SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State	1674
Sections Filed, April 16, 2014 to September 17, 2014	1677

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. "Periodicals Postage Paid in Saint Paul, MN." **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. DELTA PROTECTION COMMISSION

NOTICE IS HEREBY GIVEN that the Delta Protection Commission (“Commission”) intends to amend its conflict-of-interest code pursuant to Government Code Sections 87300–87302 and 87306. Pursuant to Government Code Section 87302, the code will designate employees who must disclose certain investments, income, interests in real property and business positions, and who must disqualify themselves from making or participating in the making of governmental decisions affecting those interests.

The Commission is amending its Conflict-of-Interest Code to (1) modify provisions of the code; (2) add new positions; (3) reclassify positions; (4) revise titles of existing positions; (5) revise disclosure obligations; (6) delete titles of positions that are not being utilized by the Commission; and (7) make miscellaneous “clean-up” changes.

A written comment period has been established commencing on September 30, 2014 and terminating on November 14, 2014. Any interested person may present written comments concerning the proposed code no later than November 14, 2014 to the Delta Protection Commission, 2101 Stone Blvd., Suite 210, West Sacramento, CA 95691, Attn: Nicole Bert; telephone (916) 375–4886. No public hearing on this matter will be held unless any interested person or his or her representative requests, no later than 15 days prior to the close of the written comment period, a public hearing.

The Commission has prepared a written explanation of the reasons for the proposed amendments and has available all of the information upon which its proposal is based. Copies of the proposed amendment, the written explanation of the reasons, and the information upon which the amendments are based are posted on the Commission’s website at www.delta.ca.gov or may be obtained by contacting Nicole Bert at the phone number shown above.

The Commission has determined that the adoption of the proposed amendments will not impose a cost or savings on any state agency, local agency or school district that is required to be reimbursed under Part 7 (com-

mencing with Section 17500) of Division 4 of the Government Code; will not result in any nondiscretionary cost or savings to local agencies; will not result in any cost or savings in federal funding to the state; will not impose a mandate on local agencies or school districts; and will not have any potential cost impact on private persons or businesses including small businesses.

The Commission has determined that no alternative considered by the Commission would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action.

TITLE 3. DEPARTMENT OF PESTICIDE REGULATION

Designating Chlorpyrifos as a Restricted Material
DPR Regulation No. 14–002

The Department of Pesticide Regulation (DPR) proposes to amend section 6400(e) of Title 3, California Code of Regulations (3 CCR). The proposed action would designate the active ingredient chlorpyrifos as a state-restricted material when labeled for the production of an agricultural commodity.

SUBMITTAL OF COMMENTS

Any interested person may present comments in writing about the proposed action to the agency contact person named below. Written comments must be received no later than 5:00 p.m. on November 12, 2014. Comments regarding this proposed action may also be transmitted via e-mail to <dpr14002@cdpr.ca.gov> or by facsimile at 916–324–1451.

A public hearing is not scheduled. However, one will be scheduled if any interested person submits a written request to DPR no later than 15 days prior to the close of the written comment period.¹

EFFECT ON SMALL BUSINESS

DPR has determined that the proposed regulatory action does affect small businesses.

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

DPR protects human health and the environment by regulating pesticide sales and use and by fostering re-

¹ If you have special accommodation or language needs, please include this in your request for a public hearing. TTY/TDD speech-to-speech users may dial 7–1–1 for the California Relay Service.

duced–risk pest management. DPR’s strict oversight includes: product evaluation and registration; statewide licensing of commercial and private applicators, pest control businesses, dealers, and advisers; environmental monitoring; and residue testing of fresh produce. This statutory scheme is set forth primarily in Food and Agricultural Code (FAC) Divisions 6 and 7.

Pesticides must be registered (licensed for sale and use) with the U.S. Environmental Protection Agency (U.S. EPA) before they can be registered in California. DPR’s preregistration evaluation is in addition to, and complements, U.S. EPA’s evaluation. Before a pesticide can be sold or used in California, both agencies require data on a product’s toxicology and chemistry—how it behaves in the environment; its effectiveness against targeted pests and the hazards it poses to nontarget organisms; its effect on fish and wildlife; and its degree of worker/bystander exposure.

Chlorpyrifos is a broad–spectrum insecticide widely used in California for the control of foliage and soil–borne insect pests on a variety of food and feed crops. Chlorpyrifos is also used on non–food sites such as golf course turfs, industrial sites, and seed treatment. Chlorpyrifos products are available in several different formulations, such as liquid emulsifiable concentrate, granular, microencapsulate, and wettable powder. Chlorpyrifos belongs to a classification of chemicals known as organophosphates, which adversely affect the nervous system by inhibiting the activity of cholinesterase (ChE), an enzyme necessary for the proper functioning of the nervous system. ChE inhibition can result in overstimulation of the nervous system causing nausea, dizziness, confusion, and at very high exposures (e.g., accidents or major spills), respiratory paralysis and death. Additionally, exposure to chlorpyrifos has also been linked to long–term neurological effects.

Certain chlorpyrifos products are designated as a federally restricted–use pesticide (RUP) pursuant to section 3 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Pursuant to Title 40 Code of Federal Regulations section 171.11, sales and use of these pesticides are limited to certified applicators and those under their direct supervision, thus controlling the number of persons with direct access to the chemical. In California, applicators become certified by taking an examination to demonstrate they have the knowledge and proficiency required to use restricted materials, and maintain certification by completing DPR pre–approved continuing education courses.

3 CCR section 6400(a) states that any pesticide labeled as an RUP pursuant to section 3 of FIFRA is also designated as a restricted material in California. In accordance with FAC section 14015, restricted materials can only be purchased by, possessed, or used by or under the direct supervision of, a certified private applica-

tor or a certified commercial applicator. Generally, the purchase, possession, and use of a restricted pesticide are allowed only under a permit issued by the local county agricultural commissioner (CAC). However, 3 CCR section 6414(b) exempts those pesticides deemed state–restricted solely under section 6400(a) as an RUP from a restricted materials permit provided the pesticide is used by or under the supervision of, a certified applicator, unless otherwise required by the CAC. Therefore, the restricted materials permit requirement currently does not apply to federal RUP chlorpyrifos products.

Chlorpyrifos is used on more than 60 different agricultural commodities in California. Currently, 30 products containing the active ingredient chlorpyrifos are registered by DPR for agricultural use on agricultural commodities. In addition, Section 24(c) of FIFRA allows states to register additional uses of a registered product if there is a demonstrated “special local need” for the product. As of July 2014, there are eight Section 24(c) special local need registrations for use on various agricultural commodities in California that would also be subject to the proposed regulation. Approximately 66 percent of agricultural applications are conducted via ground application methods (ground boom or air blast sprayer) and 33 percent aerially (helicopter or fixed wing). Chlorpyrifos also is used for purposes other than production of agricultural commodities, such as applications to golf courses, rights of way, landscape areas, non–residential structures, and livestock housing. However, these other uses comprise less than one percent of chlorpyrifos use.

Due to its wide use, toxicity, and semi–volatile nature, DPR and the California Air Resources Board (ARB) monitored ambient and off–site levels in air for chlorpyrifos. The air monitoring studies show that chlorpyrifos is one of the most frequently detected agricultural pesticides in California, but few of the detections have exceeded the screening levels. As part of DPR’s mandate for “continuous evaluation” of currently registered pesticides, DPR implemented a multi–year statewide air monitoring network for measuring pesticides in various agricultural communities. In 2011 and 2012, chlorpyrifos was one of the most frequently detected chemicals. Chlorpyrifos was detected in 32 percent of the samples collected in 2011, and 28 percent of the samples collected in 2012. All ambient air detections were at low concentrations relative to their screening levels.

Also, based on the California Pesticide Illness Surveillance Program, between 2001 and 2011, 35 different agricultural chlorpyrifos applications were identified as “possibly,” “probably,” or “definitely” associated with chlorpyrifos use alone, or in combina-

tion with other pesticides in which 136 people were exposed due to drift.

In addition to air monitoring, DPR conducts surface water sampling to monitor for potential environmental contamination of water bodies due to pesticides. Once applied to the field, chlorpyrifos can move off-site in runoff water or become attached to sediment. Factors such as climate, soil characteristics, field slope, and water/irrigation management influence the off-site movement of chlorpyrifos. Drift is another pathway for direct deposition into waterways in some cases. DPR's surface water monitoring data indicate chlorpyrifos is frequently detected in rivers and streams in agricultural areas in California, often at concentrations that exceed water quality benchmarks for aquatic invertebrates.

Existing law (FAC sections 14004.5 and 14005) authorizes the Director to adopt, by regulation, a list of restricted materials based upon criteria including danger of impairment of public health; hazards to pesticide applicators, farmworkers, and domestic animals; hazards to the environment from pesticide drift onto streams, lakes, and wildlife sanctuaries; and hazards to wildlife and other crops through persistent residues in the soil. Based on findings that chlorpyrifos has the propensity to move off-site in both air and surface water, and has caused illnesses and surface water contamination due to off-site movement, DPR proposes to designate chlorpyrifos as a California-restricted material when labeled for the production of an agricultural commodity, adding it to the listing in section 6400(e).

Chlorpyrifos, designated as a state-restricted material under section 6400(e), can only be sold to, purchased by, possessed or used by, a person who holds a restricted material permit issued by the local CAC. The permit requirement will provide an effective mechanism to facilitate CAC oversight of chlorpyrifos use by certified applicators. CACs will be able to evaluate chlorpyrifos use in the specific local conditions of each application site. Furthermore, users of restricted materials listed in section 6400(e) are required to submit a "Notice of Intent" (NOI) to the CAC 24 hours prior to each application of a restricted material. The NOI is required to provide site-and-time-specific application information to allow the CAC to evaluate the proposed application to determine if any additional protections are necessary. This information can also be used by the CACs in their compliance-monitoring activities to ensure label restrictions are followed.

At this time, DPR is not proposing to designate chlorpyrifos as a state-restricted material when used for purposes other than production of agricultural commodities. These applications are much smaller and have lower health and environmental risk compared to agricul-

tural commodity applications, and these applications comprise less than one percent of chlorpyrifos' use.

Off-site movement in the air could result in acute exposure effects of ChE inhibition to bystanders as well as increasing the risk of long-term neurological effects. Chlorpyrifos is toxic to freshwater fish, aquatic invertebrates and estuarine and marine organisms. Adoption of these regulations will provide a benefit to public health, worker safety, and the environment by reducing potential unintended exposures when used for the production of an agricultural commodity.

During the process of developing these regulations, DPR conducted a search of any similar regulations on this topic and has concluded that these proposed regulations are neither inconsistent nor incompatible with existing state regulations. DPR is the only state agency that has the authority to regulate pesticides. No other state agency has the authority to designate pesticides as restricted materials. DPR is not aware of any state agencies regulating the use of chlorpyrifos.

IMPACT ON LOCAL AGENCIES OR SCHOOL DISTRICTS

DPR has determined that the proposed regulatory action does not impose a mandate on local agencies or school districts, nor does it require reimbursement by the state pursuant to Part 7 (commencing with section 17500) of Division 4 of the Government Code, because the regulatory action does not constitute a "new program or higher level of service of an existing program" within the meaning of section 6 of Article XIII of the California Constitution. DPR has also determined that no nondiscretionary costs or savings to local agencies or school districts are expected to result from the proposed regulatory action.

COSTS OR SAVINGS TO STATE AGENCIES

DPR has determined that no savings or increased costs to any state agency will result from the proposed regulatory action.

EFFECT ON FEDERAL FUNDING TO THE STATE

DPR has determined that no costs or savings in federal funding to the state will result from the proposed action.

EFFECT ON HOUSING COSTS

DPR has made an initial determination that the proposed action will have no effect on housing costs.

SIGNIFICANT STATEWIDE ADVERSE
ECONOMIC IMPACT DIRECTLY
AFFECTING BUSINESSES

DPR has made an initial determination that adoption of this regulation will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

COST IMPACTS ON REPRESENTATIVE
PRIVATE PERSONS OR BUSINESSES

DPR has made an initial determination that the adoption of this regulation is unlikely to have a significant cost impact on representative private persons or businesses. The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. The additional costs faced by growers should not significantly affect their operations or have any adverse economic impact on the sector.

RESULTS OF THE ECONOMIC
IMPACT ANALYSIS

Benefit to the environment, worker safety, and the health of California residents: Designating chlorpyrifos as a restricted material should provide an effective mechanism to implement appropriate mitigation measures, including specific training and certification requirements, and facilitate CAC on-site evaluation to ensure worker safety and environmental protections, thereby preventing possible exposures when chlorpyrifos is used for the production of agricultural commodities.

Impact on the Creation, Elimination, or Expansion of Jobs/Businesses: DPR has determined it is unlikely the proposed regulatory action will impact the creation or elimination of jobs, the creation of new businesses or the elimination of existing businesses, or the expansion of businesses currently doing business with the State of California.

CONSIDERATION OF ALTERNATIVES

DPR must determine that no reasonable alternative considered by the agency, or that has otherwise been identified and brought to the attention of the agency, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed regulatory action, or would be more cost-effective to affected private persons and equally effective

in implementing the statutory policy or other provision of the law.

AUTHORITY

This regulatory action is taken pursuant to the authority vested by FAC sections 14004.5 and 14005.

REFERENCE

This regulatory action is to implement, interpret, or make specific FAC sections 14004.5 and 14005.

AVAILABILITY OF STATEMENT OF REASONS
AND TEXT OF PROPOSED REGULATIONS

DPR has prepared an Initial Statement of Reasons and has available the express terms of the proposed action, all of the information upon which the proposal is based, and a rulemaking file. A copy of the Initial Statement of Reasons and the proposed text of the regulation may be obtained from the agency contact person named in this notice. The information upon which DPR relied in preparing this proposal and the rulemaking file are available for review at the address specified below.

AVAILABILITY OF CHANGED OR
MODIFIED TEXT

After the close of the comment period, DPR may make the regulation permanent if it remains substantially the same as described in the Informative Digest. If DPR does make substantial changes to the regulation, the modified text will be made available for at least 15 days prior to adoption. Requests for the modified text should be addressed to the agency contact person named in this notice. DPR will accept written comments on any changes for 15 days after the modified text is made available.

AGENCY CONTACT

Written comments about the proposed regulatory action; requests for a copy of the Initial Statement of Reasons, and the proposed text of the regulation; and inquiries regarding the rulemaking file may be directed to:

Linda Irokawa-Otani, Regulations Coordinator
Department of Pesticide Regulation
1001 I Street, P.O. Box 4015
Sacramento, California 95812-4015
916-445-3991

Note: In the event the contact person is unavailable, questions on the substance of the proposed regulatory

action may be directed to the following back-up person at the same address as noted below:

Linda O'Connell, Environmental Program Manager
Worker Health and Safety Branch
916-445-1717

This Notice of Proposed Action, the Initial Statement of Reasons, and the proposed text of the regulation are also available on DPR's Internet Home Page <<http://www.cdpr.ca.gov>>. Upon request, the proposed text can be made available in an alternate form as a disability-related accommodation.

AVAILABILITY OF FINAL STATEMENT OF REASONS

Following its preparation, a copy of the Final Statement of Reasons mandated by Government Code section 11346.9(a) may be obtained from the contact person named above. In addition, the Final Statement of Reasons will be posted on DPR's Internet Home Page and accessed at <<http://www.cdpr.ca.gov>>.

TITLE 11. DEPARTMENT OF JUSTICE

Notice is hereby given that the Department of Justice (DOJ) proposes to adopt section 313 of Title 11, Division 1, Chapter 4, of the California Code of Regulations (CCR) concerning a registrant's or applicant's current address. DOJ also proposes to adopt sections 314 through 316 of Title 11, Division 1, Chapter 4 of CCR. Sections 314 through 316 concern the following: (1) the grounds for which a cease and desist order may be issued; (2) the penalties that may be imposed; and (3) the circumstances upon which a registrant's registration may be suspended for violations of the Supervision of Trustees and Fundraisers for Charitable Purposes Act.

DOJ also proposes to amend sections 999.6, 999.7, and 999.8 of Title 11, Division 1, Chapter 15 of the CCR concerning the administrative review applicable to violations of the Supervision of Trustees and Fundraisers for Charitable Purposes Act. DOJ also proposes to adopt sections 999.9, and 999.9.1 through 999.9.5 of Title 11, Division 1, Chapter 15 of the CCR. Sections 999.9 through 999.9.5 concern the following: (1) the grounds for which the Attorney General may refuse an applicant's registration or revoke or suspend a registrant's registration; (2) the grounds for an automatic suspension of a registrant's registration; (3) the grounds for refusing a registrant's renewal registration; (4) the registrant's obligations upon a revocation of a registration; (5) the necessary good standing of a registrant to solicit for a charitable purpose; and (6) the procedure

for which a revoked registrant may petition the Registrar of Charitable Trusts for reinstatement.

PUBLIC HEARING

No public hearing has been scheduled for the proposed regulatory action; however, any interested person, or his or her duly authorized representative, may request, no later than 15 days before the close of the written comment period, a public hearing pursuant to Government Code Section 11346.8.

WRITTEN COMMENT PERIOD

Any interested party, or his or her duly authorized representative, may submit written comments relevant to the proposed regulatory action to the contact person listed below. The written comment period closes on November 10, 2014 at 5:00 p.m. Only written comments received by that time shall be reviewed and considered by the Department of Justice before it adopts, amends, or repeals a regulation.

Scott Chan, Deputy Attorney General
California Department of Justice
Charitable Trusts Section
455 Golden Gate Avenue, Suite 11000
San Francisco, CA 94102
Fax: (415) 703-5480
Email: scott.chan@doj.ca.gov

AUTHORITY AND REFERENCE

DOJ proposes the adoption of California Code of Regulations Title 11, Division 1, Chapter 4, sections 313 through 316 pursuant to the authority vested in it by Government Code sections 11400 et seq. and 11500 et seq., 12581, 12584, 12585, 12586(a) and (b), 12587, 12598(e), 12599, 12599.1, and 12599.2. The proposed regulations will implement, interpret, and make specific the provisions of Government Code sections 12581, 12581.2, 12584, 12585, 12586, 12588, 12591, 12591.1, 12594, 12595, 12596, 12597, 12598(a), 12599, 12599.1, 12599.2, 12599.6, 12599.7, and 12599.8; Business and Professions Code sections 17510, 17510.2, 17510.25, 17510.3, 17510.4, 17510.5, 17510.8, 17510.85, 17510.9; and Corporations Code sections 5142, 5230, 5231, 5232, 5233, 5235, 5236, 5237, 5238, 6215, 7231, 7233, 7236, 7237 and 7238.

DOJ also proposes to amend California Code of Regulations Title 11, Division 1, Chapter 15, Sections 999.6, 999.7, and 999.8 pursuant to the authority vested in it by Government Code sections 11400 et seq. and 11500 et seq., 12581, 12584, 12585, 12586(a) and (b), 12587, 12598(e), 12599, 12599.1, and 12599.2. The

proposed regulations will implement, interpret, and make specific the provisions of Government Code sections 12581, 12581.2, 12584, 12585, 12586, 12588, 12591, 12591.1, 12594, 12595, 12596, 12597, 12598(a), 12599, 12599.1, 12599.2, 12599.6, 12599.7, and 12599.8; Business and Professions Code sections 17510, 17510.2, 17510.25, 17510.3, 17510.4, 17510.5, 17510.8, 17510.85, 17510.9; and Corporations Code sections 5142, 5230, 5231, 5232, 5233, 5235, 5236, 5237, 5238, 6215, 7231, 7233, 7236, 7237 and 7238.

DOJ also proposes the adoption of California Code of Regulations Title 11, Division 1, Chapter 15, sections 999.9, and 999.9.1 through 999.9.5 pursuant to the authority vested in it by Government Code sections 11400 et seq. and 11500 et seq., 12581, 12584, 12585, 12586(a) and (b), 12587, 12598(e), 12599, 12599.1, and 12599.2. The proposed regulations will implement, interpret, and make specific the provisions of Government Code sections 12581, 12581.2, 12584, 12585, 12586, 12588, 12591, 12591.1, 12594, 12595, 12596, 12597, 12598(a), 12599, 12599.1, 12599.2, 12599.6, 12599.7, and 12599.8; Business and Professions Code sections 17510, 17510.2, 17510.25, 17510.3, 17510.4, 17510.5, 17510.8, 17510.85, 17510.9; and Corporations Code sections 5142, 5230, 5231, 5232, 5233, 5235, 5236, 5237, 5238, 6215, 7231, 7233, 7236, 7237 and 7238.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Summary of Existing Laws and Regulations:

The Supervision of Trustees and Fundraisers for Charitable Purposes Act (“the Act”) (Government Code sections 12580 through 12599.8) codifies the Attorney General’s authority over persons and entities that hold charitable assets, and persons and entities that are involved in fundraising for charitable purposes. California Code of Regulations, Title 11, Sections 313 through 316, 999.6 through 999.8, 999.9 and 999.9.1 through 999.9.5 are promulgated under the authority of the Act. These provisions require persons and entities holding charitable assets in California, and the for-profit entities that contract with charities to solicit charitable contributions on their behalf, to register with and report to the Attorney General’s Registry of Charitable Trusts. Under Government Code section 12598, subdivision (e)(1), the Attorney General may refuse to register an applicant, or may suspend or revoke the registration of an existing registrant for violations of the Act. DOJ has authority to adopt regulations necessary to effectuate the Act.

Effect of the Proposed Rulemaking:

The proposed regulations clarify the reasons for which an applicant’s or registrant’s registration with the Attorney General’s Registry of Charitable Trusts may be rejected, suspended or revoked, and the procedures for doing so. The proposed regulations also clarify the reasons upon which the Attorney General may issue a cease and desist order, and impose civil penalties, and the procedures for requesting review of such an order.

Comparable Federal Regulations:

There are no existing federal regulations or statutes comparable to the proposed regulations.

Policy Statement Overview and Anticipated Benefits of the Proposed Regulations:

The proposed regulations are needed to clarify the reasons for which a registration may be rejected, suspended, or revoked and to detail the procedures for appealing such action. The proposed regulations are further needed to clarify the reasons on which DOJ may issue cease and desist orders and issue penalties, and to detail the procedures for appealing such an order and/or imposition of penalties.

The regulations will benefit registrants and applicants by clarifying conduct that will subject a registrant to disciplinary action and/or imposition of penalties; and, clarifying the conduct that will result in a refusal to register an unregistered entity, and the related procedures and consequences. These regulations are consistent with existing law and typical administrative enforcement procedures used by regulatory agencies.

Determination of Inconsistency/Incompatibility with Existing State Regulations:

The Department conducted an evaluation for any other regulations on this area and has found that these are the only regulations dealing with organizations subject to the Supervision of Trustees and Fundraisers for Charitable Purposes Act and the grounds on which an applicant’s or registrant’s registration with the Attorney General’s Registry of Charitable Trusts may be rejected, suspended or revoked, and the procedures for doing so. Therefore, the proposed regulations are neither inconsistent nor incompatible with existing state regulations.

Forms Incorporated by Reference:

None.

Mandated by Federal Law or Regulations:

None.

Other Statutory Requirements:

None.

**DISCLOSURES REGARDING THE
PROPOSED ACTION**

DOJ has made the following initial determinations:

Mandate on Local Agencies and School Districts:
None.

Cost to any Local Agency or School District: None.

Cost or Savings to any State Agency: None.

Other Non-Discretionary Cost or Savings Imposed on Local Agencies: None.

Cost or Savings in Federal Funding to the State:
None.

Significant Effect on Housing Costs: None.

Significant Statewide Adverse Economic Impact Directly Affecting Businesses, including the Ability of California Businesses to Compete With Businesses in Other States: None.

Results of the Economic Impact Analysis/Assessment:

Adoption of these regulations will not do the following:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

Adoption of these regulations will do the following:

(4) Beneficially affect the health and welfare of California residents, worker safety, or the state's environment. The general welfare of California citizenry will benefit because the proposed regulations will clarify the reasons for which an applicant's or registrant's registration with the Attorney General's Registry of Charitable Trusts may be rejected, suspended or revoked, and the procedures for doing so. Also, the proposed regulations will clarify the reasons upon which the Attorney General may issue a cease and desist order, and impose civil penalties, and the procedures for requesting review of such an order. The regulations will benefit registrants and applicants by clarifying conduct that will subject a registrant to disciplinary action and/or imposition of penalties. The proposed regulations will assist the Attorney General in protecting the public from charities that are misusing charitable assets or are otherwise in violation of California law.

Cost Impacts on Representative Person or Business:

DOJ is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Business Report:

It is necessary for the health, safety, or welfare of the people of the state that the regulations apply to businesses. The Supervision of Trustees and Fundraisers for Charitable Purposes Act (Government Code sections

12580 through 12599.8) and California Code of Regulations, Title 11, Sections 999.6 through 999.8, 999.9 and 999.9.1 through 999.9.5 require persons and entities holding charitable assets in California, and the for-profit entities that solicit charitable contributions for compensation, to register with and report to the Attorney General's Registry of Charitable Trusts. The proposed regulations do not change these requirements. The proposed regulations clarify the reasons for which the Attorney General may refuse to register an entity, or suspend or revoke registration; the grounds upon which the Attorney General may issue a cease and desist order and/or impose penalties; and the procedures for review.

Small Business Determination:

The proposed regulations only affect nonprofit entities. The DOJ has determined that the proposed regulations do not affect small businesses because the proposed regulations only affect charitable organizations which are not considered small businesses. Government Code section 11342.610, subdivision (b)(6), which defines the term "Small business", expressly excludes entities organized as a nonprofit institution.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5 subdivision (a)(13), DOJ must determine that no reasonable alternative it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The DOJ has not identified any reasonable alternative to the proposed regulations that would be more effective in carrying out its purposes nor would be as effective or less burdensome to affected private persons nor would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provisions of law.

DOJ invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations during the public comment period.

CONTACT PERSON

Inquiries concerning the proposed administrative action may be directed to:

Scott Chan, Deputy Attorney General
California Department of Justice
Charitable Trusts Section
455 Golden Gate Avenue, Suite 11000
San Francisco, CA 94102
Phone: (415) 703-5652
Fax: (415) 703-5480
Email: scott.chan@doj.ca.gov

Questions regarding procedure, comments, or the substance of the proposed action should be addressed to the above contact person. In the event the contact person is unavailable, inquiries regarding the proposed action may be directed to the following backup contact person:

Tania M. Ibanez, Senior Assistant Attorney General
California Department of Justice
Charitable Trusts Section
300 S. Spring Street
Los Angeles, California 90013
Phone: (213) 897-0218
Email: Tania.ibanez@doj.ca.gov

Please direct requests for copies of the proposed text of the regulations, the initial statement of reasons, the modified text of the regulations, or other information upon which the rulemaking is based to Deputy Attorney General Scott Chan at the above address.

**AVAILABILITY OF STATEMENT OF REASONS,
TEXT OF PROPOSED REGULATIONS, AND
RULEMAKING FILE**

DOJ will make the entire rulemaking file available for inspection and copying throughout the rulemaking process at its office located at California Department of Justice, Charitable Trusts Section, 455 Golden Gate Avenue, Suite 11000, San Francisco, CA 94102, Fax: (415) 703-5480, and on DOJ website at www.ag.ca.gov/charities.

As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the express terms of the regulations, the initial statement of reasons, any information upon which the proposed rulemaking is based, and an economic impact assessment contained in the initial statement of reasons. Copies may be obtained by contacting the person via the address or phone number listed above.

**AVAILABILITY OF CHANGED OR
MODIFIED TEXT**

After considering all timely and relevant comments received, DOJ may adopt the proposed regulations substantially as described in this notice. If DOJ makes

modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before DOJ adopts the regulations as revised. Please send requests for copies of any modified regulations to the attention of the person at the address indicated above. DOJ will accept written comments on the modified regulations for 15 days after the date on which they are made available to the public.

**AVAILABILITY OF THE FINAL STATEMENT
OF REASONS**

Upon its completion, copies of the Final Statement of Reasons may be obtained by contacting Deputy Attorney General Scott Chan at the above address.

**AVAILABILITY OF DOCUMENTS ON
THE INTERNET**

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulations in underline and strikeout can be accessed on the Attorney General's website at www.ag.ca.gov/charities.

CONSISTENCY DETERMINATION NO.
2080-2014-011-03**

Project: Oxford Suites Hotel
Location: Sonoma County
Applicant: Oxford Hotel Group
Notifier: Ted Winfield

Background

The Oxford Hotel Group (Applicant) proposes to construct a five-story, 163-room hotel and fast-food restaurant. The Oxford Suites Hotel project (Project) includes construction of these facilities, parking, widening of Dowdell Avenue along its eastern side adjacent to the west side of the parcel, sidewalk improvements and other features on an adjacent parcel owned by the City of Rohnert Park, construction of sidewalks along the eastern, southern and western side of the parcel adjacent to the nearby roadways (Redwood Road, Golf Course Drive West and Dowdell Avenue, respectively) as well as areas around the buildings, and areas adjacent to the sidewalks will be landscaped.

The Project activities described above are expected to incidentally take¹ California tiger salamander (*Ambystoma californiense*; hereafter CTS) a species designated as an endangered species within Sonoma County² pursuant to the federal Endangered Species Act (ESA) (16 U.S.C. § 1531 et seq.) and a threatened species pursuant to the California Endangered Species Act (CESA) (Fish & G. Code, § 2050 et seq.). (See Cal. Code Regs., tit. 14, § 670.5, subd. (b)(3)(G).) In particular, CTS could be incidentally taken as a result of the crushing, entombing, vehicular movement, and/or translocation where those activities would take place within a 4.76-acre area located at 67 Golf Course Drive West of which 4.64 acres are currently undeveloped.

CTS individuals are documented as present approximately 3,700 feet from the Project site and there is suitable CTS habitat within and adjacent to the Project site. Because of the proximity of the nearest documented CTS, dispersal patterns of CTS, and the presence of suitable CTS habitat within the Project site, the United States Fish & Wildlife Service (Service) determined that CTS are reasonably certain to occur within the Project site and that Project activities are expected to result in the incidental take of CTS. According to the Service, the Project will result in the permanent loss of 4.64 acres of upland CTS habitat.

Because the Project is expected to result in take of a species designated as endangered under the federal ESA, the United States Army Corps of Engineers (Corps) consulted with the Service as required by the ESA. On August 13, 2014, the Service issued a letter (Service file No. 08ESMF00–2014–F–0028) (Append Letter) to the Corps, appending the Project to the Service’s California Tiger Salamander and Three Endangered Vernal Pool Plant Species on the Santa Rosa Plain, California Programmatic Biological Opinion, (Service file No. 81420–2008–F–0261) (Programmatic BO). The Append Letter describes the Project, requires the Applicant to comply with terms of the Programmatic BO, the Append Letter, and its incidental take statement (ITS) and incorporates additional measures.

On August 14, 2014 the Director of the California Department of Fish and Wildlife (CDFW) received a notice from Ted Winfield, on behalf of the Applicant,

requesting a determination pursuant to Fish and Game Code section 2080.1 that the Programmatic BO and Append Letter, including its related ITS, are consistent with CESA for purposes of the Project and the anticipated incidental take of CTS. (Cal. Reg. Notice Register 2014, No. 35–Z, p. 1532.)

Determination

CDFW has determined that the Programmatic BO and Append Letter, including the ITS, are consistent with CESA as to the Project and the anticipated incidental take of CTS because the mitigation measures contained in the Programmatic BO, Append Letter, and ITS, meet the conditions set forth in Fish and Game Code section 2081, subdivisions (b) and (c), for authorizing incidental take of CESA-listed species. Specifically, CDFW finds that (1) take of CTS will be incidental to an otherwise lawful activity; (2) the mitigation measures identified in the Programmatic BO, Append Letter, and ITS will minimize and fully mitigate the impacts of the authorized take; (3) adequate funding is ensured to implement the required avoidance minimization and mitigation measures and to monitor compliance with, and effectiveness of those measures; and (4) the Project will not jeopardize the continued existence of CTS. The mitigation measures in the Programmatic BO, Append Letter, and ITS include, but are not limited to, the following:

Avoidance, Minimization, and Mitigation Measures

- A Service- and CDFW- approved biologist will monitor the initial phases of construction work (clearing and grading) and will have the authority to halt construction work as needed to ensure compliance with the measures contained herein. Only Service- and CDFW- approved biologists will be allowed to handle CTS;
- The biological monitor will check for animals under any equipment such as vehicles and stored pipes before the start of work each day. The biological monitor will check all excavated steep-walled holes or trenches greater than one foot deep for any CTS. The biological monitor will remove the CTS and translocate it as directed by the Service;
- The approved biologist will present a training session to all construction workers before work is started on the project. After initial training, all new personnel will be given the training prior to working on the project. The training sessions will provide pictures of the CTS, information on their biology, measures required to protect CTS, relevant federal and state regulations, penalties for harming or harassing the CTS, and what to do if CTS are found; and

¹ Pursuant to Fish and Game Code section 86, “‘Take’ means hunt, pursue, catch, capture, or kill, or attempt to hunt, pursue, catch, capture, or kill.” See also *Environmental Protection Information Center v. California Department of Forestry and Fire Protection* (2008) 44 CAL.4th 459,507 (for purposes of incidental take permitting under Fish and Game Code section 2081, subdivision (b), “‘take’ . . . means to catch, capture or kill”).

² Sonoma County population. See also *Center for Biological Diversity et al. v. United States Fish and Wildlife Service et al.*, No. 04–04324 WHA (N.D. Cal. 2005).

- The Applicant will conduct all grading and clearing between April 15 and October 15 of any given year, depending on the amount of rainfall and/or site conditions.

Monitoring and Reporting Measures

- The Applicant shall submit a post-construction compliance report prepared by the approved biologist to the Service's Sacramento Office within 30 calendar days following project completion or within 15 calendar days of any break in construction activity lasting more than seven (7) calendar days. The report shall include: 1) dates that construction occurred; 2) pertinent information concerning the success of the project in meeting compensation and other conservation measures; 3) an explanation of failure to meet such measures, if any; 4) known project effects on the CTS, if any; 5) occurrences of incidental take of any individuals of CTS; 6) documentation of employee environmental education; and 7) other pertinent information. Although not a condition of the Append Letter, CDFW requests a copy of the report as well; and
- The Applicant shall notify the Service and CDFW within 24 hours of the discovery of a dead or injured CTS that occurs due to project related activities or is observed at the project site.

Financial Assurances

- The Applicant shall purchase 4.64 acres of CTS habitat credits (i.e., 1:1 ratio) from a conservation or mitigation bank approved by the Service and CDFW and provide the bill(s) of sale to the Service and CDFW 30 days prior to initiating the Project. If the Applicant does not purchase the required CTS mitigation credits prior to initiation of the Project, the Applicant will provide the Service and CDFW a letter of credit in the amount equivalent to the projected cost of the CTS mitigation credits prior to initiation of the Project.

Pursuant to Fish and Game Code section 2080.1, take authorization under CESA is not required for the Project for incidental take of CTS, provided the Applicant implements the Project as described in the Append Letter, including adherence to all measures contained therein, and complies with the mitigation measures and other conditions described in the Programmatic BO, Append Letter, and ITS. If there are any substantive changes to the Project, including changes to the mitigation measures, or if the Service amends or replaces the Programmatic BO, Append Letter, or ITS the Applicant shall be required to obtain a new consistency determination or a CESA incidental take permit for the Proj-

ect from CDFW. (See generally Fish & G. Code, §§ 2080.1, 2081, subs. (b) and (c).)

By:
Sandra Morely, Deputy Director
Ecosystem Conservation Division
California Department of Fish and Wildlife

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

File# 2014-0808-02
AIR RESOURCES BOARD
Alternative Fuel Conversion 2013

The Air Resources Board (Board) amended sections 2030 and 2031 of title 13 of the California Code of Regulations in response to industry requests to amend regulations pertaining to conversion of vehicles or engines to operate on alternative fuels by streamlining the procedures for acquiring certification of alternative fuel conversion systems so they are less time consuming and less costly. The action also amends an existing incorporated Board test procedure pertaining to alternative fuel retrofit systems so that it applies only to 1993 through 2003 model year vehicles and engines, and adopts a new incorporated Board test procedure to apply to alternative fuel retrofit systems from 2004 through 2017 model year vehicles and engines. One of the objectives of this action was to align California regulations on alternative fuel retrofit systems with the recent amendments to the federal regulations without compromising existing California emission standards, thus enabling manufacturers to use much of the data that they must provide the U.S. Environmental Protection Agency to also obtain approval by the Board.

AIR RESOURCES BOARD
 Consumer Products Regulation 2013

This rulemaking action by the California Air Resources Board (ARB) makes changes to the consumer products regulations in Title 17 of the California Code of Regulations. These changes include amendments to regulations governing antiperspirants and deodorants, consumer products, aerosol coating products, Table of Maximum Incremental Reactivity (MIR) Values, and ARB's Method 310. This action also repeals the Hair-spray Credit Program. The primary purpose of this rule-making is to reduce the impacts that volatile organic compound (VOC) emissions from the use of consumer products and aerosol coatings have on the formation of ground-level ozone.

BOARD OF BEHAVIORAL SCIENCES
 Continuing Education

This rulemaking action by the Board of Behavioral Sciences (Board) amends the Board's continuing education regulations, located in title 16 of the California Code of Regulations. Instead of directly approving courses as it has done in the past, the Board is now entrusting the review and approval of courses to recognized professional associations and other entities. The Board will retain authority to audit courses. These regulations also remove self-study limitations and allow continuing education credit for examination development.

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

Disposition Options for Universal Waste CRTs

This rulemaking action is a readoption, pursuant to Health and Safety Code section 25214.10.2, of the emergency regulations adopted by the Department of Toxic Substances Control in 2012 concerning the recycling of cathode ray tubes (CRTs) and devices. Among other things, the regulations authorize a universal waste handler who treats CRTs to recycle or dispose of the generated CRT glass as fully regulated hazardous waste or to be excluded from regulation of this material as hazardous waste pursuant to the Health and Safety Code.

This emergency regulatory readoption is effective on 9/15/14. Pursuant to Health and Safety Code section 25214.10.2, this emergency regulation shall remain in

effect for a period of two years or until revised by the department, whichever occurs sooner.
