NOTICE OF INTENTION TO AMEND THE CONFLICT-OF-INTEREST CODE OF THE STATE COMPENSATION INSURANCE FUND

NOTICE IS HEREBY GIVEN that the State Compensation Insurance Fund, pursuant to the authority

vested in it by section 87306 of the Government Code, proposes amendments to its Conflict-of-Interest Code. The purpose of these amendments is to implement the requirements of sections 87300 through 87302, and section 87306 of the Government Code.

This amendment is necessary due to the creation of new positions (see enclosed summary of the complete Amendment), the clarification of language to the disclosure categories (considered by FPPC as non-substantive changes), and other technical changes to reflect the current organizational structure of the Department. Copies of the amended code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than July 25, 2011, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

Copies of the proposed amendments, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The State Compensation Insurance Fund has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

5. Will not result in any costs or savings in federal funding to the state.

6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the State Compensation Insurance Fund must determine that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

CA 09-07

The proposed Electronic Application Submission Interface (“EASi”) upgrades will notify a certified producer when an application is incomplete, offer immediate binding of coverage, an optional electronic payment option, and will allow a certified producer to print the assignment notice once it is made. Alternative Application Submission procedures including the Electronic Effective Date Procedure and submission by United States Postal Service will continue to be available when EASi is unavailable or when a certified producer chooses not to use EASi.

CA 11-02

Currently, CAARP does not require any company receiving assignments and having an A.M. Best rating of B or below (including not rated) to enter into a Limited Assignment Distribution (“LAD”) arrangement. In addition, the Plan does not specifically set forth when the Commissioner can require a company to obtain an LAD arrangement for its new and renewal business. CAARP is proposing to amend the Plan of Operations to require any company receiving assignments, or which will receive assignments for the first time, and which has an A.M. Best rating of B or below (including not rated) to enter into an LAD arrangement. This proposal will also clarify that the Commissioner has the power to require a company enter into an LAD arrangement when there is cause.

CA 11-04

Currently CAARP’s commercial servicing carriers have no recourse when an insured does not provide a producer of record. Sections 51 and 44 of the Plan of Operations allow for the cancellation of the policy when certain supporting documentation was not provided. It did not, however, provide a remedy when a policyholder failed to submit a producer of record. CAARP is proposing an amendment that will allow the servicing carrier to cancel a policy when the policyholder has failed to identify a producer of record. This will ensure the policyholder, servicing carrier and any drivers that would be impacted will be properly protected.

COMPARABLE FEDERAL LAW

There are no comparable existing federal regulations or statutes.

LOCAL MANDATE DETERMINATION

The Insurance Commissioner has initially determined that the proposal will not result in any new program mandates on local agencies or school districts.

MANDATES ON LOCAL AGENCIES OR SCHOOL DISTRICTS OR COSTS WHICH MUST BE REIMBURSED PURSUANT TO GOVERNMENT CODE SECTIONS 17500 THROUGH 17630

The Insurance Commissioner has initially determined that the proposal will not result in any cost or significant savings to any local agency or school district for which Part 7 (commencing with Section 17500) of Division 4 of the Government Code would require reimbursement, or in other nondiscretionary costs or savings to local agencies.

COST OR SAVINGS TO ANY STATE AGENCY; FEDERAL FUNDING

The Commissioner has determined that the proposed regulation will result in no cost or savings to any state agency and no cost or savings in federal funding to the state.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES AND THE ABILITY OF CALIFORNIA BUSINESSES TO COMPETE

The Commissioner has initially determined that the proposal will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This proposal will have no effect on the creation or elimination of jobs in California, the creation of new businesses, the elimination of existing businesses in California, or the expansion of businesses in California.

COST IMPACT ON PRIVATE PERSONS OR ENTITIES

CA-09-07 Consumers using a certified producer who does not file an application via EASi may have an incomplete application submitted. This could cause a delay in coverage.

IMPACT ON HOUSING COSTS

The Insurance Commissioner has initially determined that the proposal will not affect housing costs.

IMPACT ON SMALL BUSINESS

A policyholder who does not provide the proper documentation will be cancelled. The policyholder will be without coverage, thus impacting his or her business.

SPECIFIC TECHNOLOGIES OR EQUIPMENT

A certified producer who wishes to participate in the EASi will have to secure an internet connection.

ALTERNATIVES

The Insurance Commissioner must determine that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

PLAIN ENGLISH

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Pursuant to California Insurance Code Section 11624, the Commissioner establishes rates to be charged to those obtaining commercial automobile coverage through CAIP. Section 11624 provides: "Pre-

mium charges for the plan shall not be excessive, inadequate, nor unfairly discriminatory, and shall be actuarially sound so as to result in no subsidy of the plan." Title 10, California Code of Regulations, §2498.4.9 references the commercial automobile rate manual, which is approved by the Commissioner but not printed in full in the California Code of Regulations.

The Commissioner is holding the hearing referenced above to accept comments on CAARP's recent rate application. CAARP has proposed rate changes for five CAIP sub-lines, amounting to an overall average **17.5 percent rate increase**. The five sub-lines are

- Trucks, Tractor and Trailers;
- Taxis, Limousines and Van Pools;
- All Buses Combined;
- Zone Rated Risks and
- Employers Non-Ownership Liability.

The proposed changes are shown on the attached Explanatory Memorandum. Further details appear in the rate application on file with the Commissioner and available for review as set forth below.

COMPARABLE FEDERAL LAW

MANDATES ON LOCAL AGENCIES OR SCHOOL DISTRICTS OR COSTS WHICH MUST BE REIMBURSED PURSUANT TO GOVERNMENT CODE SECTIONS 17500 THROUGH 17630

The Insurance Commissioner has initially determined that the application will not result in any cost or significant savings to any local agency or school district for which Part 7 (commencing with Section 17500) of Division 4 of the Government Code would require reimbursement, or in other nondiscretionary costs or savings to local agencies.

COST OR SAVINGS TO ANY STATE AGENCY; FEDERAL FUNDING

The Commissioner has determined that the application will result in no cost or savings to any state agency and no cost or savings in federal funding to the state.

SIGNIFICANT STATEWIDE ADVERSE
ECONOMIC IMPACT ON BUSINESSES
AND THE ABILITY OF CALIFORNIA
BUSINESSES TO COMPETE

CAARP is proposing overall rate increases for Trucks, Tractor and Trailers; Taxis, Limousines and Van Pools; All Buses Combined; Zone Rated Risks and Employers Non-Ownership Liability. Although the number of commercial auto applications placed by CAARP is small, the proposed rate changes could have a statewide economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The proposed rate changes could also impact competition or competitiveness. The proposal could also affect the creation or elimination of jobs in California, the creation of new businesses, the elimination of existing businesses, or the expansion of businesses in California. However, California Insurance Code section 11624(e) requires that premium charges for the plan shall be actuarially sound so as to result in no subsidy of the plan by the voluntary market. Therefore, if and to the extent that CAARP is able to demonstrate that certain existing rates are no longer actuarially sound and that rate increases are warranted, the Commissioner is required to approve increased rates. Of course, the Commissioner also recognizes that section 11624(e) requires that rates not be excessive, and the Commissioner will not approve an increase that results in excessive rates.

COST IMPACTS ON PRIVATE PERSONS
OR ENTITIES

The Insurance Commissioner has determined that there could be potential cost impacts on businesses directly affected by the proposed rate increases. Although the rate application involves commercial automobile insurance rates, to the extent a rate increase impacts business, it could also impact private persons employed by those businesses. The rate increase could also impact private persons wishing to purchase goods or services from businesses if the price of goods or services is increased to cover the increased cost of insurance coverage.

IMPACT ON HOUSING COSTS

The Insurance Commissioner has initially determined that the application will not affect housing costs.

IMPACT ON SMALL BUSINESS

The proposed rate changes could affect small businesses.

SPECIFIC TECHNOLOGIES OR EQUIPMENT

The application would not mandate the use of specific technologies or equipment.

ALTERNATIVES

The Insurance Commissioner must determine that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

PLAIN ENGLISH

The application describing the proposal is in plain English. However, the application itself is based on technical actuarial principles.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Motorcyclist (CAARP Filing Number CA 11–01)

CAARP is proposing a rate decrease for motorcyclists. On average, the rates for motorcyclists will decrease approximately 11% for operators less than 25 years of age and approximately 30% for all others.

Rate Manual (CAARP Filing Number CA 11–03)

With the advent of EASi and Internet-based manuals, the cost-benefit of producing multi-paged payment and rate schedules has diminished. CAARP proposes to amend Rule 21 to provide rating instructions and delete overlapping classifications. Rules 23, 25 and 26 are amended to convert percentages to factors. Rules 27

and 28 are amended to convert percentages to factors and to reflect the revised rating procedure. The rating worksheet in Rule 29 is deleted. These changes will allow the rating manual to be more intuitive for certified producers and display better on the internet, eliminating confusion when calculating the premium.

Named Nonowner (CAARP Filing Number CA 11–05)

CAARP currently offers named nonowner liability coverage to individuals who do not own an auto. CAARP is proposing a rate increase to those policyholders. The proposed rate increase will impact those policyholders whose driver description and usage is classified under Pleasure Use. Policyholders who are rated Male Operator Under 25 Years of Age (Class N3) will see an increase of 30% (.45 to .60). Policyholders who are rated No Male Operator Under 25 Years of Age (Class N4) would see an increase of 100% (.30 to .60).

Territory Updates (CAARP Filing Number CA 11–06)

CAARP is proposing to update the private passenger and commercial auto territory listings (zip codes). Since the last update, the United States Postal Service has added two additional zip codes for the cities of Fresno and Discovery Bay. The proposed changes will reflect the additional zip codes and will have no impact on premiums.

COMPARABLE FEDERAL LAW

There are no comparable existing federal regulations or statutes.

LOCAL MANDATE DETERMINATION

The Insurance Commissioner has initially determined that the proposal will not result in any new program mandates on local agencies or school districts.

MANDATES ON LOCAL AGENCIES OR SCHOOL DISTRICTS OR COSTS WHICH MUST BE REIMBURSED PURSUANT TO GOVERNMENT CODE SECTIONS 17500 THROUGH 17630

The Insurance Commissioner has initially determined that the proposal will not result in any cost or significant savings to any local agency or school district for which Part 7 (commencing with Section 17500) of Division 4 of the Government Code would require reimbursement, or in other nondiscretionary costs or savings to local agencies.

COST OR SAVINGS TO ANY STATE AGENCY; FEDERAL FUNDING

The Commissioner has determined that the proposed regulation will result in no cost or savings to any state

agency and no cost or savings in federal funding to the state.

SIGNIFICANT STATEWIDE ADVERSE
ECONOMIC IMPACT ON BUSINESSES
AND THE ABILITY OF CALIFORNIA
BUSINESSES TO COMPETE

The Commissioner has initially determined that the proposal will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This proposal will have no effect on the creation or elimination of jobs in California, the creation of new businesses, the elimination of existing businesses in California, or the expansion of businesses in California.

COST IMPACT ON PRIVATE PERSONS
OR ENTITIES

Motorcyclist rates will be reduced. Drivers classified in the nonowner pleasure use category will see a rate increase.

IMPACT ON HOUSING COSTS

The Insurance Commissioner has initially determined that the proposal will not affect housing costs.

IMPACT ON SMALL BUSINESS

The matter proposed herein will affect insurance companies and therefore will not affect small business (Gov. Code Section 11342.610(b)(2)).

SPECIFIC TECHNOLOGIES OR EQUIPMENT

The proposal would not mandate the use of specific technologies or equipment.

ALTERNATIVES

The Insurance Commissioner must determine that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

Authority and Reference: Pursuant to the authority vested by Sections 1000–4(b), 1000–4(e) and 1000–10 of the Business and Professions Code (Chiropractic Initiative Act of California Stats. 1923 p. 1xxxviii) and Sections 104 and 475 of the Business and Professions Code and to implement, interpret or make specific Sections 1000–4(b), 1000–5, 1000–7, 1000–10 and 1000–12 of the Business and Professions Code (Chiropractic Initiative Act of California Stats. 1923 p. 1xxxviii) and Sections 104, 136, 141, 475, and 480 of the Business and Professions Code; the board is considering changes to Title 1.6, Division 4, of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

The Chiropractic Initiative Act Section 1000–4(b) authorizes the board to adopt regulations as they may deem proper and necessary for the performance of its work, the effective enforcement and administration of this act, the establishment of educational requirements for license renewal, and the protection of the public.

This proposal would make regulatory changes to enhance the board’s enforcement and administrative processes by defining terms in regulation, establishing reporting and disclosure requirements, and amending regulations specific to its disciplinary guidelines and applicant requirements. These changes would increase the Board’s enforcement authority and access to critical information for use in investigations to improve efficiency in enforcement processes and procedures for enhanced consumer protection.

The Board is proposing to make the following changes:

1. Amend Section 303.

This proposal would amend Section 303 to include a requirement for all licensees to file a current and accurate e-mail address with the Board and notify the Board of any changes of the e-mail address, giving both the old and new e-mail address within 30 days of the change.

2. Amend Section 304.

This proposal would amend Section 304 to define any disciplinary action taken against a licensee by another licensing entity, authority of any state, agency of the federal government, United States Military, or a foreign government as unprofessional conduct. This section would define disciplinary action as any revocation, suspension, probation, or reprimand of a professional license.

3. Amend Section 308.

This proposal would amend Section 308 to define the use of a pocket license and establish display requirements for pocket and wall licenses.

4. Add Section 317.2.

This section would prohibit the inclusion of gag clauses in civil agreements arising from disputes related to the chiropractor’s practice and define a violation of this section as unprofessional conduct.

5. Add Section 317.3.

This section would set forth licensee reporting requirements for indictments, felony charges and convictions and define a failure to comply with these requirements as unprofessional conduct.

6. Add Section 321.1.

This section would establish the Board’s authority to require applicants suspected of impairment due to a mental or physical illness to be examined for competen-

cy and grant the Board authority to deny applicants based on the results of such examination. This section would direct the Board to pay the full cost of the examination. Lastly this section would establish consequences for non-compliance.

7. Add Section 390.7.

This section would mandate the Board to revoke a license for any act of sexual contact as defined in subdivision (c) of Section 729 of the Business and Professions Code. This section would also prohibit a proposed decision from containing a stay of the revocation.

8. Add Section 390.8.

This section would require the Board to take specified administrative and disciplinary actions against individuals who are required to register as a sex offender. This section would also define exemptions to these requirements.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Non-discretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500 through 17630 Requires Reimbursement: None.

Business Impact:

The Board initially determined that the proposed regulation would not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

Impact on Jobs/New Businesses:

The Board has determined that this regulatory proposal will not have any impact on creation of jobs or businesses or the elimination of jobs or existing businesses or the expansion of businesses in California.

Cost Impact on Representative Private Person or Business:

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None.

Effect on Small Business:

The board has determined that this regulatory proposal will not impose a cost to small businesses.

The proposed regulations will primarily impact applicants for chiropractic licensure in California and licensees who have been disciplined by another entity or who have criminal records by setting forth disclosure

requirements. There would be no additional costs for small businesses to comply with the disclosure requirements in the proposed regulations.

CONSIDERATION OF ALTERNATIVES

The board must determine that no reasonable alternative that is considered or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposal described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.
