TITLE 16. BOARD OF PHARMACY

NOTICE IS HEREBY GIVEN that the Board of Pharmacy is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments relevant to the action proposed in writing. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board of Pharmacy at its office not later than 5:00 p.m. on October 19, 2015.

The board does not intend to conduct a Regulation Hearing on the matter, unless requested. Any interested person may submit a written request for a public hearing no later than 15 days prior to the close of the written comment period.

The Board of Pharmacy, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 315, 315.2, 315.4, and 4005 of the Business and Professions Code and Section 11420 et seq. of the Government Code and to implement, interpret, and make specific Sections 4300 and 4301 of the Business and Professions Code, and Section 11420.20 and 11425.50(e) of the Government Code, the Board of Pharmacy is proposing to amend Section 1760 of Article 8 of Division 17 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST

A. Informative Digest/Policy Statement Overview

The Board of Pharmacy proposes to amend Section 1760 of Article 8 of Division 17 of Title 16 of the

California Code of Regulations and to update Authority and Reference citations.

Existing regulation at Section 1760 requires the board to consider the disciplinary guidelines document when reaching a decision on a disciplinary case. The document, “Disciplinary Guidelines” (Rev. 10/2007) is incorporated by reference; the proposed regulation amends this document and incorporates by reference an updated “Disciplinary Guidelines” with a revision date of July 2015.

Business and Professions Code section 315 generally authorizes the board to develop specific standards in dealing with substance-abusing licensees.

Business and Professions Code section 315.2 generally authorizes the board to suspend a licensee on probation from the practice of pharmacy if the licensee tests positive for any substance that is prohibited under the terms of the licensee’s probation or diversion program.

Business and Professions Code section 315.4 generally authorizes the board to suspend a licensee on probation from the practice of pharmacy for major violations or when the board orders a licensee to undergo a clinical diagnostic evaluation.

Business and Professions Code section 4005 generally authorizes the board to amend rules and regulations pertaining to the practice of pharmacy.

Business and Professions Code section 4300 authorizes the board to discipline a licensee as well as refuse to issue a license to an applicant.

Business and Professions Code section 4301 authorizes the board to take action against a licensee for unprofessional conduct as defined.

Government Code section 11420.20 authorizes the board to adopt regulations to govern an adjudicative proceeding.

Government Code section 11425.50(e) prohibits a penalty from being based upon a guideline unless the guideline has been adopted as a regulation.

16 California Code of Regulations Section 1760 incorporates by reference the Disciplinary Guidelines. Board staff, Deputy Attorneys General, Administrative Law Judges, licensees, and attorneys use these guidelines to assist in determining penalties in the disciplinary case against board licensees. The board is proposing to update the “Disciplinary Guidelines” to conform with changes to the pharmacy law, to clarify some existing terms and conditions of probation that appear ambiguous, establish new terms and conditions necessary to ensure rehabilitation of licensees and remove terms no longer utilized or necessary in the interest of public protection.

B. Anticipated Benefits of Proposal

This proposal would ensure that the disciplinary guidelines reflect changes in current law. The updated

guidelines, (Rev. 7/2015), incorporated by reference in this proposal would include uniform standardization to conform to legal requirements and incorporate changes made to facilitate implementation of SB 1441 (Ridley–Thomas, Chapter 548, Statutes of 2008). Standardizing and updating the disciplinary guidelines to strengthen the board’s ability to monitor licensees on probation will benefit the health, safety, and welfare of California residents, workers, and the state’s environment. By standardizing the disciplinary guidelines, the board will be better equipped to ensure licensees whose licenses are restricted pursuant to administrative action complete appropriate rehabilitation and prevent further harm to the public consistent with the Board’s consumer protection mandate.

C. Consistency and Compatibility with Existing State Regulations

During the process of developing these regulations and amendments, the Board of Pharmacy has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

INCORPORATION BY REFERENCE

Documents incorporated by reference:

1. Disciplinary Guidelines (Rev. 7/2015)

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs/Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Require Reimbursement: None.

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states as it only affects licensees that have been disciplined by the board.

Cost Impact on Representative Private Person or Business:

The board is not aware of any cost impacts that a representative private person or business would necessari-

ly incur unless that individual is licensed by the board and subject to disciplinary action by the board.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Board of Pharmacy has made an initial determination that the proposed regulatory action would not have a significant adverse economic impact directly affecting small business as it will only affect businesses licensed by the board that are subject to disciplinary action.

RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS

Impact on Jobs/New Businesses:

The board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California. This initial determination is based on the fact that the proposed regulation only affects licensees that have been disciplined by the board. Additionally, licensees are currently subject to these disciplinary guidelines.

Benefits of Regulation:

The Board of Pharmacy has determined that this regulatory proposal will have a significant impact on the health and welfare of California residents, worker safety, and the state’s environment. This proposal specifies the disciplinary guidelines to be followed in board disciplinary actions related to violations of the practice of pharmacy. Disciplining those that violate pharmacy law will ensure that the health and welfare of California residents, workers, and the environment are protected.

CONSIDERATION OF ALTERNATIVES

The Board of Pharmacy must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments in writing relevant to the above determinations at the address listed for the Contact Person.

INITIAL STATEMENT OF REASONS AND INFORMATION

The Board of Pharmacy has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TITLE 16. MEDICAL BOARD OF CALIFORNIA

NOTICE IS HEREBY GIVEN that the Medical Board of California (Board) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at The Westin San Diego, 400 West Broadway, San Diego, CA 92101, 619-239-4500, at 9:00 a.m., on October 30, 2015.

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office not later than 5:00 p.m. on October 19, 2015, or must be received at the hearing. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as the contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Section 2018 of the Business and Professions Code (BPC) and Section 11400.20 of the Government Code (GC), and to implement, interpret or make specific Sections 2227, 2228, and 2229 of the BPC, as well as Sections 11400.20, 11425.50(e), and 11529 of the GC, the Board is considering changes to Section 1361 of Division 13 of Title 16 of the California Code of Regulations (CCR) as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

A. Informative Digest

In reaching its disciplinary decisions, the Board uses the Manual of Model Disciplinary Orders and Disciplinary Guidelines (Disciplinary Guidelines) incorporated by reference into 16 CCR section 1361. Currently, the Board uses the 11th Edition of the Disciplinary Guidelines, which were adopted by regulation in 2011.

Proposed Amendment to 16 CCR section 1361:

This rulemaking proposes to amend 16 CCR section 1361 to incorporate by reference the 12th Edition/2015 of the Disciplinary Guidelines, instead of the 11th Edi-

tion/2011. It is necessary to incorporate the Disciplinary Guidelines by reference due to the size of the document.

Proposed Amendments to the Disciplinary Guidelines

The Disciplinary Guidelines will be amended to identify it as the 12th Edition, amended in 2015, instead of the 11th Edition, amended in 2011. Further, the Disciplinary Guidelines will be updated to reflect the new agency name of “Business, Consumer Services, and Housing Agency,” from the prior name of “State and Consumer Services Agency.”

The instructions for writing or calling the Board for additional copies of the Disciplinary Guidelines will be deleted, and interested parties will be advised that the document is accessible on the Board’s website.

In the past, the Board has provided a summary of changes for each new edition at the beginning of the document. This summary will be deleted as it is unnecessary, since the rulemaking file is the official record for the justification and summary of all changes.

The Table of Contents will be changed to reflect the title changes to conditions 18, 19, and 28. Page number changes will be made, if necessary.

Conditions 9 (Controlled Substances — Abstain from Use), 10 (Alcohol — Abstain from Use), and 11 (Biological Fluid Testing) of the Disciplinary Guidelines currently authorize the issuance of a cease practice order for non-compliance, but require that an accusation be filed within 15 days, or the cease practice order will be dissolved. They also provide that a decision shall be received from the Administrative Law Judge (ALJ) or the Board within 15 days unless good cause can be shown for the delay.

The proposed amendments to **Conditions 9, 10, and 11** will reflect a change in GC 11529, effective January 1, 2014, which extended the timeframe for filing an accusation following the issuance of a suspension order from 15 days to 30 days. The proposed amendments to these conditions will also clarify that the ALJ and the Board would each have 15 days to issue a decision, and will define good cause for a delay in issuing such decision. Additionally, under **Condition 11**, the option to use a breathalyzer will be specifically included in the definition of “biological fluid testing.”

Conditions 14 (Prescribing Practices Course), 15 (Medical Records Keeping Course), 17 (Professional Boundaries Program), 18 (Clinical Training Program), and 23 (Monitoring — Practice/Billing) currently specify that the courses are to be equivalent to the courses at the Physician Assessment and Clinical Education Program (PACE) at the University of California, San Diego School of Medicine.

The proposed amendments to these conditions will remove reference to PACE to eliminate the appearance of endorsing one program’s courses over others.

Condition 18 (Clinical Training Program) describes the Board’s requirements for a clinical training program. Current law requires a two-day comprehensive assessment of respondent’s physical and mental health; basic clinical and communication skills common to all clinicians; and medical knowledge, skill and judgment related to the respondent’s area of practice in which he or she was alleged to be deficient, and required a minimum 40-hour program of clinical education in that area.

Current law further provides that the program will advise the Board of its recommendations for any additional education, training, or treatment for any medical or psychological condition, or anything else affecting respondent’s practice of medicine.

Current law also requires respondent to pass an examination at the end of any additional education or clinical training.

Under Option #1: Condition Precedent of Condition 18, current law allows a respondent to practice medicine in a clinical training program approved by the Board, and indicates that respondent’s practice shall be restricted to that which is required by the approved training program.

Under the proposed amendments, Condition 18 will be renamed “Clinical Competence Assessment Program.” Moreover, the specific time-frame requirements of a two-day assessment and a 40-hour program will be deleted to permit the program to design an assessment and program particular to each respondent’s circumstance. The proposed amendments will require a comprehensive assessment of respondent’s physical and mental health; and the six general domains of clinical competence as defined by the Accreditation Council on Graduate Medical Education and the American Board of Medical Specialties pertaining to respondent’s current or intended area of practice. The proposed amendments identify what the program shall consider during its assessment of the respondent, and specifies that the program shall require the respondent’s on-site participation for a minimum of three to five days as determined by the program.

The proposed amendments require the program to submit a comprehensive assessment to the Board that unequivocally states whether the respondent has demonstrated the ability to practice safely and independently, and provide its recommendations for any further education, clinical training, or evaluation or treatment for any medical or psychological condition, or anything else affecting respondent’s practice of medicine.

The proposed amendments will eliminate the requirement that the respondent pass an examination at the completion of additional education or clinical training.

Under Option #1: Condition Precedent of Condition 18, the proposed amendment eliminates the exception allowing respondent to practice medicine in a clinical training program.

Condition 19 (Oral and/or Written Examination) currently provides for the option of requiring the respondent to submit to an oral or written examination when appropriate.

The proposed amendments will strike the option of an oral examination as a condition that could be ordered.

It also strikes the language indicating that the respondent shall be allowed to take a second exam if he or she fails the first one.

Condition 25 (Third Party Chaperone) currently allows a respondent to nominate a replacement chaperone within 60 days after a chaperone leaves the respondent's employ.

The proposed amendment will reduce the time allowed to replace a chaperone from 60 days to 30 days.

Condition 28 (Supervision of Physician Assistants) currently prohibits a respondent from supervising physician assistants while on probation.

The proposed amendment will prohibit a respondent from supervising physician assistants and advanced practice nurses, and will change the title of the condition from "Supervision of Physician Assistants" to "Supervision of Physician Assistants and Advanced Practice Nurses."

Condition 31 (General Probation Requirements) currently provides that the respondent shall comply with the Board's probation unit and all terms and conditions of the Decision.

The proposed amendment will eliminate the phrase "and all terms and conditions of this Decision," to reflect different requirements for respondents residing within California, and those residing in other states, during periods of non-practice, as further described under Condition 33, below.

Condition 33 (Non-practice While on Probation) currently does not well-differentiate what is expected from a respondent who is not practicing medicine during probation while residing in California versus while residing in another state. Additionally, current law requires the completion of a clinical training program following a period of non-practice exceeding 18 months.

The proposed amendments clarify that a respondent residing in California during periods of non-practice shall comply with all terms and conditions of probation. A respondent residing outside of California will be relieved of the responsibility to comply with the probationary terms and conditions with the exception of this

condition (Condition 33), and the following terms and conditions of probation: Obey All Laws; General Probation Requirements; Quarterly Declarations; Abstain from the Use of Alcohol and/or Controlled Substances; and Biological Fluid Testing.

Additionally, the proposed amendments allow the respondent to complete the Special Purpose Examination (SPEX) before returning to practice in lieu of requiring a comprehensive assessment program after 18 months of non-practice.

The Titles of Probation Conditions in the Section on Recommended Range of Penalties for Violations currently references "Clinical Training Program" for Condition 18, and "Oral or Written Examination" for Condition 19. The proposed amendments will change the titles of these conditions to "Clinical Competence Assessment Program," for each reference to Condition 18, and to "Written Examination" for the reference to Condition 19 to reflect the proposed changes to the titles of these conditions.

B. Anticipated Benefits of Proposal

This regulatory action will update the Board's Disciplinary Guidelines used in its enforcement decisions, and will amend 16 CCR section 1361 to incorporate these updated Disciplinary Guidelines by reference as the 12th Edition/2015. The proposed amendments make the Disciplinary Guidelines consistent with current law and the current educational and probationary environment, clarify the terms and conditions of probation to reduce the likelihood of misinterpretation, and strengthen consumer protection.

C. Consistency and Compatibility with Existing State Regulations

During the process of developing these regulations and amendments, the Board conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

D. Incorporated by Reference Document

Manual of Model Disciplinary Orders and Disciplinary Guidelines, 12th Edition, 2015.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500-17630 Require Reimbursement: None.

Business Impact:

The board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Cost Impact on Representative Private Person or Business:

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. The representative private persons or directly affected businesses are physicians and surgeons, advanced practice nurses, and clinical competence assessment programs.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Board has made an initial determination that the proposed regulatory action will have no effect on small businesses. This initial determination is based on the fact that these proposed amendments to the Disciplinary Guidelines will simply make this document consistent with current law, amend the document to reflect the changes that have occurred in the educational and probationary environment since the last update, clarify terms and conditions of probation, and improve consumer protection.

RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS

The Board has made the initial determination that this regulatory proposal will have the following impact:

- It is not likely to create or eliminate jobs within the State of California. This initial determination is based on the fact that these proposed amendments to the Disciplinary Guidelines will simply make this document consistent with current law, amend the document to reflect the changes that have occurred in the educational and probationary environment since the last update, clarify terms and conditions of probation, and improve consumer protection.

- It is not likely to create new businesses or eliminate existing businesses within the State of California. - It will not likely affect the expansion of businesses currently doing business within the State of California. This initial determination is based on the fact that these proposed amendments to the Disciplinary Guidelines will simply make this document consistent with current law, amend the document to reflect the changes that have occurred in the educational and probationary environment since the last update, clarify terms and conditions of probation, and improve consumer protection.
- It will benefit the health and welfare of California residents because it updates and clarifies the terms and conditions of probation for physicians and surgeons subject to discipline, makes the Disciplinary Guidelines consistent with current law, and strengthens consumer protection.
- It will not have a significant impact on worker safety because these proposed amendments to the Disciplinary Guidelines will simply make this document consistent with current law, amend the document to reflect the changes that have occurred in the educational and probationary environment since the last update, clarify terms and conditions of probation, and improve consumer protection.
- It will not have an impact on the state's environment because these proposed amendments to the Disciplinary Guidelines will simply make this document consistent with current law, amend the document to reflect the changes that have occurred in the educational and probationary environment since the last update, clarify terms and conditions of probation, and improve consumer protection.

CONSIDERATION OF ALTERNATIVES

In accordance with GC section 11346.5(a)(13), the Board must determine that no reasonable alternative considered or brought to the attention of the Board would be more effective in carrying out the purpose for which this regulatory action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective.

tive in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

PUBLIC HEARING

The Board has not scheduled a public hearing on this proposed action. However, the Board will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under "Contact Person" in this Notice, must be **received by the Board at its office no later than 5:00 p.m. on October 19, 2015**, or must be received by the Board at the hearing.

AUTHORITY AND REFERENCE

Pursuant to the authority vested by section 4808 of the Business and Professions Code (BPC), and to im-

plement, interpret, or make specific sections 680, 4836.1, 4836.2, 4836.3, and 4836.4 of the BPC, the Board is considering changes to sections 2034, 2035, and 2036.5 of Article 4 of Division 20 of Title 16 of the California Code of Regulations (CCR), section 2071.1 of Article 7 of Division 20 of Title 16 of the CCR, and sections 2087, 2087.1, 2087.2, and 2087.3 of Article 11 of Division 20 of Title 16 of the CCR as follows:

INFORMATIVE DIGEST

A. Informative Digest

In accordance with the provisions of the Administrative Procedures Act, BPC §4808 authorizes the Board to adopt, amend, or repeal rules and regulations that are reasonably necessary to carry into effect the provisions of Chapter 11 of Division 2 of the BPC.

BPC §4836.1 authorizes veterinary assistants to obtain or administer controlled substances, only if they hold a valid Veterinary Assistant Controlled Substances Permit (VACSP) and receive direct or indirect supervision by a licensed veterinarian. State law also requires the Board to develop and implement a process for veterinary assistants to apply for an initial VACSP and renewal permit, including setting application and renewal fees, requiring fingerprints processed by the Department of Justice for the purposes of a criminal background check, and establishing a process for VACSP holders to notify the Board of any mailing or employer address changes [BPC §§4836.2, 4836.3, and 4836.4].

This proposal would amend current regulations to govern the supervisory relationship between a licensed veterinarian and a VACSP holder. This proposal will also adopt regulations defining the requirement for all veterinary assistants authorized to obtain or administer controlled substances to prominently display their permit or wear a name tag in the interest of public safety and consumer awareness.

Specifically, the Board is proposing the following:

- Amend Section 2034 of Article 4 of Division 20 of Title 16 of the CCR
This section expands the definitions outlined in the section to apply throughout Division 20, Veterinary Medical Board, rather than limiting the changes to only Article 4 of Division 20, Veterinary Medical Board. It adds clarifying language by changing the term “unregistered assistant” to “veterinary assistant” pursuant to the amendments made to BPC §4840 relating to authorized services by technicians and assistants. This section adds “California” to the definition for an “R.V.T.” to specify that the terms in the division apply to veterinary technicians registered in California. The terms “Veterinary Assistant

Controlled Substances Permit” and the abbreviation “VACSP” were added to as a result of the new permit type. Lastly, the term “permit holder” was added to signify a veterinary assistant who is a person at least 18 years of age and is a holder of a VACSP.

- Amend Section 2035 of Article 4 of Division 20 of Title 16 of the CCR
The term “permit holder,” as defined in BPC §2034, was added to this section to include all veterinary assistants authorized to obtain and administer controlled substances as a population that must receive supervision by a licensed veterinarian. It also adds clarifying language by changing the term “unregistered assistant” to “veterinary assistant” pursuant to the amendments made to BPC §4840 relating to authorized services by technicians and assistants.
- Amend Section 2036.5 of Article 4 of Division 20 of Title 16 of the CCR
The term “permit holder,” as defined in BPC §2034, was added to this section to include all veterinary assistants authorized to obtain and administer controlled substances as a population authorized to perform specific animal hospital health care tasks similar to a “veterinary assistant.” It also adds clarifying language by changing the term “unregistered assistant” to “veterinary assistant” pursuant to amendments made throughout BPC §4836 relating to authorized services by technicians and assistants.
- Adopt section 2071.1 of Article 7 of Division 20 of Title 16 of the CCR
This new section aims to make specific the application and renewal fees associated with a VACSP. The application fee shall be \$50.00 and the fee for the initial VACSP will be \$50.00, totaling \$100.00, and will be valid for one year or more from the date the initial VACSP is granted. The renewal fee shall be \$50.00 and will also be valid for one year.
- Adopt section 2087 of Article 11 of Division 20 of Title 16 of the CCR
The general purpose of the VACSP application is for the applicant to provide authorization for a criminal background check. Specifically, this new section lists the forms required during the application process for a VACSP. It also specifies that once a permit has been issued, authority to obtain and administer controlled substances will be granted to the veterinary assistant only under the direct or indirect supervision of a licensed veterinarian. It also requires the Board to review

the application and notify the applicant of the final approval/denial.

- Adopt section 2087.1 of Article 11 of Division 20 of Title 16 of the CCR

This new section specifies the forms required to be submitted to the Board by the Licensee Manager relating to the supervision of the permit holder. It explains that until the required forms are submitted and approved by the Board, a permit holder will not be allowed to perform duties authorized by a VACSP. This section also states that a Licensee Manager shall be subject to disciplinary action by the Board if he/she fails to comply with the laws and regulations relating to the supervision of permit holders.

- Adopt section 2087.2 of Article 11 of Division 20 of Title 16 of the CCR

This new section adds a time-sensitive requirement for the Licensee Manager to notify the Board when the supervisorial relationship has been terminated with the permit holder. It explains that a permit holder will not be allowed to perform duties authorized by a VACSP until the required forms, which establish the supervisory relationship between the permit holder and the new Licensee Manager, are submitted and approved by the Board.

- Adopt section 2087.3 of Article 11 of Division 20 of Title 16 of the CCR

This new section adds a requirement for permit holders to prominently display their permit in a place that is easily accessible to the public or wear a name tag with their permit number. This section also states the no person may utilize the term “veterinary assistant controlled substances permit” or the abbreviation “VACSP” with the intent to represent that the person is authorized to act as a permit holder, unless that person is a permit holder and meets the requirements of the article.

B. Policy Statement Overview/Anticipated Benefits of Proposal

Policy Statement Overview

The proposed regulatory action will implement the VACSP program requirements concerning the process for veterinary assistants to pass a background check and obtain a permit from the Board in order to obtain or administer controlled substances. Moreover, this regulatory action updates language and terminology used by the Board. The policy behind the proposed regulatory additions and amendments is consistent with the Board’s mission to protect California consumers and animals.

Anticipated Benefits of Proposed Regulatory Action

The proposed regulation provides specificity regarding the requirements for permit holders and managing licensees providing direct or indirect supervision over permit holders. The proposed action also expands the requirements for permit holders to display their permit, either by wearing a name tag or by prominently displaying their permit in an area easily accessible to the public, in order to promote consumer awareness. All of these changes provide greater clarity regarding the new VACSP program requirements and also serves to promote the health, safety, and welfare of animal patients and the protection of California consumers.

C. Consistency and Compatibility with Existing State Regulations

During the process of developing these regulations and amendments, the Board has determined that these are the only regulations that deal with the subject area of the Board’s VACSP program. Additionally, the Board finds that these proposed regulations are consistent and compatible with existing state regulations.

Cost Impact on Representative Private Person or Business:

The Board is aware of cost impacts that a representative private person or business would necessarily incur

in reasonable compliance with the proposed action. The Board has set application and renewal fees associated with a VACSP. The application fee shall be \$50.00 and the fee for the initial VACSP will be \$50.00, totaling \$100.00, and will be valid for one year or more from the date the initial VACSP is granted. Benefits of Regulation:

The Board has determined that this regulatory proposal will benefit the health and welfare of California residents, worker safety, and state's environment by improving the consistency and transparency of penalties as related to the degree of harm caused by violation of the Veterinary Medicine Practice Act.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

NOTICE IS HEREBY GIVEN that the California Housing Finance Agency (“Agency”) intends to amend its Conflict-of-Interest Code pursuant to Government Code Sections 87300-87302 and 87306. Pursuant to Government Code Section 87302, the Conflict-of-Interest Code will designate employees who must disclose certain investments, income, interests in real property and business positions, and who must disqualify themselves from making or participating in the making of governmental decisions affecting those interests.

The Agency is amending its Conflict-of-Interest Code to: (1) modify provisions of the code; (2) revise divisions to comport with revised organizational chart; (3) add positions in new division; (4) add new positions; (5) reclassify positions within divisions; (6) revise titles of existing positions; (7) revise disclosure categories of existing positions; (8) delete titles of positions that are not being utilized by the Agency; and, (9) make miscellaneous “clean-up” changes.

GENERAL PUBLIC INTEREST

DEPARTMENT OF HEALTH CARE SERVICES

THE DEPARTMENT OF HEALTH CARE SERVICES IS ADOPTING AN ADDITIONAL REPORTING METHOD FOR DETERMINING THE HOSPITAL’S COST-TO-CHARGE RATIO

This notice is to provide information of public interest about proposed changes in the documentation that

can be used in determining the hospital’s cost-to-charge ratio (CCR) used in the All Patient Refined–Diagnosis Related Group (APR–DRG) reimbursement methodology.

The proposed changes for determining the hospital’s CCR in the APR–DRG reimbursement methodology would allow hospitals to submit projected costs on a pro–forma document that has been approved by the Centers for Medicare & Medicaid Services (CMS) rather than what is reported on the hospital’s most currently accepted CMS 2552–10 cost report. This would enable the Department of Health Care Services (Department) to use the accepted pro–forma document to determine the CCR used in the calculation of APR–DRG outlier payments. All approved projected costs and updates to the accepted CCRs will be subject to review in accordance with Welfare and Institutions Code section 14170.

The effective date of the State Plan Amendment (SPA) for the proposed change will be September 7, 2015. Implementation of these changes is subject to approval of the proposed SPA by CMS.

PUBLIC REVIEW AND COMMENTS

Copies of this public notice will be available at welfare offices in every county of the State.

Copies of the State Plan Amendment that amends California’s Medicaid State Plan may be requested, in writing, from Mr. John Mendoza, Department of Health Care Services, Safety Net Financing Division, MS 4518, P.O. Box 997436, Sacramento, CA 95899–7436.

Written comments concerning the proposal may be mailed to Mr. Mendoza at the above address and must be received on or before October 19, 2015.

FISH AND GAME COMMISSION

NOTICE OF RECEIPT OF PETITION

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Sections 2073.3 and 2076.5 of the Fish and Game Code, the California Fish and Game Commission (Commission), on August 19, 2015, received a petition from the Center for Biological Diversity to list tricolored blackbird (*Agelaius tricolor*) as endangered via emergency regulation and via the listing process set forth under the California Endangered Species Act.

Tricolored blackbird was historically distributed throughout most of the Central Valley, adjacent foothills, coastal ranges and southern California. Habitat types required by this species include riparian, marsh, and agricultural fields. Tricolored blackbirds are medium-sized, nesting in dense colonies.

Pursuant to Section 2073 of Fish and Game Code, on August 20, 2015, the Commission referred the petition to the Department of Fish and Wildlife (Department) for evaluation pursuant to Section 2073.5. The Commission will officially receive the Department's evaluation of the petition at its October 8, 2015, meeting in Los Angeles. The Commission will consider taking action on the petition at its December 10, 2015, meeting in San Diego.

Interested parties may contact Dr. Eric Loft, Wildlife Branch, Department of Fish and Wildlife, 1812 Ninth Street, Sacramento, CA 95811, or telephone 916-445-3555, for information on the petition or to submit information to the Department relating to the petitioned species.

**NOTICE OF MODIFICATION TO TEXT OF
PROPOSED REGULATION**

**TITLE 27, CALIFORNIA CODE OF
REGULATIONS**

**PROPOSED SECTION 25205
LEAD AGENCY WEBSITE**

As required by Government Code section 11346.8(c), and Title 1, section 44 of the California

Code of Regulations, the Office of Environmental Health Hazard Assessment (OEHHA) is providing notice of additional changes to the proposed regulation to add section 25205 to Title 27 of the California Code of Regulations.

This proposed regulation was originally the subject of a Notice of Proposed Rulemaking published on January 16, 2015, in the California Regulatory Notice Register (Register 2015, No. 3-Z), which initiated a public comment period. Twenty-four written comments from the public were received during the comment period that ended April 8, 2015. In addition, OEHHA heard comments at a public hearing on the proposed regulation held on March 25, 2015. On May 22, 2015, OEHHA published a 15-day Modification of Text of the Proposed Regulation. The comment period closed on June 15, 2015. Ten comments were received during this comment period.

After careful consideration of the comments, OEHHA has modified the text of the proposed regulation. In addition to minor non-substantive corrections to the text, OEHHA made the following changes:

- Subsection (a) was modified to more accurately reflect the anticipated functions of the website.
- Subsection (a) was revised to further clarify the scope of the OEHHA disclaimer to include all information received from third parties.
- Subsection (b) was modified to respond to public comments indicating that the timeframe for a business to provide requested information is unclear and should be limited; this proposed modification would establish a 90-day period for a business to respond to a request for information.
- Subsection (b)(4) was modified to include the source of exposure to a chemical for which an environmental warning is being provided.
- Subsection (b) (10) was revised in response to comments that the scope of information requested under this section was overbroad.
- Subsection (c) was modified by striking "sole" and "solely" in response to comments that the terms were vague.
- A new subsection (d) was added in response to comments that businesses should be able to respond to lead agency requests via trade groups.
- Finally, a new subsection (f) was added in response to comments that the regulation should explicitly state that a business is not required to provide information to OEHHA that is subject to legal privileges under California law.

Included with this notice are copies of the regulatory language with the modified text provided in underline and strikeout format. These modifications are also available on the OEHHA website at www.oehha.org.

ca.gov, and may be requested from Monet Vela at the OEHHA Legal Office at (916) 323-2517.

Finally, pursuant to Government Code sections 11346.5(a)(11) and 11346.3(d), a state agency may not adopt a regulation requiring a business to submit a report to the agency unless it makes a finding that the regulation is necessary for the health, safety, or welfare of the people of the state that the regulation apply to businesses. This regulation will provide vital information to the people of California regarding exposures to listed chemicals and ways to avoid or minimize exposures. Therefore, OEHHA finds that it is necessary for the public health and safety of the people of this state that this proposed regulation which requires a report apply to businesses.

OEHHA will accept written comments on the amendments to the proposed regulation **until September 21, 2015 at 5:00 p.m.**

We encourage you to submit comments in electronic form, rather than in paper form. Comments received during the public comment period will be posted on the OEHHA web site after the close of the comment period. Electronic files submitted should not have any form of encryption.

The law requires that certain substances identified by the International Agency for Research on Cancer (IARC) be listed as known to cause cancer under Proposition 65. ENFORCEMENT ACT OF 1986
(PROPOSITION 65)**

**NOTICE OF INTENT TO LIST CHEMICALS
BY THE LABOR CODE MECHANISM:
TETRACHLORVINPHOS, PARATHION,
MALATHION, GLYPHOSATE**

The California Environmental Protection Agency’s Office of Environmental Hazard Assessment (OEHHA) intends to list the chemicals identified in the table below as known to the state to cause cancer under the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65¹). This action is being proposed pursuant to the “Labor Code” listing mechanism². OEHHA has determined that tetrachlorvinphos, parathion, malathion, and glyphosate meet the criteria for listing by this mechanism.

quirements for listing as known to the state to cause cancer for purposes of Proposition 65.

IARC has published on its website a list entitled “Agents classified by the IARC Monographs, Volume 1-112” (IARC, 2015a) and the glyphosate monograph in Volume 112 of the IARC Monographs series (IARC, 2015b). IARC concludes that *malathion* and *glyphosate* are classified in Group 2A (“probably carcinogenic to humans”) and that *tetrachlorvinphos* and *parathion* are classified in Group 2B (“possibly carcinogenic to hu-

mans”). IARC concludes that there is sufficient evidence of carcinogenicity in experimental animals for *tetrachlorvinphos*, *parathion*, *malathion*, and *glyphosate* (Guyton *et al.*, 2015; IARC, 2015a & b).

Opportunity for comment: OEHHA is providing this opportunity to comment as to whether the chemicals identified above meet the requirements for listing as causing cancer specified in Health and Safety Code section 25249.8(a) and Labor Code section 6382(b)(1). Because these are ministerial listings, comments should be limited to whether IARC has identified the specific chemical or substance as a known or potential human or animal carcinogen. Under this listing mechanism, OEHHA cannot consider scientific arguments concerning the weight or quality of the evidence considered by IARC when it identified these chemicals and will not respond to such comments if they are submitted.

Written comments must be received by 5:00 p.m. on Monday, October 5, 2015 to be considered. We encourage you to submit comments in electronic form, rather than in paper form. Comments transmitted by e-mail should be addressed to P65Public.Comments@oehha.ca.gov, and should include “NOIL” and the chemical name in the subject line. Comments submitted in paper form may be mailed, faxed, or delivered in person to the address below.

DIVISION OF WORKERS' COMPENSATION

Employee Benefit Notices

The Division of Workers' Compensation is amending seven sections and repealing one section in Title 8 of the California Code of Regulations. The purpose of this rulemaking action is to streamline the workers' compensation benefit notice program to allow claims administrators to more effectively communicate with injured workers, and implement the mandate of Labor Code section 138.3 for the Administrative Director to prescribe reasonable rules and regulations requiring the employer to serve notice on the injured employee that he may be entitled to benefits. A 2010 study conducted by the California Commission on Health and Safety and Workers' Compensation concluded that the current benefit notice regulations were "too voluminous (e.g., overly wordy, redundant, and containing factsheets and forms that are not needed by all workers)". This rulemaking is designed to implement methods to provide clear information to all injured workers soon after inju-

ry describing the entire workers' compensation claims process and the parties' respective rights and obligations, to make this information continually available for workers to access later in their claims, and to improve California's system of benefit notices.
