SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 1012
 Sections Filed, January 30, 2013 to June 26, 2013 1016

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002–931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. “Periodicals Postage Paid in Saint Paul, MN.” **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

**PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 2. CALIFORNIA EARTHQUAKE
AUTHORITY**

**NOTICE OF INTENTION
TO AMEND THE
CONFLICT OF INTEREST CODE
OF THE CALIFORNIA
EARTHQUAKE AUTHORITY**

NOTICE IS HEREBY GIVEN that the California Earthquake Authority, pursuant to the authority vested in it by Government Code section 87306, proposes to amend its Conflict of Interest Code. The purpose of the amendment is to implement the requirements of Government Code sections 87300 through 87302 and 87306.

The California Earthquake Authority proposes to amend its Conflict of Interest Code to include employee positions that involve the making of, or participation in the making of, decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code.

The proposed amendment adds the position of Chief Information Officer. The amendment also makes a non-substantive change to the Conflict of Interest Code by requiring the Chief Mitigation Officer to file directly with the Fair Political Practices Commission as required by California Insurance Code §10089.7(h)(2)(i). Copies of the amended code are available and may be requested from the Contact Person, below.

Any interested person may submit written statements, arguments, or comments relating to the proposed amendments by submitting them in writing no later than August 19, 2013, or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person, below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public

hearing, he or she must do so no later than August 5, 2013, by contacting the Contact Person, below.

The California Earthquake Authority has prepared a written explanation of the reasons for the proposed amendments (Initial Statement of Reasons) and has available the information on which the amendments are based. Copies of the proposed amendments, the Initial Statement of Reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person, below.

The California Earthquake Authority has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses, or small businesses.

In making these proposed amendments, the California Earthquake Authority must determine that no alternative considered would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

Contact Person: Direct all inquiries concerning this proposed amendment and any communication required by this notice to:

Ms. Niel Hall
California Earthquake Authority
801 K Street, Suite 1000
Sacramento, CA 95814
Telephone: (916) 325-3800
E-mail: halln@calquake.com

**TITLE 2. FAIR POLITICAL
PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict of interest codes, will review the proposed/amended conflict of interest codes of the following:

CONFLICT OF INTEREST CODES

AMENDMENT

MULTI-COUNTY

AGENCY: San Francisco Bay Area
Rapid Transit (BART)
Sonoma County Junior
College District

STATE AGENCY: Department of Resources
Recycling and Recovery

A written comment period has been established commencing on **July 5, 2013** and closing on **August 19, 2013**. Written comments should be directed to the Fair Political Practices Commission, Attention Adrienne Tackley, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict of interest code(s) will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict of interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director of the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict of interest code(s). Any written comments must be received no later than **August 19, 2013**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are

not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS
AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict of interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict of interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict of interest code(s) should be made to Adrienne Tackley, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT OF
INTEREST CODES

Copies of the proposed conflict of interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Adrienne Tackley, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**TITLE 16. DENTAL HYGIENE
COMMITTEE OF CALIFORNIA**

NOTICE IS HEREBY GIVEN that the Dental Hygiene Committee of California is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the:

Department of Consumer Affairs
 1st Floor Hearing Room
 2005 Evergreen Street
 Sacramento, California on

August 21, 2013

10:00 a.m.

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Dental Hygiene Committee of California (Committee) at its office not later than 5:00 p.m. on August 21, 2013, or must be received by the Committee at the hearing. The Committee, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person, and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE

Pursuant to the authority vested by Sections 1905, 1906, 1909 and 1944 of the Business and Professions Code, and to implement, interpret or make specific Sections 1905, 1909 and 1944 of the Business and Professions Code, the Committee is considering changes to Division 11 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST

A. Informative Digest

Business and Professions Code Section 1906 authorizes the Dental Hygiene Committee of California (Committee) to adopt, amend and repeal such rules and regulations as may be reasonably necessary to enable the Committee to effect the provisions of Business and Professions Code 1900–1966.6. This proposal would specify requirements for Committee approval of courses in soft tissue curettage, administration of local anesthesia and administration of nitrous oxide used as an analgesic to assist course provider applicants to achieve approval to give these courses. There are currently no regulations in this area and the Committee is proposing the following:

- Adopt Sections 1107 and 1108 of Division 11, Title 16 of the California Code of Regulations

Existing statute, Business and Professions Code Section 1909 authorizes a registered dental hygienist to perform soft tissue curettage, administration of local anesthesia, and administration of nitrous oxide under the direct supervision of a licensed dentist after submitting evidence of successful completion of a Committee–approved course of instruction. All California dental hygiene educational programs contain this instruction; however, only 14 other states allow dental hygienists to perform all three duties. Educational programs in the 36 states that do not allow hygienists to perform the three duties would not provide this necessary instruction. The state of New York only allows dental hygienists to give local anesthetic injections in the maxillary (upper) sector of the oral cavity, not the mandibular (lower), therefore the educational programs in that state do not provide clinical instruction in giving mandibular local anesthesia. California consumers need to know that all dental hygiene licensees have successfully completed instruction in all aspects of these allowable duties and have demonstrated the ability to safely perform them on patients before issuance of their California dental hygiene license. Approximately 100 registered dental hygienist applicants per year who graduate from out-of-state educational programs that do not contain this instruction must take a course containing the three expanded duties before becoming licensed. This amounts to less than 14% of all California dental hygiene license applicants annually. In the past, the Committee has approved course providers under its statutory authority on a case-by-case basis. Approved course providers and course provider applicants seeking approval have recommended regulations be pursued to specify what a course provider applicant needs to submit for the Committee’s review in order to gain approval.

The Committee is proposing regulations that would establish the requirements for approval of educational courses in the administration of local anesthesia agents, administration of nitrous oxide–oxygen analgesia, and periodontal soft tissue

curettage by establishing a standard application form for course providers to use to apply for approval (DHCC SLN-03 05/2013), which is incorporated by reference. These proposed regulations would require the Committee to provide denied course provider applicants with the specific reasons for denial within 90 days, giving timely direction to applicants so they may correct any deficiencies in the application. The proposed regulations provide for course review and withdrawal of approval, and require each approved course provider to submit a biennial report on form DHCC SLN-01 (05/2013), which is incorporated by reference. These requirements would ensure that all approved course providers continue to meet the requirements contained in the regulations. The proposed regulations specify requirements for administration, faculty, facilities and equipment, general and specific curriculum content, recordkeeping and student learning resources, and establish a standard certificate of completion form to be used by all approved providers to certify a student's successful course completion (DHCC SLN-02 (05/2013)), which is incorporated by reference.

B. Policy Statement Overview/Anticipated Benefits of Proposal

The Dental Hygiene Committee of California's (Committee) policy is to promulgate regulations for the protection of California consumers. When there is no impact on consumers, the Committee endeavors to pursue regulations that are not burdensome to licensees. This proposal protects California consumers by ensuring that all licensed registered dental hygienists are educated and trained to the same standard in the three expanded functions duties, regardless of which state they graduated from.

Protection of the public is the Committee's primary mission. These regulations benefit the public by specifying the content and administration of courses in soft tissue curettage, administration of local anesthesia and administration of nitrous oxide, so that dental consumers are protected from dental hygiene licensees who may have graduated from other states without this education and training and cause harm to patients through their lack of knowledge of these duties.

These regulations benefit students of the courses by specifying faculty, facility and health and safety instructional requirements. Students coming from other states are not familiar with California's stringent infection control, hazardous waste management and blood-

borne and infectious disease control protocols. These regulations ensure that students who take a Committee-approved course will receive instruction from qualified licensed faculty in an educationally optimal environment to learn correct protocols and procedures to perform the duties safely on California consumers.

The proposal benefits course provider applicants by standardizing the application process, so applicants know exactly what is needed to apply for and maintain approval to give the course.

C. Consistency and Compatibility with Existing State Regulations

This Committee has evaluated this regulatory proposal and it is not inconsistent or incompatible with existing State regulations.

INCORPORATION BY REFERENCE

Documents incorporated by reference:

1. Application for Approval of a Course in Local Anesthesia, Nitrous Oxide-Oxygen Analgesia and Periodontal Soft Tissue Curettage (SLN-01 05/13)
2. Report of a Course in Local Anesthesia, Nitrous Oxide-Oxygen Analgesia and Periodontal Soft Tissue Curettage (SLN-03 05/13)
3. Certification in Administration of Local Anesthesia, Nitrous Oxide-Oxygen Analgesia, and Periodontal Soft Tissue Curettage (SLN-02 05/13)

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500 -17630 Requires Reimbursement: None.

Business Impact: The Committee has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Cost Impact on Representative Private Person or Business: The Committee is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Committee has determined that the proposed regulations would not have a significant economic impact on small businesses unless those small businesses were course provider applicants. This regulation would require that course providers operating such businesses pay a \$300 one-time application fee to be approved to provide the courses. The three existing course providers charge each student a one-time fee of approximately \$4,500 to take the course. If each course provider teaches the course to 10 students annually (10% of the total current annual need), the one-time cost of the application becomes less than 3% of the annual fees that the course provider collects from students taking the Committee-approved course.

RESULTS OF ECONOMIC IMPACT
ASSESSMENT/ANALYSIS

Impact on Jobs/Businesses:

The Committee has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Benefits of Regulation:

The Committee has determined that this regulatory proposal will have the following benefits to health and welfare of California residents, worker safety and state's environment:

This regulation will benefit the state's environment and the health of California residents and workers by ensuring that all registered dental hygienist licensees have received education and training in the safe administration of local anesthesia, nitrous oxide-oxygen used as an analgesic and soft tissue curettage, as well as in California's infection control procedures, hazardous waste management practices and bloodborne and infectious disease control protocols.

CONSIDERATION OF ALTERNATIVES

The Committee must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS
AND INFORMATION

The Committee has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the Dental Hygiene Committee of California at 2005 Evergreen Street, Suite 1050, Sacramento, California 95815.

AVAILABILITY AND LOCATION OF
THE FINAL STATEMENT OF REASONS AND
RULEMAKING FILE

All the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the website listed below.

CONTACT PERSON

Inquiries or comments concerning the proposed rulemaking action may be addressed to:

Name: Lori Hubble, Executive Officer
Address: 2005 Evergreen Street, Suite 1050
Sacramento, CA 95815
Telephone No.: (916) 263-1978
Fax No.: (916) 263-2688
E-mail Address: Lori.Hubble@dca.ca.gov

The backup contact person is:

Name: Donna Kantner
Address: 2005 Evergreen Street, Suite 1050
Sacramento, CA 95815
Telephone No.: (916) 576-5003
Fax No.: (916) 263-2688
E-Mail Address: Donna.Kantner@dca.ca.gov

Website Access: Materials regarding this proposal can be found at the Committee's website: www.dhcc.ca.gov.

TITLE 17. DEPARTMENT OF DEVELOPMENTAL SERVICES

BEHAVIORAL SERVICES REGULATIONS

The Department of Developmental Services (Department) proposes to amend Title 17, California Code of Regulations, Division 2, Chapter 3, Subchapter 2: Vendorization; and Subchapter 7: Nonresidential Service Vendor Rate, by amending §§54342 and 57332.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the Department. The written comment period closes at 5:00 p.m. on August 19, 2013. Please submit any written comments to the Department's contact person designated below.

PUBLIC HEARING

The Department will not schedule any public hearings. However, any interested person, or his or her duly authorized representative, may request in writing, no later than 15 days prior to the close of the written comment period, a public hearing pursuant to §11346.8 of the Government Code.

AUTHORITY AND REFERENCE

Authority cited: §§4405, 4648(a), and 4690, Welfare and Institutions Code; and §11152, Government Code. Reference: §§4631, 4648(a), 4690, 4691, and 4691.6, Welfare and Institutions Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Currently, the Department provides Behavioral Services to consumers receiving regional center services. Behavioral Services provide instruction and environmental modifications to promote positive behaviors and reduce behaviors that interfere with learning and social interaction. Behavioral Services can include designing, implementing and evaluating teaching methods, consultation with specialists, and behavioral interventions. It can also include training for consumers and/

or parents on the use of behavioral intervention techniques and home-based behavioral intervention programs that are implemented by parents for their children. Department regulations establish qualifications for professionals delivering these services.

Spending on Behavioral Services has increased steadily. In fiscal year (FY) 2011–2012, nearly \$264 million was spent to provide these services to over 24,000 consumers. In FY 2012–2013, the Department anticipates spending over \$290 million on Behavioral Services.

Due to the ongoing fiscal crisis in California, the Department's budget has been significantly reduced. During the development of the FY 2011–2012 budget, the Department received input from workgroups comprised of representatives from regional centers, service providers, advocacy groups, consumers and family members to develop proposals to reduce or restrict General Fund growth in the Department's budget. During these workgroup meetings, the participants determined that allowing qualified paraprofessionals to provide intervention services would result in cost savings. Members expressed confidence that college undergraduates educated in a field relevant to behavioral intervention, and high school graduates with experience working with people with developmental disabilities could, with sufficient supervision and training, provide some intervention services. Because these workers would be paraprofessionals operating within a group practice, the rate of pay could be lower while maintaining the quality and consistency of the service. The Department proposes to amend regulations relevant to behavioral services by providing a new category of professional. Service Code 616 — Behavior Management Technician (Paraprofessional) will be added to Title 17, California Code of Regulations (CCR), and will specify necessary qualifications, professional supervision requirements, and establish a rate, thus reducing General Fund growth in the Department's budget. It is the intent of the Department that the proposed action will benefit the health and welfare of California residents, who are regional center consumers and their families, by broadening the field of professionals, thus increasing accessibility of services to consumers.

The Department has evaluated the proposed action and is not aware of any state regulations with which these regulations would be inconsistent and/or incompatible. The Department has evaluated internal and external regulations and has determined that the proposed regulations are consistent and compatible with these regulations. For example, the proposed regulations establish a rate for the newly established service, thus achieving critical cost saving measures. This action is consistent and compatible with Title 17, CCR, §57300

which states that the Department can set the maximum rates of reimbursement for nonresidential services.

EFFECT ON SMALL BUSINESS

The Department has determined that the proposed regulations will not adversely affect small businesses. The proposed regulations do not change any current business requirements for financial management services.

INITIAL LOCAL MANDATE AND FISCAL IMPACT DETERMINATIONS

The Department has determined that the proposed regulatory actions do not impose 1) a mandate on local agencies or school districts, 2) significant costs to any state agency, 3) cost to any local agency or school district that must be reimbursed in accordance with §§17500 through 17630 of the Government Code, and 4) other nondiscretionary costs or savings imposed on local agencies.

The Department does anticipate significant savings to the state and a corresponding reduction in federal reimbursement, therefore achieving a significant cost savings in federal funding to the State.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS/ASSESSMENT

Based on the Department's findings, it is unknown whether the proposed action will have an economic effect on the creation or elimination of jobs. While the creation of a new category of professional would likely create new jobs, rather than eliminate them, it is unknown how many new professionals will actually be established given that the provision of these services is voluntary. The proposed action allows (but does not require) regional center vendors to employ a new category of professional, the Behavior Management Technician (Paraprofessional). The proposed action may create new businesses within the state, as the proposed action will allow regional centers to vendorize new providers. The proposed action may expand businesses currently doing business within the State of California, as current vendors may expand their business by employing the new category of professional. The Department does not anticipate that the proposed action will eliminate business.

Further, it is the intent of the Department that the proposed action will benefit the health and welfare of California residents, who are regional center consumers

and their families, by broadening the field of professionals, thus increasing accessibility to behavioral services. The proposed action does not impose any new impact on worker safety and the state's environment, as these services are already being provided and the proposed action will simply allow a new category of professional to provide the service.

ECONOMIC IMPACT AND BUSINESS ASSESSMENT

The Department has determined that the proposed regulations would not have 1) a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states; or 2) a significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ALTERNATIVES CONSIDERED

In accordance with §11346.5(a)(13) of the Government Code, the Department has determined that no reasonable alternatives were identified or brought to the attention of the agency which would be more effective in carrying out the purpose for which the action is proposed; would be as effective and less burdensome to affected private persons than the proposed action; or, would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law. The proposed action is not prescriptive as the use of the regulations' proposed professional category is voluntary. Because the proposed action does not prescribe specific actions or procedures, the imposition of performance standards was not considered as an alternative.

The Department invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the written comment period.

CONTACT PERSONS

General and substantive comments and inquiries concerning the proposed action may be directed to:

Department of Developmental Services
Children and Family Services Branch
1600 Ninth Street, Room 330, MS 3-22
Sacramento, California 95814
Attention: Hilary Sisson
Phone: (916) 654-1470
Facsimile: (916) 654-3255
Email Address: hilary.sisson@dds.ca.gov

Should Ms. Sisson be unavailable, you may also contact JoEllen Fletcher, Chief, Health Development Section, at (916) 654-2133.

AVAILABILITY OF RULEMAKING DOCUMENTS

The Department has prepared and has copies ready for public review of the exact text of the proposed regulations, the Initial Statement of Reasons for the proposed regulations, and all the information upon which the proposed regulations are based.

Copies of the Notice, Initial Statement of Reasons and text of the proposed regulations will be made available through the Department's website at www.dds.ca.gov.

All other public records, reports, documentation or other material related to the proposed regulations will be contained in the rulemaking file and will be available for inspection and copying throughout the rulemaking process from the contact person at the above address.

Regulation text which is being added or amended is indicated by underline, and deletions are indicated by strikeout, as required by §11346.2(a)(3) of the Government Code.

Upon completion, the Final Statement of Reasons will be made available by either contacting the person above or through the Department's website.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

After the close of the comment period, the Department may adopt the proposed regulations as described in this notice. If the Department makes modifications that are sufficiently related to the originally proposed text, it will make the modified text, with changes clearly indicated, available for public comment at least 15 days before the Department adopts the regulations as revised. Request for the modified text should be made to the contact person named above.

TITLE 23. DEPARTMENT OF WATER RESOURCES

CHAPTER 5.1 WATER CONSERVATION ACT OF 2009

NOTICE OF PROPOSED RULEMAKING Related to Rulemaking File #2011-1219-04C

NOTICE IS HEREBY GIVEN that the Department of Water Resources (Department) proposes to adopt the proposed regulation described below after considering comments, objections, and recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

This proposed regulation is a Certificate of Compliance rulemaking following the rulemaking file #2011-1219-04C. The Department proposes to amend Chapter 5.1, Sections 597, Aggregated Farm-Gate Delivery Report Form (Rev. 6-20-2013, incorporated by reference), Division 2 of the California Code of Regulations.

This proposed amendment would modify the Agricultural Aggregated Farm-Gate Delivery Reporting Format for Article 2 (Rev. 7-05-2013) from a fiscal year format (June-July) to a calendar year format (January-December). The revised Form would be required to be used beginning July 31, 2014.

OPPORTUNITY FOR PUBLIC COMMENT

WRITTEN COMMENT PERIOD

The opportunity to submit written comment begins July 5, 2013 and closes at 5:00 p.m., August 21, 2013.

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action.

Submit written comments to:

Marty Berbach
Department of Water Resources
901 P Street, Suite 313A
Sacramento, CA 95814
Martin.Berbach@water.ca.gov

PUBLIC HEARINGS

The Department will also hold one public hearing. This hearing will be held in accordance with the requirements set forth in Government Code section 11346.8.

August 21, 2013
 9:00 a.m. to 12:00 p.m.
 Hearing Room, 1st Floor
 Bonderson Building
 901 P Street
 Sacramento, California 95814

MATERIALS RELIED UPON

1. Economic Impact Analysis June 28, 2013, for this rule amendment.

AVAILABILITY OF MATERIALS

The following materials are available for public review throughout the public comment period:

- Text of Proposed Regulation
- Notice of Proposed Rulemaking
- Initial Statement of Reasons
- Materials Relied Upon
- Form 400
- Form 399
- Final Statement of Reasons (when it is prepared)
- Final Text of Regulation

AVAILABILITY OF CHANGED OR MODIFIED TEXT

After holding the hearing and considering all timely and relevant comments, and responding to any comments as necessary, the Department may adopt the proposed regulations substantially as described in this notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Please send requests for copies of any modified regulations to the attention of Marty Berbach at the address indicated above.

The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AUTHORITY AND REFERENCE

The modification of the Form is necessary and helps the agricultural water suppliers to comply with the regulation and to implement the requirements of the Water Code listed here:

Water Code Section §10608.48(b), paragraphs (1) and (2) specify agricultural water suppliers’ reporting of aggregated farm-gate water delivery and adopting a volumetric water pricing structure as the purposes of water measurement.

Water Code Section 531.10 (AB 1404, 2007) requires agricultural water suppliers to report aggregated farm-gate delivery to DWR. Section 531.10(a) requires that “An agricultural water supplier shall submit an annual report to the department that summarizes aggregated farm-gate delivery data, on a monthly or bi-monthly basis, using best professional practices”. It also defines “aggregated farm-gate delivery” to mean “information reflecting the total volume of water an agricultural water supplier provides to its customers and is calculated by totaling its deliveries to individual customers”.

Water Code Section 10608.48(i) authorizes the Department to adopt regulations concerning these water measurement reports.

The Aggregated Farm-Gate Delivery Form is incorporated by reference into §597 of the Agricultural Water Measurement regulation that was finalized in July 2012.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Agricultural Water Measurement Regulation (Regulation) approved by the Office of Administrative Law on July 11, 2012 (Rulemaking File #2011-1219-04C) contains the Agricultural Aggregated Farm-Gate Delivery Reporting Format for Article 2 (rev. 6-20-2012) incorporated by reference in Title 23 CCR 597. The purpose of the regulation was to provide a range of water measurement options that agricultural water suppliers may use or implement to comply with the measurement requirement in paragraph (1) of subdivision (b) of Water Code Section 10608.48.

Section 10608 (e) of the Water Code declares that “the success of state and local water conservation programs to increase efficiency of water use is best deter-

mined on the basis of measureable outcomes related to water use or efficiency”. Section 10608.48 requires implementation of specific efficient water management practices (EWMP) for agricultural water use. Section 10608.48(b) specifically deems two of the EWMPs as critical and that agricultural water suppliers shall implement them: (1) measuring the volume of water delivered to customers with sufficient accuracy (the subject of this regulation), and (2) adopting a pricing structure for water customers based at least in part on quantity delivered. This regulation provides a range of water measurement options that allow agricultural water suppliers to implement the critical EWMPs to comply with the requirements of Section 10608.48 (b).

During the final stage of the adoption of the Regulation by the California Water Commission, DWR received some informal comments requesting revision of the Form from fiscal year (July through June) to calendar year (January to December). After the approval of the regulation, the Department received additional comments requesting the change.

The specific benefit anticipated by the proposed rule amendment is to provide an Agricultural Aggregated Farm–Gate Delivery Reporting Format for Article 2 (Rev. 7–05–2013) from a fiscal year format (June–July) to a calendar year format (January–December). This amendment would promote fairness, and increase the openness and transparency in business and government. The calendar format is more easily understood by the public and agricultural water districts. It would be more user–friendly for agricultural water districts to comply with the regulation in a timely manner. A form that uses a calendar year format would allow for agricultural water districts up to 6 months to aggregate water delivery data from the previous year, and to submit the data to the Department by July 31 the next year.

The Department has conducted a review and has determined that the proposed regulations are neither inconsistent nor incompatible with existing state regulations.

Objectives of the Proposed Regulation

The objective of the proposed regulation amendment is to have a Form that reflects a calendar year and is better understood by agricultural water suppliers. Additionally, the agricultural water suppliers will have up to seven months to compile their water delivery data from January to December of the calendar year and submit it to the Department by July of the subsequent year. Currently agricultural water suppliers have to report to the State Water Resources Control Board, Division of Water Rights, on their diversions on a calendar year (Jan–Dec) basis. Therefore, the Department has revised the calendar of the Form as follows:

- Change format from fiscal year (July–June) to calendar year (January–December).
- The revised form is to be submitted by July, 2014, for 2013 calendar year data.
- All other parts of the form remain the same. The annual date of submittal is unchanged.

Incorporated by Reference Form: Agricultural Aggregated Farm–Gate Delivery Reporting Format for Article 2 (Rev. 7–05–2013.)

Comparable Federal Regulation or Statutes

The United States Bureau of Reclamation Conservation and Efficiency Criteria (2011) — Public Law 102–575, §3405 (e). This law applies only to federal water contractors.

DISCLOSURES REGARDING THE PROPOSED ACTION

DETERMINATION OF NO MANDATE

The proposed regulation does not impose a mandate on local agencies or school districts.

ESTIMATE OF COSTS OR SAVINGS

This is not a new regulation, and is a non–substantial modification of an existing regulation. Only Agricultural water suppliers that provide water to more than 2,000 acres of irrigated land are subject to this regulation.

<u>Costs or Savings to Any State Agency:</u>	None.
<u>Cost to Any Local Agency or School District that is required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4, Government Code:</u>	None.
<u>Other Nondiscretionary Costs or Savings Imposed on Local Agencies:</u>	None.
<u>Costs or Savings in Federal Funding to the State:</u>	None.

COST IMPACTS ON A REPRESENTATIVE PRIVATE PERSON OR BUSINESS

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

There is no anticipated cost to the agricultural water suppliers associated with complying with the regulation amendment.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS

The proposed regulation for Aggregated Farm–Gate Delivery Form amends an existing regulation that does

not substantially change reporting requirements. Therefore, this amendment will not:

- Create or eliminate jobs within California;
- Create or eliminate existing businesses within California;
- Affect the expansion of businesses currently doing business within California;
- Will not have any effect on the health and welfare of California residents, worker safety, and the state's environment.

SIGNIFICANT/STATEWIDE BUSINESS
IMPACT DETERMINATION

The Department has made an initial determination that the proposed regulations will not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

REPORTS REQUIRED FROM BUSINESSES

The proposed regulation amendment for Aggregated Farm–Gate Delivery Reporting does not apply to private businesses. It will require reporting on water measurement by agricultural water suppliers, most of which are public agencies. This is not a new requirement, and is an existing cost, and there will not be any new additional costs.

SIGNIFICANT EFFECT ON HOUSING COST

None.

SMALL BUSINESS DETERMINATION

The proposed regulation amendment is not likely to affect small businesses. This amendment would not make any specific new requirements to small businesses. This amendment would not change the type or amount of data reporting to the Department by agricultural water districts, most of which are public agencies.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective as and less burdensome to affected private persons than the proposed action, or would be more cost–effective to affected private

persons and equally effective in implementing the statutory policy or other provision of law.

Interested persons may present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

FISH AND GAME COMMISSION

Revision to Previously Published Notice

In the June 21, 2013 edition of the California Regulatory Notice Register (Register 2013, No. 25Z, p. 914), the California Fish and Game Commission published a notice to amend sections 163 and 164, Title 14, CCR, regarding Commercial Herring Fishing. Revisions are being made to the Notice of Proposed Rulemaking (OAL File Number Z-2013-0611-08) as follows:

Impact of Regulatory Action/Results of the Economic Impact Analysis

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

- (a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The Department is providing the Commission analyses on three potential 2013–2014 quota options for San Francisco Bay ranging from zero to 10 percent of the 10–year average biomass estimate of 46,000 tons. The potential incremental changes to total State economic output for these three options, zero, 2,300, or a 4,600 ton quota, are \$(3,784,000), \$(659,000), and \$2,473,000, respectively, relative to 2012–2013 season’s 2,854 ton quota and the ex–vessel price/ton. Thus any quota over 2,854 tons could potentially generate incremental increases in ex–vessel landing revenues to the fishermen and increases to total economic output for the State. Conversely, an allowable quota less than 2,854 tons could result in adverse incremental impacts to Statewide economic output of \$3,784,000 and \$659,000 (in 2012 dollars), for zero and 2,300 ton 2013–2014 quotas, respectively. This is based on a total economic output multiplier of 1.899 used in calculating total economic output effects (direct, indirect, and induced) from California commercial herring fishery activity. There is a relationship between quota and economic impact which can be calculated for any quota amount by using the following formula:

$$[(\text{Proposed Quota } \$) - (\text{Prior Quota } \$)] \times 1.8996 = \text{“total economic output impact in \$”}$$

No adverse incremental economic impacts to businesses in California would occur under a quota allocation of 2,854 tons or more. Moreover, given the overriding market conditions for herring roe (declining demand overseas and lower prices), an allocation of 2,854 tons or more is not expected to affect the ability of California businesses to compete with businesses in other states.

No commercial herring fishing activity has taken place in Tomales Bay since 2007, in Humboldt Bay since 2005 and in Crescent City Harbor since 2002; thus no adverse incremental economic impacts to businesses would occur under a quota allocation of zero (0) to 30 tons, zero (0) to 60 tons, and zero (0) to 350 tons for Crescent City Harbor, Humboldt Bay, and Tomales Bay, respectively.

No adverse incremental economic impacts to fresh fish businesses in California would occur with a change to existing fresh fish regulations for herring.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of

California Residents, Worker Safety, and the State's Environment:

Any quota option over 2,854 tons will result in positive incremental contributions to employment for the State: for example, an increase of about 35 jobs for a quota of 4,600 tons. Conversely, a zero or 2,300 ton allowable quota could adversely impact as many as 243 or 9 jobs in the fishing industry and related industries. This is based on an employment multiplier of 26.7 jobs per each million dollar change in direct output from herring fishing activities, and a fleet of about 190 permittees for San Francisco Bay.

Impacts to Small Business: The Commission has determined that the amendments to sections 163 and 164, which establish a fishing quota from zero to 10 percent of the preceding year's spawning biomass, will affect small businesses. Most of the commercial herring industry consists of small businesses which are legally required to comply with the regulation and will possibly incur a detriment from the enforcement of the regulation.

The Commission anticipates benefits to the health and welfare of California residents. Providing opportunities for a herring fishery encourages consumption of a nutritious food.

The Commission does not anticipate any non-monetary benefits to worker safety.

The Commission anticipates benefits to the environment through the continued sustainable management of California's herring resources.

DEPARTMENT OF FISH AND WILDLIFE

**CALIFORNIA ENDANGERED SPECIES ACT
CONSISTENCY DETERMINATION NO.
2080-2013-004-05**

Project: Cabrillo-Santa Ynez 115kV
Reconductoring Project
Location: Santa Barbara County
Applicant: Pacific Gas and Electric Company
Notifier: Pacific Gas and Electric Company

BACKGROUND

Pacific Gas and Electric Company (Applicant) re-conductored approximately 14.5 miles of 115kV wood pole transmission line from the Cabrillo Substation in the City of Lompoc to the Santa Ynez Switching Station

in the City of Buellton just west of Highway 101 to reduce the risk of deteriorating reliability in this area (Project). The existing bare aluminum conductors were replaced with a new 115kV aluminum conductors to meet current standards. Additionally, the existing 125 wood poles were replaced with new, taller poles to support the heavier conductor. Applicant began Project construction in August of 2010 and the Project was completed on October 7, 2011.

New poles were placed in holes made with a line truck auger attachment between five and six feet deeper than the existing pole holes. The soil removed while augering each new pole hole was used to backfill the old pole hole. Two poles were located within seasonal ponds. To minimize disruption to the pond bottom, the existing wood poles were cut off at or slightly below the existing ground surface. The sawdust from the cut was collected and removed from the pond for disposal. The surface of the pond was returned to original grade using surface soil removed from the new pole location. To minimize potential effects to pond hydrology, the new pole excavation areas were backfilled with a mix of native material and a light additive mixture of bentonite clay material. The area was reviewed in the first rainy season after construction to verify that the hydrology appears unaffected.

Vegetation along portions of existing access road was trimmed or cleared to allow for equipment access. No trees were removed during vegetation clearing along roads. Chainsaws and manual clippers were used to trim and cut vegetation. Debris was shredded and spread over the roadway, or removed from access roads and disposed of outside of the action area. Tree trimming was required near four pole sites.

Portions of the Project site where ground disturbance occurred include: (1) the work area required around each pole (up to a 40-foot-by-100-foot area); (2) pull and tension sites; (3) access routes; and (4) additional staging areas, helicopter sites, and laydown areas. Grading was confined to minor resurfacing activities to re-establish existing access roads. There was no major grading or slope alteration. Approximately 0.68 mile of the existing access roads was resurfaced. Approximately 0.63 acre was re-graded to a standard width of 12 feet. Where no existing access roads occur, overland access routes used for operation and maintenance work were utilized.

The Project activities described above were expected to incidentally take¹ California tiger salamander (*Ambystoma californiense*) (CTS) where those activities took place within ponds or suitable CTS upland habitat. In particular, CTS could be incidentally taken as a result of staging and driving vehicles or equipment within suitable CTS habitat; becoming entrapped in burrows during augering, pull and tension activities, and vehicle operation across suitable upland habitat; minor grading of existing access roads; operating vehicles and equipment which results in noise and vibration within suitable habitat; and minor clearing and grading that could result in erosion and deposit of sediments or other pollutants to aquatic habitat. CTS is designated as a threatened species under the federal Endangered Species Act (ESA) (16 U.S.C. § 1531 et seq.) and a threatened species under the California Endangered Species Act (CESA) (Fish & G. Code, § 2050 et seq.). (See Cal. Code Regs., tit. 14, § 670.5, subd. (b)(3)(G).)

CTS individuals are documented as present within the Project site at known breeding ponds located at the junction of SR-246 and Campbell Road. Additionally, the 14.6-mile Project corridor falls within a 1.3-mile radius of ponds identified as potential breeding habitat by the United States Fish & Wildlife Service (Service). Two of the existing poles (69 and 70) are located within a seasonal pond identified as LOAL-2 on the Service's CTS Habitats Maps dated October 2009 (CTS Maps). Construction activities occurred at known breeding ponds and upland habitat within a 1.3-mile radius of known breeding ponds identified as LOAL-2w and LOAL-2e on the CTS Maps and within a 1.3-mile radius of potential CTS breeding ponds identified as LOMP-13, LOAL-14, LOAL-10, LOAL-66, LOAL-67, LOAL-7, LOAL-8, LOAL-9, and ZACR-10 on the CTS Maps. Because of the proximity of the nearest documented CTS, dispersal patterns of CTS, and the presence of suitable CTS habitat within the Project site, the Service determined CTS is reasonably certain to occur within the Project site and that Project activities are expected to result in the incidental take of CTS.

According to the Service, construction of the Project resulted in the temporary loss of 9.68 acres of upland CTS habitat.

Because the Project is expected to result in take of a species designated as threatened under ESA, the Army Corps of Engineers (Corps) consulted with the Service

as required by ESA. On July 22, 2010, the Service issued a Biological Opinion (Service Ref. No. 81440-2010-F-0273) (BO) for the proposed Project. The BO described the Project, required the Applicant to comply with terms of the BO and its related incidental take statement (ITS), and set forth measures to minimize impacts to CTS.

On July 29, 2010, the Director of the Department of Fish and Wildlife (CDFW), received notice from Applicant requesting a determination, pursuant to Fish and Game Code section 2080.1, that the BO and its related ITS were consistent with CESA for purposes of the Project and the anticipated incidental take of CTS. (Cal. Reg. Notice Register 2010, No. 33-Z, p. 1262.) On August 26, 2010 CDFW determined that the BO and its related ITS were consistent with CESA (CDFW Ref. No. 2080-2010-037-05).

On March 11, 2013, the Service issued an amendment (Service Ref. No. O8EVEN00-2013-TA-0102) (Amended BO) authorizing changes that: (1) extend the deadline for Applicant to complete the permanent protection of CTS habitat from January 22, 2012 to March 31, 2014; (2) increase the amount of required mitigation acreage from 1.42 acres to 2.71 acres; and (3) increase the performance security from \$18,125.00 to \$33,875.00. Subsequently, on May 24, 2013, the Director of CDFW received a notice from the Applicant, requesting a determination pursuant to Fish and Game Code section 2080.1 that the Amended BO, and its related ITS are consistent with CESA for purposes of the Project and CTS (Cal. Reg. Notice Register 2013, No. 23-Z, p. 849).

According to the *Project Construction Biological Monitoring Summary Report* (submitted by PG&E et al., November 2012), actual project impacts increased, resulting in an increase of 0.27 acre of commensurate habitat conservation required by CDFW. CDFW requires a total of 2.71 acres of CTS habitat to reconcile the additional construction impacts and additional temporal loss of the species due to the delay in implementation of the proposed habitat conservation. CDFW calculated the additional 1.22 acres of mitigation by the same methods as in the original BO; however, the multiplier used for each distance category was increased to account for the temporal loss of habitat. CDFW also requires that an irrevocable letter of credit be used to ensure funding for the performance of all CDFW-required mitigation (BO Avoidance and Minimization Measure 11 (A)(b) pg. 6).

DETERMINATION

CDFW has determined that the Amended BO and its related ITS are consistent with CESA as to the Project and the incidental take of CTS because the mitigation

¹ Pursuant to Fish and Game Code section 86, "Take' means hunt, pursue, catch, capture, or kill, or attempt to hunt, pursue, catch, capture, or kill." See also *Environmental Protection Information Center v. California Department of Forestry and Fire Protection* (2008) 44 CAL.4th 459,507 (for purposes of incidental take permitting under Fish and Game Code section 2081, subdivision (b), "take' . . . means to catch, capture or kill").

measures contained in the Amended BO and its related ITS meet the conditions set forth in Fish and Game Code section 2081, subdivisions (b) and (c), for authorizing incidental take of CESA-listed species. This determination supersedes and replaces the prior determination (CDFW Ref. No. 2080-2010-037-05) issued by CDFW on August 26, 2010. Specifically, CDFW finds that: (1) take of CTS will be incidental to an otherwise lawful activity; (2) the mitigation measures identified in the Amended BO and its related ITS will minimize and fully mitigate the impacts of the authorized take; (3) adequate funding is ensured to implement the required avoidance minimization and mitigation measures and to monitor compliance with, and effectiveness of those measures; and (4) the Project will not jeopardize the continued existence of CTS. The mitigation measures in the Amended BO and its related ITS include, but are not limited to, the following:

Avoidance, Minimization, and Mitigation Measures

- Applicant will permanently protect 2.71 acres of CTS habitat through purchase of CTS credits at a bank, subject to Service and CDFW approval.
- A Service- and CDFW-approved biologist will perform preconstruction surveys in construction areas that are within 1.3 miles of known or potential breeding habitat for CTS. The approved biologist shall capture and relocate any CTS found within the Project site to a suitable location prior to start of construction.
- During the period of June 1 through October 1, the Applicant will limit ground-disturbing construction activities in suitable habitat within 790 feet of known or potential CTS breeding habitat.
- Applicant will backfill or cover all pole holes and other trenches at the end of each work day. Covered holes and trenches will be inspected by a Service and CDFW-approved biologist prior to re-initiating construction.
- Construction activities in upland habitat within 1.3 miles of a known or potential CTS breeding pond will not begin prior to 30 minutes after sunrise and will cease no later than 30 minutes before sunset.
- Applicant will implement a Storm Water Pollution Prevention Plan and erosion control measures to prevent sediment and pollutants from entering aquatic habitat.
- Clearing and grading will be limited to existing access roads. Overland access routes and areas around pole sites will not require grading or vegetation removal other than tree trimming.

- A qualified biologist will conduct a worker-awareness training to educate all construction personnel about avoidance and minimization measures and conditions to protect biological resources.
- A biological monitor will be onsite during construction activities near and within suitable habitat for listed species. The monitor will ensure permit compliance by monitoring the site, stopping or directing work as appropriate, documenting monitoring activities, and providing a summary report to CDFW and the Service.
- Applicant will implement litter and trash management activities, parking restrictions, route and speed limits for vehicle and equipment access, vehicle and equipment maintenance and refueling restrictions, minimization of fire hazards, and pet restrictions.

Monitoring and Reporting

Applicant submitted the Project Construction Biological Monitoring Summary Report to the Corps, Service, CDFW, and California Public Utilities Commission on November 15, 2012.

Financial Assurances

- Applicant will provide a revised irrevocable letter of credit, in a form approved by CDFW, to ensure funding for the performance of CDFW-required mitigation. The letter of credit will name CDFW as co-beneficiary and will be in the amount of \$33,875, sufficient to cover purchase of 2.71 acres of CTS habitat conservation credits at an expected cost of \$12,500 per acre.
- Applicant anticipates that one of the two CTS banks in review by the Service and CDFW will be approved within the next 12 months. If a bank is not available at the end of a 18-month period, Applicant will provide endowment funds to CDFW within 120 days (by means of a letter of credit or other CDFW-approved account) to be used for the purchase and/or management of 2.71 acres of habitat mitigation lands in perpetuity.

Pursuant to Fish and Game Code section 2080.1, take authorization under CESA is not required for the Project for incidental take of CTS; provided the Applicant implements the Project as described in the Amended BO, including adherence to all measures contained therein, and comply with the mitigation measures and other conditions described in the Amended BO and its related ITS. If there are any substantive changes to the Project, including changes to the mitigation measures, or if the Service further amends or replaces the BO or its related ITS, the Applicant shall be required to obtain a

new consistency determination or a CESA incidental take permit for the Project from CDFW (See generally Fish & G. Code, §§ 2080.1, 2081, subds. (b) and (c)). This determination replaces CDFW’s prior determination (CDFW Ref. No. 2080–2010–037–05) issued by CDFW on August 26, 2010.

PROPOSITION 65

**OFFICE OF ENVIRONMENTAL
HEALTH HAZARD ASSESSMENT**

**SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986
(PROPOSITION 65)
NOTICE TO INTERESTED PARTIES
July 5, 2013**

**Candidate for Listing via the
Authoritative Bodies Mechanism
Found Not to Meet the Formal Identification
Criteria: Tetraconazole**

On December 2, 2011, the California Environmental Protection Agency’s Office of Environmental Health Hazard Assessment (OEHHA) issued a Notice of Intent to List Tetraconazole (CAS No. 112281–77–3) as known to the state to cause cancer under the Safe Drinking Water and Toxic Enforcement Act of 1986¹ (Register 2011, No. 48–Z). This action was proposed under the authoritative bodies listing mechanism,² based on a report published by the U.S. Environmental Protection Agency (U.S. EPA) on tetraconazole, entitled *Cancer Assessment Document, Evaluation of the Carcinogenic Potential of Tetraconazole*, that concluded tetraconazole is “likely to be carcinogenic to humans” (U.S. EPA, 2000).

In 2013, U.S. EPA re-evaluated the cancer classification of tetraconazole, and issued a report entitled *Cancer Assessment Document, Re-Evaluation of the Carcinogenic Potential of Tetraconazole* (U.S. EPA, 2013), that concludes tetraconazole is “not likely to be carcinogenic to humans at levels that do not cause increased cell proliferation in the liver.”

Therefore, tetraconazole no longer meets the formal identification criteria specified in Title 27, California Code of Regulations, section 25306(d). OEHHA will not proceed with the proposed listing of tetraconazole via the authoritative bodies mechanism at this time.

In 2011, the Carcinogen Identification Committee (CIC) recommended that the triazole antifungal agents be assigned a medium priority for future consideration for listing under Proposition 65 as causing cancer³. Since tetraconazole is a triazole antifungal agent, it will be considered by the CIC as part of its future consideration of triazole antifungal agents. OEHHA has not initiated the development of hazard identification materials on these compounds. At such time as work on the triazole antifungal agents is initiated, OEHHA will make a request for submission of relevant scientific information on the entire class of chemicals, including tetraconazole.

¹ Commonly known as Proposition 65, the Safe Drinking Water and Toxic Enforcement Act of 1986 is codified in Health and Safety Code section 25249.5 *et seq.*

² See Health and Safety Code section 25249.8(b) and Title 27, Cal. Code of Regs., section 25306.

³ http://www.oehha.ca.gov/prop65/public_meetings/cic101211synop.html

gen cyanide (HCN) and cyanide salts (CN salts) to the list of chemicals known to the State to cause reproductive toxicity for purposes of Proposition 65.¹

The listing of *hydrogen cyanide and cyanide salts* is based on formal identification by the U.S. Environmental Protection Agency (U.S. EPA), an authoritative body,² that the chemical causes reproductive toxicity (male reproductive endpoint). The criteria used by OEHHA for the listing of chemicals under the “authoritative bodies” mechanism can be found in Title 27, Cal. Code of Regs., section 25306.

The documentation supporting OEHHA’s determination that the criteria for administrative listing have been satisfied for hydrogen cyanide and cyanide salts is included in the Notice of Intent to List published in the March 22, 2013 issue of the California Regulatory Notice Register (Register 2013, No. 12–2). OEHHA’s responses to public comments received on the Notice of Intent to List are available at http://www.oehha.ca.gov/prop65/CRNR_notices/admin_listing/intent_to_list/032213NOIL_HCN.html.

A complete, updated chemical list will be published in an upcoming issue of the *California Regulatory Notice Register* and is available on the OEHHA website at www.oehha.ca.gov. In summary, hydrogen cyanide and cyanide salts are being listed under Proposition 65 as known to the State to cause reproductive toxicity, as follows:

Chemical	CASNo.	Toxicological Endpoints	Listing Mechanism ³
Hydrogen cyanide (HCN) & cyanide salts (CN salts)	—	male reproductive toxicity	AB (U.S. EPA)

¹ The Safe Drinking Water and Toxic Enforcement Act of 1986, Health and Safety Code section 25249.5 *et seq.*

² See Health and Safety Code, section 25249.8(b) and Title 27, Cal. Code of Regs., section 25306.

³ Listing mechanism: AB — “authoritative bodies” mechanism (Title 27, Cal. Code of Regs. Section 25306).

**OFFICE OF ENVIRONMENTAL
HEALTH HAZARD ASSESSMENT**

**SAFE DRINKING WATER AND TOXIC
ENFORCEMENT ACT OF 1986**

**CHEMICALS KNOWN TO THE STATE
TO CAUSE CANCER OR
REPRODUCTIVE TOXICITY
JULY 5, 2013**

The Safe Drinking Water and Toxic Enforcement Act of 1986 requires that the Governor revise and republish at least once per year the list of chemicals known to the State to cause cancer or reproductive toxicity. The identification number indicated in the following list is the Chemical Abstracts Service (CAS) Registry Number. No CAS number is given when several substances are presented as a single listing. The date refers to the initial appearance of the chemical on the list. For easy reference, chemicals which are shown underlined are newly added. Chemicals which are shown with a strikethrough were placed on the list with the date noted, and have subsequently been removed.

CHEMICALS KNOWN TO THE STATE TO CAUSE CANCER

<i>Chemical</i>	<i>CAS Number</i>	<i>Date</i>
A-alpha-C(2-Amino-9H-pyrido[2,3-b]indole)	26148-68-5	January 1, 1990
Acetaldehyde	75-07-0	April 1, 1988

1,2,3-Trichloropropane	96-18-4	October 1, 1992
Trimethyl phosphate	512-56-1	May 1, 1996
2,4,5-Trimethylaniline and its strong acid salts	—	October 24, 1997
2,4,6-Trinitrotoluene (TNT)	118-96-7	December 19, 2008
Triphenyltin hydroxide	76-87-9	July 1, 1992
Tris(aziridinyl)-para-benzoquinone (Triaziqunone) <u>Delisted December 8, 2006</u>	68-76-8	October 1, 1989
Tris(1-aziridinyl)phosphine sulfide (Thiotepa)	52-24-4	January 1, 1988
Tris(2-chloroethyl) phosphate	115-96-8	April 1, 1992
Tris(2,3-dibromopropyl)phosphate	126-72-7	January 1, 1988
Tris(1,3-dichloro-2-propyl) phosphate (TDCPP)	13674-87-8	October 28, 2011
Trp-P-1 (Tryptophan-P-1)	62450-06-0	April 1, 1988
Trp-P-2 (Tryptophan-P-2)	62450-07-1	April 1, 1988
Trypan blue (commercial grade)	72-57-1	October 1, 1989
Unleaded gasoline (wholly vaporized)	—	April 1, 1988
Uracil mustard	66-75-1	April 1, 1988
Urethane (Ethyl carbamate)	51-79-6	January 1, 1988

<u>Chemical</u>	<u>CASNumber</u>	<u>Date</u>
Vanadium pentoxide (orthorhombic crystalline form)	1314-62-1	February 11, 2005
Vinclozolin	50471-44-8	August 20, 1999
Vinyl bromide	593-60-2	October 1, 1988
Vinyl chloride	75-01-4	February 27, 1987
4-Vinylcyclohexene	100-40-3	May 1, 1996
4-Vinyl-1-cyclohexene diepoxide (Vinyl cyclohexene dioxide)	106-87-6	July 1, 1990
Vinyl fluoride	75-02-5	May 1, 1997
Vinyl trichloride (1,1,2-Trichloroethane)	79-00-5	October 1, 1990
Wood dust	—	December 18, 2009
2,6-Xylidine (2,6-Dimethylaniline)	87-62-7	January 1, 1991
Zalcitabine	7481-89-2	August 7, 2009
Zidovudine (AZT)	30516-87-1	December 18, 2009
Zileuton	111406-87-2	December 22, 2000
<u>Zineb Delisted October 29, 1999</u>	<u>12122-67-7</u>	<u>January 1, 1990</u>

CHEMICALS KNOWN TO THE STATE TO CAUSE REPRODUCTIVE TOXICITY

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CASNo.</u>	<u>Date Listed</u>
Acetazolamide	developmental	59-66-5	August 20, 1999
Acetohydroxamic acid	developmental	546-88-3	April 1, 1990
Acrylamide	developmental, male	79-06-1	February 25, 2011
Actinomycin D	developmental	50-76-0	October 1, 1992
All-trans retinoic acid	developmental	302-79-4	January 1, 1989
Alprazolam	developmental	28981-97-7	July 1, 1990
Altretamine	developmental, male	645-05-6	August 20, 1999
Amantadine hydrochloride	developmental	665-66-7	February 27, 2001
Amikacin sulfate	developmental	39831-55-5	July 1, 1990
Aminoglutethimide	developmental	125-84-8	July 1, 1990
tert-Amyl methyl ether	developmental	994-05-8	December 18, 2009
Aminoglycosides	developmental	—	October 1, 1992
Aminopterin	developmental, female	54-62-6	July 1, 1987
Amiodarone hydrochloride	developmental, female, male	19774-82-4	August 26, 1997
Amitraz	developmental	33089-61-1	March 30, 1999
Amoxapine	developmental	14028-44-5	May 15, 1998
Anabolic steroids	female, male	—	April 1, 1990
Angiotensin converting enzyme (ACE) inhibitors	developmental	—	October 1, 1992
Anisindione	developmental	117-37-3	October 1, 1992
Arsenic (inorganic oxides)	developmental	—	May 1, 1997
Aspirin (NOTE: It is especially important not to use aspirin during the last three months of pregnancy, unless specifically directed to do so by a physician because it may cause problems in the unborn child or complications during delivery.)	developmental, female	50-78-2	July 1, 1990
Atenolol	developmental	29122-68-7	August 26, 1997
Auranofin	developmental	34031-32-8	January 29, 1999
Avermectin B1 (Abamectin)	developmental	71751-41-2	December 3, 2010
Azathioprine	developmental	446-86-6	September 1, 1996

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Barbiturates	developmental	—	October 1, 1992
Beclomethasone dipropionate	developmental	5534-09-8	May 15, 1998
Benomyl	developmental, male	17804-35-2	July 1, 1991
Benzene	developmental, male	71-43-2	December 26, 1997
Benzodiazepines	developmental	—	October 1, 1992
Benzphetamine hydrochloride	developmental	5411-22-3	April 1, 1990
Bischloroethyl nitrosourea (BCNU) (Carmustine)	developmental	154-93-8	July 1, 1990
<u>Bisphenol A (BPA)</u> <u>Delisted April 19, 2013</u>	developmental	80-05-7	April 11, 2013
Bromacil lithium salt	developmental male	53404-19-6	May 18, 1999 January 17, 2003
1-Bromopropane	developmental, female, male	106-94-5	December 7, 2004
2-Bromopropane	female, male	75-26-3	May 31, 2005
Bromoxynil	developmental	1689-84-5	October 1, 1990
Bromoxynil octanoate	developmental	1689-99-2	May 18, 1999
Butabarbital sodium	developmental	143-81-7	October 1, 1992
1,3-Butadiene	developmental, female, male	106-99-0	April 16, 2004
1,4-Butanediol dimethane-sulfonate (Busulfan)	developmental	55-98-1	January 1, 1989
Butyl benzyl phthalate (BBP)	developmental	85-68-7	December 2, 2005
n-Butyl glycidyl ether	male	2426-08-6	August 7, 2009
Cadmium	developmental, male	—	May 1, 1997
Carbamazepine	developmental	298-46-4	January 29, 1999
Carbaryl	developmental, male	63-25-2	August 7, 2009
Carbon disulfide	developmental, female, male	75-15-0	July 1, 1989
Carbon monoxide	developmental	630-08-0	July 1, 1989
Carboplatin	developmental	41575-94-4	July 1, 1990
Chenodiol	developmental	474-25-9	April 1, 1990
Chlorambucil	developmental	305-03-3	January 1, 1989
Chlorcyclizine hydrochloride	developmental	1620-21-9	July 1, 1987
Chlordecone (Kepone)	developmental	143-50-0	January 1, 1989
Chlordiazepoxide	developmental	58-25-3	January 1, 1992
Chlordiazepoxide hydrochloride	developmental	438-41-5	January 1, 1992
1-(2-Chloroethyl)-3-cyclohexyl-1-nitrosourea (CCNU) (Lomustine)	developmental	13010-47-4	July 1, 1990
Chloroform	developmental	67-66-3	August 7, 2009
2-Chloropropionic acid	male	598-78-7	August 7, 2009
Chlorsulfuron	developmental, female, male	64902-72-3	May 14, 1999
Chromium (hexavalent compounds)	developmental, female, male	—	December 19, 2008
Cidofovir	developmental, female, male	113852-37-2	January 29, 1999
Cladribine	developmental	4291-63-8	September 1, 1996
Clarithromycin	developmental	81103-11-9	May 1, 1997
Clobetasol propionate	developmental, female	25122-46-7	May 15, 1998
Clomiphene citrate	developmental	50-41-9	April 1, 1990
Clorazepate dipotassium	developmental	57109-90-7	October 1, 1992
Cocaine	developmental, female	50-36-2	July 1, 1989
Codeine phosphate	developmental	52-28-8	May 15, 1998
Colchicine	developmental, male	64-86-8	October 1, 1992
Conjugated estrogens	developmental	—	April 1, 1990

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Cyanazine	developmental	21725-46-2	April 1, 1990
Cycloate	developmental	1134-23-2	March 19, 1999
Cyclohexanol	male	108-93-0	November 6, 1998
<u>Delisted January 25, 2002</u>			
Cycloheximide	developmental	66-81-9	January 1, 1989
Cyclophosphamide (anhydrous)	developmental, female, male	50-18-0	January 1, 1989
Cyclophosphamide (hydrated)	developmental, female, male	6055-19-2	January 1, 1989
Cyhexatin	developmental	13121-70-5	January 1, 1989
Cytarabine	developmental	147-94-4	January 1, 1989
Dacarbazine	developmental	4342-03-4	January 29, 1989
Danazol	developmental	17230-88-5	April 1, 1990
Daunorubicin hydrochloride	developmental	23541-50-6	July 1, 1990
2,4-D butyric acid	developmental, male	94-82-6	June 18, 1999
o,p' -DDT	developmental, female, male	789-02-6	May 15, 1998
p,p' -DDT	developmental, female, male	50-29-3	May 15, 1998
2,4 DP (dichloroprop)	developmental	120-36-5	April 27, 1999
<u>Delisted January 25, 2002</u>			
Demeclocycline hydrochloride (internal use)	developmental	64-73-3	January 1, 1992
Diazepam	developmental	439-14-5	January 1, 1992
Diazoxide	developmental	364-98-7	February 27, 2001
1,2-Dibromo-3-chloropropane (DBCP)	male	96-12-8	February 27, 1987
Di-n-butyl phthalate (DBP)	developmental, female, male	84-74-2	December 2, 2005
Dichloroacetic acid	male	79-43-6	August 7, 2009
1,1-Dichloro-2,2-bis(p-chlorophenyl) ethylene (DDE)	developmental, male	72-55-9	March 30, 2010
Dichlorophene	developmental	97-23-4	April 27, 1999
Dichlorphenamide	developmental	120-97-8	February 27, 2001
Diclofop methyl	developmental	51338-27-3	March 5, 1999
Dicumarol	developmental	66-76-2	October 1, 1992
Di(2-ethylhexyl)phthalate (DEHP)	developmental, male	117-81-7	October 24, 2003
Diethylstilbestrol (DES)	developmental	56-53-1	July 1, 1987
Diflunisal	developmental, female	22494-42-4	January 29, 1999
Diglycidyl ether	male	2238-07-5	August 7, 2009
Di-n-hexyl phthalate (DnHP)	female, male	84-75-3	December 2, 2005
Dihydroergotamine mesylate	developmental	6190-39-2	May 1, 1997
Di-isodecyl phthalate (DIDP)	developmental	68515-49-1/ 26761-40-0	April 20, 2007
Diltiazem hydrochloride	developmental	33286-22-5	February 27, 2001
N,N-Dimethylacetamide	developmental	127-19-5	May 21, 2010
m-Dinitrobenzene	male	99-65-0	July 1, 1990
o-Dinitrobenzene	male	528-29-0	July 1, 1990
p-Dinitrobenzene	male	100-25-4	July 1, 1990
2,4-Dinitrotoluene	male	121-14-2	August 20, 1999
2,6-Dinitrotoluene	male	606-20-2	August 20, 1999
Dinitrotoluene (technical grade)	female, male	—	August 20, 1999
Dinocap	developmental	39300-45-3	April 1, 1990
Dinoseb	developmental, male	88-85-7	January 1, 1989
Diphenylhydantoin (Phenytoin)	developmental	57-41-0	July 1, 1987
Disodium cyanodithioimidocarbonate	developmental	138-93-2	March 30, 1999

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Doxorubicin hydrochloride (Adriamycin)	developmental, male	25316-40-9	January 29, 1999
Doxycycline (internal use)	developmental	564-25-0	July 1, 1990
Doxycycline calcium (internal use)	developmental	94088-85-4	January 1, 1992
Doxycycline hyclate (internal use)	developmental	24390-14-5	October 1, 1991
Doxycycline monohydrate (internal use)	developmental	17086-28-1	October 1, 1991
Endrin	developmental	72-20-8	May 15, 1998
Environmental tobacco smoke (ETS)	developmental	—	June 9, 2006
Epichlorohydrin	male	106-89-8	September 1, 1996
Ergotamine tartrate	developmental	379-79-3	April 1, 1990
Estropipate	developmental	7280-37-7	August 26, 1997
Ethionamide	developmental	536-33-4	August 26, 1997
Ethyl alcohol in alcoholic beverages	developmental	—	October 1, 1987
Ethyl-tert-butyl ether	male	637-92-3	December 18, 2009
Ethyl dipropylthiocarbamate	developmental	759-94-4	April 27, 1999
Ethylene dibromide	developmental, male	106-93-4	May 15, 1998
Ethylene glycol monoethyl ether	developmental, male	110-80-5	January 1, 1989
Ethylene glycol monomethyl ether	developmental, male	109-86-4	January 1, 1989
Ethylene glycol monoethyl ether acetate	developmental, male	111-15-9	January 1, 1993
Ethylene glycol monomethyl ether acetate	developmental, male	110-49-6	January 1, 1993
Ethylene oxide	female	75-21-8	February 27, 1987
	developmental, male		August 7, 2009
Ethylene thiourea	developmental	96-45-7	January 1, 1993
2-Ethylhexanoic acid	developmental	149-57-5	August 7, 2009
Etodolac	developmental, female	41340-25-4	August 20, 1999
Etoposide	developmental	33419-42-0	July 1, 1990
Etretinate	developmental	54350-48-0	July 1, 1987
Fenoxaprop ethyl	developmental	66441-23-4	March 26, 1999
Filgrastim	developmental	121181-53-1	February 27, 2001
Fluazifop butyl	developmental	69806-50-4	November 6, 1998
Flunisolide	developmental, female	3385-03-3	May 15, 1998
Fluorouracil	developmental	51-21-8	January 1, 1989
Fluoxymesterone	developmental	76-43-7	April 1, 1998
Flurazepam hydrochloride	developmental	1172-18-5	October 1, 1992
Flurbiprofen	developmental, female	5104-49-4	August 20, 1999
Flutamide	developmental	13311-84-7	July 1, 1990
Fluticasone propionate	developmental	80474-14-2	May 15, 1998
Fluvalinate	developmental	69409-94-5	November 6, 1998
Ganciclovir	developmental, male	82410-32-0	August 26, 1997
Ganciclovir sodium	developmental, male	107910-75-8	August 26, 1997
Gemfibrozil	female, male	25812-30-0	August 20, 1999
Goserelin acetate	developmental, female, male	65807-02-5	August 26, 1997
Halazepam	developmental	23092-17-3	July 1, 1990
Halobetasol propionate	developmental	66852-54-8	August 20, 1999
Haloperidol	developmental, female	52-86-8	January 29, 1999
Halothane	developmental	151-67-7	September 1, 1996
Heptachlor	developmental	76-44-8	August 20, 1999
Hexachlorobenzene	developmental	118-74-1	January 1, 1989
Hexafluoroacetone	male	684-16-2	August 1, 2008

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Hexamethylphosphoramide	male	680-31-9	October 1, 1994
Histrelin acetate	developmental	—	May 15, 1998
Hydramethylnon	developmental, male	67485-29-4	March 5, 1999
Hydrogen cyanide (HCN) and cyanide salts (CN salts)	male		July 5, 2013
Hydroxyurea	developmental	127-07-1	May 1, 1997
Idarubicin hydrochloride	developmental, male	57852-57-0	August 20, 1999
Ifosfamide	developmental	3778-73-2	July 1, 1990
Iodine-131	developmental	10043-66-0	January 1, 1989
Isotretinoin	developmental	4759-48-2	July 1, 1987
Lead	developmental, female, male	—	February 27, 1987
Leuprolide acetate	developmental, female, male	74381-53-6	August 26, 1997
Levodopa	developmental	59-92-7	January 29, 1999
Levonorgestrel implants	female	797-63-7	May 15, 1998
Linuron	developmental	330-55-2	March 19, 1999
Lithium carbonate	developmental	554-13-2	January 1, 1991
Lithium citrate	developmental	919-16-4	January 1, 1991
Lorazepam	developmental	846-49-1	July 1, 1990
Lovastatin	developmental	75330-75-5	October 1, 1992
Mebendazole	developmental	31431-39-7	August 20, 1999
Medroxyprogesterone acetate	developmental	71-58-9	April 1, 1990
Megestrol acetate	developmental	595-33-5	January 1, 1991
Melphalan	developmental	148-82-3	July 1, 1990
Menotropins	developmental	9002-68-0	April 1, 1990
Meprobamate	developmental	57-53-4	January 1, 1992
Mercaptopurine	developmental	6112-76-1	July 1, 1990
Mercury and mercury compounds	developmental	—	July 1, 1990
Methacycline hydrochloride	developmental	3963-95-9	January 1, 1991
Metham sodium	developmental	137-42-8	May 15, 1998
Methanol	developmental	67-56-1	March 16, 2012
Methazole	developmental	20354-26-1	December 1, 1999
Methimazole	developmental	60-56-0	July 1, 1990
Methotrexate	developmental	59-05-2	January 1, 1989
Methotrexate sodium	developmental	15475-56-6	April 1, 1990
Methyl bromide as a structural fumigant	developmental	74-83-9	January 1, 1993
Methyl chloride	developmental	74-87-3	March 10, 2000
Methyl n-butyl ketone	male	591-78-6	August 7, 2009
Methyl isocyanate (MIC)	developmental, female	624-83-9	November 12, 2010
Methyl isopropyl ketone	developmental	563-80-4	February 17, 2012
Methyl mercury	developmental	—	July 1, 1987
N-Methylpyrrolidone	developmental	872-50-4	June 15, 2001
α -Methyl styrene	female	98-83-9	July 29, 2011
Methyltestosterone	developmental	58-18-4	April 1, 1990
Metiram	developmental	9006-42-2	March 30, 1999
Midazolam hydrochloride	developmental	59467-96-8	July 1, 1990
Minocycline hydrochloride (internal use)	developmental	13614-98-7	January 1, 1992
Misoprostol	developmental	59122-46-2	April 1, 1990

<u>Chemical</u>	<u>Type of Reproductive Toxicity</u>	<u>CAS No.</u>	<u>Date Listed</u>
Mitoxantrone hydrochloride	developmental	70476-82-3	July 1, 1990
Molinate	developmental, female, male	2212-67-1	December 11, 2009
Myclobutanil	developmental, male	88671-89-0	April 16, 1999
Nabam	developmental	142-59-6	March 30, 1999
Nafarelin acetate	developmental	86220-42-0	April 1, 1990
Neomycin sulfate (internal use)	developmental	1405-10-3	October 1, 1992
Netilmicin sulfate	developmental	56391-57-2	July 1, 1990
Nickel carbonyl	developmental	13463-39-3	September 1, 1996
Nicotine	developmental	54-11-5	April 1, 1990
Nifedipine	developmental, female, male	21829-25-4	January 29, 1999
Nimodipine	developmental	66085-59-4	April 24, 2001
Nitrapyrin	developmental	1929-82-4	March 30, 1999
Nitrobenzene	male	98-95-3	March 30, 2010
Nitrofurantoin	male	67-20-9	April 1, 1991
Nitrogen mustard (Mechlorethamine)	developmental	51-75-2	January 1, 1989
Nitrogen mustard hydrochloride (Mechlorethamine hydrochloride)	developmental	55-86-7	July 1, 1990
Nitrous oxide	developmental	10024-97-2	August 1, 2008
Norethisterone (Norethindrone)	developmental	68-22-4	April 1, 1990
Norethisterone acetate (Norethindrone acetate)	developmental	51-98-9	October 1, 1991
Norethisterone (Norethindrone) /Ethinyl estradiol	developmental	68-22-4/ 57-63-6	April 1, 1990
Norethisterone (Norethindrone)/Mestranol	developmental	68-22-4/ 72-33-3	April 1, 1990
Norgestrel	developmental	6533-00-2	April 1, 1990
Oxadiazon	developmental	19666-30-9	May 15, 1998
Oxazepam	developmental	604-75-1	October 1, 1992
p,p'-Oxybis(benzenesulfonyl hydrazide)	developmental	80-51-3	August 7, 2009
Oxydemeton methyl	female, male	301-12-2	November 6, 1998
Oxymetholone	developmental	434-07-1	May 1, 1997
Oxytetracycline (internal use)	developmental	79-57-2	January 1, 1991
Oxytetracycline hydrochloride (internal use)	developmental	2058-46-0	October 1, 1991

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

File# 2013-0510-03
AIR RESOURCES BOARD
 Cap and Trade Regulation to Link the California and Quebec Cap and Trade Programs

This regulatory action makes amendments to the California Cap-and-Trade Regulations to link to Quebec. This rulemaking amends several sections in title 17 of the California Code of Regulations to allow for mutual acceptance of California- and Quebec-issued compliance instruments by each jurisdiction.

Title 17
 California Code of Regulations
 ADOPT: 95943 AMEND: 95802, 95830, 95833, 95910, 95911, 95912, 95913, 95920, 95921, 95942, 96010, 96022
 Filed 06/24/2013
 Effective 10/01/2013
 Agency Contact: Amy Whiting (916) 322-6533

File# 2013-0528-01
AIR RESOURCES BOARD
 Section 100 Disclosure of Public Records

In this action, the Air Resources Board amends section 91022 of title 17 of the California Code of Regulations as a change without regulatory effect to make it consistent with the statutory changes. Subdivision (e) of section 91022 currently refers to Government Code section 6256.1, which was repealed by Senate Bill No. 143 (1997-1998 Reg. Sess.).

The Bill further renumbered the existing Government Code section 6253 and added a new section 6253 to the Code, which essentially replaced Government Code section 6256.1. Thus, this amendment removes the reference to Government Code section 6256.1 and replaces it with section 6253.

Title 17
 California Code of Regulations
 AMEND: 91022
 Filed 06/26/2013
 Agency Contact: Trini Balcazar (916) 445-9564

 BOARD OF EQUALIZATION
 Retailer Reimbursement Retention

This rulemaking action readopts for an additional 90 days the emergency regulation which establishes the reimbursement amount which lumber and engineered wood products retailers may retain to compensate them for the costs associated with the collection of the one-percent-of-sales-price assessment imposed on purchasers of these products and collected by retailers.

File# 2013-0618-01
 DEPARTMENT OF FOOD AND AGRICULTURE
 Section 3435 Asian Citrus Psyllid Interior Quarantine

This emergency regulatory action is a readopt of prior emergency actions (OAL file nos. 2013-0329-02EE and 2012-0904-01E) that amended section 3435(b) to expand the quarantine area for Asian Citrus Psyllid (ACP) by approximately 609 square miles by including the Desert Hot Springs area of Riverside and San Bernardino counties. The effect of the amendment provides authority for the State to perform quarantine activities against ACP within this additional area and existing regulated areas.

Title 3
 California Code of Regulations
 AMEND: 3435(b)
 Filed 06/19/2013
 Effective 06/19/2013

File# 2013-0612-03
 BOARD OF FORESTRY AND FIRE PROTECTION
 Section 100 Filing to Correct Existing Regulation
 Section 1059(a)

The Board of Forestry and Fire Protection (BOFFP) submitted this change without regulatory effect to amend title 14, section 1059(a) of the California Code of Regulations (CCR). In 2009 BOFFP adopted amendments to several sections in title 14 of the CCR. These amendments included the deletion of subsections and the re-lettering of the remaining sections. These subsections were cross-referenced in title 14, section 1059(a) of the CCR, but were not updated during the 2009 rulemaking. BOFFP is now correcting those cross-references to reflect the correct subsections.

Title 14
 California Code of Regulations
 AMEND: 1059(a)
 Filed 06/26/2013
 Agency Contact: Eric Huff (916) 616-8643

File# 2013-0508-01
 DEPARTMENT OF FOOD AND AGRICULTURE
 Asian Citrus Psyllid Interior Quarantine

The Department of Food and Agriculture (DFA) submitted this timely certificate of compliance to make permanent the emergency regulations adopted in OAL file no. 2012-1106-01E. This rulemaking amends Title 3, section 3435(b) of the California Code of Regulations to expand the quarantine area currently in the regulation.

Title 3

 BOARD OF OCCUPATIONAL THERAPY
 Eliminate OTA Reference "Certified"

This change without regulatory effect by the California Board of Occupational Therapy amends sections of Title 16 to eliminate all references relating to "certificate", "certified", or "certification."

File# 2013-0516-02
 DEPARTMENT OF FOOD AND AGRICULTURE
 Setting the Commercial Feed License Fee

This regulatory action increases the annual commercial feed license fee from \$300 to \$400 for each manufacturer/distributor location beginning July 1, 2013.

Title 3
 California Code of Regulations
 AMEND: 2751(b)
 Filed 06/26/2013
 Effective 06/26/2013
 Agency Contact: Gary Castro (916) 229-3049

File# 2013-0617-01
 DEPARTMENT OF PUBLIC HEALTH
 HIV Screening Testing by Laboratories

Current regulatory language restricts licensed California laboratories to the use of HIV testing protocols recommended by the Centers for Disease Control (CDC) for laboratory screening testing for HIV. This emergency regulatory action by the Department of Public Health amends the current HIV screening testing protocols to allow a newly developed HIV testing algorithm developed by federal public health agencies and national HIV laboratory associations, as well as CDC, to be used by licensed California laboratories for laboratory screening testing for HIV.

 DIVISION OF WORKERS COMPENSATION
 Workers' Compensation — Supplemental Job Displacement Benefit

This emergency regulatory action is a re-adoption of an initial emergency action (2012-1214-01 E) which made changes to the Supplemental Job Displacement Benefit (SJDB) regulations to reflect statutory changes made pursuant to SB 863 (Chapter 363, Statutes of

2012), which took effect on January 1, 2013. These regulations establish requirements for employers, employees and physicians regarding offers of work, notifications and vouchers for retraining.

 DIVISION OF WORKERS COMPENSATION
 Workers' Compensation — Electronic Document Filing and Lien Filing Fee

The Department of Industrial Relations, Division of Worker's Compensation (DWC), submitted this emergency readopt action to maintain the regulations adopted in OAL File No. 2012-1219-01E, which adopted and amended sections of Title 8 of the California Code of Regulations. This implements the mandatory electronic filing process for workers' compensation liens and claims of costs, as well as the lien filing fee and activation fee.

File# 2013-0613-03
 FAIR POLITICAL PRACTICES COMMISSION
 Independent Expenditure Reporting

Amendments made by the Fair Political Practices Commission in this change without regulatory effect filing dealt with independent expenditure reporting.

OAL's review of FPPC proposed regulations is limited to the provisions of the APA as it was enacted on June 4, 1974, when voters adopted the California Political Reform Act. (Fair Political Practices Commission v. Office of Administrative Law, Linda Stockdale Brewer, (April 27, 1992, C010924 [nonpub. opn.].) As such, OAL's review is limited to determining if the proposed regulations comply with "the form and style prescribed by the Secretary of State. If the department approves the regulation or order of repeal for filing, it shall endorse

on the certified copy thereof its approval for filing and shall transmit such copy to the Secretary of State.” (Former Gov. Code, sec. 11380.2, repealed by Stats. 1979, ch. 467, § 2.)

Title 2
 California Code of Regulations

 MANAGED RISK MEDICAL INSURANCE BOARD
 MIP Subscriber Contributions

This Certificate of Compliance makes permanent the emergency regulatory action (OAL file no. 2012-1107-02EFP). AB 1526, Chapter 855, Statutes of 2012 allows the Managed Risk Medical Insurance Board to subsidize subscriber premiums for the calendar year 2013 so that the subscriber would pay no more than 100 percent of the standard average individual risk rate.

This rulemaking amends Title 10, section 2698.401 of the California Code of Regulations to subsidize subscriber premiums.

Title 10

 OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD
 Scope and Application—Ship Building

This rulemaking by the Occupational Safety and Health Standards Board (OSHSB) amends section 8352 in title 8 of the California Code of Regulations. California Labor Code section 142.3 requires OSHSB to “adopt standards at least as effective as the federal standards for all issues for which federal standards have been promulgated under Section 6 of the Occupational Safety and Health Act of 1970 (P.L. 91-596)....” This rulemaking removes the limiting phrase “of wood or metal construction” in section 8352 thereby making this safety standard “at least as effective as” the federal safety standards for ship building, ship repairing, and ship breaking set forth in 29 Code of Federal Regulations part 1915.2(a).

Title 8

 OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT
 Proposition 65 — Butyl Benzyl Phthalate MADL

In this rulemaking action, the Office of Environmental Health Hazard Assessment (OEHHA) is adding another chemical to the list of chemicals in title 27, California Code of Regulations, section 25805(b). More specifically, OEHHA is adding Butyl Benzyl Phthalate (BBP) at dosages of 1,200 micrograms per day by oral exposure. For chemicals known to the State

to cause reproductive toxicity under Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986), section 25805 provides safe harbor exemptions from the Proposition 65 warning requirements and discharge prohibitions, provided the chemical exposure falls within the specific regulatory levels of the maximum allowable dose level (MADL) listed in section 25805.

Title 27

OFFICE OF SPILL PREVENTION AND RESPONSE
Removal of State Interagency Oil Spill Committee References

In this non-substantive regulatory action, the Department of Fish and Wildlife: Office of Oil Spill Prevention and Response (OSPR) is amending three sections in Title 14 of the California Code of Regulations to remove references to "State Interagency Oil Spill Committee." Due to statutory changes made by Assembly Bill No. 120 (2011-2012 Reg. Sess.), which rendered inoperative the existence and duties of the State Interagency Oil Spill Committee, OSPR's regulatory amendments are made to ensure the regulations are consistent with the statutes.
