TITLE 2. MENTAL HEALTH SERVICES OVERSIGHT AND ACCOUNTABILITY COMMISSION

NOTICE IS HEREBY GIVEN that the Mental Health Services Oversight and Accountability Commission (MHSOAC), pursuant to the authority vested in it by Section 87306 of the Government Code proposes amendments to its Conflict of Interest Code. The purpose of these amendments is to implement the requirements of Sections 87300 through 87302, and Section 87306 of the Government Code.

The Political Reform Act (Gov. Code Section 81000 et seq.) requires each government agency to adopt a conflict of interest code, and agency personnel covered by the code to periodically file a financial disclosure statement known as a Statement of Economic Interests (Form 700). (See Gov. Code Sections 87300 and 87302.) Among other things, an agency's conflict of interest code must enumerate employee positions with the agency that involve the making of or participation in the making of decisions that may foreseeably have a material financial effect on any economic interest of the employee and, for each enumerated position, the specific types of investments, business positions, and sources of income and gifts which are required to be disclosed on the statement of economic interests. (Gov. Code Section 87302.)

The MHSOAC proposes to amend its Conflict of Interest Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in subdivision (a) of Section 87302 of the Government Code.

This amendment which is based on a comprehensive management review, updates or deletes some titles, adds new position titles to the list of designated employees (Appendix A) and makes other technical changes to reflect the current organizational structure of the MHSOAC. Copies of the amended code are available and may be requested from the Contact Person set forth below.

The disclosure categories, which define what a designated employee needs to file on his or her Form 700, were changed to better describe the types of financial interests to be disclosed and to reflect the revised statutory authority of the MHSOAC, including its independence from the Department of Mental Health. In order to avoid overly-broad disclosure, some of the disclosure categories were amended to differentiate between those employees whose job duties involve Commission-wide subject matter, and those whose scope of duties are more limited to matters within their division or unit.

The MHSOAC has prepared a written explanation of the reasons for the proposed amendments. Copies of the proposed amendments and the written explanation of the reasons may be obtained by contacting the person(s) identified in the Inquires section set forth below.

The MHSOAC has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts.
2. Impose no costs or savings on any state agency.
3. Impose no costs on any local agency or school district that are required to be reimbursed under Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons, businesses or small businesses.

In making these proposed amendments, the MHSOAC has determined that no alternative considered by the agency would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective as and less burdensome to affected persons than the proposed amendments.

Copies of the proposed amendments are available and may be requested from the person(s) identified in the Inquiries section below.

COMMENTS: Any written comments pertaining to this amendment, regardless of the method of transmittal, must be received by **5 p.m. on January 22, 2015**, which is hereby designated as the close of the written comment period. Comments received after this date will not be considered timely.

Materials regarding the action described in this notice (including this public notice, the regulation text, and the

explanation of amendments) are available via the Internet at the MHSOAC website at www.mhsoc.ca.gov.

At this time, no public hearing has been scheduled concerning the proposed amendments. If any interested person or the person's representative requests a public hearing, he or she must do so no later than January 7, 2015 (15 calendar days) before the close of the written comment period, by contacting Christina Call as identified in the Inquiries section below. If a public hearing is requested, it will be held on January 22, 2015 starting at 3:30 p.m. at 1325 J Street, Suite 1700, Sacramento, CA 95814 and will end when all comments have been received or at 4:00 p.m., whichever comes first.

After completion of the written comment period/hearing, the MHSOAC may adopt the proposed amendments to the code if it remains substantially the same as described in the text originally made available to the public. The MHSOAC may make changes to the proposed code prior to its adoption, so long as the text of any modified amendment is made available to the public at least 15 days before the MHSOAC adopts the amendments.

TITLE 16. CALIFORNIA BOARD OF ACCOUNTANCY

NOTICE IS HEREBY GIVEN that the California Board of Accountancy (CBA) is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at the Hilton Los Angeles Airport, 5711 West Century Boulevard Los Angeles, CA 90045 at 9:00

a.m., on January 23, 2015. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the CBA at its office not later than 5:00 p.m. on January 19, 2015 or must be received by the CBA at the hearing. The CBA upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Sections 5010, 5092 and 5093 of the Business and Professions Code (BPC), and to implement, interpret or make specific Sections 5092 and 5093 of said Code, the CBA is considering changes to Division 1 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST

A. Informative Digest

Current law in CCR Title 16, section 12 prohibits experience in academia to qualify for licensure as a Certified Public Accountant (CPA). Senate Bill (SB) 1467 (Chapter 400, Statutes of 2014) amended BPC section 5093 and authorized the CBA, by regulation, to allow experience in academia to qualify for the general accounting experience requirement for CPA licensure.

The regulatory proposal is as follows:

1. Amend Section 12 of Title 16 of the California Code of Regulations

This regulatory proposal would delete the language prohibiting experience in academia and instead allow it to count towards the general experience requirement for CPA licensure if the guidelines being established in section 12.1 are met.

2. Add Section 12.1 of Title 16 of the California Code of Regulations

This regulatory proposal would establish guidelines for experience in academia to qualify as general accounting experience for licensure as authorized by BPC section 5093(d)(3). Specifically, this regulatory proposal would equate 48 semester units of instruction, or its equivalent in quarter units, to one year of general accounting experience.

To be qualifying, the applicant must have been the instructor for a course in subject matter listed in CBA Regulations section 9.2(b), taught at an accredited institute as established in BPC section 5094, and verified by the dean, head, or chair of the applicant's department on Form 11A-29B (4/14) entitled "Certificate of Experience in Academia," which is being incorporated by reference.

The information requested on the Certificate of Experience in Academia form includes the course number, title of the course, number of units, dates of instruction, institution where the courses were taken, and verification from the dean, head, or chair of the department.

The proposal also allows the applicant to submit other forms of verification for the 48 semester units (or portions thereof) if the applicant is unable to obtain the verification.

Further, the proposal would allow the experience in academia to be combined with other general accounting experience meeting the requirements of section 12 at a ratio of four semester units, or its equivalent in quarter units, to one month of general accounting experience, but the total general accounting experience needed for licensure could not be obtained in less than 12 calendar months.

B. Policy Statement Overview/Anticipated Benefits of Proposal

This regulatory proposal would provide applicants for CPA licensure the ability to use experience gained in academia towards meeting the general accounting experience requirement. This would integrate theoretical knowledge gained from academia with real world application and it would encourage a closer relationship between academia and the accounting profession, benefiting both consumer protection and the accounting profession.

C. Consistency and Compatibility with Existing State Regulations

During the process of developing these regulations and amendments, the CBA has conducted a search of any similar regulations on this topic and has concluded that these regulations are neither inconsistent nor incompatible with existing state regulations.

INCORPORATION BY REFERENCE

Certificate of Experience in Academia 11A-29B (4/14)

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies:
None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Require Reimbursement: None.

This regulatory proposal simply specifies what academia experience can qualify as general accounting experience for CPA licensure and how that experience is verified and documented.

The CBA is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The CBA has determined that the proposed regulations would not affect small businesses as it would only establish guidelines for experience in academia to qualify as general accounting experience for CPA licensure as authorized by BPC section 5093(d)(3).

RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS:

Impact on Jobs/Businesses:

The CBA has determined that this regulatory proposal will have a minimal impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

Benefits of Regulation:

The CBA has determined that this regulatory proposal will have the following benefits to health and welfare of California residents, worker safety, and state's environment:

This regulatory proposal would benefit consumer protection and the accounting profession by integrating

theoretical knowledge gained from experience in academia with real world application, and it would encourage a closer relation between academia and the accounting profession. In addition, this proposal would provide applicants for CPA licensure additional routes to licensure while preserving the integrity of the licensure requirements.

CONSIDERATION OF ALTERNATIVES

The CBA must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

No public hearing has been scheduled on the proposed action. However, any interested person or such person's duly authorized representative may request, no later than 15 days prior to the close of the written comment period, a public hearing pursuant to Section 11346.8. Written comments, including those sent by mail or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office no later than 5 p.m. on January 19, 2015. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by Business and Professions Code Section 2531.95, to implement, interpret or make specific Section 2538.18, of the Business and Professions Code, the Board is considering changes to Division 13.3 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The Speech-Language Pathology & Audiology & Hearing Aid Dispensers Board ("Board") is authorized by Business and Professions Code Section 2531.95 to adopt regulations necessary to implement the Speech-Language Pathology and Audiology Licensure Act. Section 2538.18 sets forth provisions for licensed hearing aid dispensers to complete continuing education (CE) as a condition of license renewal. The Section further requires the Board to monitor CE to ensure compliance with the CE regulations as established by the Board.

In addition to non-substantive changes reflecting the agency's change in governance status from a bureau to a board, and updating references to statutory renumbering, the following substantive changes are being proposed:

Section 1399.140(a): Makes changes to any license that expires on or after January 31, 2015, increasing the continuing professional development requirement from nine (9) hours to twelve (12) hours and specifies that the hours must be completed within the preceding one-year renewal period. The proposal sets forth limitations on the amount of time acquired in self-study courses, and authorizes a limited number of hours in courses covering topics in related and indirect client activities.

Section 1399.140(b)-(d): The proposed amendment specifies the manner in which compliance with the CE provisions must be verified and establishes CE record retention timeframes.

Section 1399.140(e): Amends the language providing exclusions to the CE requirement upon renewal of an initial license.

Section 1399.140.1(a): Adds provisions to define the type of course content that may be applied as CE for the purpose of license renewal. The provision defines direct client care courses, indirect client care courses, and related course areas.

Section 1399.140.1(b): Adds a provision outlining the topics that are considered outside the acceptable course content areas for CE.

Section 1399.141(a): Amends the criteria for course approval and provides that all courses must be within the scope of practice of a licensed hearing aid dispenser and must be for the benefit of the consumer. The provi-

sion also outlines specific qualifications that the instructor of the course must possess.

Section 1399.141(b): Amends the section to require maintenance of attendance records for a period of four (4) years, and requires the licensee to produce such records upon the request of the Board.

Section 1399.141(c): Amends the timeframe within which the Board must review a provider application and notify the provider whether the application is complete. The changes provide for thirty (30) days wherein the Board must notify the provider of the application status and affords the provider thirty (30) days to cure any noted deficiency outlined by the Board. The changes also establish a thirty (30)-day timeframe in which the Board must approve or deny a provider application. The amendment establishes an appeal process should a provider application be denied.

Section 1399.142: Clarifies that misrepresenting compliance with the CE requirements is deemed fraud and appropriate sanctions may be imposed.

Section 1399.143: Amends the section to reduce the timeframe in which licensees may apply CE coursework that is duplicative or similar to coursework which was completed within the previous two (2) years.

Section 1399.144: Amends the section for non-substantive changes to outdated Business and Professions Code sections.

**POLICY STATEMENT
OVERVIEW/ANTICIPATED BENEFITS OF
PROPOSAL**

CE is intended to encourage licensees to participate in on-going professional development in order to remain current and competent in the delivery of the licensed health care service. CE for the purpose of licensure should be focused on consumer/client services and be designed to educate and inform licensees about new technologies, research or clinical services.

The proposed changes serve to amend the existing CE requirements for hearing aid dispensers to require coursework in areas that are consumer/client centered so that the hours applied to license renewal requirements will be that which has a direct benefit to the consumer. The changes provide for a focused CE program where such requirements contribute to the health, safety, and welfare of the public and are consistent with licensure standards for health care providers.

**CONSISTENCY AND COMPATIBILITY WITH
EXISTING STATE REGULATIONS**

After conducting a review for any regulations that would relate to or affect this area, the Board evaluated

this regulatory proposal and it is not inconsistent or incompatible with existing state regulations.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Cost/Savings in Federal Funding to the State:

This proposed regulation would amend existing CE requirements for licensed hearing aid dispensers. It is not anticipated that the proposed changes will have a fiscal impact on any public, state, or federal agencies as the changes do not require additional program resources or new processes.

The Board currently reviews and approves or denies CE providers and courses depending upon the course content and instructor qualifications. Board staff will not incur additional program responsibilities or realize an increase in course submissions as a result of the proposed changes. While there is a slight increase in the number of hours a hearing aid dispenser must obtain for license renewal annually, CE providers typically offer multiple courses a year beyond the minimum required for license renewal.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Section 17500-17630 Requires Reimbursement: None.

Business Impact: The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

AND

The following relevant data were relied upon in making the above determination:

CE providers are mostly small businesses who pay a provider and course approval application fee. Business and Professions Code Section 2538.57(h) authorizes the Board to collect a fifty dollar (\$50) fee for each course submitted. CE providers currently pay the established course approval application fee. The proposed changes do not impose additional fees for providers.

The regulatory proposal does restrict courses on the marketing and sales of hearing aids. In the past, hearing aid manufacturers would routinely offer such courses to licensed dispensers. However, since the Board has made the policy decision to no longer grant credit for courses on the marketing and sale of hearing aids, and has communicated the proposed regulatory amendment to its provider population, most CE providers no longer advertise these courses as being offered for license re-

newal credit. There may be a minor impact to the small number of businesses that continue to seek such approval, as the \$50 fee is nonrefundable. In addition, the provider may lose some revenue from licensees who choose not to participate in courses surrounding the marketing and sale of hearing aid products since such courses are no longer approved for CE. Alternately, the providers may realize an increase in revenue since the CE license renewal requirements, as proposed, would slightly increase from nine (9) hours every year to twelve (12) hours annually.

There are approximately twenty-five (25) hearing aid dispenser CE providers approved by the Board and approximately five-hundred fifty (550) approved courses.

CE Provider assumptions:

- 25 CE providers in California.
- 510–550 approved courses.
- \$50 fee for each submitted course.
- Approximately 5–7 courses are submitted to the Board per year regarding the marketing and sale of hearing aids. These courses would be denied and the course fee is non-refundable.
- No application fee or renewal fee required.

AND

The following studies/relevant data were relied upon in making the above determination: The existing CE provider/course approval list and a record of denied courses.

Cost impact on Representative Private Persons or Business: The following provides detail regarding any cost impact that a representative private person or business would necessarily incur in reasonable compliance with the proposed action:

- Licensed hearing aid dispensers must comply with CE requirements on an annual basis. CE courses offered by providers, on average, cost \$50 per hour per course.
- The increase in the requirements for licensed hearing aid dispensers to obtain an additional three (3) hours of CE may result in an additional cost of roughly \$150 annually per licensed hearing aid dispenser.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Board has determined that this regulatory proposal will not have an effect on small businesses. The proposed changes do not place additional requirements

on small business. As stated above individual licensed hearing aid dispensers experience an increased cost to complete their CE annually, due to the increase in proposed hours. The cost impact to licensees is estimated to be \$150 per year.

CE providers who are also small businesses may benefit from the annual increase in the CE requirement as licensees must pay the providers for the additional hours. The additional revenue is indeterminate.

RESULTS OF ECONOMIC IMPACT ASSESSMENT/ANALYSIS

Impact on Jobs/Businesses:

The Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses or the elimination of jobs or existing businesses or the expansion of businesses in the State of California.

The proposal affects licensed hearing aid dispensers and requires the licensee obtain an additional three (3) hours of CE per year for license renewal. The proposal provides licensees the opportunity to participate in three (3) hours of self-study as applicable toward license renewal requirements, which offsets any time the licensee would need to be absent from his or her job or business in order to comply with the proposed requirements.

Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Board has determined that this regulatory proposal will benefit the health and welfare of California residents by being afforded better quality health care services by licensed hearing aid dispensers who participate in on-going professional education regarding their scope of responsibility. The proposal will have no direct effect on worker safety or the State's environment.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

TITLE 18. BOARD OF EQUALIZATION

NOTICE OF INTENTION TO AMEND THE
CONFLICT–OF–INTEREST CODE OF THE
STATE BOARD OF EQUALIZATION

NOTICE IS HEREBY GIVEN that the State Board of Equalization (Board), pursuant to the authority vested in it by Government Code section 87306, proposes to amend California Code of Regulations, title 18, section (Regulation) 6001, *General Provisions*, and Appendices A and B to Regulation 6001, which contain the Board’s Conflict of Interest Code (Code). The purpose of these amendments is to implement the requirements of Government Code sections 87300 through 87302 and 87306.

The Board proposes to amend its Code to include employee positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest, as set forth in Government Code section 87302, subdivision (a).

These amendments implement classification and organizational changes that have taken place at the Board since the Code was last amended on June 3, 2005. The proposed amendments update Appendix A to the Code to list only those positions at the Board that make or participate in the making of decisions which may foreseeably have a material financial effect on any financial interest as required by Government Code section 87302, subdivision (a). Therefore, the Board proposes to delete positions that are no longer used at the Board from Appendix A, and add new positions that make or participate in the making of decisions which may foreseeably have a material financial effect on any financial interest to Appendix A. The proposed amendments update the disclosure categories listed in Appendix B for the purpose of narrowly tailoring the disclosure requirements assigned to each position listed in Appendix A to the position’s job duties, and to differentiate between similar positions listed in Appendix A with different levels of responsibility. The amendments also make minor stylistic and grammatical changes to Regulation 6001 and Appendices A and B, including those that were recommended by Fair Political Practices Commission staff, and update the Code’s authority and reference note. Copies of the proposed amendments to the Code are available to interested persons and may be requested from the Contact Person set forth below.

The Board will conduct a meeting in Room 121, at 450 N Street, Sacramento, California, on January 21–22, 2015. The Board will provide notice of the meeting to any person who requests that notice in writing and make the notice, including the specific agenda for the meeting, available on the Board’s Website at

www.boe.ca.gov at least 10 days in advance of the meeting.

A public hearing regarding the proposed regulatory action will be held at 9:30 a.m. or as soon thereafter as the matter may be heard on January 21 or 22, 2015. At the hearing, any interested person may present or submit oral or written statements, arguments, or contentions regarding the adoption of the proposed amendments to the Code.

Any interested person may also submit written statements, arguments, or comments relating to the proposed amendments to the Code by submitting them in writing to the Contact Person set forth below no later than 9:30 a.m. on January 21, 2015, or as soon thereafter as the Board begins the public hearing regarding the adoption of the proposed amendments to the Code during the January 21–22, 2015, Board meeting. The Board will only consider written comments received by that time.

The Board has prepared an Initial Statement of Reasons as a written explanation of the reasons for the proposed amendments to the Code and has available all of the information on which the amendments are based. Copies of the proposed amendments to the Code, the written explanation of the reasons, and the information on which the amendments are based may be obtained by contacting the Contact Person set forth below.

The Board has determined that the proposed amendments:

1. Impose no mandate on local agencies or school districts;
2. Impose no costs or savings on any state agency, local agency, or school district;
3. Impose no costs on any local agency or school district that are required to be reimbursed under part 7 (commencing with section 17500) of division 4 of title 2 of the Government Code;
4. Will not result in any nondiscretionary costs or savings to local agencies.
5. Will not result in any costs or savings in federal funding to the state.
6. Will not have any potential cost impact on private persons or businesses, including small businesses.

In making these proposed amendments, the Board must determine that no alternative considered by it would be more effective in carrying out the purpose for which the amendments are proposed or would be as effective and less burdensome to affected persons than the proposed amendments.

All inquiries concerning the proposed amendments to the Code and any communication required by this notice should be directed to:

BOARD OF BARBERING AND COSMETOLOGY
Lash and Brow Tinting

This regular rulemaking by the Board of Barbering and Cosmetology (“BBC”) amends 16 CCR §§ 950.2 and 950.9. Specifically, this rulemaking clarifies that the eyebrow and lash tinting component of the cosmetology and crossover curriculums should only be taught if a product is available that is not disapproved, prohibited, or banned by the U.S. Food and Drug Administration (the “FDA”), the Occupational Safety and Health Administration (“OSHA”), or the U.S. Environmental Protection Agency (the “EPA”). Currently, the FDA disapproves of the use of all eyebrow and lash tinting products around the eye. Under 16 CCR § 989, BBC prohibits the use of any products disapproved by the

FDA. BBC is amending Sections 950.2 and 950.9 because several schools and licensees have expressed confusion regarding whether they should teach brow tinting. Sections 950.2 and 950.9 were also amended to include OSHA and the EPA because these agencies could also weigh in on the legality or use of barbering and cosmetology products.

 STATE WATER RESOURCES CONTROL BOARD
 Review by State Board of Action or Failure to Act by
 Regional Board

This action amends State Water Resources Control Board (SWRCB) procedure in connection with petitions filed with SWRCB regarding the action or inaction of Regional Water Boards. SWRCB has discretion whether to review or dismiss a petition.

Current law provides SWRCB shall act on a petition 270 days from the date SWRCB issues a notice of petition to interested parties to put the matter at issue. However, no current law sets a deadline for SWRCB to issue the notice of petition; SWRCB triggers its own limitation period at will.

This action amends SWRCB procedure generally requiring SWRCB issue the notice of petition within the following time frames: (a) if a petition is received on or after the effective date of this regulation, then 90 days from receipt; (b) if a petition is received before January 1, 2011, then 120 days from the effective date of this regulation; (c) if a petition is received in calendar years 2011 or 2012, then 240 days from the effective date of this regulation; and (d) if a petition is filed from January 1, 2013, to the day before the effective date of this regulation, then one year from the effective date of this regulation. If SWRCB fails to issue the notice of petition timely, then SWRCB deems the petition dismissed by operation of law.

This action also amends procedures for defective petitions. Defective petitions not timely corrected by amendment shall be deemed withdrawn by operation of law rather than dismissed. The stated purpose of this change is that a petitioner should not benefit from "dismissal" of a defective petition, which would trigger the petitioner's exhaustion of administrative remedies.
