SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State	1732
Sections Filed, April 30, 2014 to October 1, 2014	1735

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. "Periodicals Postage Paid in Saint Paul, MN." **POSTMASTER:** Send address changes to the: CALIFORNIA REGULATORY NOTICE REGISTER, Barclays, a subsidiary of West, a Thomson Reuters Business, P.O. Box 2006, San Francisco, CA 94126. The Register can also be accessed at <http://www.oal.ca.gov>.

PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (Commission), pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

AMENDMENT

MULTI-COUNTY

AGENCY: Hanford Joint Union High School District
Northern CA Joint Cities Self Insurance Fund

A written comment period has been established commencing on October 10, 2014 and closing on **November 24, 2014**. Written comments should be directed to the Fair Political Practices Commission, Attention Ivy Branaman, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his/her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written com-

ments must be received no later than **November 24, 2014**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Ivy Branaman, Fair

Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

Marking and Size Requirement.**

NOTICE IS HEREBY GIVEN that the California Department of Food and Agriculture (Department) proposes to amend the regulations described below after considering all comments, objections, and recommendations regarding the proposed actions.

PUBLIC HEARING

The Department has not scheduled a public hearing on this proposed action. However, the Department will hold a hearing if it receives a written request for a public hearing from any interested person, or his or her authorized representative, no later than 15 days before the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the proposed regulatory action to the Department. Comments may also be submitted via facsimile (FAX) at (916) 900-5345 or by e-mail to steve.patton@cdfa.ca.gov. The written comment period closes at **5:00 p.m. on November 24, 2014**. The Department will consider only comments received at the Department by that time. Submit comments to:

AUTHORITY AND REFERENCE

Sections 14, 407, 42681, and 42684 of the Food and Agricultural Code authorize the Department to adopt these proposed regulations. The proposed regulations implement, interpret, and make specific Sections 42681, 42682, 42684, and 42941 of the Food and Agricultural Code.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

This rulemaking action amends Title 3, Division 3, Chapter 1, Subchapter 4, Article 21, § 1428.3 Cherries, Mature, Red or Black Variety, 1428.6 Cherries, Tolerance, 1428.7 Cherries — Extra Tolerance for Immaturity, 1428.8 Cherries, Markings on Containers, 1428.10 Cherries, Packed Row Size, and 1428.12 Cherries, Loose; Marking and Size Requirement.

Section 14 of the Food and Agricultural Code authorizes the Department to adopt rules and regulations in accordance with the Administrative Procedure Act. Additional authority vested in the Food and Agricultural Code grants the California Department of Food and Agriculture Secretary the authority to amend or repeal rules and regulations.

Section 407 of the Food and Agricultural Code authorizes the Secretary of the Department to adopt such regulations as are reasonably necessary to carry out the provisions of the Food and Agricultural Code which the Secretary is directed or authorized to administer or enforce.

Section 42681 of the Food and Agricultural Code specifies, in part, that the Secretary of the Department may, upon a petition of a person that the Secretary finds has a substantial interest in the growing or handling of the particular fruit, nut, or vegetable involved, establish, modify, or rescind by regulation, which initially took effect January 1, 1971, standard container, lid, marking, sizing requirement for commodities, and packing arrangement for any fruits, nuts, or vegetables, for which specific quality standards have otherwise been provided by law or regulation.

Section 42682 of the Food and Agricultural Code authorizes the Cdfa Secretary to establish, modify, or re-

scind, by regulation, which initially took effect January 1, 1971, standard container, lid, marking, sizing requirements for commodities, and packing arrangements for any fruits, nuts, or vegetables, for which specific quality standards have otherwise been provided by law or regulation.

The [Secretary] shall not, by regulation, adopt any new container or packing requirement, unless the new container or packing requirement has previously been authorized by regulation of the director as an experimental container pack.

Section 42684 of the Food and Agricultural Code establishes the statutory requirements for establishing, modifying, or rescinding, by regulation, quality and maturity standards for any fruits, nuts, or vegetables.

Section 42941 of the Food and Agricultural Code mandates that it is unlawful for any person to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport, cause to be transported, or sell any fruits, nuts, and vegetables and their containers conform to the provisions of the Standardization Program's division or the regulations promulgated thereunder.

Some current cherry regulations contain specificity that is variety dependent. Due to the increased number of new cherry varieties, a change is necessary to eliminate that dependency. The proposed amendment will allow regulatory consistency for all cherries regardless of their variety. Amendment of the marking requirements will allow the industry to be more competitive both nationally and internationally. Technological advances have increased the average size of the cherry. It is no longer economically viable to grow and sell smaller cherries. In order to accommodate and standardize a larger size, the standard cherry sizer must remove the smaller size and add a larger row size. This will benefit the consumer by providing a fuller more mature piece of fruit.

There has been a significant increase in the number of varieties grown and packed by the cherry industry. In order to maintain equitable marketing opportunities the industry wants to remove variety-specific regulations. Currently only the Bing and Tartarian varieties are subject to additional standards. Removing the requirement for growers to mark the variety on the label serves two purposes. One, it reduces the labeling costs and secondly it removes additional standards specific to only two varieties. Allowing the term "sweet cherries" to be marked on the container as it is in the northwest allows the industry to be more competitive in today's global marketplace. Using the same terminology also provides consistency for growers and handlers.

Changing the size requirements for "row size" allows for industry advancement. The smaller size 13 and 14 are no longer the standard. Growing practices have allowed the industry to now grow larger fruit that is not

quantified by the current cherry sizer. In order to better market the larger cherries, the row sizes must be modified.

Benefits of the Proposed Action: This proposed regulatory action will benefit producers and packers. Not requiring varietal specificity creates a fairer marketplace as new varieties are introduced. In addition, allowance of the term "sweet cherries" provides California marketers with the same marketing opportunities currently afforded to only those in the northwest region of the United States. Creating a larger size row designation provides additional marketing opportunities while ensuring consistency among buyers.

CONSISTENCY EVALUATION

During the process of developing these regulations and amendments, the Department has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

Mandate on local agencies and school districts: None.

Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.

Other nondiscretionary cost or savings imposed on local agencies: None.

Cost or savings in federal funding to the state: None.

Significant, statewide adverse economic impact directly affecting business including the ability of California businesses to compete with businesses in other states: None.

Cost impacts on a representative private person or business: The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

RESULTS OF THE ECONOMIC IMPACT ASSESSMENT/ANALYSIS

The Department concludes that it is (1) unlikely that the proposal will eliminate/create any jobs and/or eliminate existing business; (2) likely that this proposal may create new business or expand current business opportunities for producers and packers of cherries; (3) likely that this proposal may create new businesses for cherry handlers; (4) Also, the proper handling and packing of

cherries will protect consumers and the industry, and assure that both entities are purchasing acceptable quality fresh cherries. Finally, the proposed rulemaking will create an indirect impact to the protection of public health and safety.

Benefits of the Proposed Action: The proposed regulation will benefit California producers and packers. Cherry packers will no longer be required mark or grade to variety-specific standards. This will allow California handlers to be more competitive in today's global economy by marking the term "Sweet Cherries" preferred by buyers rather than a specific variety.

Significant effect on housing costs: None.

SMALL BUSINESS DETERMINATION

The Department has initially determined that the proposed changes to the regulations would result in no added costs to small businesses affected by these proposed changes. This proposed regulatory action would eliminate varietal-marking requirements for cherry packers which would reduce costs and provide additional marketing opportunities for the cherry industry. In addition, the proposed regulatory actions were initiated at the request of the impacted industry.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Department has determined that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the Department would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Department invites interested persons to present statements or arguments with respect to alternatives to the proposed regulations at the scheduled hearing or during the written comment period.

CONTACT PERSONS

Inquiries concerning the proposed administrative action may be directed to:

Steve Patton, Compliance Chief
Inspection and Compliance Branch
California Department of Food and Agriculture
1220 N Street,
Sacramento, CA 95814
Telephone: (916) 900-5030;
Fax: (916) 900-5345

The backup contact person for these inquiries is:

Danielle Chapman, AGPA
Inspection and Compliance Branch
California Department of Food and Agriculture
1220 N Street,
Sacramento, CA 95814
Telephone: (916) 900-5030;
Fax: (916) 900-5345

Please direct requests for copies of the proposed text of the regulations, the initial statement of reasons, the modified text of the regulations, if any, or other information upon which the rulemaking is based to Danielle Chapman at the above address.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department will have the rulemaking file available for inspection and copying throughout the rulemaking process at its office at: 2800 Gateway Oaks Drive, Suite 100, Sacramento, CA 95833. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice; the proposed text of the regulations; the initial statement of reasons; and petitions received from industry. Copies may be obtained by contacting Danielle Chapman at the address or phone number listed above.

AVAILABILITY OF CHANGED OR MODIFIED TEXT

After considering all timely and relevant comments received, the Department may amend the proposed regulations substantially as described in this notice. If the Department makes modifications, which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Please send requests for copies of any modified regulations to the attention of Danielle Chapman at the address listed above. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

AVAILABILITY OF FINAL STATEMENT
OF REASONS

Upon its completion, copies of the Final Statement of Reasons may be obtained by contacting Danielle Chapman at the address listed above.

AVAILABILITY OF DOCUMENTS ON
THE INTERNET

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulations in underline and strikeout can be accessed through the Department's website at: <http://www.cdfa.ca.gov/is/Regulations.html>.

**TITLE 4. CALIFORNIA SCHOOL
FINANCE AUTHORITY**

**Article 1.6, Sections 10170.16 through 10170.24
Title 4, Division 15
California Code of Regulations**

NOTICE IS HEREBY GIVEN that the California School Finance Authority (CSFA), organized and operating pursuant to Sections 17170 through 17199.5 of the Education Code, proposes to adopt the regulations described below after considering all comments, objections, and recommendations regarding the proposed action. Any person interested may present written statements or arguments relevant to the proposed action to the attention of the Contact Person as listed in this Notice no later than 5:00 p.m. on Monday, November 24, 2014. The CSFA Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposal substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person(s) designated in this notice as Contact Person and will be mailed to those persons who submit statements related to this proposal or who have requested notification of any changes to the proposal.

PROPOSED REGULATORY ACTION

CSFA proposes to adopt Sections 10170.16 through 10170.24 of Title 4 of the California Code of Regulations (Regulations) as permanent regulations. The Regulations implement CSFA's responsibilities related to

the Charter School Revolving Loan Fund Program (Program).

AUTHORITY AND REFERENCE

Authority: Section 41365 of the Education Code. Section 41365(h) allows CSFA to adopt regulations in order to administer the Program.

Reference: Section 41365 of the Education Code, Section 41366.5 of the Education Code, and 47600 et seq. and 47605 of the Education Code. The Regulations include a number of the requirements of the Program contained in Section 41365.

INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW

CSFA was created in 1985 to assist school districts and community college districts in financing school construction projects (Education Code section 17170, et seq.). CSFA is authorized to adopt bylaws for the regulation and conduct of its business, and is vested with all powers reasonably necessary to carry out its powers and responsibilities (Education Code sections 17179 and 17180).

Pursuant to Education Code, Section 41365, the State Legislature directed the California School Finance Authority (Authority) to commence administration of the Charter School Facility Grant Program (Program) with the 2013–14 fiscal year and to adopt regulations to implement the statute. Effective July 1, 2013, the Authority initiated its administration of the Program, and pursuant to Section 41365(h), the Authority adopted emergency regulations through the Office of Administrative Law's (OAL's) Emergency Rulemaking procedures, and such emergency regulations were approved by OAL on February 3, 2014 (OAL Regulatory Action #2014–0123–02 E). In addition, OAL approved an emergency readopt of the emergency regulations pursuant to Government Code, Section 11346.1(h), on August 4, 2014 (OAL Regulatory Action #2014–0723–03 EE). In order to establish permanent regulations for purposes of administration of the Program, the Authority is proposing permanent regulations through OAL's permanent rulemaking process and through submission of a Certificate of Compliance.

The proposed regulations set forth CSFA's policies and procedures for administering the Program, including: Program purpose; definitions, eligibility requirements; application content and submission requirements; application review and evaluation/underwriting criteria; loan amount and repayment terms; loan agreements; internal controls, audits, and conflicts of interest; and funding contingency.

In order to be eligible for Program loans, Applicants are required to meet minimum eligibility requirements,

which include, but are not limited to, the following: (1) Applications are submitted by a Charter School, or on behalf of a Charter School by a Chartering Authority; (2) a current charter has been awarded and is in place at the time of the application submission, or in the case of a first-year charter, a charter petition has been submitted for approval to the Chartering Authority; (3) if the Charter School is applying on its own behalf, the Charter School is an incorporated entity; (4) the Charter School is not a conversion from an existing public school; (5) the Charter School has not had its charter renewed at the time of application submission; (6) the Charter School is in compliance with all other programs administered by the Authority, if applicable; and (7) the Charter School is in good standing with its Chartering Authority and in compliance with the terms of its charter.

Pursuant to Education Code, Section 41365(c), the Program provides loans to Charter Schools of up to \$250,000 in-total during the lifetime of the Charter School in order to meet the purposes of the charter granted pursuant to Education Code, Section 47605.

The Program provides financial benefits to new charter schools by assisting such schools in meeting their short-term cash flow needs when State revenues based on student attendance are not sufficient to cover the operating expenses. Also refer to “Results of Economic Impact Assessment” (item d), below.

The Authority has conducted an evaluation as to whether there are any related regulations on this matter and has found that these are the only regulations dealing with this type of loan program. Therefore, the proposed regulations do not present any inconsistencies or incompatibilities with existing state regulations.

The Regulations are briefly summarized below. Refer to the Initial Statement of Reasons for additional detail.

Sections 10170.16—“Purpose”:

This section establishes the administration of the Program by CSFA.

Section 10170.17—“Definitions”:

This section provides definitions for key terms. This section also incorporates by reference the Charter School Revolving Loan Fund Program Application form (CSFA 14-01; dated January 8, 2014), which is herein incorporated by reference.

Section 10170.18—“Eligible Applicant”:

This section sets forth the minimum requirements for an Applicant to be considered eligible under the Program.

Section 10170.19 — “Application Content and Submission”:

This section sets forth the application submission requirements, parameters, and criteria, including, but not limited to the following: when Applications will be available, when Applications are due, how to submit an Application, and what specific documents will need to be submitted with the Application.

Section 10170.20 — “Application Review and Evaluation/Underwriting Criteria”:

This section sets forth specific evaluation criteria that the Authority is required to use as a part of its determination for a loan award. These criteria include, but are not limited to, the following: (1) that the charter school meets the minimum eligibility criteria under Section 10170.18; (2) the Applicant demonstrates the ability to repay the loan; and (3) the Applicant demonstrates that the use of loan funds will be strictly for charter school operations and financing consistent with Education Code, Section 47605 et seq. This section also sets forth additional optional criteria that the Authority may use in making a Program loan determination. In addition, this section provides for giving priority to new charter schools within designated regions within the State, as well as priority based on eligibility for “free and reduce-priced meals” in the attendance area in which the school is located, in the event the Program is oversubscribed.

Section 10170.21 — “Loan Amount and Repayment Terms”:

This section sets forth the terms for repayment of Program loans, including the interest rate, the term of the loan, the maximum loan amount, and the repayment period.

Section 10170.22 — “Loan Agreements”:

This section sets forth the parameters relating to the Loan Agreement, including, but not limited to: the stipulation that each Loan Recipient must agree to the terms and conditions of the Loan.

Agreement prior to release of funds; the requirement that each Loan Recipient have a valid CDS code; the actual terms and conditions to which each Loan Recipient is to agree; the requirement that the Loan Agreement include an offset and repayment schedule; and the specific steps the Authority will take in the event a charter school has insufficient funds to make its annual payment, or a charter school fails to open within the next fiscal year after receiving a loan disbursement. In addition, this section also sets forth the steps that the Authority will take in the event a charter school operated by an educational management organization, charter man-

agement organization or chartering authority is unable to pay the loan.

Section 10170.23 — “Internal Controls, Audits and Conflicts of Interest”:

This section provides that the Authority may conduct periodic audits to ensure that Program funds are being used in accordance with the Program’s purpose, Loan Recipients retain sufficient documentation to substantiate their use of Program funds, the Authority may require Loan Recipients to verify their continued eligibility, and the Authority retains the right to conduct site visits, when deemed necessary.

Section 10170.24 — “Funding Contingency”:

This section sets forth that the funding for the Program is contingent upon the availability of funds in the Charter School Revolving Loan Fund.

OTHER MATTERS PRESCRIBED BY STATUTES APPLICABLE TO THE SPECIFIC STATE AGENCY OR TO ANY SPECIFIC REGULATION OR CLASS OF REGULATIONS

No other matters prescribed by statute are applicable to CSFA or to any specific Regulation or class of Regulations pursuant to Section 11346.5(a)(4) of the California Government Code pertaining to the proposed Regulations or CSFA.

MANDATE ON LOCAL AGENCIES OR SCHOOL DISTRICTS

CSFA has determined that the Regulations do not impose a mandate on local agencies or school districts.

FISCAL IMPACT

CSFA has determined that the Regulations do not impose any additional cost or savings to any state agency, any costs to any local agency or school district requiring reimbursement under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, any other non-discretionary cost or savings to any local agency, or any cost or savings in federal funding to the State.

CSFA expects to incur additional expenses in implementing and administering the Program, including expenses associated with two additional full-time staff positions, a consulting contract, and non-staffing administrative expenses totaling approximately \$279,000 per year.

Pursuant to Education Code, Section 41366.6(a), the California School Finance Authority shall ensure that adequate funds are available in the Charter School Re-

volving Loan Funds to provide Program awards, and to facilitate the transfer of funds from the Charter School Security Fund to the Charter School Revolving Loan Fund, as necessary.

For the current 2013–14 fiscal year, approximately \$10.25 million was available in the Charter School Revolving Loan Fund to provide Program loans. There will be no cost or savings to any State Agency pursuant to Government Code Sections 11346.1(b) or 11346.5(a)(6).

INITIAL DETERMINATION REGARDING ANY SIGNIFICANT, STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS

CSFA has made an initial determination that the Regulations will not have any significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

CSFA has determined that the adoption of the Regulations will not affect small business. The Program is a voluntary loan program available to new charter schools to assist in start-up costs.

COST IMPACTS

The CSFA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

COST IMPACT ON HOUSING

The Regulations will not have any effect on housing costs.

RESULTS OF ECONOMIC IMPACT ASSESSMENT

- a. With the exception of the addition of a limited number of full-time positions to administer the Program, the proposed regulations will be unlikely to have an impact on the creation or elimination of jobs within the State of California. In addition, the Authority is unaware of any reason providing loan funds to awardees would result in the elimination of jobs. The purpose of the proposed regulations is to set forth administrative criteria and requirements for administering a loan program for

newly established charter schools across the State of California. There are no provisions within the proposed regulations which place additional burdens, obligations, or expenses on existing businesses such that jobs would be created or eliminated as a result.

- b. The proposed regulations will unlikely have an impact on the creation or elimination of new businesses within the State of California. As noted above, the purpose of the proposed regulations is to set forth administrative criteria and requirements for administering a loan program for newly established charter schools across the State of California. There are no provisions within the proposed regulations which place additional burdens, obligations, or expenses on existing businesses such that businesses would be created or eliminated as a result.
- c. The proposed regulations will unlikely have an impact on the expansion of businesses currently doing business within the State of California. The purpose of the proposed regulations is to set forth administrative criteria and requirements for administering a loan program for newly established charter schools across the State of California.
- d. The proposed regulations are intended to set forth administrative criteria and requirements for administering a loan program for newly established charter schools across the State of California. In the event the Program is oversubscribed, priority will be given to new charter schools within designated regions within the State, as well as based on eligibility for “free and reduce-priced meals” in the attendance area in which the school is located. As such, to the extent the Program is oversubscribed, the Program and its proposed regulations have the potential to directly benefit economically vulnerable populations and communities throughout the State.

REASONABLE ALTERNATIVES

In accordance with Government Code Section 11346.5(a)(13), CSFA must determine that no reasonable alternative to the Regulations considered by CSFA or that has otherwise been identified and brought to the attention of CSFA would be more effective in carrying out the purpose for which the Regulations are proposed or would be as effective and less burdensome to affected private persons than the Regulations, or would be more cost-effective to affected private persons and

equally effective in implementing the statutory policy or other provision of law.

CSFA invites interested persons to present statements with respect to alternatives to the Regulations during the written comment period.

AGENCY CONTACT PERSON(S)

Written comments, inquiries, and any questions regarding the substance of the Regulations shall be submitted or directed to:

Katrina Johantgen, Executive Director
California School Finance Authority

at:

304 South Broadway, Suite 550
Los Angeles, CA 90013-1224
(213) 620-4467

or

915 Capitol Mall, Room 101
Sacramento, CA 95814
(916) 651-7710

or

kjohantgen@treasurer.ca.gov

or

csfa@treasurer.ca.gov

The following person is designated as a backup Contact Person for inquiries only regarding the Regulations:

Mark Paxson, General Counsel
State Treasurer’s Office
915 Capitol Mall, Room 110
Sacramento, CA 95814
(916) 653-2995

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the Regulations to CSFA. The written comment period on the Regulations will end at 5:00 p.m. on Monday, November 24, 2014. All comments to be considered by CSFA must be submitted in writing to the Agency Contact Person identified in this Notice by that time. In the event that changes are made to the Regulations during the written comment period, CSFA will also accept

additional written comments limited to any changed or modified Regulations for 15 calendar days after the date on which such Regulations, as changed or modified, are made available to the public pursuant to Title 1, Chapter 1, Section 44 of the California Code of Regulations. Such additional written comments should be addressed to the Agency Contact Person identified in this Notice.

AVAILABILITY OF INITIAL STATEMENT OF REASONS, RULEMAKING FILE AND EXPRESS TERMS OF PROPOSED REGULATIONS

CSFA has established a rulemaking file for this regulatory action, which contains those items required by law. The file is available for inspection at CSFA’s office at 915 Capitol Mall, Sacramento, California, during normal business hours. As of the date this Notice is published in the Notice Register, the rulemaking file consists of this Notice, the Initial Statement of Reasons, and the proposed text of the Regulations. Copies of these items are available upon request, from the Agency Contact Person designated in this Notice. The Sacramento address will also be the location for inspection of the rulemaking file and any other public records, including reports, documentation and other materials related to this proposed regulatory action. In addition, the rulemaking file, including the Initial Statement of Reasons and the proposed text, may be viewed on CSFA’s Website at www.treasurer.ca.gov/csfa.

PUBLIC HEARING

No public hearing regarding the Regulations has been scheduled. Anyone wishing a public hearing must submit a request in writing, pursuant to Section 11346.8 of the Government Code, to CSFA at least 15 days before the end of the written comment period. Such request should be addressed to the Agency Contact Person identified in this Notice and should specify the Regulations for which the hearing is being requested.

15-DAY AVAILABILITY OF CHANGED OR MODIFIED TEXT

After the written comment period ends and following a public hearing, if any is requested, CSFA may adopt the Regulations substantially as described in this Notice, without further notice. If CSFA makes modifications that are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public (including through CSFA’s Website described above) for at least fifteen (15) calendar days before CSFA adopts the proposed Regulations, as modified. Inquiries about

and requests for written copies of any changed or modified regulations should be addressed to the Agency Contact Person identified in this Notice.

AVAILABILITY OF FINAL STATEMENT OF REASONS

CSFA is required to prepare a Final Statement of Reasons pursuant to Government Code Section 11346.9. Once CSFA has prepared a Final Statement of Reasons, a copy will be made available to anyone who requests a copy and will be available on CSFA’s Website described above. Written requests for copies should be addressed to the Agency Contact Person identified in this Notice.

TITLE 14. AND 27. DEPARTMENT OF RESOURCES RECYCLING AND RECOVERY

- Title 14:** Natural Resources
- Division 7:** California Integrated Waste Management Board
- Chapter 1:** General Provisions
- Chapter 3:** Minimum Standards for Solid Waste Handling and Disposal
 - Chapter 3.1:** Compostable Materials Handling Operations and Facilities Regulatory Requirements
 - Chapter 3.2:** In-Vessel Digestion Operations and Facilities Regulatory Requirements
 - Chapter 5:** Enforcement of Solid Waste Standards and Administration of Solid Waste Facility Permits; Loan Guarantees.
- Title 27:** Appendix 1 — Joint Permit Application Form and Instructions.

PROPOSED REGULATORY ACTION

The California Department of Resources Recycling and Recovery (Department) proposes to amend California Code of Regulations, Title 14, Division 7, Chapters 1, 3, 3.1 and 5 and create Chapter 3.2. The Department also proposes to amend Title 27, Appendix 1. The central purpose of the proposed regulations is to protect public health, safety, and the environment by more effectively regulating solid waste facilities that handle compostable materials.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to the

proposed regulation to the Department. **The written comment period for this rulemaking closes at 4:00 p.m. on December 5, 2014.** The Department will also accept written comments during the public hearing described below. Please submit your written comments to:

Ken Decio
Waste Permitting, Compliance and Mitigation
Division
California Department of Resources Recycling and
Recovery
P.O. Box 4025
Sacramento, CA 95812-4025
FAX: (916) 319-7244
e-mail: compost.transfer.regs@calrecycle.ca.gov

PUBLIC HEARING

A public hearing to receive public comments has been scheduled for December 10, 2014. The hearing will be held at:

Joe Serna Jr., Cal EPA Building
Coastal Hearing Room
1001 I Street, 2nd Floor
Sacramento, CA 95814

The hearing will begin at **1:30 p.m. on December 10, 2014**, and will conclude after all testimony is given. The Department requests that persons making oral comments also submit a written copy of their testimony at the hearing. The hearing room is wheelchair accessible. If you have any questions, please contact compost.transfer.regs@calrecycle.ca.gov.

AUTHORITY AND REFERENCES

Public Resources Code Sections 40502, 43020, 43021, and 43209.1 provide authority for this regulation. The following is a list of references cited in this proposed regulation: Public Resources Code: 40053, 40110, 40400, 40401, 43020, 43021, 43209.1, 44100-44101, 43000-45802, 45000-45024, and 50000-50002.

INFORMATIVE DIGEST

The existing California Integrated Waste Management Act (Act), Public Resources Code (PRC) §40000 et seq., gives the Department authority to provide for the protection of public health, safety, and the environment through waste prevention, waste diversion, and safe waste processing and disposal. The proposed rulemaking revises existing regulations and develops new regulations to ensure that solid waste facilities handle

compostable materials in a manner that protects public health, safety, and the environment. The proposed regulations:

1. Clarify several compostable material feedstock definitions and the types of operations and facilities that can accept these feedstocks.
2. Revise the maximum concentrations of metals allowed in compost to reflect changes adopted by USEPA.
3. Provide Enforcement Agencies with discretion to authorize temporary storage of additional material at compostable materials handling operations.
4. Revise Enforcement Agency inspection frequency requirements for solid waste operations to ensure consistency throughout Title 14.
5. Provide operators and Enforcement Agencies with additional mechanisms to address chronic odor at compostable materials handling facilities and operations.
6. Establish criteria for land application of compostable materials and add pathogen and metal limits for compostable materials when applied to land.
7. Require compost products to meet a 0.1% physical contaminant limit by weight and set the same standard for compostable materials when applied to land.
8. Develop regulations for compostable materials at in-vessel digestion operations and facilities.
9. Clarify the term "permitted maximum tonnage" on the solid waste facility permit application.
10. Clarify requirements for composting at non-commercial sites, such as community gardens and schools.

The Department held 16 workshops from October 2011 through May 2013 to obtain stakeholder input on compostable material handling issues and developed the proposed regulations based on this stakeholder input.

FEDERAL LAW OR REGULATIONS MANDATE

Federal law or regulations do not contain comparable requirements.

POLICY STATEMENT OVERVIEW

The central purpose of the proposed regulations is to protect public health, safety, and the environment by more effectively regulating solid waste facilities that handle compostable materials. The proposed regulations modify the existing Compostable Material Handling Operations and Facilities Regulatory Require-

ments by clarifying several compostable material feedstock definitions and the types of operations and facilities that can accept these feedstocks; revising the maximum concentrations of metals allowed in compost to reflect changes adopted by US EPA; providing Enforcement Agencies with discretion to authorize temporary storage of additional material at compostable materials handling operations; revising Enforcement Agency inspection frequency requirements for solid waste operations to ensure consistency throughout Title 14; providing operators and Enforcement Agencies with additional mechanisms to address chronic odor at compostable materials handling facilities and operations; establishing criteria for land application of compostable materials and adding pathogen and metal limits for compostable materials when applied to land; requiring compost products to meet a 0.1% physical contaminant limit by weight and setting the same standard for compostable materials when applied to land; clarifying the term “permitted maximum tonnage” on the solid waste facility permit application; and clarifying requirements for composting at non-commercial sites, such as community gardens and schools.

The proposed regulations provide a standardized regulatory framework for in-vessel digestion activities. Currently, in-vessel digestion activities are subject to either existing Transfer/Processing Operations and Facilities Regulatory Requirements or Compostable Material Handling Operations and Facilities Regulatory Requirements, depending on the nature of the feedstock and how it is handled. The proposed regulations combine transfer/processing and compostable material handling requirements into a stand-alone set of in-vessel digestion regulations, which will have marginal impacts on in-vessel digestion activities compared to existing regulations.

CONSISTENCY WITH STATE REGULATIONS

After conducting an evaluation for any regulations relating to this area, the Department has found that these are the only regulations dealing with compostable materials processed/handled by solid waste facilities. Therefore, the proposed regulations are neither inconsistent nor incompatible with existing state regulations.

PLAIN ENGLISH REQUIREMENTS

Department staff prepared the proposed regulation pursuant to the standard of clarity provided in Government Code Section 11349 and the plain English requirements of Government Code Sections 11342.580 and 11346.2(a)(1). The proposed regulation is considered

non-technical and is written to be easily understood by those parties that will use them.

RESULTS OF THE STANDARDIZED REGULATORY IMPACT ASSESSMENT

Costs

Based on the results of a Standardized Regulatory Impact Assessment prepared pursuant to Government Code section 11346.3(c)(1), the Department estimates the economic impact of this regulation (including the fiscal impact) is over \$50 million, as summarized in the table below.

LOW-COST SCENARIO		
Year	2015	2018
Compostable Materials	\$797,587	\$846,407
In-Vessel Digestion	\$7,380	\$774,563
Total	\$804,967	\$1,620,970

HIGH-COST SCENARIO		
Year	2015	2018
Compostable Materials	\$50,762,353	\$53,869,415
In-Vessel Digestion	\$8,646	\$9,679,347
Total	\$50,770,999	\$63,548,762

The complete Standardized Regulatory Impact Assessment is available as part of the Initial Statement of Reasons. See “Availability of Statement of Reasons and Text of Proposed Regulations” section.

Creation or Elimination of Jobs within the State

The proposed regulatory action may create between two and 57 new jobs at compostable material handling and in-vessel digestion facilities due to hiring additional laborers to manually remove physical contaminants or operate equipment to remove physical contaminants, designing and maintaining roads, providing adequate lighting, and providing and maintaining visual screening, and up to 7 additional jobs at laboratories that ana-

lyze percent contamination. Up to 4 jobs may be lost somewhere in the economy. Compostable material handling and in-vessel digestion facilities may also need to purchase additional equipment to remove physical contaminants which may create new equipment manufacturing and/or maintenance/repair jobs in California.

Creation/Elimination of Businesses within the State

Based on this assessment, the proposed regulations would not affect the creation or elimination of businesses within California. Currently, these types of solid waste operations and facilities are subject to either the Transfer/Processing Operations and Facilities Regulatory Requirements (California Code of Regulations, Title 14, Division 7, Chapter 3, Articles 6.0–6.35) or the Compostable Material Handling Operations and Facilities Regulatory Requirements (California Code of Regulations, Title 14, Division 7, Chapter 3.1).

Competitive Advantages and Disadvantages for California Businesses

The proposed regulations revisions would not impact the ability of California businesses to compete with businesses in other states to produce goods or services within California. The proposed regulations revisions are intended to create more equitable compostable material handling and in-vessel digestion business competition within California.

Increase or Decrease of Investment in California

The results of this assessment do not indicate whether the proposed regulations would either increase or decrease investment in the State.

Incentives for Innovation in Products, Materials, Processes

One proposed change in these regulations is a standard for compostable material applied to land, and compost produced at a regulated operation or facility, to meet a 0.1% physical contaminant limit. The Department assumes operators will incur costs associated with removing contaminants from feedstock or product to meet this standard. Initially, operators may employ labor and/or utilize available equipment (e.g., screens) to remove contaminants. Moving forward, the Department anticipates the standard may stimulate the development of innovative equipment or physical processes to more efficiently and cost-effectively remove contaminants.

Benefits

The principal benefit of the proposed regulations is protecting public health, safety and the environment. Requiring compost products to meet a 0.1% physical contaminant limit will reduce litter and minimize the amount of plastic entering surface water and the ocean while creating new jobs and increasing the market value of compost. Establishing criteria for safe land applica-

tion of compostable material will reduce litter and minimize the amount of plastic entering surface water and the ocean and improve food safety and animal health by reducing toxic metals, disease-causing organisms, physical contaminants, and invasive/noxious species in compostable material. Other benefits of the proposed regulations include minimizing odors at compostable material handling and in-vessel digestion facilities; decreasing greenhouse gases, air pollution, and long-distance transportation of organic material by facilitating small-scale composting; providing clarity to the regulated community and regulators. Finally, the regulations will ensure safe operations and facilities to handle organic material diverted as the result of California’s goal to source-reduce, recycle, or compost 75% of the solid waste generated in the State by 2020.

The new, “stand-alone” In-vessel digestion portion of the proposed regulations will establish a clear regulatory framework for the digestion of organic material. Digesting this material will decrease greenhouse gas generation and increase production of biofuels/bioenergy.

Department of Finance Comments

Pursuant to Government Code section 11346.3(f), the Department of Finance (DOF) shall comment on the extent to which the Department’s Standardized Regulatory Impact Assessment adheres to the regulations adopted pursuant to Government Code section 11346.36, and the Department shall summarize DOF’s comments and the Department’s responses to those comments. The following are the DOF’s comments received and the Department’s response to the comments:

DOF Comment #1:

The implication that higher costs on their own would create more jobs to the regulated waste management and remediation services industry is incorrect. This is likely due to the decision to change the rental cost of capital, as this affects substitution between capital and labor usage, leading to the positive job impacts. However, there does not seem to be any reason to change that parameter, and in general, higher costs should lead to job losses. For example, while the purchase of machinery and equipment benefits the sectors providing such services, these are additional costs to the regulated industry. On the other hand, if the regulations leads to growth in the supplying and regulated industries by offering greater certainty for investment, we would expect there could be positive job impacts overall. That argument should be made explicitly, even if the benefits are difficult to quantify.

Department Response:

The Department revised Section II. E. of the Standardized Regulatory Impact Assessment by stating that, in general, while some economic models may predict

that the higher costs resulting from the proposed regulations should lead to job losses, the Department expects the proposed regulations to create positive, net job growth in the waste management, remediation and laboratory services industries by offering greater certainty for investment and from the efforts of businesses to comply a lower cost.

DOF Comment #2:

There are some errors in the submitted Standardized Regulatory Impact Assessment. Some of the economic impacts are characterized as indirect, rather than total, as in Table 3. This mislabeling changes how the impacts are evaluated and needs to be corrected. In addition, while the presentation of compostable materials and in-vessel digestion separately provides useful detail, it may be helpful to also report the total impact of the proposed regulations in these areas. Direct references to the results in Table 3 would make the discussion on job creation/elimination, competitive advantage/disadvantage and increase/decrease in investment more transparent.

Department Response:

The Department revised Section II. D. of the Standardized Regulatory Impact Assessment by changing “indirect costs” to “costs” in Table 3 and adding Table 4 that summarizes the total costs of the proposed regulations.

DOF Comment #3:

Modeling the direct effects of Alternative 2 would also allow a more straightforward comparison to the impacts of the proposed regulations.

Department Response:

The Department modeled the direct effects of Alternative 2 and revised Section IV. B. of the Standardized Regulatory Impact Assessment by adding Table 6 that summarizes the cost of Alternative 2.

DOF Comment #4:

We suggest the introductory section be expanded to discuss the wider benefits that would be made possible with these regulations. Composting could play a large part in meeting California’s goals to reduce or divert solid waste. Strictly speaking, these issues are outside the scope of regulatory impact, but form a large part of the justification for the need to adopt these regulations. We think it would benefit the public’s understanding to include such context.

Department Response:

The Department included an expanded discussion of the wider benefits of the proposed regulations in Section I. A. of the Standardized Regulatory Impact Assessment.

MANDATE ON STATE AGENCIES, LOCAL AGENCIES, OR SCHOOL DISTRICTS

Department staff has determined that the proposed regulation does not impose: 1) a mandate on local agencies or school districts; 2) costs to any local agency or school district that must be reimbursed in accordance with Government Code §§17500 through 17630; 3) other non-discretionary costs or savings on local agencies; or 4) costs or savings in federal funding to the state.

The Department would have an additional expenditure of approximately \$4,250 in the current FY, \$4,250 in FY 2016–17, and \$4,505 in SFY 2017–18. Other State agencies would have additional expenditures of approximately \$1,445 in the current FY, \$1,445 in SFY 2016–17, and \$1,955 in FY 2017–18.

FINDINGS ON NECESSITY OF REPORTS

The Department finds that it is necessary for the health, safety, or welfare of the people of this state that the reporting requirements in the proposed regulation apply to businesses.

EFFECT ON BUSINESSES

Department staff made an initial determination that although the proposed regulation would affect approximately 363 businesses in California that handle compostable materials, it would not have a significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. This determination is based on the results of a Standardized Regulatory Impact Assessment prepared pursuant to Government Code section 11346.3(c)(1).

EFFECT ON SMALL BUSINESSES

Department staff made an initial determination that although the proposed regulation could affect approximately 115 small businesses (using the definition in Government Code section 1132.610), it will not have a significant statewide adverse economic impact, including the ability of California businesses to compete with businesses in other states.

EFFECT ON CREATION OR ELIMINATION OF JOBS, EXISTING OR NEW BUSINESSES IN THE STATE OF CALIFORNIA

The proposed regulations would not affect the creation or elimination of businesses within California. The types of businesses that would be affected are cur-

rently subject to either the Transfer/Processing Operations and Facilities Regulatory Requirements (California Code of Regulations, Title 14, Division 7, Chapter 3, Articles 6.0–6.35) or the Compostable Material Handling Operations and Facilities Regulatory Requirements (California Code of Regulations, Title 14, Division 7, Chapter 3.1). The impact of these regulations is not sufficient to create or eliminate businesses. Businesses involved in reducing contaminants and businesses that perform laboratory analysis of organic products could potentially expand as a result of the proposed regulations.

COST IMPACT ON PRIVATE PERSONS OR BUSINESSES

Based on the results of a Standardized Regulatory Impact Assessment prepared pursuant to Government Code section 11346.3(c)(1), the Department estimates the economic impact of this regulation (including the fiscal impact) is over \$50 million. See “Results of the Standardized Regulatory Impact Assessment” section. There are a range of representative businesses subject to this rulemaking action depending on the type of facility involved. Cost impacts on those representative businesses are fully discussed and analyzed in the Standardized Regulatory Impact Assessment. The complete Standardized Regulatory Impact Assessment is available as part of the Initial Statement of Reasons. See “Availability of Statement of Reasons and Text of Proposed Regulations” section.

EFFECT ON HOUSING COSTS

Department staff made a determination that the proposed regulation will not have a significant effect on housing costs.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the agency or that has otherwise been identified and brought to the attention of the agency would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

CONTACT PERSON

Inquiries concerning the substance of the proposed action may be directed to:

Ken Decio
Waste Permitting, Compliance and Mitigation
Division
California Department of Resources Recycling and
Recovery
P.O. Box 4025
Sacramento, CA 95812–4025
PHONE: (916) 341–6313
FAX: (916) 319–7244
e-mail: compost.transfer.regs@calrecycle.ca.gov

Back-up contact person to whom inquiries concerning the proposed administrative action may be directed:

Cody Oquendo
Waste Permitting, Compliance and Mitigation
Division
California Department of Resources Recycling and
Recovery
P.O. Box 4025
Sacramento, CA 95812–4025

FAX: (916) 319–7271
e-mail: compost.transfer.regs@calrecycle.ca.gov

AVAILABILITY OF CHANGED OR MODIFIED TEXT

The Department may adopt the proposed regulation substantially as described in this notice. If the Department makes modifications, which are sufficiently related to the originally proposed text, it will make the modified text — with changes clearly indicated — available to the public for at least 15 days before the Department adopts the regulation as revised. Requests for the modified text should be made to the contact person named above. The Department will transmit any modified text to all persons who testify at the public hearing; all persons who submit written comments at the public hearing; and all persons whose comments are received during the comment period, and all persons who request notification of the availability of such changes. The Department will accept written comments on the modified regulation for 15 days after the date on which they are made available.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATION

The Department will have the entire rulemaking file, and all information that provides the basis for the pro-

posed regulation, available for inspection and copying throughout the rulemaking process at the above address. As of the date this notice is published in the Notice Register, the rulemaking file consists of this notice, the proposed text of the regulation, and the Initial Statement of Reasons. Copies may be obtained by contacting Ken Decio at the address or e-mail address listed above. For more timely access to the proposed text of the regulation, and in the interest of waste prevention, interested parties are encouraged to access the Department's Internet webpage at <http://www.calrecycle.ca.gov/Laws/Rulemaking/Compost/default.htm>. Additionally, the Final Statement of Reasons will be available at the above-listed Internet address or you may contact the persons named above.

GENERAL PUBLIC INTEREST

DEPARTMENT OF TOXIC SUBSTANCES CONTROL

NOTICE TO INTERESTED PARTIES

DTSC SEEKS JUDICIAL APPROVAL OF SETTLEMENT AGREEMENT WITH RENU PLATING COMPANY, INC., DAVID A. LICHTBACH, AND ERIC R. LICHTBACH REGARDING THE RENU PLATING COMPANY, INC. SITE LOCATED AT 1527 AND 1531 EAST 32ND STREET, LOS ANGELES, CALIFORNIA

The Department of Toxic Substances Control ("DTSC") has agreed to enter into a Consent Decree with Renu Plating Company, Inc., David A. Lichtbach, and Eric R. Lichtbach (hereinafter the "Lichtbachs") respecting the Renu Plating Company, Inc., ("Renu") Site (the "Site") located at 1527 and 1531 East 32nd Street in the City of Los Angeles.

Site History. From 1955 through 1984, Renu operated a plating facility at the Site. Reportedly, polishing operations were conducted in the building located at 1527 East 32nd Street and plating operations were conducted in the building located at 1531 East 32nd Street. Metal plating and cleaning operations included the use of surfactants, various acids and alkalines, base metals, cyanide, and water baths. Various metal types were used in the plating process, including brass, bronze, cadmium, chrome, copper, nickel and zinc. Cyanide-contaminated, high pH metallic sludges, and rise waters were the major wastes produced in the plating process.

Rinse water from the process was directed through an 800-gallon clarifier. DTSC alleges that the Lichtbachs were prior owners and operators of the Renu Site where releases and/or threatened releases of hazardous substances at, beneath, and/or from the Site have occurred. The soil beneath the Site is contaminated with elevated levels of cadmium, copper, and nickel.

Enforcement Activities and Cleanup Work Completed by DTSC. On June 28, 2001, DTSC issued an Imminent and Substantial Endangerment Order ("I&SE Order") requiring the Renu Site responsible parties ("RPs"), including the Lichtbachs, to prepare a Remedial Investigation/Feasibility Study (RI/FS) and clean up the soil contamination at the Site. The RPs did not comply with the I&SE Order. DTSC used State funds to conduct site investigations and cleanup of the contaminated soil at the Site, including a Site Investigation Report, the RI/FS, Baseline Human Health Risk Assessment for the Site, a Removal Action Work Plan ("RAW"), and a Removal Action Completion Report for the Site. In 2009, DTSC completed the removal action at the Site. Although the Site was cleaned up to commercial/industrial levels, some contaminated soil remains. At the direction of DTSC, Mario H. Pinzon, the current owner of the Site, subsequently recorded a Land Use Covenant on the Renu Site on October 20, 2011, to restrict the use of the Site for commercial/industrial purposes.

Pursuant to Health and Safety Code section 25365.6, DTSC recorded a lien on the Site property on October 21, 2011 in the amount of \$931,631.39 (unreimbursed response costs incurred by DTSC at the Site). On March 1, 2013, DTSC filed a complaint against the Lichtbachs and the other RPs.

The Consent Decree. The Consent Decree requires the Lichtbachs to pay DTSC \$225,000, which represents a portion of the past response costs that DTSC has incurred at the Site. In exchange, the Lichtbachs resolve their liability to DTSC and receive a covenant not to sue from DTSC. The Lichtbachs also receive contribution protection as provided by federal law from certain claims by other liable parties. The Consent Decree is conditioned upon full payment to DTSC. DTSC reserves a number of rights, including, *inter alia*, its right to seek recovery of its unpaid past and future costs from third parties.

Entry of the Decree. DTSC intends to lodge the Consent Decree with the United States District Court for the Central District of California. After a 30-day public comment period ends and DTSC prepares responses to any comments received, the Attorney General's Office will make a motion for judicial approval of the Consent Decree, pursuant to 42 U.S.C. § 9613(f)(2).

Obtaining Copies of the Decree. Interested parties may obtain a copy of the Consent Decree by contacting Ms. Rania Zabaneh at (714) 484-5479.

Comments on the Decree. DTSC invites any interested persons to submit comments on the Consent Decree. Comments must be **received by DTSC on or before November 10, 2014**. The comments should reference the Site name and be directed to:

Rania Zabaneh
Department of Toxic Substances Control
5796 Corporate Avenue
Cypress, California 90630
Rania.Zabaneh@dtsc.ca.gov

DTSC's responses to any timely comments will be available for inspection at DTSC's office in Cypress, California.

Further information regarding this matter may be obtained by contacting any of the following persons: Deputy Attorney General Sarah Morrison at (213) 897-2640, or DTSC Attorney Ann Carroll at (916) 323-2829.

SUMMARY OF REGULATORY ACTIONS

REGULATIONS FILED WITH SECRETARY OF STATE

This Summary of Regulatory Actions lists regulations filed with the Secretary of State on the dates indicated. Copies of the regulations may be obtained by contacting the agency or from the Secretary of State, Archives, 1020 O Street, Sacramento, CA 95814, (916) 653-7715. Please have the agency name and the date filed (see below) when making a request.

BOARD OF EQUALIZATION
Collection of Use Tax by Retailers

In this change without a regulatory effect, the Board is amending Title 18, subdivision 1684(i) to set September 15, 2012 as the effective date for the regulations adopted to implement, interpret, and make specific the provisions of section 6203 of the Revenue and Taxation Code as re-enacted by Statutes 2011, chapter 313 (Assem. Bill No. 155, section 3). It also specifies that any 2012 amendments that implement, interpret and make specific a specific use tax collection obligation that did not exist on June 27, 2011, does not have any retroactive effect.

 DEPARTMENT OF MOTOR VEHICLES
 Clean Air Vehicle Decals

This rulemaking action by the Department of Motor Vehicles (DMV) amends sections 156.00 and 156.01 of title 13 of the California Code of Regulations. Senate Bill 286 (Stats. 2013, c. 414) amended Vehicle Code section 5205.5 to add Transitional Zero-Emission Vehicles (TZEV) to the list of vehicles authorized to obtain clean air vehicle decals in order to utilize high-occupancy vehicle (HOV) lanes with fewer than the required number of vehicle occupants. Sections 156.00 and 156.01 are amended to bring these regulations into conformity with Vehicle Code section 5205.5. This action also revises Form REG 1000 (Rev. 3/2014) and adopts Form REG 1000D (Rev. 3/2014).

 DEPARTMENT OF RESOURCES RECYCLING AND RECOVERY
 Waste Tire Storage, Permit and Penalty Criteria

This action adopts and amends multiple sections to incorporate the relevant provisions of the current

California Fire Code related to tire storage and disposal, specify requirements for waste tire collection locations, clarify provisions related to tire derived products, simplify waste tire facility reapplication procedures, add procedures related to excluded and exempt waste tire facilities, remove cleanup and abatement order procedures, expand and clarify facility penalty schedules, specify manifest requirements for delivery of waste tires to port terminals, update references from the California Integrated Waste Management Board (CWIMB) to CalRecycle, and make minor corrections and clarifications.

 DEPARTMENT OF STATE HOSPITALS
 Interim Involuntary Medication Hearing Procedures at State Hospitals

The Department of State Hospitals submitted this emergency action to amend title 9, California Code of Regulations, section 4210 to allow the department to conduct administrative hearings on hospital grounds to determine the necessity to administer interim, non-emergency, involuntary antipsychotic medications to patients admitted under a not guilty by reason of insanity plea under Penal Code Section 1026.

DIVISION OF WORKERS' COMPENSATION
Workers' Compensation: Medical Billing ICD-10
Delay

This rulemaking action by the California Division of Workers Compensation (DWC) amends section 9792.5.1 of title 8 of the California Code of Regulations and the California Division of Workers' Compensation Medical Billing and Payment Guide Version 1.2, which is incorporated by reference in this section. The Guide is amended to reflect the delayed effective date for the use of the International Classification of Diseases, 10th Revision (ICD-10) for one year, from October 1, 2014 to October 1, 2015, to coincide with the delayed ICD-10 transition date mandated by the Secretary of the United States Department of Health and Human Services (HHS) for entities covered under the federal Health Insurance Portability and Accountability Act of 1996 (HIPAA).

FAIR POLITICAL PRACTICES COMMISSION
Parent Subsidiary, Related Business Entity Defined

In this action, the Fair Political Practices Commission amended section 18438.5 of title 2, dealing with the definition of a Parent-Subsidiary, Related Business Entity.

OAL files this regulatory action following a review limited to those provisions of the Administrative Procedure Act in effect on June 4, 1974 (former Government Code section 11370 et seq.) pursuant to "Fair Political Practices Commission v. Office of Administrative Law," Court of Appeal, Third District (April 27, 1992), Case No. C010924 [unpublished opinion]. This regulatory action is effective on filing with the Secretary of State.

FISH AND GAME COMMISSION
Rate Plants Scientific Name Changes

The list of plants designated by the Fish and Game Commission ("FGC") as endangered, threatened, or rare in California is contained in 14 CCR § 670.2. This filing of changes without regulatory effect primarily involves amending this list by replacing names no longer considered valid by the scientific community. These amendments will make the scientific and common names consistent with those listed in The Jepson Manual and the Jepson Online Interchange, which plant biologists consider to be the accepted resource for valid plant names in California. The California Department of Fish and Wildlife's California Natural Diversity Database is also being utilized to provide the common names for certain plants in 14 CCR § 670.2. Each name change is taxonomic and does not alter the protections or listing status for any plant species. Lastly, the list has been renumbered and reordered to retain alphabetical order.

STATE WATER RESOURCES CONTROL BOARD
Lahontan Region Basin Plan Amendments

The State Water Resources Control Board (Board) submitted this Government Code section 11353 action to provide a concise summary of comprehensive amendments to the Water Quality Control Plan for the Lahontan Region (basin plan) adopted by the Lahontan Regional Water Quality Control Board on April 9, 2014 in Resolution No. R6T-2014-0027. The basin plan amendments were approved by the Board on July 2, 2014 in Resolution No. 2014-0032. The concise summary of the basin plan amendments will be added to title 23 of the California Code of Regulations in new section 3959.6. The basin plan amendments will (1) clarify application of the state's antidegradation policy by removing references to a nondegradation objective; (2) add mixing zone provisions; (3) revise certain existing waste discharge prohibitions and/or exemptions to those prohibitions, delete certain existing waste discharge prohibitions and applicable exemptions, and add certain waste discharge prohibitions and exemptions; (4) amend chapter 5 for consistency with the updated Clean Water Act Section 208 Water Quality Management Plan; and (5) correct grammatical and punctuation errors and address outdated policy references.
