BACKGROUND/OVERVIEW

(1) Cost of Living Adjustment for Campaign Contribution Limits, Voluntary Expenditure Ceilings, Officeholder Contribution Limits, and Aggregate Contribution Limits: Adoption of Amendments to Regulation 18545.

Regulation 18545 sets forth current year contribution limits and voluntary expenditure ceilings. Under Sections 83124 and 85316(b) of the Act, the amounts must be adjusted biennially to reflect changes in the Consumer Price Index (“CPI”). Section 85316(b) permits post-election contributions to be made to elected state officers subject to calendar year limits, and permits state office holders to receive such contributions subject to aggregate limits per calendar year. These limits must also be adjusted biennially to reflect changes in the CPI. The California Department of Finance (“DOF”) provides the annual CPI for all California urban consumers. In order to provide the adjustment in time for the new calendar year, the November CPI is used to make the final calculation. The proposed amendments make these adjustments for the period from January 1, 2015 through December 31, 2016.

The formula for adjusting contribution limits and voluntary expenditure ceilings (found at Regulation 18544(b)(1)) is as follows:

Applicable Limit 2001	X	$\frac{246.56 (2014 \text{ CPI})^*}{174.8 \text{ (CPI from 2000)}}$	=	2015 limit**
--------------------------	---	---	---	--------------

* At the time of the filing of this notice, the November 2014 California CPI has not yet been released. The DOF provides the annual California CPI for California urban consumers at the end of each year. As of September 2014, the average California CPI for all urban consumers was 246.56. However, this is subject to change and will be updated when the November 2014 California

CPI is finally released for 2014.

** Rounded to the nearest \$100 for contribution limits; to the nearest \$1,000 for voluntary expenditure ceilings.

For officeholder accounts, the formula for calculating the adjustments for contribution limits and aggregate limits is as follows:

Applicable Limit 2007	X	$\frac{246.56 (2014 \text{ CPI})^*}{210.5 \text{ (CPI from 2006)}}$	=	2015 limit**
--------------------------	---	---	---	--------------

* At the time of the filing of this notice, the November 2014 California CPI has not yet been released. The DOF provides the annual California CPI for all urban consumers in California at the end of each year. As of September 2014, the average California CPI for all ur-

ban consumers was 246.56. However, this is subject to change. This information will be updated when the November 2014 California CPI is released for 2014.

**Rounded to the nearest \$100.

(2) Biennial Gift Limit Adjustments: Adoption of Amendments to Regulations 18703.4, 18730, and 18940.2.

The gift limit is adjusted biennially by the Commission to reflect changes in the CPI. (Sections 87103(c) and 89503(f).) The DOF provides the calendar year CPI for all California urban consumers. The formula used to calculate the adjusted gift limit is as follows:

¹ The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

Applicable Limit 1990	X	$\frac{246.56 \text{ (2014 CPI)*}}{135 \text{ (CPI from 1990)}} = 2015 \text{ limit**}$
--------------------------	---	---

* At the time of the filing of this notice, the November 2014 California CPI has not yet been released. The DOF provides the annual California CPI for all urban consumers in California at the end of each year. This information will be updated when the November 2014 California CPI is finally released for 2014.

** Rounded to the nearest \$10.

BACKGROUND/OVERVIEW

Government Code Section 87100 provides that "no public official at any level of state or local government shall make, participate in making or in any way attempt to use his [or her] official position to influence a governmental decision in which he [or she] knows or has reason to know he [or she] has a financial interest." Section 87103 provides that an official has a financial interest in a decision "if it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public generally, on the official, a member of his or her immediate family, or on any of [certain enumerated interests.]"

The Commission currently has a set of regulations that identify the standards for determining what constitutes a material financial effect on a financial interest. This proposed regulatory action is part of the Commission's continuing project, which began in 2012, to improve, clarify, and simplify the Act's conflict-of-interest regulations with amendments to the application of the "reasonably foreseeable" test, and continued last year with a reorganization of the regulations under Regulation 18700. At the July 2014 Commission meeting, the Commission adopted amendments to the materiality standards for real property decisions. Staff will now propose specific language to amend the regulations dealing with what is a material financial effect on a business entity.

REGULATORY ACTION

Amend 2 Cal. Code Regs. Sections 18704.1 and 18705.1

Proposed Regulation 18705.1 will modify the provisions currently contained in Regulation 18704.1, addressing when a business entity is "directly involved" in a decision, and will provide the types of decisions that will automatically trigger a finding of materiality under proposed amended Regulation 18705.1(a), in a manner similar to the recently adopted provision relating to real property materiality. The proposed amendment will then eliminate the different numerical materiality standards, which are dependent on the size or status of the business entity.

The regulation will instead provide new standards based on whether the decision is of sufficient magnitude that it will affect an adjustment in the value of the business entity with respect to investment interests under Section 87103(a), or factor into an official's unbiased decision making by creating a recognizable advantage

or disadvantage for a business interest in which the official has an interest, as specified in Section 87103(d).

The amendment to Regulation 18704.1 will simply reflect the change in the analysis under Regulation 18705.1 for business entities.

SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. This regulation will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. This regulation will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. This regulation will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

Government Code Section 83112 provides that the Fair Political Practices Commission may adopt, amend, and rescind rules and regulations to carry out the purposes and provisions of the Political Reform Act. (Gov. Code Sections 81000–91014.)

REFERENCE

The purpose of this regulation is to implement, interpret, and make specific Government Code Sections 87100 and 87103.

CHAPTERS

Manual of Policies and Procedures (MPP), Chapter 45-600, Division 45 Kin-GAP.

**INFORMATIVE DIGEST/POLICY STATEMENT
OVERVIEW**

Current law, through the Kin-GAP Program, provides for ongoing financial aid on behalf of eligible children placed in the home of a relative caregiver who becomes a kinship guardian. California currently administers both a state and federal Kin-GAP Program. In order to be eligible for Kin-GAP, a child must meet several requirements, including being a dependent or ward of the juvenile court. The Kin-GAP rate is equivalent to

what the child received while in foster care and can be renegotiated based on the needs of the child or the circumstances of the kinship guardian.

These proposed regulations adopt new language regarding Kin-GAP in Division 31, Child Welfare Services Program, and in Division 45, Administrative Standards for Eligibility and Assistance Programs of CDSS' MPP, and establish Chapter 45-600, Kin-GAP Program Eligibility. This regulation package also repeals language in Chapter 90 of Division 45 of the MPP.

The Kin-GAP Program was initially established by Senate Bill (SB) 1901 (Chapter 1055, Statutes of 1998) as a state-funded program. It became available to eligible children exiting the juvenile court dependency system on or after January 1, 2000 to live with a kinship guardian. Effective October 1, 2006, Assembly Bill (AB) 1808 (Chapter 75, Statutes of 2006) extended the provisions of the state Kin-GAP Program to eligible probation youth exiting the delinquency system to live with a kinship guardian.

Subsequently, the federal Fostering Connections to Success and Increasing Adoptions Act of 2008 was enacted by Public Law 110-351. Its provisions included, at state option, participation in the Title IV-E federally subsidized guardianship assistance program. California elected to exercise its state option and enacted the following:

- Effective September 30, 2010, AB 12 (Chapter 559, Statutes of 2010) implemented the federal Kin-GAP Program in California and amended the state Kin-GAP Program. Among other things, AB 12 reduced the amount of time a child has to live with a relative caregiver in order to qualify for Kin-GAP, from 12 months to six months.
- Effective October 4, 2011, AB 212 (Chapter 459, Statutes of 2011) authorized certain Kin-GAP recipients to continue to receive Kin-GAP aid after 18 years of age.
- Effective January 1, 2013, AB 1712 (Chapter 846, Statutes of 2012) expanded the definition of "relative" for purposes of the federal Kin-GAP Program only.

Welfare and Institutions (W&I) Code sections 11369 (governing the state Kin-GAP Program) and 11393 (governing the federal Kin-GAP Program) allowed for the implementation of AB 12 via an all-county letter (ACL 11-15), pending the development of regulations.

The proposed MPP Division 45 regulations provide the eligibility requirements for continued receipt of aid under both the state and federal Kin-GAP Programs, and language in Chapter 90 of Division 45 relating to the prior state Kin-GAP Program is repealed. The proposed MPP Division 31 regulations make ancillary

changes to child welfare services requirements in areas such as Kin-GAP documentation and records retention requirements; assessment and case plan requirements for a child for whom the permanency plan is a kinship guardianship; and information to be provided to a potential relative caregiver regarding Kin-GAP.

These amendments will improve the health and welfare of California residents by improving the well-being and outcomes for eligible Kin-GAP youth and by easing their transition to adulthood. Without this added safety net, youth who are forced to leave the Kin-GAP Program at age 18 will face high rates of homelessness, incarceration and reliance on public assistance.

These proposed regulations are necessary to implement state and federal law for the administration of both the state and federal Kin-GAP Programs.

The Department conducted an evaluation as to whether there are any related regulations on this matter, and has found that these are the only regulations dealing with the Kin-GAP Program. Therefore, the proposed regulations are neither inconsistent nor incompatible with existing state regulations. They are consistent with the intent of the Legislature in adopting AB 12, AB 212 and AB 1712.

COST ESTIMATE

1. **Costs or Savings to State Agencies:** The grants and administrative funding for the state Kin-GAP program were previously included in the 2014 May Revision Kin-GAP premises. The grants and administrative funding for the federal Kin-GAP program were previously included in the 2014 May Revision Foster Care premise, which has been realigned.
2. **Costs to Local Agencies or School Districts Which Must Be Reimbursed in Accordance With Government Code (GC) sections 17500-17630:** None.
3. **Nondiscretionary Costs or Savings to Local Agencies:** The grants and administrative funding for the state Kin-GAP program were previously included in the 2014 May Revision Kin-GAP premises. The grants and administrative funding for the federal Kin-GAP program were previously included in the 2014 May Revision Foster Care premise which has been realigned.
4. **Federal Funding to State Agencies:** The grants and administrative funding for the federal Kin-GAP program were previously included in the 2014 May Revision Foster Care premise, which has been realigned. The state Kin-GAP program has no federal funding.

LOCAL MANDATE STATEMENT

As they relate to programs that were realigned within 2011 Realignment Legislation, these regulations do not have the overall effect of increasing the costs already borne by the local agency.

These regulations do not impose any mandate upon school districts. These regulations do impose a mandate upon local agencies as they relate to programs not included in 2011 Realignment Legislation and there are “state-mandated local costs” in these regulations which require state reimbursement under Section 17500 et seq. of the GC.

STATEMENT OF SIGNIFICANT ADVERSE ECONOMIC IMPACT ON BUSINESS

The CDSS has made an initial determination that the proposed action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This determination was made based on the statutes that established the federal and nonfederal Kin-GAP Programs.

STATEMENT OF POTENTIAL COST IMPACT ON PRIVATE PERSONS OR BUSINESSES

The CDSS is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SMALL BUSINESS IMPACT STATEMENT

The CDSS has determined that there is no impact on small businesses as a result of filing these regulations because these regulations are only applicable to state and county agencies.

STATEMENT OF RESULTS OF ECONOMIC IMPACT ASSESSMENT

The adoption of the proposed amendments will neither create nor eliminate jobs in the State of California, nor result in the elimination of existing businesses or create or expand businesses in the State of California. These amendments will improve the health and welfare of California residents by improving the well-being and outcomes for eligible Kin-GAP youth and by easing their transition to adulthood. Without this added safety net, youth who are forced to leave the Kin-GAP Program at age 18 will face high rates of homelessness, incarceration and reliance on public assistance.

The documents relied upon in proposing this regulatory action are AB 12 (Chapter 559, Statutes of 2010), AB 1712 (Chapter 846, Statutes of 2012) and AB 212 (Chapter 459, Statutes of 2011).

STATEMENT OF EFFECT ON HOUSING COSTS

The proposed regulatory action will have no effect on housing costs.

STATEMENT OF ALTERNATIVES CONSIDERED

The CDSS must determine that no reasonable alternative considered or that has otherwise been identified and brought to the attention of CDSS would be more effective in carrying out the purpose for which the regulations are proposed or would be as effective as and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

AUTHORITY AND REFERENCE CITATIONS

The CDSS adopts these regulations under the authority granted in W&I Code sections 10553 and 10554.

CHAPTERS

Manual Policy and Procedures, Chapter 31-100

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Current law authorizes a County Child Welfare Services (CWS) agency social worker to take into and maintain temporary custody of a minor who has been declared a dependent child of the juvenile court or who the social worker has reasonable cause to believe is a child who has suffered serious harm or is at substantial risk of suffering serious harm as a result of abuse or neglect. Current law authorizes a CWS agency social worker to continue the temporary detention of a child until the child is placed or detained in the home of a relative, nonrelative extended family member or a licensed home or facility. Once a child is placed, current law imposes upon the care provider duties to provide adequate care and supervision. However, there are currently no laws or regulations which establish a duty on the CWS agency to provide adequate care and supervision to children in their custody.

These regulations are adopted now to ensure that a consistent and necessary standard of care and safety is maintained by a CWS agency for a child during the time a child is in the temporary custody of a CWS social worker. These rules are intended to fill a gap in the standard of care and supervision that exists in current CWS regulations and to minimize the potential traumatic impact of removing a child from the care of a parent, guardian or out-of-home care provider.

The proposed regulations also provide the authority for CDSS to investigate complaints related to transitional care, conduct periodic site reviews and monitor county compliance with correction action plans.

During the process of developing these regulations and amendments, CDSS has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

Anticipated Benefits:

The CDSS anticipates that the proposed regulation will provide a minor dependent child adequate care and supervision in an environment free from undue hazards which is one of the basic duties and responsibilities for County CWS Agencies outlined, and also ensuring that all adults who have contact with children have a California criminal record clearance. Ultimately, these amendments will directly improve the health and safety of California residents, especially assisting minor children in securing a brighter future ahead of them.

COST ESTIMATE

1. Costs or Savings to State Agencies: This regulation affects the CWS Program and funding is captured in the 2011 Realignment: CWS and CWS Program Cost premise lines.
2. Costs to Local Agencies or School Districts Which Must Be Reimbursed in Accordance With Government Code Sections 17500–17630: This regulation affects the CWS Program and funding is captured in the 2011 Realignment: CWS and CWS Program Cost premise lines.
3. Nondiscretionary Costs or Savings to Local Agencies: This regulation affects the CWS Program and funding is captured in the 2011 Realignment: CWS and CWS Program Cost premise lines.
4. Federal Funding to State Agencies: This regulation affects the CWS Program and funding is captured in the 2011 Realignment: CWS and CWS Program Cost premise lines.

LOCAL MANDATE STATEMENT

These regulations do impose a mandate upon local agencies, but not on school districts. There are no “state–mandated local costs” in these regulations which require state reimbursement under Section 17500 et seq. of the Government Code because any costs associated with the implementation of these regulations are costs mandated by the federal government within the meaning of Section 17513 of the Government Code.

STATEMENT OF SIGNIFICANT ADVERSE ECONOMIC IMPACT ON BUSINESS

The CDSS has made an initial determination that the proposed action will not have a significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

STATEMENT OF POTENTIAL COST IMPACT ON PRIVATE PERSONS OR BUSINESSES

The CDSS is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SMALL BUSINESS IMPACT STATEMENT

The CDSS must determine that there is no impact on small businesses as a result of filing these regulations because these regulations are only applicable to state and county agencies.

STATEMENT OF RESULTS OF ECONOMIC IMPACT ASSESSMENT

The adoption of the proposed amendments will neither create nor eliminate jobs in the State of California nor result in the elimination of existing businesses or create or expand businesses in the State of California. These amendments will directly improve the health and safety of California residents because the benefits of the regulatory action ensure that a consistent and necessary standard of care and safety is maintained by a CWS Agency for a child during the time a child is in the temporary custody of a CWS Social Worker.

STATEMENT OF EFFECT ON HOUSING COSTS

The proposed regulatory action will have no effect on housing costs.

STATEMENT OF ALTERNATIVES CONSIDERED

In developing the regulatory action, CDSS did not consider any other alternatives than the one directed by statute because there were no other alternatives proposed.

The CDSS must determine that no reasonable alternative considered or that has otherwise been identified and brought to the attention of CDSS would be more effective in carrying out the purpose for which the regulations are proposed or would be as effective as and less burdensome to affected private persons than the proposed action, or would be more cost–effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

AUTHORITY AND REFERENCE CITATIONS

Sections 10553 and 10554 of the Welfare and Institutions (W&I) Code grants CDSS the authority to develop the regulations and Section 10605 of the W&C Code is being referenced to make the regulations more specific.

GENERAL PUBLIC INTEREST

**OFFICE OF ENVIRONMENTAL
HEALTH HAZARD ASSESSMENT**

**AIR TOXICS HOT SPOTS PROGRAM
NOTICE OF PUBLIC COMMENT PERIOD
AND WORKSHOPS ON
DRAFT REFERENCE EXPOSURE LEVELS
FOR CARBONYL SULFIDE**

The Office of Environmental Health Hazard Assessment (OEHHA) is releasing for public review a draft document on the toxicity and derivation of Reference Exposure Levels (RELs) for Carbonyl Sulfide (COS). RELs are airborne concentrations of a chemical that are not anticipated to result in adverse non-cancer health effects for specified exposure durations in the general population, including sensitive subpopulations.

OEHHA is required to develop guidelines for conducting health risk assessments under the Air Toxics Hot Spots Program (Health and Safety Code Section 44360(b)(2)). In implementing this requirement, OEHHA develops RELs for many air pollutants. The COS RELs were developed using the most recent "Air Toxics Hot Spots Program Technical Support Document for the Derivation of Noncancer Reference Exposure Levels," finalized by OEHHA in 2008.

The COS REL documents are being made available today on the OEHHA website at <http://www.oehha.ca.gov>. **The posting of the document will commence a 60-day public review period that will end on December 16, 2014.** Public workshops will be held in Northern and Southern California at the following locations and times:

After the close of the public comment period, the documents will be revised as appropriate by OEHHA, and peer reviewed in 2015 by the State's Scientific Review Panel on Toxic Air Contaminants.

Please direct your comments on the documents, in writing or by e-mail, and any inquiries concerning technical matters or availability of the documents to:

**ANNOUNCEMENT OF PROCESS TO UPDATE
PUBLIC HEALTH GOALS FOR CHEMICALS
IN DRINKING WATER**

The Calderon-Sher California Safe Drinking Water Act of 1996 requires the Office of Environmental Health Hazard Assessment (OEHHA) to post notices on its website of water contaminants for which it is initiating development of public health goals (PHGs). PHGs are concentrations of chemicals in drinking water that are not anticipated to produce adverse health effects. PHGs are non-regulatory in nature but are to be used as the health basis to update the state's primary drinking water standards (maximum contaminant levels, or MCLs) established by the State Water Resources Control Board (SWRCB) for chemicals subject to regulation.

This public notice announces the initiation of reviews for nine chemicals:

- Carbofuran
- Diquat
- Endrin
- Radium-226
- Radium-228
- Strontium-90
- Thiobencarb
- Toxaphene
- Tritium

Updates of existing PHGs for these chemicals are being initiated based on the availability of new data, methodology updates, environmental exposures, and/or potential significance. OEHHA is requesting information on these contaminants that could assist in updating the risk assessment and potentially calculating a revised PHG. A notice has also been posted on OEHHA's website that provides information the office has identified to date as relevant to the preparation of the PHG on the chemicals covered in this notice.

All information submitted to OEHHA in response to this request is considered public. Please do not submit proprietary information. In order to be considered during the update process, **OEHHA must receive information by 5:00 p.m. on Monday, November 17, 2014. We encourage you to submit information in electronic form, rather than in paper form. Information transmitted by e-mail should be addressed to PHG.Program@oehha.ca.gov** with the chemical name in the subject line. Information submitted in paper form may be mailed or delivered in person to the address below:

If you have any questions, please contact Ms. Hermelinda Jimenez at (510) 622-3173 or email PHG.Program@oehha.ca.gov.

All relevant information will be considered in the development of the PHGs for these chemicals. The SWRCB will use the final risk assessments in considering potential revisions to the existing regulatory MCLs for these chemicals. RULEMAKING PETITION DECISION

DEPARTMENT OF FISH AND WILDLIFE

October 2, 2014

Keith Robert Walker
9646 Mormon Creek Rd.
Sonora, CA 95370

Re: Petition to Adopt and/or Amend Regulations;
Determination

Dear Mr. Walker:

This letter, sent at the request of Charlton H. Bonham, Director of the Department of Fish and Wildlife (CDFW), reports CDFW's determination pursuant to Government Code section 11340.7 regarding your petition for rulemaking dated August 26, 2014. In addition to providing this letter to you individually, pursuant to section 11340.7(d), CDFW is transmitting this letter to the Office of Administrative Law for publication in the California Regulatory Notice Register at the earliest practicable date.

Your petition seeks amendments to CDFW's existing regulations governing suction dredge mining in California. (Cal. Code Regs., tit.14, § 228 et seq.). CDFW is vested with statutory authority to promulgate regulations governing suction dredge mining in California pursuant to Fish and Game Code section 5653.9.

Specifically, your petition requests amendment of section 228, subdivision (k)(1)(E), to include the "*Main Fork* of the Stanislaus River above New Melones Reservoir to the *Camp Nine Powerhouse* (excluding the north and south fork tributaries). . ." (emphasis added).

After reviewing this request, CDFW is denying the petition, without prejudice, due to ambiguity regarding the location of the stream reach that is the subject of the petition. This ambiguity results from the following:

1. Although the petition identifies the upstream boundary of the subject river reach as the "Camp Nine Powerhouse," CDFW has not located a "Camp Nine Powerhouse" on the Stanislaus River. Maps identify a "New Camp Nine Bridge" and, about 1.3 miles upstream of that bridge, the Stanislaus Powerhouse. Approximately 0.5 mile further upstream is the Collierville Powerhouse. Both of these powerhouses are downstream of the confluence with the Middle Fork of the Stanislaus River. It is not clear which, if either, of these powerhouses provides the upstream boundary of the subject stream reach.

2. The petition refers to the “Main *Fork*” of the Stanislaus River. However, CDFW maps identify the river reach along which the Stanislaus and Collierville powerhouses are located as the “Main Stem of the Stanislaus River,” or the “Stanislaus River” and distinguish it from the South, Middle, and North “forks” of the Stanislaus River. It is possible that one of these three forks is commonly considered the “Main” fork. This, combined with the absence of a “Camp Nine Powerhouse,” precludes CDFW from identifying the location of the subject stream reach.
3. The Main Stem of the Stanislaus River (or Stanislaus River) provides the boundary between Calaveras and Tuolumne counties; the counties’ boundary runs down the middle of the river. The list in section 228(k)(1)(E), like the classifications set forth elsewhere in CDFW’s suction dredge regulations, identifies rivers by both name and county. Although each side of the Stanislaus River lies within a different county, the petition does not indicate whether it requests the addition of the Stanislaus River in Tuolumne County or Calaveras County, or both, to the list in section 228(k)(1)(E).

Because of these ambiguities, CDFW has concluded that it will deny the petition without prejudice. To emphasize, CDFW has not made a decision whether it is necessary or appropriate to add a particular portion of the Stanislaus River to the list of waterbodies set forth in section 228(k)(1)(E). Should you wish to submit a new petition for rulemaking to CDFW after addressing the issues detailed in this letter, that option remains available to you by law at your discretion.

CDFW hopes the explanation detailed above is helpful. Any questions can be directed to me, at (916) 653-4674, or via email at craig.martz@wildlife.ca.gov. Please note that any interested party may obtain a copy of the petition by request to me at the same phone and e-mail address.

Sincerely,

/s/
 Craig P. Martz

Landing Operations — Note to Section 1903

This rulemaking by the Occupational Safety and Health Standards Board (“OSHSB”) amends 8 CCR § 1903, which sets forth helicopter landing protocols and landing zone spatial requirements. Prior to this rulemaking, Section 1903 contained an informational “NOTE” stating that the requirements of Section 1903 are waived in an emergency. OSHSB—believing that this “NOTE” is unenforceable, vague, and unclear—is replacing this “NOTE” with an enforceable “EXCEPTION”. This “EXCEPTION” permits the pilot in command of the helicopter to deviate from normal landing protocols to the extent required to meet an in-flight emergency and get the helicopter safely to the ground. OSHSB also clarifies that this “EXCEPTION” applies to Section 1903 in its entirety.
