOSITION 65

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65) NOTICE TO INTERESTED PARTIES MAY 22, 2015

NITRITE IN COMBINATION WITH AMINES OR AMIDES TO BE CONSIDERED BY THE CARCINOGEN IDENTIFICATION COMMITTEE

The California Environmental Protection Agency's Office of Environmental Health Hazard Assessment (OEHHA) is the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986¹ (Proposition 65). The Carcinogen Identification Committee (CIC) advises and assists OEHHA in compiling the list of chemicals known to the State to cause cancer as required by Health and Safety Code section 25249.8. The Committee serves as the State's qualified experts for determining whether a chemical has been clearly shown through scientifically valid testing according to generally accepted principles to cause cancer.

On February 7, 2014, OEHHA published a public notice in the *California Regulatory Notice Register* announcing its intent to list "nitrite in combination with amines or amides" as known to the State to cause cancer under Proposition 65 via the authoritative bodies mechanism. After consideration of comments received on the notice and further evaluation of the scientific evidence supporting the listing, OEHHA determined that the regulatory criteria in section 25306(e), Title 27 of the California Code of Regulations have not been met

for the spectrum of chemicals covered by the broad class "nitrite in combination with amines or amides". Pursuant to section 25306(i), OEHHA will ask the CIC to consider at a future meeting whether nitrite in combination with amines or amides, or a subset of chemicals of this class, have been clearly shown through scientifically valid testing according to generally accepted principles to cause cancer.

The time, date, location, and agenda of the CIC meeting where nitrite in combination with amines or amides will be discussed will be provided in future notices published in the *California Regulatory Notice Register* and posted on OEHHA's website. The public will be given the opportunity to comment on the possible listing by the committee, and any material provided by OEHHA to the committee, during a 45-day public comment period prior to the CIC meeting at which this chemical combination will be considered.

SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65) NOTICE TO INTERESTED PARTIES MAY 22, 2015

BISPHENOL A LISTED AS KNOWN TO THE STATE OF CALIFORNIA TO CAUSE REPRODUCTIVE TOXICITY, EFFECTIVE MAY 11, 2015

Effective **May 11, 2015**, the Office of Environmental Health Hazard Assessment (OEHHA) has added *bisphenol A (BPA)* (CAS No. 80-05-7) to the list of chemicals known to the state to cause reproductive toxicity for purposes of the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹).

BPA was considered by the Developmental and Reproductive Toxicant Identification Committee (DARTIC) in its official capacity as the "state's qualified experts" (SQE) at a public meeting held on May 7, 2015. The DARTIC determined that BPA was clearly shown through scientifically valid testing according to generally accepted principles to cause reproductive toxicity, based on the female reproductive endpoint.² Regulations for listing of chemicals by the DARTIC are set out in Title 27, California Code of Regulations, section 25305(b)(1).

A complete, updated chemical list is available at www.oehha.ca.gov and is published in the May 22,

¹ Health and Safety Code section 25249.5 et seq.

¹ Health and Safety Code section 25249.5 et seq.

² Health and Safety Code section 25249.8(b).

2015 issue of the *California Regulatory Notice Register*.

In summary, the chemical in the table below is listed under Proposition 65 as known to the State to cause reproductive toxicity (female reproductive toxicity) effective May 11, 2015.

Chemical	CAS No.	Toxicological Endpoints	Listing Mechanism*
Bisphenol A (BPA)	80-05-7	Female reproductive toxicity	SQE

*SQE — “state’s qualified experts” mechanism (Health and Safety Code section 25249.8(b) and Title 27, Cal. Code of Regs., section 25305(b)(1)).

of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

Re: Request to amend California Code of Regulations, Title 22, section 72301 and adopt section 72031.1

Dear Ms. Tannehill,

The California Department of Public Health (CDPH), Office of Regulations, received a petition from you on behalf of the California Dental Hygienists' Association to amend section (§) 72301 and adopt § 72031.1 in the California Code of Regulations, Title

22. These amendments would enable registered dental hygienists in alternative practice to fulfill provider requirement for dental programs in nursing homes.

The requested changes (underlined) are as follows:

Amend § 72301. Required Services.

(a) Skilled nursing facilities shall provide, but shall not be limited to, the following required services: physician, dental hygiene, skilled nursing, dietary, pharmaceutical and an activity program.

(b) Skilled nursing facilities caring for patients who are mentally disordered and whose needs for a special treatment program are identified shall also meet the requirements for a special treatment program service.

(c) Skilled nursing facilities providing intermediate care services shall do so in a distinct part separately approved by the Department and shall be in conformity with the licensing regulations for the type of service provided in that distinct part. The facility license shall indicate approval of the distinct part by the Department.

(d) Written arrangements shall be made for obtaining all necessary diagnostic and therapeutic services prescribed by the attending physician, podiatrist, dentist,

registered dental hygienist in alternative practice, or clinical psychologist subject to the scope of licensure and the policies of the facility. If the service cannot be brought into the facility, the facility shall assist the patient in arranging for transportation to and from the service location.

(e) Arrangements shall be made for an advisory dentist or registered dental hygienist in alternative practice to participate at least annually in the staff development program for all patient care personnel and to approve oral hygiene policies and practices for the care of patients.

(f) The facility shall ensure that all orders, written by a person lawfully authorized to prescribe, shall be carried out unless contraindicated.

(g) The facility shall make arrangements for a physician or physicians, or registered dental hygienist in alternative practice to be available to furnish emergency medical, dental or dental hygiene care if the attending physician, or registered dental hygienist in alternative practice or designee, is unavailable. The telephone numbers of those physicians, or registered dental hygienist in alternative practice shall be posted in a conspicuous place in the facility.

Adopt § 72031.1.

Registered Dental Hygienist in Alternative Practice is defined as a person licensed pursuant to Business & Professions Code section 1922.

The Center for Health Care Quality has given consideration to your petition, and has determined that no change to existing regulations is necessary at this time. A skilled nursing facility is required to provide dental services to its residents. The services of a dental hygienist currently fall within the broad provision of dental services. Additionally, dental hygienists' scope of work does not allow them to make diagnosis. Thus, it is not appropriate to add them to the indicated sections where the responsibility is to the higher-level professional, such as a medical doctor or a dentist.

In conclusion, it is the decision of CDPH to deny your petition to update regulations as stated above. Please note, pursuant to Government Code (GC) § 11340.7, you or any other interested person may request reconsideration of any part or all of the CDPH decision regarding this petition no later than 60 days after the date of this letter.

A copy of this letter will be sent to the Office of Administrative Law for publication in the California Regulatory Notice Register as required per GC § 11340.7(d).

To obtain a copy of this petition or to discuss this matter further, please contact Cheryl Gordon, Chief, Policy and Enforcement Branch at (916) 552-8734.

Sincerely;

/s/

 DEPARTMENT OF SOCIAL SERVICES
 Child Fatality Reporting and Disclosure

This rulemaking by the California Department of Social Services amends MPP section 31-502, implementing SB 39, which added section 10850.4 to the Welfare and Institutions (W&I) Code. W&I Code section 10850.4, specifically requires the custodian of records for a county child welfare agency to release specified child fatality information to the public. Certain provisions of those regulations were successfully challenged in the case of *Butterfield v. Lightbourne* (Cal.Sup. Dec. 28, 2012, No 37-2011-00097858-CU-MC-CTL). This rulemaking amends the MPP to meet the condi-

tions of the orders issued in the *Butterfield v. Lightbourne* case.
