SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 1649

Sections Filed, April 8, 2015 to September 9, 2015 1651

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. **PROPOSED ACTION ON
REGULATIONS**

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

**TITLE 2. CALIFORNIA
COLLABORATIVE FOR EDUCATIONAL
EXCELLENCE**

**NOTICE OF INTENT TO ADOPT A
CONFLICT-OF-INTEREST CODE FOR THE
CALIFORNIA COLLABORATIVE FOR
EDUCATIONAL EXCELLENCE**

NOTICE IS HEREBY GIVEN that the California Collaborative for Educational Excellence (“Collaborative”), a newly formed agency pursuant to Education Code Section 52074, proposes to adopt a Conflict-of-Interest Code (“Conflict Code”) pursuant to the authority vested in it by Government Code Sections 87300–87302 and 87306. The Collaborative’s purpose is to provide assistance and advice to school districts, charter schools, and county superintendents of schools to achieve the goals set forth in their local control and accountability plans.

CONFLICT-OF-INTEREST CODE

The Collaborative’s proposed Conflict-of-Interest Code was developed in consultation with the Fair Political Practices Commission (“FPPC”). The Collaborative proposes adopting the model conflict-of-interest code promulgated by the FPPC at Title 2 of the California Code of Regulations, Section 18730, and will include officer/employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in Government Code Section 87302(a), as well as specification of the categories of information which must be disclosed by the designated officials.

Copies of the proposed Conflict Code can be obtained on the Collaborative’s website at <http://ccee-ca.org/> or by requesting a copy from the Collaborative’s Fiscal Agent, the Riverside County Office of Educa-

tion, in the office of the Deputy Superintendent of Schools at the address below or via email to MCOOPER@rcoe.us.

The adoption of the proposed Conflict Code will not impose a cost or savings on any state agency, local agency or school district that is required to be reimbursed under Part 7 (commencing with section 17500) of Division 4 of the Government Code; will not result in any nondiscretionary cost or savings to local agencies; will not result in any cost or savings in federal funding to the state; will not impose a mandate on local agencies or school districts; and will not have any potential cost impact on private persons or businesses including small businesses. No alternative considered by the Collaborative would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed adoption of the Conflict Code. The Collaborative is mandated to adopt a Conflict Code and adoption of the FPPC’s model code is the simplest and least burdensome method for taking such action.

WRITTEN COMMENT PERIOD

Any interested person may submit written statements, arguments, or comments relating to the proposed Conflict Code by submitting them by the later of 5:00 p.m. on November 2, 2015, or at the conclusion of the public hearing, if a hearing is requested. All written comments must be submitted by this deadline in order for any statements, arguments, or contentions to be considered by the Collaborative’s Governing Board before it adopts the Conflict Code. Written comments should be directed to the Collaborative’s Fiscal Agent:

California Collaborative for Educational Excellence
c/o Riverside County Office of Education
Attn: Paul Jessup, Deputy Superintendent of
Schools
3939 Thirteenth Street
Riverside, CA 92501

At this time, no public hearing has been scheduled on the Conflict Code. Any interested person or his/her representative may request a public hearing by no later than 15 days prior to the close of the written comment period.

The Collaborative has prepared a written explanation of the reasons that each position was designated and the reasons for the disclosure categories and the information on which the proposal is based, which is available upon request. Please direct any inquiries concerning the proposed Conflict Code to the Collaborative’s Fiscal Agent at the address above, or via telephone at (951) 826-6194.

**TITLE 2. FAIR POLITICAL
PRACTICES COMMISSION**

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (Commission), pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

ADOPTION

STATE AGENCY: Olive Oil Commission

AMENDMENT

MULTI-COUNTY: Consolidated Irrigation District
Central San Joaquin Valley Risk
Management Authority

A written comment period has been established commencing on September 18, 2015, and closing on November 2, 2015. Written comments should be directed to the Fair Political Practices Commission, Attention Ivy Branaman, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his/her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than November 2, 2015. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

**EFFECT ON HOUSING COSTS
AND BUSINESSES**

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**AVAILABILITY OF PROPOSED
CONFLICT-OF-INTEREST CODES**

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

**TITLE 2. OLIVE OIL COMMISSION
OF CALIFORNIA**

NOTICE OF INTENTION TO ADOPT A
CONFLICT-OF-INTEREST CODE OF THE
OLIVE OIL COMMISSION OF CALIFORNIA

NOTICE IS HEREBY GIVEN that the Olive Oil Commission of California pursuant to the authority vested in it by section 87300 of the Government Code, proposes its conflict-of-interest code.

The Olive Oil Commission of California proposes to adopt its conflict-of-interest code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of section 87302 of the Government Code. A written explanation of why each position was selected and the reasons for the disclosure categories is available.

The Olive Oil Commission of California represents and furthers the interest of the industry. Copies of the proposed code are available and may be requested from the Contact Person set forth below.

Any interested person may submit written statements, arguments, or comments relating to the proposed code by submitting them in writing no later than November 2, 2015 or at the conclusion of the public hearing, if requested, whichever comes later, to the Contact Person set forth below.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than October 25, 2015, by contacting the Contact Person set forth below.

The Olive Oil Commission of California has determined that the proposed code:

1. Imposes no mandate on local agencies or school districts.
2. Imposes no costs or savings on any state agency.
3. Imposes no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

All inquiries should be directed to:

**TITLE 4. CALIFORNIA HORSE
RACING BOARD**

NOTICE OF PROPOSAL TO ADD RULE 1489.2,
REHABILITATION CRITERIA FOR
EVALUATION OF DENIED, SUSPENDED OR
REVOKED OCCUPATIONAL LICENSE

The California Horse Racing Board (Board, or CHRB) proposes to add the regulation described below after considering all comments, objections or recommendations regarding the proposed action.

PROPOSED REGULATORY ACTION

The proposed addition of Rule 1489.2, Rehabilitation Criteria for Evaluation of Denied, Suspended or Revoked Occupational License, will align the Board with the requirements of Business and Professions Code section 482, and help provide consistent evaluation of applicants and licensees who have committed acts, offenses, or crimes that permit the denial, suspension, or revocation of a license.

PUBLIC HEARING

The Board will hold a public hearing starting at **9:30 a.m., Thursday, November 19, 2015**, or as soon after that as business before the Board will permit, at the **Del Mar Surfside Race Place, (Downstairs General Admission Area) 2260 Jimmy Durante Blvd., Del Mar, California**. At the hearing, any person may present statements or arguments orally or in writing about the proposed action described in the informative digest. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

WRITTEN COMMENT PERIOD

Any interested persons, or their authorized representative, may submit written comments about the proposed regulatory action to the Board. The written comment period closes at **5:00 p.m., on November 2, 2015**. The Board must receive all comments at that time; how-

ever, written comments may still be submitted at the public hearing. Submit comments to:

Philip Laird, Staff Counsel
California Horse Racing Board
1010 Hurley Way, Suite 300
Sacramento, CA 95825
Telephone (916) 263-6025
Fax: (916) 263-6022
E-Mail: pjlaird@chrb.ca.gov

AUTHORITY AND REFERENCE

Authority cited: Sections 482 and 19440, Business and Professions Code. Reference: Sections 480, 490, 19460, and 19461, Business and Professions Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Business and Professions Code section 482 requires that the Board adopt criteria to evaluate the rehabilitation of a person who has committed an act, offense, or crime when considering the denial of a license under section 480, or the suspension or revocation of a license under section 490. Business and Professions Code section 19440 provides that the Board shall have all powers necessary and proper to enable it to carry out fully and effectually the purposes of this chapter. Responsibilities of the Board shall include adopting rules and regulations for the protection of the public and the control of horse racing and pari-mutuel wagering. Business and Professions Code section 19460 provides that all licenses granted by the Board are subject to all rules, regulations, and conditions from time to time prescribed by the Board and shall contain such conditions as are deemed necessary or desirable by the Board. Business and Professions Code section 19461 states that every license granted under that chapter is subject to suspension or revocation by the Board. Board Rule 1489, Grounds for Denial or Refusal of License, names the reasons for which the Board may refuse to issue a license or deny a license to any person. Finally, Board Rule 1900, Grounds for Suspension or Revocation, provides that any rule which is a ground for denial of a license is also ground for suspension or revocation of a license.

The proposed addition of Rule 1489.2 will align the CHRB with the requirements of Business and Professions Code section 482. The proposed amendment will also aid CHRB investigators and licensing staff in consistently evaluating the rehabilitation of applicants and licensees who have committed acts, offenses, or crimes

which would otherwise permit the denial, suspension, or revocation of their license.

POLICY STATEMENT OVERVIEW OF ANTICIPATED BENEFITS OF PROPOSAL

To date, the Board has been without criteria for evaluating the rehabilitation of applicants and licensees who have committed certain acts, offenses, or crimes which would otherwise permit the denial, suspension, or revocation of their CHRB license. The proposed addition of Rule 1489.2 will benefit the Board by establishing such criteria, consequently bringing the Board into conformity with Business and Professions Code section 482. Additionally, the proposed criteria will benefit CHRB investigators and licensing staff by providing guidance on how to consistently evaluate the rehabilitation of applicants and licensees who have committed acts, offenses, or crimes that permit the denial, suspension, or revocation of their license. Finally, the proposed addition of Rule 1489.2 will benefit applicants and licensees by insuring that they are afforded an opportunity to show they have been rehabilitated after committing certain past crimes or acts so that they may still be granted or maintain a CHRB license.

CONSISTENCY EVALUATION

During the process of developing these regulation amendments, the Board has conducted a search of any similar regulations on this topic and has concluded that the regulation is neither inconsistent nor incompatible with existing state regulations.

DISCLOSURE REGARDING THE PROPOSED ACTION

Mandate on local agencies and school districts: none.

Cost or savings to any state agency: none.

Cost to any local agency or school district that must be reimbursed in accordance with Government Code Sections 17500 through 17630: none.

Other non-discretionary costs or savings imposed upon local agencies: none.

Cost or savings in federal funding to the state: none.

The Board has made an initial determination that the proposed addition of Rule 1489.2 will not have a significant statewide adverse economic impact directly affecting businesses including the ability of California businesses to compete with businesses in other states.

The following studies/relevant data were relied upon in making the above determination: none.

Cost impact on representative private persons or businesses: none.

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Significant effect on housing costs: none.

RESULT OF ECONOMIC IMPACT ANALYSIS

The adoption of the proposed addition of Rule 1489.2 will not (1) create or eliminate jobs within California; (2) create new businesses or eliminate existing businesses within California; or (3) affect the expansion of businesses currently doing business within California. The proposed addition of Rule 1489.2 will bring the Board into conformity with the requirements of Business and Professions Code section 482 by establishing rehabilitation criteria that CHRB staff will consider when evaluating an applicant or licensee. Additionally, the proposed criteria will assist CHRB investigators and licensing staff in conducting consistent evaluations of applicants and licensees who have committed acts, offenses, or crimes that permit the denial, suspension, or revocation of their license. Ultimately, the proposed addition of Rule 1489.2 will ensure that an applicant or licensee is afforded an opportunity to show they have been rehabilitated after committing certain past crimes or acts so that they may still be granted or maintain a CHRB license.

Effect on small businesses: none. The proposal to add Rule 1489.2 does not affect small businesses because horse racing associations in California are not classified as small businesses under Government Code Section 11342.610.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code Section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative considered by the Board, or that has otherwise been identified and brought to the attention of the Board, would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome on affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present statements or arguments with respect to alternatives to the proposed regulation at the scheduled hearing or during the written comment period.

CHAPTERS

Manual of Policies and Procedures (MPP) Chapter 30-700

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The health care certification is an In-Home Supportive Services (IHSS) program eligibility requirement, the purpose of which is to assist in determining an applicant's need for IHSS in order to remain safely in his/her own home.

Senate Bill (SB) 72 (Chapter 8, Statutes of 2011), which adopted Welfare and Institutions Code (WIC) section 12309.1, required the California Department of Social Services (CDSS), in consultation with California Department of Health Care Services and stakeholders, to develop a standard health care certification form. The consultation resulted in the IHSS Program Health Care Certification form (SOC 873), which an IHSS program applicant must obtain from a licensed health care professional to certify that the individual is unable to independently perform one or more activities of daily living (ADLs) and that, without services to assist with ADLs, the individual is at risk of placement in out-of-home care. The CDSS implemented the health care certifica-

tion requirements for IHSS applicants effective August 1, 2011, by way of All County Letter (ACL) No. 11-55 dated July 27, 2011. A follow-up ACL addressing circumstances under which services may be authorized prior to county receipt of SOC 873 was released in November 2011.

These proposed regulations adopt language in the Manual of Policies and Procedures (MPP), Division 30, sections 30-701 (Definitions) and 30-754 et seq. (Health Care Certification). The proposed regulations specify that, as a condition of receiving IHSS, an applicant must obtain a certification from a licensed health care professional declaring that the individual is unable to perform some ADLs independently and that without services to assist him/her with ADLs the individual is at risk of placement in out-of-home care. The proposed regulations define a licensed health care professional for the purpose of completing and signing the SOC 873, and specify policies, procedures and time frames relating to the health care certification requirement, including the use of SOC 873 and the IHSS Program Notice to Applicant of Health Care Certification Requirement (SOC 874). Finally, the proposed regulations also specify exception criteria when services can be authorized prior to county receipt of SOC 873.

Forms to be Adopted

This proposed rulemaking action adopts and incorporates by reference the following forms:

IHSS Program Health Care Certification [SOC 873 (Rev. As Noticed, Effective date of proposed regulations)]; and

IHSS Program Notice to Applicant of Health Care Certification Requirement [SOC 874 (Rev. As Noticed, Effective date of proposed regulations)].

Anticipated Benefits of the Proposed Regulation

The proposed regulations will improve program integrity within the IHSS program because they clarify and make specific that, as a condition of receiving IHSS, an individual must obtain a certification from a licensed health care professional declaring that the individual is unable to perform some ADLs independently and that without services to assist him/her with ADLs, the individual is at risk of placement in out-of-home care. This will help to ensure that IHSS program services are limited to those individuals who have a genuine need for services. Because these regulations apply only to individuals applying for IHSS, they do not impose any additional costs or fees on individuals, nor will they result in higher product prices or in diminished product choices or quality of good and services produced in the private sector. There is no specific benefit

to the health or welfare of the state’s workers or its environment.

Determination of Inconsistency/Incompatible with Existing State Regulations

The CDSS has made an initial determination that these proposed regulations are not inconsistent or incompatible with existing regulations. These are the only regulations that concern IHSS health care certification for IHSS applicants.

COST ESTIMATE

1. Costs or Savings to State Agencies: The funding was budgeted in fiscal year FY 2013-14 Appropriation under the “Elim. Svcs. For Recipients w/o Health Care Cert.” premise.
2. Costs to Local Agencies or School Districts Which Must Be Reimbursed in Accordance With Government Code Sections 17500-17630: The funding was budgeted in fiscal year FY 2013-14 Appropriation under the “Elim. Svcs. For Recipients w/o Health Care Cert.” premise.
3. Nondiscretionary Costs or Savings to Local Agencies: The funding was budgeted in FY 2013-14 Appropriation under the “Elim. Svcs. For Recipients w/o Health Care Cert.” premise.
4. Federal Funding to State Agencies: The funding was budgeted in FY 2013-14 Appropriation under the “Elim. Svcs. For Recipients w/o Health Care Cert.” premise.

LOCAL MANDATE STATEMENT

These regulations do impose a mandate upon local agencies, but not on school districts. There are state-mandated local costs, which require state reimbursement under Section 17500 et seq. of the Government Code, that is provided for in the Budget Act to cover any costs local agencies may incur from these proposed regulations.

STATEMENT OF SIGNIFICANT ADVERSE ECONOMIC IMPACT ON BUSINESS

The CDSS has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This determination was made based on the fact that these regulations only apply to individuals applying for IHSS services.

STATEMENT OF POTENTIAL COST IMPACT ON PRIVATE PERSONS OR BUSINESSES

The CDSS is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SMALL BUSINESS IMPACT STATEMENT

The CDSS has made an initial determination that there is no impact on small businesses as a result of filing these regulations because these regulations are only applicable to IHSS applicants, state and county agencies. Further, the regulations contained in this package concern IHSS applicants who are not included in the definition of small businesses pursuant to Section 11342 of the Government Code. As such, they do not impact small businesses either in terms of occupations, reporting requirements, competitiveness, fees, charges or assessments. These regulations carry no compliance requirements for small businesses. Hence, small businesses will incur no information or transaction costs associated with compliance with these regulations.

STATEMENT OF RESULTS OF ECONOMIC IMPACT ASSESSMENT

The analysis is intended to be a tool or baseline to establish that these regulatory measures are the most cost-effective to affected California enterprises and equally effective in implementing the statutory policy or other provision of law. The CDSS has made the initial determination detailed in the Initial Statement of Reasons that: the adoption of the proposed amendments will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses, or create or expand businesses in the State of California.

The benefits of the regulatory action to the health and welfare of California residents, worker safety and the state's environment are as follows:

The proposed regulations will improve program integrity within the IHSS program requiring that, as a condition of receiving services, an individual obtain a certification from a licensed health care professional declaring that the individual is unable to perform some activities of daily living independently and without services to assist him/her with activities of daily living, the individual is at risk of placement in out-of-home care. This will help to ensure that IHSS program services are

limited to those individuals who have a genuine need for services. Because these regulations apply only to individuals applying for IHSS, they do not impose any additional costs or fees on individuals, nor will they result in higher product prices or in diminished product choices or quality of good and services produced in the private sector. There is no specific benefit to the health or welfare of the state's workers or its environment.

STATEMENT OF EFFECT ON HOUSING COSTS

The proposed regulatory action will have no effect on housing costs.

STATEMENT OF ALTERNATIVES CONSIDERED

The CDSS must determine that no reasonable alternative considered or that has otherwise been identified and brought to the attention of CDSS would be more effective in carrying out the purpose for which the regulations are proposed or would be as effective as and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

In developing the regulatory action, CDSS has not considered any other alternatives because no alternatives have been proposed.

GENERAL PUBLIC INTEREST

**DEPARTMENT OF TOXIC SUBSTANCES
CONTROL**

**FORMER J&S CHROME PLATING COMPANY
SITE PROPOSED CONSENT DECREES
(SETTLEMENT AGREEMENTS)**

30-Day Public Comment Period:
September 18 through October 19, 2015

WHAT IS BEING PROPOSED: The California Department of Toxic Substances Control (“DTSC”) invites the public to review and comment on the [Proposed] Consent Decree between DTSC and Defendant James Mancuso (“Mancuso Consent Decree”), and on the [Proposed] Consent Decree between DTSC and J&S Chrome Plating Company (“J&S Chrome Consent Decree”). Each of these consent decrees regards the former J&S Chrome Plating facility located at 6863 East Florence Place, Bell Gardens, California, 90201 (“Site”) and is authorized by the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. § 9601 et seq. and the HSAA. DTSC lodged the consent decrees in *California Department of Toxic Substances Control v. J&S Chrome Plating Co., et al.*, Case No. 2:14-CV02613 RGK (AJWx); with the United States District Court for the Central District of California. DTSC lodged the Mancuso Consent Decree on August 20, 2015, and the J&S Chrome Consent Decree on August 25, 2015. DTSC incurred response costs at the Site performing soil and groundwater remedial investigations, and conducting soil and groundwater remediation. The Consent Decrees resolve claims against James Mancuso and J&S Chrome Plating Co. for their responsibility for hazardous contamination at the Site resulting from chromium plating operations that took place between approximately 1953 and 1991.

Beginning in 2008, DTSC initiated response activities to address soil contamination, which included removing and excavating approximately 7,500 cubic yards of contaminated soil from the Site. DTSC also performed groundwater remediation activities, includ-

ing treatment of the soil source area; in-situ treatment of contaminated groundwater using reactive barriers; treatment of contaminated groundwater passive reactive barriers; and hydraulic containment. DTSC conducted on-site injections of calcium polysulfide (CPS) into infiltration galleries to address and mitigate concentrations within the vadose zone, and ongoing CPS injection activities are being conducted on site in conjunction with continued operation of the remedial system. Cleanup at the Site is in the Operation and Maintenance phase. Groundwater monitoring and sampling activities at the Site will continue to be performed during remediation efforts.

DECRETOS PROPUESTOS DE CONSENTIMIENTO (ACUERDO DE SOLUCIÓN) PARA EL SITIO ANTIGUO J&S CHROME PLATING COMPANY

Periodo de 30 días de Comentarios Públicos:
18 de septiembre a 19 de octubre de 2015

QUÉ ESTÁ SIENDO PROPUESTO: El Departamento de Control de Sustancias Tóxicas de California ("DTSC", por sus siglas en inglés) invita al público a revisar y comentar en relación al Decreto [Propuesto] de Consentimiento entre el DTSC y el Acusado James Mancuso ("Decreto de Consentimiento Mancuso"), y en relación con el Decreto [Propuesto] de Consentimiento entre el DTSC y J&S Chrome Plating Company ("Decreto de Consentimiento J&S Chrome"). Cada uno de estos decretos de consentimiento se refieren a la antigua instalación J&S Chrome Plating ubicada en el 6863 de East Florence Place, en Bell Gardens, California, 90201 ("Sitio") y están autorizados por la Ley Integral de Respuesta, Compensación y Responsabilidad Civil Ambiental ("CERCLA", por sus siglas en inglés), 42 U.S.C. § 9601 y sig. y la HSAA. El DTSC presentó los decretos de consentimiento en *California Department of Toxic Substances Control v. J&S Chrome Plating Co., et al.*, Caso No. 2:14-CV02613 RGK (AJWx), ante la Corte de Distrito de los Estados Unidos para el Distrito Central de California. El DTSC presentó el Decreto de Consentimiento Mancuso el 20 de agosto de 2015 y el Decreto de Consentimiento J&S Chrome el 25 de agosto de 2015. El DTSC incurrió en gastos de respuesta al ejecutar investigaciones correctivas en el suelo y aguas subterráneas y en la realización de corrección en el suelo y aguas subterráneas en el Sitio. Los Decretos de Consentimiento resuelven las demandas en contra de James Mancuso y J&S Chrome Plating Co. por su responsabilidad en la contaminación peligrosa en el Sitio como resultado de sus operaciones de cromado que tuvieron lugar entre 1953 y 1991 aproximadamente.

A principios de 2008, el DTSC inició las actividades de respuesta para hacer frente a la contaminación de suelo que incluyeron remoción y excavación de aproximadamente 7,500 yardas cúbicas de suelo del Sitio. El DTSC también realizó actividades correctivas de aguas subterráneas, incluyendo tratamiento del área de origen del suelo; in situ tratamiento de aguas subterráneas contaminadas mediante barreras reactivas; tratamiento de aguas subterráneas contaminadas barreras reactivas pasivas; y la contención hidráulica. El DTSC llevó a cabo en el lugar inyecciones de polisulfuro de calcio (CPS, por sus siglas en inglés), en las galerías de infiltración para abordar y mitigar las concentraciones dentro de la zona vadosa y las actividades en curso de inyección de CPS se están llevando a cabo en el lugar en conjunto con la operación continua del sistema correctivo. Las actividades de limpieza en el Sitio se encuentran en la fase de Operación y Mantenimiento. El monitoreo y muestreo de las aguas subterráneas en el Sitio continuarán para realizarse durante los esfuerzos correctivos.

Regulatory Action:
Title 16, California Code of Regulations
Adopt sections: 1104, 1104.1, 1104.2**

**DECISION OF DISAPPROVAL OF
REGULATORY ACTION**

Government Code Section 11349.3

OAL Matter Number: 2015-0722-03S

OAL Matter Type: Regular (S)

SUMMARY OF REGULATORY ACTION

This regular rulemaking by the Dental Hygiene Committee of California (the "Committee") proposes to adopt sections 1104, 1104.1, and 1104.2 in title 16 of the California Code of Regulations (the "CCR"). Senate Bill 1202 (2011-2012 Reg. Sess.) gave the Committee permissive authority to approve any registered dental hygiene ("RDH") educational program accredited by the Commission on Dental Accreditation ("CODA"). The Committee proposes to adopt these regulations to clarify the approval process for both existing and new programs, including specifying the instructions for the feasibility study required for new RDH educational programs seeking approval.

On July 22, 2015, the Committee submitted the above-referenced rulemaking action to the Office of Administrative Law ("OAL") for review. On September 2, 2015, OAL notified the Committee of OAL's decision to disapprove the proposed rulemaking. This Decision of Disapproval of Regulatory Action explains the reasons for OAL's action.

DECISION

OAL disapproved the above-referenced rulemaking action for the following reasons: the proposed regulations fail to comply with the clarity and necessity standards of Government Code section 11349.1, and the Committee failed to follow required Administrative Procedure Act ("APA") procedures. Additionally, there are several miscellaneous issues with the rulemaking record.

All APA issues must be resolved prior to OAL's approval of any resubmission.

CONCLUSION

OAL disapproved the above-referenced rulemaking action for the foregoing reasons. Pursuant to Government Code section 11349.4, subdivision (a), the Committee may resubmit revised regulations within 120 days of its receipt of this Decision of Disapproval. If you have any questions, please contact me at (916) 324-6948.

CALIFORNIA ENERGY COMMISSION
Alternative and Renewable Fuel and Vehicle
Technology Program

The California Energy Commission submitted this emergency readoption action to maintain the amendments made to section 3103 of Title 20 of the California Code of Regulations in OAL file 2015-0305-02E. The amendments modified existing regulatory text establishing funding restrictions for the Alternative and Renewable Fuel and Vehicle Technology Program by removing the requirement to discount the value of any emission credits received in an amount commensurate with the level of funding obtained from the Energy Commission for those that voluntarily opt-in to programs for the purpose of participating in the program's credit market. This change allowed these program participants to receive the full value of any emission credits the funded projects created.
