AUTHORITY AND REFERENCE

Pursuant to the authority vested by sections 19811, 19823, 19824, 19825, 19826, 19840, 19841, 19850, 19851, 19853, 19855, 19857, 19859, 19869 and 19870 of the Business and Professions Code, and to implement, interpret or make specific sections 19824, 19841(s) and 19870(b) of the Business and Professions Code,¹ the Commission is proposing to adopt the following changes to Chapter 6 of Division 18 of Title 4 of the California Code of Regulations.

**INFORMATIVE DIGEST AND POLICY
STATEMENT OVERVIEW**

INTRODUCTION:

The California Gambling Control Commission (Commission) is proposing to adopt regulations to implement legislation² that requires the Commission to establish procedures, by December 31, 2011, that would allow a gambling enterprise to continue to operate subsequent to the occurrence of specified events. Those events include the death, insolvency, foreclosure, receivership, or incapacity of an owner-licensee.

SPECIFIC PROPOSAL:

The proposed action would adopt Section 12349 in Chapter 6 of Division 18 of Title 4 of the California Code of Regulations. The proposed regulations would establish a process for the issuance of interim gambling licenses, including a notification requirement, an application process, timelines, criteria and interim license conditions. The interim gambling license would allow

² Chapter 233, Statutes of 2009 (AB 293, Mendoza).

gambling operations to continue while the Commission considers the regular gambling license application of the successor in interest to the owner–licensee.

EXISTING LAW:

Business and Professions Code section 19811, subdivision (b), provides the Commission with the primary jurisdiction over persons that conduct gambling operations within the state.

Section 19823 assigns the Commission with the responsibility of assuring that gambling licenses are not issued to persons whose operations are inimical to public health, safety or welfare.

Section 19824 provides the Commission with the power to require persons to apply for a gambling license, and the power to grant temporary licenses, with terms and conditions.

Section 19825 allows the Commission to utilize the administrative adjudication process provisions of the Government Code to litigate the denial of gambling licenses.³

Section 19826, subdivision (a), assigns the Bureau of Gambling Control (Bureau) the responsibility to investigate the qualifications of license applicants and make recommendations to the Commission regarding the issuance or denial of a gambling license.

Section 19840 allows the Commission to adopt regulations for the administration and enforcement of the Act.

Section 19841, subdivision (a), requires the Commission to adopt regulations that prescribe the method, form and information to be furnished in the application for a gambling license.

Section 19841, subdivision (s), requires the Commission to adopt regulations (by December 31, 2011) that provide procedures, criteria and timelines for the processing and approval of temporary or interim licenses, so that a successor in interest can continue gambling operations in case of the death, insolvency, foreclosure, receivership or incapacity of a licensee.

Section 19850 requires every person who owns, operates or conducts a gambling enterprise to apply for and maintain a gambling license. Further, this section requires that any person who receives any compensation or reward, or any percentage or share of the money played from a gambling operation, must apply for and maintain a gambling license.

Section 19853, subdivision (a), allows the Commission to adopt regulations that require the licensure of any person who has the power to exercise significant influence over a gambling operation.

Section 19855 prohibits a person from conducting gambling operations without first obtaining a gambling license.

Section 19857 prohibits the issuance of a gambling license unless the Commission is satisfied that the applicant is a person of good character, honesty, integrity, and whose prior activities do not enhance the dangers of unfair gambling.

Section 19859 requires the Commission to deny a license to a person who has been convicted of a felony, any misdemeanor involving dishonesty or moral turpitude within the previous 10 years, or who has been associated with criminal profiteering or organized crime.

Section 19869 allows an applicant to withdraw an application for a gambling license, but allows the Commission to deny the withdrawal request and have the Bureau go forward with its investigation when it would be in the best interests of the public and the policies of the Act.

Section 19870 allows the Commission to grant or deny a license application, after considering the recommendations from the Bureau. This section also allows the Commission to limit or place restrictions upon a license when it would be in the public interest and consistent with the policies of the Act.

EFFECT OF REGULATORY ACTION:

This proposed action would make the following specific changes to Chapter 6 of Division 18 of Title 4 of the California Code of Regulations:

Adopt Section 12349. Interim Licenses for Continued Operation Following Qualifying Events; Criteria; Processing Times; Conditions.

- Subsection (a) would provide definitions for certain words and terms that are unique to Section 12349, as specified.
- Subsection (b) would allow gambling operations to continue following a qualifying event, provided that an owner or licensed person affiliated with the gambling enterprise assumes control of the gambling operations, the Commission is notified of the qualifying event within 10 days, and the new owner submits a request for an interim gambling license, as specified. This regulation would require that gambling operations cease in the event that the interim license request is denied or withdrawn.
- Subsection (c) would establish the application process for an interim gambling license. The process includes a requirement that the new owner submit the following to the Commission within 30 days of the qualifying event: a complete application package for a regular gambling license; a written request for an interim license;

³ Government Code, Title 2, Division 3, Part 1, Chapter 5, section 11500 et seq.

and a document that evidences the qualifying event. The 30-day application submission requirement could be extended by the Commission or the Executive Director if the new owner can demonstrate good cause. The length of any extension would be at the discretion of the Commission or Executive Director, based on the specific facts and circumstances of each request.

- Subsection (d) would specify that a request for an interim gambling license is ancillary to, and concurrent with, an application for a regular gambling license.

This subsection sets up various timelines for the interim license application process. It allows Commission staff 10 days to determine the completeness of a request for an interim gambling license. If the request is incomplete, this regulation allows the applicant another 10 days to send the additional documents or information. If the applicant fails to send the requested documents or information, the application would be considered abandoned. When a request is considered complete, the Commission would have 60 days to schedule and conduct a meeting to grant or deny the request for an interim license.

This subsection would require that gambling operations be terminated if an application for an interim license is abandoned by the applicant and no other person has applied for or obtained an interim or regular gambling license.

This subsection would also prohibit the approval of a request for an interim gambling license if any factor is disclosed that would disqualify the applicant for a regular license.

- Subsection (e) would apply three criteria to the processing of a request for an interim gambling license. First, in the unlikely event that a regular license is issued before the interim license, the request for an interim license would be deemed withdrawn. Second, if an applicant withdraws an application for a regular gambling license before the Bureau's recommendation is made, the request for an interim license would also be deemed withdrawn. Finally, the denial or cancellation of a request for an interim gambling license would not affect the continued processing of the regular license application.
- Subsection (f) would apply the following conditions to the issuance of an interim gambling license:

- (1) An interim gambling license would be invalidated upon issuance or denial of the corresponding regular license.
- (2) The term of an interim gambling license would be determined by the Commission and based in part on the time necessary to process and consider the application for a regular gambling license.
- (3) The issuance of an interim gambling license would not obligate the Commission to grant the regular license. Issuance of a regular license would be subject to specified criteria.
- (4) The issuance of an interim gambling license would not create a vested right to a regular gambling license or an extension of the interim license.
- (5) The issuance of an interim gambling license would not change the qualification requirements for a regular license.
- (6) The holder of an interim gambling license would be required to notify the Commission within 30 days of hiring a new key employee or specified contractor.
- (7) The authorization of *additional* permanent tables would be prohibited during the term of an interim gambling license.
- (8) The holder of an interim gambling license would be required to pay all the applicable annual fees associated with a regular gambling license.
- (9) The holder of an interim gambling license would be required to comply with the Act and its regulations.
- (10) The proceeds of the gambling enterprise would be required to be held in an escrow account and not disbursed until the Commission approves the ownership transfer and issues a regular gambling license to the new owner(s). The payment of taxes, operating expenses, preexisting obligations, preexisting dependent support and any other distributions approved by the Commission would be exempt from this restriction.
- (11) Allows the Commission to impose additional conditions upon individual applicants for an interim gambling license to address particular factual situations.
- (12) In requesting an interim gambling license, the applicant would agree to the foregoing conditions.

- Subsection (g) would require the new owner of a gambling enterprise to provide the Commission with written notification if he or she intends to sell their ownership interest without first obtaining an interim or regular gambling license.
- Subsection (h) would establish a process for the cancellation of an interim gambling license by the Commission when it is determined that the license holder is not qualified to hold a gambling license. The process would include an option for the license holder to request an evidentiary hearing, pursuant to existing regulations.⁴
- Subsection (i) would insure that the interim gambling license process does not preclude the Commission from issuing temporary licenses, as authorized by Business and Professions Code section 19824(f).

AUTHORITY AND REFERENCE

The Board has exclusive authority to administer CalSTRS under Article XVI, section 17 of the California Constitution. In addition, California Education Code section 22207 authorizes the Board to perform any acts necessary for the administration of the System and the plan in carrying into effect the provisions of the Teachers' Retirement Law, California Education Code sections 22000 through 28101 ("the Law"). Education Code section 22305 provides that any rules and regulations adopted by the Board have the force and effect of law. These regulations would implement, interpret, and make specific Education Code sections 22107, 22108, 22146, 22161.5, 22174, 22206, 22207, 22219, 22250, 22303, 22375, 22450, 22455, 24003, 24103, 26002, 26132 and 26301.

The Board approved the proposed regulations on April 8, 2011, and authorized the System to give public notice and schedule a public hearing before the Board.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The California Constitution recognizes that the Board has "plenary authority and fiduciary responsibility for investment of moneys and administration of the system." (Cal. Const., Art. XVI, § 17). The Education Code section 22301 provides authority and responsibility to the chief executive officer for the administration of the system and the plan pursuant to the policies and rules adopted by the board. Education Code section 22000 et seq. governs how CalSTRS administers benefits. Education Code section 22305 states that any rules and regulations adopted by the board for the purpose of the administration have the force and effect of law.

The proposed regulations provide guidelines for a member, former member, participant, former participant, beneficiary, or entity to exhaust CalSTRS administrative remedies when disputing how CalSTRS is administering a benefit. The Board now proposes to adopt regulations that provide guidelines in exhausting internal administrative remedies prior to taking the matter to an administrative hearing.

Proposed Sections 27100 through 27103 describe and implement procedures for a member, former member, participant, former participant, beneficiary, or enti-

ty to follow when making a request or disputing a decision. The regulations also articulate what information is required to move the informal process forward to the next internal level which provides transparency and predictability. The regulations do not incorporate by reference any documents.

DISCLOSURES REGARDING THE PROPOSED ACTION

CalSTRS has made the following initial determinations, as required by the California Administrative Procedure Act and Office of Administrative Law regulations:

1. **MANDATE ON LOCAL AGENCIES AND SCHOOL DISTRICTS:**
None.
2. **COST OR SAVINGS TO ANY STATE AGENCY:**
CalSTRS anticipates the regulations would save staff resources in the Benefits and Services branch by permitting qualified matters to proceed directly to administrative hearing instead of an internal review of a CalSTRS action. Accordingly, these regulations would expedite the internal appeals process and allow the member's request or dispute to proceed almost directly to administrative hearing.
3. **COST TO ANY LOCAL AGENCY OR SCHOOL DISTRICT WHICH MUST BE REIMBURSED IN ACCORDANCE WITH CALIFORNIA GOVERNMENT CODE ("GC") SECTIONS 17500 THROUGH 17630:**
None.
4. **OTHER NONDISCRETIONARY COST OR SAVINGS IMPOSED ON LOCAL AGENCIES:**
None.
5. **COST OR SAVINGS IN FEDERAL FUNDING TO THE STATE:**
None.
6. **SIGNIFICANT, STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS INCLUDING THE ABILITY OF CALIFORNIA BUSINESSES TO COMPETE WITH BUSINESSES IN OTHER STATES:**
None.
7. **COST IMPACTS ON A REPRESENTATIVE PRIVATE PERSON OR BUSINESS:**
The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

8. ADOPTION OF THESE REGULATIONS WILL NOT:
- (a) Create or eliminate jobs within California;
 - (b) Create new businesses or eliminate existing businesses within California;
 - (c) Affect the expansion of businesses currently doing business within California.
9. SIGNIFICANT EFFECT ON HOUSING COSTS:
None.
10. SMALL BUSINESS DETERMINATION:
The Board has determined that the proposed regulations do not affect small business as small businesses are not impacted by the statutes that these regulations are clarifying.

CONSIDERATION OF ALTERNATIVES

CalSTRS and the Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

The System was not presented with alternatives during the public discussions pursuant to Government Code section 11346.45. CalSTRS has not identified any alternative. Additionally, there is no indication there would be an adverse impact on any of CalSTRS constituents.

CalSTRS and the Board invite interested persons to present any statements or arguments that would support an alternative to the proposed regulations in the form of written comments or comments at the public hearing.

AUTHORITY AND REFERENCE

The CBSC proposes to adopt these building standards under the authority granted by Health and Safety Code Sections 18930 and 18949.1. The purpose of these building standards is to implement, interpret, and make specific the provisions of Government Code sections 4450 through 4461. The Department of General Services/Division of the State Architect is proposing this regulatory action under the authority provided by the Government Code section 4454.

INFORMATIVE DIGEST

Summary of Existing Laws

Health and Safety Code Section 18930 states any building standard adopted or proposed by state agencies shall be submitted to, and approved or adopted by, the California Building Standards Commission prior to codification. Building standards adopted by state agencies and submitted to the commission for approval shall be accompanied by an analysis written by the adopting agency or state agency that proposes the building standards which shall, to the satisfaction of the Building Standards Commission, justify the approval thereof in terms of criteria for costs and benefits.

Section 18949.1 of the Health and Safety Code states that any responsibilities of the State Architect to adopt regulations relating to building standards are hereby transferred to the California Building Standards Commission.

Section 4450 of the Government Code authorizes the State Architect to establish building standards for making buildings, structures, sidewalks, curbs, and related facilities accessible to and usable by persons with disabilities.

Section 4454 of the Government Code requires the Department of General Services' review and approval of building projects utilizing state funds (including public school and community colleges) to ensure compliance with accessibility standards. Section 4454 also authorizes the Department to collect a filing fee for the services and include the cost of carrying out the responsibilities for development of building standards as part of the plan review costs in determining fees.

Summary of Existing Regulations

Existing administrative standards allow the Division of the State Architect (DSA) to collect fees as a percentage of the estimated construction costs for projects submitted for plan review.

Section 5-104 of Title 24, Part 1, directs the DSA to conduct a review of the fee schedule in 2011 and within every four years thereafter. Upon review of the fee schedule, DSA may reduce the fees or propose a fee schedule increase.

Summary of Effect

The proposed regulatory action will result in a revised fee schedule for projects submitted to the DSA for review and approval of compliance with accessibility standards pursuant to Government Code section 4454(d). The fees are based on percentage of the estimated costs of construction projects submitted for plan review. The proposed regulatory action will result in increase of the base fee from 0.4 percent to 0.62 percent of the project cost and make a corresponding increase to the entire fee schedule, with the exception of the minimum fee of \$400 (to remain unchanged).

Comparable Federal Statute or Regulations

There are no comparable Federal statutes or regulations to these proposed State regulations regarding fees.

Policy Statement Overview

The Disability Access Account fee structure for the DSA-AC activities was established through the California Building Standards Commission in 1990. This fee schedule was updated effective February 13, 2010. Those regulation amendments also implemented a periodic fee review process starting in 2011. The DSA conducted the fee review and determined that a 55 percent fee increase is necessary to assure sufficient resources in the Disability Access Account.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

None. There are no other matters prescribed by statute applicable to the DSA-AC, or to any specific regu-

lation or class of regulations. This amendment does not create a change in regulatory effect.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

The DGS-DSA has determined that the proposed regulatory action would not impose a mandate on local agencies or school districts.

ESTIMATE OF COST OR SAVINGS

(An estimate, prepared in accordance with instructions adopted by Department of Finance, of cost or savings to any state agency, local agency, or school district. Provide a copy of the "Economic and Fiscal Impact Statement" (Form 399))

AUTHORITY AND REFERENCE

The California Building Standards Commission proposes to adopt these building standards under the authority granted in Health and Safety Code 18909, 18929, 18929.1, 18930, 18930.5, 18931, 18931(f), 18931.8, 18935, 18938, and 18949.6.

The purpose of these building standards is to implement, interpret, and make specific the provisions of Health and Safety Code Sections 18909, 18929 through 18932, 18935, 18938, and 18949.6.

INFORMATIVE DIGEST

Summary of Existing Laws

Health and Safety Code 18909 defines what is, and what is not, a building standard.

Health and Safety Code 18929 through 18932 outline the duties of CBSC in its review of building standards proposed by state agencies; criteria to be used for acceptance; authority of CBSC to propose green building standards where no other agency has authority; procedural authorities and duties of CBSC; reimbursement by state agencies for review and development of building standards; establishment of a local fee on building permits to be used by CBSC and other agencies in the development and training of building standards, primarily green building standards; permission for CBSC to accept grants and gifts to perform its duties; and content of the code and authority of CBSC for its format.

Health and Safety Code 18935 requires that state agencies proposing to adopt building standards meet requirements, for public noticing and hearings, of California Government Code, Division 3, Part 1, Chapter 3.5, beginning with Section 11340, known as the Administrative Procedure Act (APA); and that CBSC shall submit agency notices to OAL for the purpose of publication in the California Regulatory Notice Register.

Health and Safety Code 18938 provides for statewide application of the California Building Standards Code as published by the California Building Standards Commission on certain effective dates for building, administrative and emergency standards.

Health and Safety Code 18949.6 requires CBSC to adopt regulations for the procedure for adopting build-

ing standards and administrative regulations that apply to implementation or enforcement of building standards. Regulations shall facilitate adoption of model building codes and shall allow for compliance with the APA.

Summary of Existing Regulations

Chapter 1 of Part 1 contains the administrative regulations of CBSC in ten articles, describing duties and procedures to be followed in implementation of California Building Standards Law. While some changes have been made in the last few years to reflect changes in the law, overall the regulations have not been updated in some time.

Summary of Effect

The proposed standards are submitted in a concurrent code adoption cycle with proposals to streamline and update the format and content of CBSC’s administrative regulations, which are out of date and do not reflect current practices. It adds a section to Article 1, General, to regulate the use of indicia by CBSC to identify publications and other properties.

Comparable Federal Statute or Regulations

CBSC is not aware of an existing comparable federal statute or regulation.

Policy Statement Overview

The proposed regulations are intended to govern the use and permission to use current CBSC indicia which have been developed for published versions of codes, educational materials and properties yet to be identified, and of future indicia not yet developed.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

CBSC has determined that there are no other matters prescribed by statute applicable to the agency or to any specific regulation or class of regulations.

- D. Other nondiscretionary cost or savings imposed on local agencies: **None**
- E. Cost or savings in federal funding to the state: **None**

INITIAL DETERMINATION OF NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES

The CBSC has made an initial determination that the adoption/amendment/repeal of these regulations will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states. The proposed regulations protect the public affected by building standards, including businesses, from potential illegitimate publications or claims attributed to CBSC.

DECLARATION OF EVIDENCE

CBSC’s initial determination of no significant, statewide adverse economic impact directly affecting business in California and their ability to compete with businesses in other states does not require any additional evidence, documents or other evidence to support this action over and above the Initial Statement of Reasons and the Economic and Fiscal Impact Statement which are part of this rulemaking.

FINDING OF NECESSITY FOR THE PUBLIC’S HEALTH, SAFETY, OR WELFARE

CBSC has made an assessment of the proposed code changes and has determined that these changes do not require a report.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

CBSC is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

CBSC has assessed whether or not and to what extent this proposal will affect the following:

@ The creation or elimination of jobs within the State of California.

These regulations will not affect the creation of or elimination of jobs within the State of California.

@ The creation of new businesses or the elimination of existing businesses within the State of California.

INITIAL DETERMINATION OF SIGNIFICANT EFFECT ON HOUSING COSTS

CBSC has made an initial determination that this proposal will have no effect on housing costs.

CONSIDERATION OF ALTERNATIVES

CBSC has made an initial determination that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective as and less burdensome to affected private persons than the proposed action.

AUTHORITY AND REFERENCE

The California Building Standards Commission proposes to adopt these building standards under the authority granted by Health and Safety Code (H&SC) Sections 18928, 18930.5, 18934.5, and 18938(b). The purpose of these building standards is to implement, interpret, and make specific the provisions of H&SC, Division 13, Part 2.5, commencing with Section 18901; and H&SC Section 38500 et seq.

INFORMATIVE DIGEST

Summary of Existing Laws

H&SC Section 18928 authorizes the commission to adopt the most recent edition of model codes, national standards, or specifications.

H&SC 18930.5 grants CBSC the authority, if no state agency has the authority or expertise to propose green building standards applicable to a particular occupancy, the commission shall adopt, approve, codify, update, and publish green building standards for those occupancies.

H&SC Section 18934.5 sets forth that, where no state agency has the authority to adopt building standards applicable to state buildings, the commission shall adopt, approve, codify, and publish building stan-

dards providing the minimum standards for the design and construction of state buildings.

H&SC Section 18938(b) provides that model code standards as referenced in the California Building Standards Code (CCR, Title 24) shall apply to all occupancies throughout the state, and shall become effective 180 days after publication in the California Building Standards Code by CBSC, or on a later date after publication established by CBSC.

H&SC Section 18941.5 (Stats. 2009, c. 89) specifies that building standards adopted by a city, county, or city and county include, but are not limited to, green building standards for the purposes of local amendment filings and findings.

H&SC Section 18941.8 (Stats. 2010 c 622) removes the Department of Water Resources as the authoritative agency for nonresidential graywater use and requires CBSC to develop standards for the next triennial code adoption cycle after January 1, 2011, or the current 2012 triennial cycle.

H&SC Section 38500 et seq. (AB 32, Stats 2006, c. 488) requires a cap on greenhouse gas (GHG) emissions by 2020, mandatory emissions reporting, and a market-based compliance program.

Summary of Existing Regulations

California Code of Regulations (CCR), Title 24, also referred to as the 2010 California Building Standards Code incorporates the following:

- Part 1, the California Administrative Code, with administrative regulations for CBSC and the California Energy Commission (CEC)
- Part 5, the California Plumbing Code, with Appendix G graywater irrigation standards authored by Department of Water Resources
- Part 6, the California Energy Code, which contains minimum energy efficiency standards for nonresidential buildings in California promulgated by the CEC
- Part 11, the California Green Building Standards Code (CGBSC), also known as the CALGreen Code, which contains mandatory and voluntary green building standards for residential, nonresidential, and medical facilities

Other relevant CCR titles:

- Title 17 includes regulations for air quality promulgated by the California Air Resources Board.
- Title 20, Article 4, Appliance Efficiency regulations, contains CEC standards for water consumption of widely used plumbing fixtures.
- Title 23 includes the Model Water Efficient Landscape Ordinance recently updated by Department of Water Resources.

Summary of Effect

This proposed action will make effective voluntary green building referenced standards available in Title 24, Part 11 for buildings under authority of CBSC, on a date commensurate with the 2010 annual code adoption cycle, either 180 days after publication in Title 24 or at a later date determined by CBSC.

Comparable Federal Statute or Regulations

The Environmental Protection Agency (EPA) defines “Brownfield Development”, an option proposed for site planning and design. EPA also regulates ozone-depleting and climate warming chemicals, as well as other air pollutants like wood smoke in updates to the 1970 Clean Air Act. The Federal Water Pollution Control Act (33 U.S.C. 1251 et seq., also known as the Clean Water Act) is adopted in California by the State Water Resources Control Board for management of storm water during construction.

Policy Statement Overview

Two developments occurred during the course of the 2010 code cycle for concurrent changes proposed for adoption that influence this proposed action:

- In 2010, CBSC staff, with a task force of experts on the subject, developed guidelines to the commissioning standards mandatory in the 2010 code. They were well-received and have been suggested as voluntary referenced standards in the code to make them more widely available to code users, many of which are not familiar with how buildings are commissioned.
- During the code cycle, voluntary proposed standards for bird-safe building design were withdrawn by CBSC based on comments of the commercial building industry, who suggested they were more appropriate as guidelines. CBSC proposes to reintroduce them in this new voluntary appendix for referenced standards.

OTHER MATTERS PRESCRIBED BY STATUTE APPLICABLE TO THE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

CBSC has determined that there are no other matters prescribed by statute applicable to the agency or to any specific regulation or class of regulations.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

CBSC has determined that projects following the Green Building Code would impose a mandate on local

agencies in the form of verification. However, the mandate does not require reimbursement pursuant to Part 7 (commencing with section 17500) of Division 4, Government Code. No mandate is imposed on school districts.

ESTIMATE OF COST OR SAVINGS

- A. Cost or savings to any state agency: **None**
- B. Cost to any local agency required to be reimbursed under Part 7(commencing with Section 17500) of Division 4: **None**
- C. Cost to any school district required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4: **None**
- D. Other nondiscretionary cost or savings imposed on local agencies: **None**
- E. Cost or savings in federal funding to the state: **None**

Estimate: CBSC has prepared an Economic and Fiscal Impact Statement, Form 399, to assess the impact of the proposed action. It is available on request of CBSC from contacts noted below.

INITIAL DETERMINATION OF NO SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESSES

CBSC has made an initial determination that the adoption of these regulations will not have a significant statewide adverse economic impact on businesses, including the ability of California businesses to compete with business in other states. These are proposed for location in a useful voluntary referenced standard appendix and are not mandated.

DECLARATION OF EVIDENCE

CBSC’s initial determination of no significant, state-wide adverse economic impact directly affecting business in California and their ability to compete with businesses in other states does not require any additional evidence, documents or other evidence to support this action over and above the Initial Statement of Reasons and the Economic and Fiscal Impact Statement which are part of this rulemaking.

FINDING OF NECESSITY FOR THE PUBLIC’S HEALTH, SAFETY, OR WELFARE

CBSC has made an assessment of the proposed code changes and has determined that these changes do not require a report.

COST IMPACT ON REPRESENTATIVE PRIVATE PERSON OR BUSINESS

CBSC is not aware of cost impacts that a representative private person or business could incur in reasonable compliance with the proposed action, since these are useful voluntary referenced standards and are not mandated.

ASSESSMENT OF EFFECT OF REGULATIONS UPON JOBS AND BUSINESS EXPANSION, ELIMINATION OR CREATION

CBSC has assessed whether or not and to what extent this proposal will affect the following:

- **The creation or elimination of jobs within the State of California.** These regulations, employing emerging green building technologies, products, and services, should create jobs within the State of California.
- **The creation of new businesses or the elimination of existing businesses within the State of California.** These regulations, employing emerging green building technologies, products, and services should create new business and should expand opportunities for existing business within the State of California.
- **The expansion of businesses currently doing business with the State of California.** These regulations will position California in the lead for statewide green building guidelines, and should provide opportunities for businesses currently doing business within the State of California.

INITIAL DETERMINATION OF SIGNIFICANT EFFECT ON HOUSING COSTS

The CBSC has made an initial determination that this proposal would not have a significant effect on housing costs.

CONSIDERATION OF REASONABLE ALTERNATIVES

The CBSC must determine that no reasonable alternative considered by the state agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

AVAILABILITY OF RULEMAKING DOCUMENTS

Pupil Activity Buses

This regulatory action revises several sections in Title 13 of the California Code of Regulations and adopts one new section. The purpose of this rulemaking is to establish periodic safety inspections as well as the fees required for the inspections of Pupil Activity Buses. Pupil Activity Buses are a new classification established by Assembly Bill 830, Chapter 649, Statutes of 2008. This statute exempts motor vehicles designed to carry not more than 25 persons including the driver, from the definition of school bus when operated by a charter-party carrier of passengers; transporting school pupils to or from school related activities. These amendments/adoption also adopt by reference the definition of

“Motor Vehicle Chassis” as defined in the 1972 edition of SAE Standard J687c.

Section 51008.5 — Billing Procedures for Claims Delayed by Good Cause

This change without regulatory effect deals with processing late claims and corrects a renumbering error that occurred in 1985. The result of this action allows special circumstances, such as court decisions and state hearing decisions, to be identified as “good cause” to permit the late submittal of the claim and permit the delayed bills to be submitted for processing beyond the time limits specified in section 51008 provided such submittal is within 60 days after the dates of resolution of the circumstances that caused the billing delay.

This filing will delete from regulations the requirements applicable to the issuance of clean air vehicle stickers to hybrid vehicles that meet California’s clean air emission standards. Senate Bill 535 (CH 215, Statutes of 2010) amended Vehicle Code section 5205.5 to prohibit the use of clean air stickers for hybrid vehicles as previously allowed in 5205.5 (a)(3) and (4). This non-substantive filing amends form REG 1000 to reflect the change in law. School Immunization Requirements: Grades 7-12

California experienced a pertussis (whooping cough) epidemic in 2010. Childhood immunization does not

provide lasting immunity without boosters. Previously, state law prohibited the requirement of immunization for pertussis in children seven years of age and older. It is believed that this pool of susceptible persons who have not received immunizations after seven years of age, has prolonged the epidemic. Because of the urgency of the epidemic, the Legislature enacted AB 354 (Arambula, Ch. 434, Statutes of 2010), removing the age restriction and requiring full immunization against pertussis for admission or advancement to the 7th through 12th grades. AB 354 also eliminated the requirement for hepatitis B vaccine for admission or advancement to the 7th grade. AB 354 has two implementation dates. This rulemaking addresses the requirements for pupils in 7th through 12th grade to become effective July 1, 2011 through June 30, 2012.

MANAGED RISK MEDICAL INSURANCE BOARD

Modify Healthy Families Program Vision Plan Benefits

The Healthy Families Program (HFP) is California's state- and federally-funded Children's Health Insurance Program (CHIP) established pursuant to title XXI of the federal Social Security Act. The Managed Risk Medical Insurance Board (Board) administers the HFP. The HFP provides comprehensive health, dental and vision insurance to low-income children under the age of 19 with family income above the Medi-Cal income eligibility levels. Approximately, two-thirds of the funding for HFP is provided by the federal CHIP. This emergency regulatory action modifies the HFP vision benefit and operations and clarifies health, dental, and vision plan responsibilities for children with California Children's Services-eligible conditions. Pursuant to Insurance Code sections 12693.22 and 12693.65, this emergency regulatory action is deemed to meet the emergency standard and is exempt from OAL review.

 STATE ALLOCATION BOARD
 Leroy F. Greene School Facilities Act 1998 — Fiscal Crisis Regulations

This certificate of compliance makes permanent the prior emergency amendments to four sections in Title 2

(OAL file no. 2010-1224-01E). These regulatory amendments extended by six months until July 1, 2011 the sunset date of three sections that became inoperative on January 1, 2011. Extending these sections allowed “inactive” status to continue for approved but unfunded SFP projects during the State of California’s continuing fiscal crisis. The extension also kept financial hardship determinations in effect for six more months for previously approved projects which the State had been unable to fund due to the lack of AB 55 loans. This action responded to the Pooled Money Investment Board’s temporary halt of disbursements for capital projects, including the construction of public schools, on December 17, 2008. The amendments continued the SAB’s authority for an additional year to help protect school facility projects from expiring under two programs: (1) Critically Overcrowded School Facilities Program (COS Program), and (2) Charter School Facilities Program (CSFP). Additionally these amendments gave SAB discretion to waive the existing requirement in section 1859.81(d) for SAB-approved financial hardship determinations to be re-reviewed every 180 days by the Office of Public School Construction, if SAB placed an approved school facility project on a newly adopted “Unfunded List (Lack of AB 55 Loans)” list for more than 180 days. “Unfunded List (Lack of AB 55 Loans)” projects are those that receive unfunded approvals due to the state’s inability to provide AB 55 loans (inability to provide loans from the Pooled Money Investment Account).
