The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). To order or make changes to current subscriptions, please call (800) 888-3600. TITLE 8. OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD

NOTICE OF PUBLIC MEETING/PUBLIC HEARING/BUSINESS MEETING OF THE OCCUPATIONAL SAFETY AND HEALTH STANDARDS BOARD AND NOTICE OF PROPOSED CHANGES TO TITLE 8 OF THE CALIFORNIA CODE OF REGULATIONS

Pursuant to Government Code Section 11346.4 and the provisions of Labor Code Sections 142.1, 142.2, 142.3, 142.4, and 144.6, the Occupational Safety and Health Standards Board of the State of California has set the time and place for a Public Meeting, Public Hearing, and Business Meeting:

PUBLIC MEETING: On **December 19, 2013**,
at 10:00 a.m.
in Auditorium of the State
Resources Building
1416 9th Street,
Sacramento, California.

At the Public Meeting, the Board will make time available to receive comments or proposals from interested persons on any item concerning occupational safety and health.

PUBLIC HEARING: On **December 19, 2013**,
at 10:00 a.m.
in Auditorium of the State
Resources Building
1416 9th Street,
Sacramento, California.

At the Public Hearing, the Board will consider the public testimony on the proposed changes to occupational safety and health standards in Title 8 of the California Code of Regulations.

BUSINESS MEETING: On **December 19, 2013**,
at 10:00 a.m.
in Auditorium of the State
Resources Building
1416 9th Street,
Sacramento, California.

At the Business Meeting, the Board will conduct its monthly business.

DISABILITY ACCOMMODATION NOTICE: Disability accommodation is available upon request. Any person with a disability requiring an accommodation, auxiliary aid or service, or a modification of policies or procedures to ensure effective communication and access to the public hearings/meetings of the Occupational Safety and Health Standards Board should contact the Disability Accommodation Coordinator at (916) 274-5721 or the statewide Disability Accommodation Coordinator at 1-866-326-1616 (toll free). The statewide Coordinator can also be reached through the California Relay Service, by dialing 711 or 1-800-735-2929 (TTY) or 1-800-855-3000 (TTY-Spanish).

Accommodations can include modifications of policies or procedures or provision of auxiliary aids or services. Accommodations include, but are not limited to, an Assistive Listening System (ALS), a Computer-Aided Transcription System or Communication Access Realtime Translation (CART), a sign-language interpreter, documents in Braille, large print or on computer disk, and audio cassette recording. Accommodation requests should be made as soon as possible. Requests for an ALS or CART should be made no later than five (5) days before the hearing.

NOTICE OF PROPOSED CHANGES TO TITLE 8 OF THE CALIFORNIA CODE OF REGULATIONS

Notice is hereby given pursuant to Government Code Section 11346.4 and Labor Code Sections 142.1, 142.4 and 144.5, that the Occupational Safety and Health Standards Board pursuant to the authority granted by Labor Code Section 142.3, and to implement Labor Code Section 142.3, will consider the following proposed revisions to Title 8, General Industry Safety Orders of the California Code of Regulations, as indicated below, at its Public Hearing on **December 19, 2013**.

1. TITLE 8: **GENERAL INDUSTRY SAFETY ORDERS**
Division 1, Chapter 4, Subchapter 7,
Article 61, Section 4355
**Operating Rules for Compaction
Equipment**

Descriptions of the proposed changes are as follows:

1. TITLE 8: **GENERAL INDUSTRY SAFETY ORDERS**
 Division 1, Chapter 4, Subchapter 7,
 Article 61, Section 4355
**Operating Rules for Compaction
 Equipment**

**INFORMATIVE DIGEST OF PROPOSED
 ACTION/POLICY STATEMENT OVERVIEW**

Section 4355 of the General Industry Safety Orders (GISO) contains rules for employees to follow when they operate stationary and mobile compaction equipment used to pick up and compact refuse from residential and commercial locations. Section 4355 requires the employer to develop a written set of operating rules and that such rules are to contain the applicable provisions contained in the various subsections of Section 4355, which include but are not limited to, employee training prior to assignment and operation, use of stationary compactor locks, and observation by the operator of all persons who may be in the mobile compactor vehicle path or point of operation. Subsection (c)(2) prohibits employees from standing on the rear or side steps of the mobile compactor or at any location where the employee cannot be seen by the operator and where the employee could be struck by the mobile compactor or thrown off the vehicle.

This Section does not address the dangerous practice of employees in front of the operator (direct line of sight) standing or riding on the compactor bins, containers, or attachments in front of the vehicle operator not designed as an employee work station. This omission creates a loophole whereby an employee could be riding on a bin, hopper or other attachment in front of the operator and not be in violation of the standard in (c)(2). Such practice has resulted in a fatal fall from elevation by an employee who was in full view of the operator and rode the work box which was resting on a platform attached to the forks of a refuse truck, fell and struck his head on the box. (See Division of Occupational Safety and Health (Division) Investigative Summary, No. 202485900, Tahoe Truckee Sierra Disposal Co. Inc.). Section 4355(c)(3) currently prohibits employees from riding on a loading sill. The proposal would expand this prohibition to include other areas within the operator's view.

Board staff notes that three editions of the American National Standards Institute (ANSI) Z245.1 standard for mobile compaction equipment, dating back to 1992, contain language that speaks to the issue of unsafe working locations on the vehicle. For example, the 1992, 1999 and 2008 editions of the ANSI Z245.1 standard state in Sections 6.2.1(i), 6.2.3.2 and 6.2.3.2(b) re-

spectively, that riding is only permitted in the cab or on the riding steps and not on any other part of the vehicle. Section 6.2.5.4(c) of the 2008 edition prohibits riding on the loading sill, the loading platform or in the hopper of the vehicle. These practices are consistent with the equipment manufacturer's recommendations. Consequently, staff believes this rulemaking proposal is consistent with those consensus standards. This regulatory proposal is intended to provide worker safety at places of employment in California.

This proposed rulemaking action:

- Is based on the following authority and reference: Labor Code Section 142.3, which states, at subsection (a)(1) that the Board is the "only agency in the state authorized to adopt occupational safety and health standards." When read in its entirety, Section 142.3 requires that California have a system of occupational safety and health regulations that at least mirror the equivalent federal regulations and that may be more protective of worker health and safety than are the federal occupational safety and health regulations.
- Expands the current prohibition on employees riding on the loading sills of mobile refuse compaction equipment to include attachments, containers, or trash bins located in front of the operator. This will ensure that employees are not subjected to the risk of a fall from elevation and/or being struck by and run over by the vehicle or coming into hazardous contact with moving parts of the compactor that could result in a crushing action and serious injury or fatality.
- Is not inconsistent with existing state regulations. It is consistent with established national consensus standards. This proposal is part of a system of occupational safety and health regulations. The consistency and compatibility of that system's component regulations is provided by such things as: (1) the requirement of the federal government and the Labor Code to the effect that the state regulation be at least as effective as their federal counterparts, and (2) the requirement that all state occupational safety and health rulemaking be channeled through a single entity (the Standards Board).
- The proposal would ensure that employees involved in mobile compaction vehicle operations are protected from the kinds of injuries described above whether they are behind or in front of the vehicle operator and regardless of whether they are standing or attempting to ride on parts of the equipment not designed for passengers or riders.

Section 4355. Operating Rules for Compaction Equipment.

This section addresses the employer’s duty to develop written mobile and stationary compaction equipment operating rules which must be conveyed to the employee via training prior to the employee operating the equipment. The training and instruction is for stationary and mobile equipment respectively and minimally includes stationary compaction lock training, ensuring all persons are clear of the points of operation prior to activation, prohibitions on the location of employees on and around the vehicle, employee riders, use of block-out devices to prevent elevated portions of the equipment from falling onto the employee, and compliance with GISO Section 3314 Control of Hazardous Energy standards.

Section 4355(c)(2) currently prohibits the employees from standing in locations where the employee cannot be seen by the operator. Section 4355(c)(3) currently prohibits employees from riding on a loading sill. The proposal would expand the Section 4355(c)(3) prohibition to include other unsafe locations, specifically, collection bins, containers or attachments in front of the vehicle operator. Employee safety thereby is enhanced by eliminating situations where employees could fall from an elevated location or could be subject to hazardous contact with the equipment, both of which could result in serious injury or death.

The proposal also makes a wording change in Section 4355(c)(2) in order to make the wording gender neutral. It is noted that by virtue of the wording of Section 4355(a), the change proposed for Section 4355(c)(3) would cause the employer’s operating procedures and employee training to be modified as well in a manner that promotes safety.

COST ESTIMATES OF PROPOSED ACTION

Costs or Savings to State Agencies

No costs or savings to state agencies will result as a consequence of the proposed action.

Impact on Housing Costs

The Board has made an initial determination that this proposal will not significantly affect housing costs.

Impact on Businesses/Significant Statewide Adverse Economic Impact Directly Affecting Businesses Including the Ability of California Businesses to Compete

The Board has made a determination that this proposal will not result in a significant, statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. This proposal would require

the employer to amend a portion of its administrative safety program, which includes employee instruction and training to clearly indicate to employees, consistent with the proposal, that employees must never ride or otherwise position themselves on the bins, hoppers or mobile compactor front-end attachments that are in the direct line of sight of the vehicle operator. There is no specific technology, hardware or other devices that are required to comply with this proposal. Other than the time to re-write or amend the employer’s existing Injury and Illness Prevention Program to address this proposed amendment, there are no discernible compliance costs. However, there could be significant savings to the employer through improved accident prevention for this issue in terms of avoiding the direct and indirect costs associated with a serious injury or fatality.

Cost Impact on Private Persons or Businesses

The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Costs or Savings in Federal Funding to the State

The proposal will not result in costs or savings in federal funding to the state.

Costs or Savings to Local Agencies or School Districts Required to be Reimbursed

No costs to local agencies or school districts are required to be reimbursed. See explanation under “Determination of Mandate.”

Other Nondiscretionary Costs or Savings Imposed on Local Agencies

This proposal does not impose nondiscretionary costs or savings on local agencies.

DETERMINATION OF MANDATE

The Occupational Safety and Health Standards Board has determined that the proposed standards do not impose a local mandate. There are no costs to any local government or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630.

EFFECT ON SMALL BUSINESSES

The Board has determined that the proposed amendments may affect small businesses. However, no economic impact is anticipated.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS

The proposed regulation will not have any effect on the creation or elimination of California jobs or the cre-

ation or elimination of California businesses or affect the expansion of existing California businesses.

BENEFITS OF THE REGULATION

The proposal will assure that the risk of employees being struck by and/or run over by mobile compaction equipment during operations will be effectively controlled by prohibiting employees who operate and work on mobile refuse compaction from standing or riding on equipment attached to the vehicle in front of the vehicle driver. The overall safety of mobile compaction equipment operations will be enhanced and struck-by/run-over accidents shall be prevented.

ALTERNATIVES STATEMENT

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

A copy of the proposed changes in STRIKEOUT/UNDERLINE format is available upon request made to the Occupational Safety and Health Standard Board's Office, 2520 Venture Oaks Way, Suite 350, Sacramento, CA 95833, (916) 274-5721. Copies will also be available at the Public Hearing.

An INITIAL STATEMENT OF REASONS containing a statement of the purpose and factual basis for the proposed actions, identification of the technical documents relied upon, and a description of any identified alternatives has been prepared and is available upon request from the Standards Board's Office.

Notice is also given that any interested person may present statements or arguments orally or in writing at the hearing on the proposed changes under consideration. It is requested, but not required, that written comments be submitted so that they are received no later than **December 13, 2013**. The official record of the rulemaking proceedings will be closed at the conclusion of the public hearing and written comments received after 5:00 p.m. on **December 19, 2013**, will not be considered by the Board unless the Board announces an extension of time in which to submit written comments. Written comments should be mailed to the address provided below or submitted by fax at (916) 274-5743 or e-mailed at oshsb@dir.ca.gov. The Occupational Safety and Health Standards Board may thereafter adopt the

above proposals substantially as set forth without further notice.

The Occupational Safety and Health Standards Board's rulemaking file on the proposed actions including all the information upon which the proposals are based is open to public inspection Monday through Friday, from 8:30 a.m. to 4:30 p.m. at the Standards Board's Office, 2520 Venture Oaks Way, Suite 350, Sacramento, CA 95833.

The full text of proposed changes, including any changes or modifications that may be made as a result of the public hearing, shall be available from the Executive Officer 15 days prior to the date on which the Standards Board adopts the proposed changes.

Inquiries concerning either the proposed administrative action or the substance of the proposed changes may be directed to Marley Hart, Executive Officer, or Mike Manieri, Principal Safety Engineer, at (916) 274-5721.

You can access the Board's notice and other materials associated with this proposal on the Standards Board's homepage/website address which is <http://www.dir.ca.gov/oshsb>. Once the Final Statement of Reasons is prepared, it may be obtained by accessing the Board's website or by calling the telephone number listed above.

GENERAL PUBLIC INTEREST

BUREAU OF REAL ESTATE

NOTICE OF HEARING BY THE REAL ESTATE COMMISSIONER: ANNUAL FEE REVIEW — REQUIRED BY STATUTE

Wayne S. Bell, Real Estate Commissioner, proposes to consider whether the fees charged by the Bureau of Real Estate ("CalBRE") should be lower than the maximum amount allowed pursuant to California Business and Professions Code ("the Code") Sections 10209.5, 10210, 10214.5, 10215, 10250.3 and 11011. The Commissioner's consideration will include all comments, objections and recommendations regarding such fees.

PUBLIC HEARING ANNOUNCEMENT

Sections 10226 and 11011 of the Code require, among other things, that at least one regulation hearing be held each calendar year to determine if fees lower than those authorized under Section 10226.5(b) of the Code should be prescribed. The hearing referred to below shall serve as the regulation hearing for the purpose

of satisfying the requirement of Sections 10226(a) and 11011(a) of the Code. CalBRE may present, at this hearing, relevant data compiled by the CalBRE, and other sources, if appropriate, that have been used or which may be used in making the determination if fees should be lower. There is no proposal to adopt, amend and/or repeal any sections of the California Code of Regulations (CCR) at this time. However, the Commissioner wishes to consider all comments, objections and recommendations regarding such fees.

CalBRE will hold a public hearing starting at 10:00 a.m., on December 18, 2013, at the CalBRE's Sacramento Office, located at 1651 Exposition Boulevard, Sacramento, California. The hearing room is wheelchair accessible. At the hearing, any person may present statements or arguments orally or in writing relevant to the proposed action. It is requested, but not required, that persons making oral comments at the hearing submit a written copy of their testimony.

WRITTEN COMMENT PERIOD

Any interested person, or his or her authorized representative, may submit written comments relevant to CalBRE's fee structure. The written comment period closes on December 18, 2013. All written comments must be received by 5:00 p.m. on that date at CalBRE's Sacramento Office as follows:

Daniel E. Kehew, Real Estate Counsel
 California Bureau of Real Estate
 P.O. Box 137007
 Sacramento, CA 95813-7007

Telephone: (916) 263-8681

Backup contact person for this proposed action is Mary Clarke at (916) 263-7303.

CalBRE will mail or deliver a copy of this Hearing Notice by the Real Estate Commissioner to CalBRE's list of interested persons including:

1. Every person who has filed a Request for Notice of Regulatory Action with CalBRE.
2. The Director of the Department of Consumer Affairs.
3. A substantial number of real estate brokers. They are predominantly small businesses, some of which may be affected by any fee adjustment. (To restate: This announcement involves no such adjustment.) CalBRE has no way of knowing which licensees are small businesses.
4. The California Association of Realtors (a real estate licensee trade organization) and the California Building Industry Association (a home builders trade organization).

5. A substantial number of land developers. Not small businesses by definition, they may, nevertheless, be affected by any fee adjustment. (To restate: This announcement involves no such adjustment.)

DEPARTMENT OF SOCIAL SERVICES

NOTICE TO INTERESTED PARTIES

The California Department of Social Services (CDSS) is required by federal law to submit an updated State Plan for the Temporary Assistance to Needy Families program. Notice is hereby given that a copy of California's proposed updated plan is available upon request for public review and comment.

Copies of the proposed State Plan are available from the office listed below. Comments relating to the proposed plan may be submitted in writing to the address/number listed below. All comments must be received no later than December 16, 2013.

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

ANNOUNCEMENT OF FIRST PUBLIC COMMENT PERIOD AND WORKSHOP

Draft Technical Support Document on Proposed Updated Public Health Goals for Chlorobenzene, Endothall, Hexachlorocyclopentadiene, Silvex, and Trichlorofluoromethane in Drinking Water

The Office of Environmental Health Hazard Assessment (OEHHA) of the California Environmental Protection Agency is announcing the availability of a draft technical support document for proposed updates of the Public Health Goals (PHGs) for chlorobenzene, endothall, hexachlorocyclopentadiene, silvex, and trichlorofluoromethane in drinking water. This draft document presents updates of these PHGs, originally published in 2003, 1997, 1999, 2003, and 1997, respectively. The updates consider recent toxicological literature and incorporate updated water consumption rates, and when appropriate, benchmark dose modeling, and dermal and inhalation routes of exposure.

The draft document is posted on the OEHHA web site at www.oehha.ca.gov. OEHHA is soliciting comments on the draft report during a 45-day comment period. The Office will also hold a public workshop on December 16, 2013 at the California Environmental Protection Agency Headquarters Building, 1001 I Street, Sacramento, California, 95814, Training Room 1, from 1:00 p.m. to 3:00 p.m., or until business is concluded. OEHHA follows the requirements set forth in Health and Safety Code Sections 57003(a) and 116365 for conducting the workshop and receiving public input.

Written comments must be received at the OEHHA address below by 5:00 p.m. on December 16, 2013 to be considered. The workshop is provided to enable a dialogue between OEHHA scientists and the public, to discuss the scientific basis of the proposed PHG updates, and to receive comments. Following the workshop, OEHHA will evaluate all the comments received, revise the document as appropriate, and make it available for another 30-day comment period. After any subsequent revisions, the final document will be posted on the OEHHA web site along with responses to the major comments submitted at the workshop and during the public comment periods.

The PHG technical support documents provide information on the health effects of contaminants in drinking water. The PHG is a level of drinking water contaminant at which adverse health effects are not ex-

pected to occur from a lifetime of exposure. The California Safe Drinking Water Act of 1996¹ requires OEHHA to develop PHGs based exclusively on public health considerations.² PHGs published by OEHHA are considered by the California Department of Public Health in setting drinking water standards (Maximum Contaminant Levels, or MCLs).³

 (CTU2013-0819-01)**
 (Summary Disposition issued pursuant to Gov. Code, sec. 11340.5; Cal. Code Regs., tit. 1, sec. 270(f))

Petition challenging as an underground regulation the memorandum titled “Disapproved Explicit Material in First Class Mail and Publications,” dated 5/16/13.

On August 19, 2013, the Office of Administrative Law (OAL) received your petition asking for a determination as to whether the memorandum titled “Disapproved Explicit Material in First Class Mail and Publications,” dated 5/16/13 (Disapproved Explicit Material Memo, hereafter), constitutes an underground regulation. The Disapproved Explicit Material Memo was issued by R. K. Bell, Correctional Administrator, Business Services, Pelican Bay State Prison and is attached hereto as Exhibit A.

In issuing a determination, OAL renders an opinion only as to whether a challenged rule is a “regulation” as defined in Government Code section 11342.600,¹ which should have been, but was not adopted pursuant to the Administrative Procedure Act (APA).² Nothing in this analysis evaluates the advisability or the wisdom of the underlying action or enactment. OAL has neither the legal authority nor the technical expertise to evaluate the underlying policy issues involved in the subject of this determination.

Generally, a rule which meets the definition of a “regulation” in Government Code section 11342.600 is required to be adopted pursuant to the APA. In some cases, however, the Legislature has chosen to establish exemptions from the requirements of the APA. Penal Code section 5058, subdivision (c), establishes exemptions expressly for the California Department of Corrections and Rehabilitation (CDCR):

¹“Regulation” means every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by any state agency to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure.

² Such a rule is called an “underground regulation” as defined in California Code of Regulations, title 1, section 250, subsection (a):

“Underground regulation” means any guideline, criterion, bulletin, manual, instruction, order, standard of general application, or other rule, including a rule governing a state agency procedure, that is a regulation as defined in section 11342.600 of the Government Code, but has not been adopted as a regulation and filed with the Secretary of State pursuant to the APA and is not subject to an express statutory exemption from adoption pursuant to the APA.

(c) The following are deemed not to be “regulations” as defined in Section 11342.600 of the Government Code:

(1) Rules issued by the director applying solely to a particular prison or other correctional facility. . . .

This exemption is called the “local rule” exemption. It applies only when a rule is established for a single correctional institution.

In *In re Garcia* (67 Cal.App.4th 841, 845), the court discussed the nature of a “local rule” adopted by the warden for the Richard J. Donovan Correctional Facility (Donovan) which dealt with correspondence between inmates at Donovan:

The Donovan inter–institutional correspondence policy applies solely to correspondence entering or leaving Donovan. It applies to Donovan inmates in all instances.

...

The Donovan policy is not a rule of general application. It applies solely to Donovan and, under Penal Code section 5058, subdivision (e)(1), is not subject to APA requirements.

Similarly, the rule challenged by your petition was issued by Pelican Bay State Prison and applies solely to the inmates of the Pelican Bay State Prison. Inmates housed at other institutions are governed by those other institutions’ criteria for disallowed mail and publications. Therefore, the rule is a “local rule” and is exempt from compliance with the APA pursuant to Penal Code section 5058(c)(1). It is not an underground regulation.³

The issuance of this summary disposition does not restrict your right to adjudicate the alleged violation of section 11340.5 of the Government Code.

³ The rule challenged by your petition is the proper subject of a summary disposition letter pursuant to title 1, section 270 of the California Code of Regulations. Subdivision (f) of section 270 provides:

(f)(1) If facts presented in the petition or obtained by OAL during its review pursuant to subsection (b) demonstrate to OAL that the rule challenged by the petition is not an underground regulation, OAL may issue a summary disposition letter stating that conclusion. A summary disposition letter may not be issued to conclude that a challenged rule is an underground regulation.

(2) Circumstances in which facts demonstrate that the rule challenged by the petition is not an underground regulation include, but are not limited to, the following:

(A) The challenged rule has been superseded.
 (B) The challenged rule is contained in a California statute.
 (C) The challenged rule is contained in a regulation that has been adopted pursuant to the rulemaking provisions of the APA.
 (D) The challenged rule has expired by its own terms.
(E) An express statutory exemption from the rulemaking provisions of the APA is applicable to the challenged rule. (Emphasis added.)
