SUMMARY OF REGULATORY ACTIONS

Regulations filed with the Secretary of State 2006
Sections Filed, July 2, 2014 to December 3, 2014 2008

The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (USPS 002-931), (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by Barclays, a subsidiary of West, a Thomson Reuters Business, and is offered by subscription for \$205.00 (annual price). PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by Thomson Reuters.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the “Commission”), under the authority vested in it under the Political Reform Act (the “Act”)¹ by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulations at a public hearing on or after **January 15, 2015**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission’s office no later than **5:00 p.m.** on **January 13, 2015**.

BACKGROUND/OVERVIEW

Government Code Section 87100 provides that “no public official at any level of state or local government shall make, participate in making or in any way attempt to use his [or her] official position to influence a governmental decision in which he [or she] knows or has reason to know he [or she] has a financial interest.” Section 87103 provides that an official has a financial interest in a decision “if it is reasonably foreseeable that the decision will have a material financial effect, distinguishable from its effect on the public generally, on the official, a member of his or her immediate family, or on any [interests enumerated in Section 87103.]”

The Commission currently has regulations that identify the standards for determining what constitutes a material financial effect on a financial interest. This proposed regulatory action is part of the Commission’s continuing project, which began in 2012, to improve,

¹ The Political Reform Act is contained in Government Code Sections 81000 through 91014. All statutory references are to the Government Code, unless otherwise indicated. The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. All regulatory references are to Title 2, Division 6 of the California Code of Regulations, unless otherwise indicated.

clarify, and simplify the Act’s conflict of interest regulations with amendments to the application of the “reasonably foreseeable” test, and continued last year with a reorganization of the regulations under Regulation 18700. At the July 2014 Commission meeting, the Commission adopted amendments to the materiality standards for real property decisions. At the November 2014 Commission meeting, the Commission adopted amendments to the materiality standards for decisions affecting business entities. Staff will now propose specific language to amend the regulations specifying what constitutes a material financial effect on any of the remaining financial interests established under the Act: source of income, source of gift, or an effect on the official’s personal finances.

REGULATORY ACTION

Proposed Regulations 18705, 18705.3, 18705.4, and 18705.5 will replace Regulations 18704, 18704.1, and 18704.5, which currently address when a source of income, a source of gift, or an official’s personal finances are “directly involved” in a decision. This change will eliminate the need for these existing regulations, and they will be repealed. In addition, the proposed regulations will amend Regulations 18705, 18705.3, 18705.4, and 18705.5.

Regulation 18707.5 will be repealed, as the substance of this regulation will be moved into Regulation 18705.3.

The new regulations will describe the types of decisions that automatically trigger a finding of materiality in a manner similar to, and in some instances cross-referenced to, the recently adopted materiality provisions relating to real property and business entities. The proposed amendment will follow the pattern established in those regulations by basing materiality on a reasonable person standard, setting forth factors that may impact an official’s unbiased decision making by creating a recognizable advantage or disadvantage for one of the identified financial interests.

SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. These regulations will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. These regulations will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. These regulations will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

Government Code Section 83112 provides that the Fair Political Practices Commission may adopt, amend, and rescind rules and regulations to carry out the purposes and provisions of the Political Reform Act. (Gov. Code Sections 81000–91014.)

REFERENCE

The purpose of this regulation is to implement, interpret, and make specific Government Code Sections 87100 and 87103.

CONTACT

Any inquiries should be made to Bill Lenkeit, Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, CA 95814; telephone (916) 322–5660 or 1–866–ASK–FPPC. Proposed regulatory language can be accessed at <http://www.fppc.ca.gov/index.php?id=247#2>.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (Commission), pursuant to the authority vested in it by Sections 82011, 87303, and 87304 of the Government Code to review proposed conflict-of-interest codes, will review the proposed/amended conflict-of-interest codes of the following:

CONFLICT-OF-INTEREST CODES

AMENDMENT

STATE AGENCY: Department of Alcoholic Beverage Control
Mental Health Services Oversight and Accountability Commission

A written comment period has been established commencing on December 12, 2014 and closing on **January 26, 2015**. Written comments should be di-

rected to the Fair Political Practices Commission, Attention Ivy Branaman, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the Commission's Executive Director for her review, unless any interested person or his/her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director of the Commission will review the above-referenced conflict-of-interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict-of-interest code(s). Any written comments must be received no later than **January 26, 2015**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict-of-interest code(s) should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT-OF-INTEREST CODES

Copies of the proposed conflict-of-interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Ivy Branaman, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the "Commission"), under the authority vested in it under the Political Reform Act (the "Act")¹ by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulation at a public hearing on or after **January 15, 2015** at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m. on January 13, 2015.**

quired to file Statements of Economic Interests to decline to disclose a source of income where disclosure would violate a statutory privilege under the California Evidence Code.

Over the life of the regulation, staff has been confronted with various scenarios that did not fit into the strict language of the regulation, but that appeared equally deserving of consideration to protect the filer's privacy or the privacy of those associated with the filer. Specifically, the Commission has recently permitted nondisclosure where such disclosure would violate federal securities laws. This proposal would give staff and the Commission authority to consider disclosure exemption requests under State and federal law, and would streamline the process.

SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission (the "Commission"), under the authority vested in it under the Political Reform Act (the "Act")¹ by Section 83112 of the Government Code, proposes to adopt, amend, or repeal regulations in Title 2, Division 6 of the California Code of Regulations. The Commission will consider the proposed regulation at a public hearing on or after **January 15, 2015**, at the offices of the Fair Political Practices Commission, 428 J Street, Suite 800, Sacramento, California, commencing at approximately **10:00 a.m.** Written comments must be received at the Commission offices no later than **5:00 p.m. on January 13, 2015**.

BACKGROUND/OVERVIEW

Pursuant to Section 84511 a committee that makes an expenditure of \$5,000 or more to an individual for his or her appearance in an advertisement to support or oppose the qualification, passage, or defeat of a ballot measure must file a report (Form 511) within ten days, and must also include a statement in the advertisement that notifies viewers that the individual was paid to appear in the advertisement.

Section 84511 was recently amended by Assembly Bill 510 (Ammiano) — Chapter 868, Statutes of 2014, effective January 1, 2015. Pursuant to the bill, a committee that makes an expenditure of any amount to an individual for his or her appearance in an advertisement that supports or opposes the qualification, passage, or defeat of a ballot measure and that states or suggests that the individual is a member of an occupation that requires licensure, certification, or other specialized documented training as a prerequisite to engage in that occupation, must also file the Form 511 within ten days. These committees must also include a statement in the advertisement that the individual was paid to appear in the advertisement and may not necessarily be a member of the occupation portrayed in the advertisement. However, if the individual in the advertisement is a member of an occupation substantially similar to the

occupation portrayed in the advertisement, the committee may omit this disclaimer but must maintain documentation of the individual's license, certification or training for the occupation. Such documentation must be provided to the Commission within 24 hours of the Commission's request.

REGULATORY ACTION

Amend 2 Cal. Code Regs. Section 18450.11 — The proposed amendments would incorporate the new requirement into Regulation 18450.11.

SCOPE

The Commission may adopt the language noticed herein, or it may choose new language to implement its decisions concerning the issues identified above or related issues.

FISCAL IMPACT STATEMENT

Fiscal Impact on Local Government. This regulation will have no fiscal impact on any local entity or program.

Fiscal Impact on State Government. This regulation will have no fiscal impact on any state entity or program.

Fiscal Impact on Federal Funding of State Programs. This regulation will have no fiscal impact on the federal funding of any state program or entity.

AUTHORITY

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Notice of Proposed Rulemaking 45-Day Notice

The Department of Food and Agriculture (Department) amended subsection 3435(b) of the regulations in Title 3 of the California Code of Regulations pertaining to Asian Citrus Psyllid (ACP) Interior Quarantine as an emergency action which was effective on September 25, 2014. The Department proposes to continue the regulation as amended and to complete the amendment process by submission of a Certificate of Compliance no later than March 24, 2015.

This notice is being provided to be in compliance with Government Code Section 11346.4.

PUBLIC HEARING

A public hearing is not scheduled. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than 15 days prior to the close of the written comment period.

WRITTEN COMMENT PERIOD

Any interested person or his or her authorized representative may submit written comments relevant to the proposed amendment to the Department. Comments may be submitted by mail, facsimile (FAX) at 916.654.1018 or by email to Sara.Khali@cdfa.ca.gov. The written comment period closes at 5:00 p.m. on January 26, 2015. The Department will consider only comments received at the Department offices by that time. Submit comments to:

Following the public hearing if one is requested, or following the written comment period if no public hearing is requested, the Department, at its own motion, or at the instance of any interested person, may adopt the proposal substantially as set forth without further notice.

Existing law provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this state and determine the probability of its spread and the feasibility of its control or eradication (FAC 5321).

Existing law also provides that the Secretary may establish, maintain and enforce quarantine, eradication and other such regulations as he deems necessary to protect the agricultural industry from the introduction and spread of pests (FAC Sections 401, 403, 407 and 5322).

Anticipated Benefits from This Regulatory Action

Existing law, FAC Section 403, provides that the department shall prevent the introduction and spread of injurious insect or animal pests, plant diseases, and noxious weeds.

Existing law, FAC Section 407, provides that the Secretary may adopt such regulations as are reasonably necessary to carry out the provisions of this code which she is directed or authorized to administer or enforce.

Existing law, FAC Section 5321, provides that the Secretary is obligated to investigate the existence of any pest that is not generally distributed within this State and determine the probability of its spread, and the feasibility of its control or eradication.

Existing law, FAC Section 5322, provides that the Secretary may establish, maintain, and enforce quarantine, eradication, and such other regulations as are in her opinion necessary to circumscribe and exterminate or prevent the spread of any pest which is described in FAC Section 5321.

The existing law obligates the Secretary to investigate and determine the feasibility of controlling or eradicating pests of limited distribution but establishes discretion with regard to the establishment and maintenance of regulations to achieve this goal. This amendment provides the necessary regulatory authority to prevent the artificial spread of a serious insect pest which is a mandated statutory goal.

The amendment of this regulation benefits the citrus industries (nurseries, fruit growers, wholesalers, retailers, exporters) and the environment by having a quarantine program to prevent the artificial spread of ACP over long distances. Most all of the commercial citrus fruit and nursery stock production is located outside this proposed quarantine boundary area.

The national and international consumers of California citrus benefit by having high-quality fruit available at lower cost. It is assumed that any increases in production costs will ultimately be passed on to the consumer.

The amendment of this regulation benefits homeowners who grow citrus for consumption and host material which is planted as ornamentals in various rural and urban landscapes.

FAC Section 401.5 states, “the department shall seek to protect the general welfare and economy of the state and seek to maintain the economic well-being of agriculturally dependent rural communities in this state.” The amendment of this regulation is preventing the artificial spread of ACP to uninfested areas of the State.

Huanglongbing (HLB) is generally distributed in Florida due to ACP being generally distributed there. The University of Florida Institute of Food and Agricultural Sciences Extension calculated and compared the impact of having and not having HLB present in Florida and concluded HLB had a total impact of \$3.64 billion and eliminated seven percent of the total Florida workforce. The overall California economy benefits by the amendment of this regulation which is intended to prevent ACP from becoming generally distributed in California and resulting in a similar effect on our economy as to what happened in Florida. This is now critical as HLB has been introduced into California.

There is no existing, comparable federal regulation or statute regulating the intrastate movement.

The Department considered any other possible related regulations in this area, and we find that these are the only regulations dealing in this subject area, and the only State agency which can implement plant quarantines. As required by Government Code Section 11346.5(a)(3)(D), the Department has conducted an evaluation of this regulation and has determined that it is not inconsistent or incompatible with existing state regulations.

AMENDED TEXT

This proposed emergency action expanded the quarantine area for ACP in all of Tulare County by approximately 3,968 square miles. The effect of the amendment of this regulation is to provide authority for the State to perform quarantine activities against ACP within this additional area. The total area which would be under regulation is now approximately 50,783 square miles.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Department has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost or savings to any state agency: None.

Cost to any local agency or school district which must be reimbursed in accordance with Government Code Sections 17500 through 17630: None and no nondiscretionary costs or savings to local agencies or school districts.

Cost or savings in federal funding to the state: None.

The Department has made an initial determination that there will be no significant, statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

Cost impacts on a representative private person or business: Most businesses will not be affected. There are thirteen citrus production nurseries in the affected area that will be impacted. There are nineteen retail nurseries in the affected area. They will need to apply approved treatments every ninety days to ship within the quarantine area or to ship to a non-citrus producing state. Treatment costs will range from \$2.24 per plant to \$9.46 per plant depending on whether the nursery conducts the treatments or hires an outside applicator. In order to ship outside of the quarantine area, the nurseries will need to grow the nursery stock within a United States Department of Agriculture approved ACP Exclusionary facility and apply approved treatments directly prior to shipment. The approximate cost of an exclusionary facility is \$148,754–\$180,000 per individual structure which covers one half to one acre. They will need to purchase pre-treated trees or apply the approved treatments. There are 141 citrus growers in the proposed area. There is no additional cost to growers who take their fruit to a packinghouse inside the current quarantine area. Growers choosing a packinghouse outside the quarantine area have three options: 1. Conduct pre-harvest treatments with an approved pesticide while fruit is still on the trees; 2. Field clean the fruit to remove leaves and stems during harvest; 3. Send the fruit to a packinghouse within the quarantine to be cleaned. Pre-harvest treatments cost growers approximately \$60 per acre and are required to be covered with a tarp while in transit. Tarps range in price from \$2,500–\$3,000 apiece. Field-cleaning the fruit will cost the grower approximately \$150–\$320 per acre depending on the citrus variety. Field-cleaned fruit does not require a tarp for transport and can be moved within or from the quarantined area. Cleaning at a packinghouse within the quarantine area will cost the grower approximately \$300–\$400 per acre and the fruit must remain within the quarantine area, although the loads do not need to be covered with a tarp. There are nineteen citrus packing houses located within this additional quarantine area.

Based on the preceding information, it was determined that due to the amendment of Section 3435(b), the agency is not aware of any cost impact on a repre-

sentative business or private person. For the vast majority of businesses within the regulated area, no additional costs will be incurred.

Small Business Determination

The Department has determined that the proposed regulations may affect small business.

Significant effect on housing costs: None.

Results of the Economic Impact Analysis

Amendment of these regulations will not:

- (1) Create or eliminate jobs within California;
- (2) Create new businesses or eliminate existing businesses within California; or
- (3) Affect the expansion of businesses currently doing business within California.

The Department is not aware of any specific benefits the amendment of this regulation will have on worker safety or the health of California residents. The Department believes the amendment of this regulation benefits the welfare of California residents by protecting the economic health of the entire citrus industry. In 2010 the estimated value was \$2.1 billion for citrus fruit and \$28.5 million for citrus nursery stock without all the upstream buyers and downstream retailers included (*Reference: John Gilstrap of California Citrus Nursery Board for citrus nursery stock value and USDA–National Agricultural Statistics Service 2010 data for citrus fruit*). This is a needed source of revenue for the State’s economic health and this amendment will help protect this source of revenue.

ALTERNATIVES CONSIDERED

The Department must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would either be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law than the proposal described in this Notice.

AUTHORITY

The Department proposes to amend Section 3435(b) pursuant to the authority vested by Sections 407, 5301, 5302 and 5322 of the FAC.

REFERENCE

The Department proposes this action to implement, interpret and make specific Sections 5301, 5302 and 5322 of the FAC.

CONTACT

The agency officer to whom written comments and inquiries about the initial statement of reasons, proposed actions, location of the rulemaking files, and request for a public hearing may be directed is: Sara Khalid, Department of Food and Agriculture, Plant Health and Pest Prevention Services, 1220 N Street, Room 210, Sacramento, California 95814, (916) 654–1017, FAX (916) 654–1018, E-mail: Sara.Khalid@cdfa.ca.gov. In her absence, you may contact Stephen Brown at (916) 654–1017. Questions regarding the substance of the proposed regulation should be directed to Sara Khalid.

INTERNET ACCESS

The Department has posted the information regarding this proposed regulatory action on its Internet website (www.cdfa.ca.gov/plant/Regulations.html).

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

The Department has prepared an initial statement of reasons for the proposed actions, has available all the information upon which its proposal is based, and has available the express terms of the proposed action. A copy of the initial statement of reasons and the proposed regulations in underline and strikeout form may be obtained upon request. The location of the information on which the proposal is based may also be obtained upon request. In addition, when completed, the final statement of reasons will be available upon request. Requests should be directed to the contact named herein.

If the regulations adopted by the Department differ from, but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.

TITLE 4. DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL

NOTICE IS HEREBY GIVEN that the Department of Alcoholic Beverage Control is proposing to amend its conflict-of-interest code.

A written comment period will be established commencing on December 12, 2014 and closing on January 26, 2015. Written comments should be directed to the Department of Alcoholic Beverage Control, Attention Adriana Ruelas, 3927 Lennane Drive, Suite 100, Sacramento, CA 95834. Phone: (916) 928-6821. Email: Adriana.Ruelas@abc.ca.gov.

At the end of the 45-day comment period, the proposed conflict-of-interest code(s) will be submitted to the FPPC's Executive Director for her review, unless any interested person or his/her duly authorized representative requests, no later than 15 days prior to the close of the written comment period, a public hearing. If a public hearing is requested, information on the date and time of the hearing will be provided to all parties that have submitted comments.

The Agency, pursuant to Government Code Section 87302, has determined that the proposed code meets all legal requirements and only employees who participate or make governmental decisions must disclose certain investments, interests in real property and income.

Any interested person may present statements, arguments or comments, in writing to the Agency's contact. Any written comments must be received no later than January 26, 2015.

COST TO OTHER AGENCIES

There shall be no new or increased costs to other local, state or federal agencies, including a school district, which may result from compliance with this code. There is no imposed cost or savings that is required to be reimbursed under Part 7 (commencing with section 17500) of Division 4 of the Government Code.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the code has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code-reviewing body for the above conflict-of-interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission. Interested parties may also contact the Commission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict-of-interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

GENERAL PUBLIC INTEREST

BOARD OF OPTOMETRY

NOTICE OF EXTENSION OF WRITTEN COMMENT PERIOD AND ADDITIONAL PUBLIC HEARING

NOTICE IS HEREBY GIVEN that the California State Board of Optometry (hereafter "Board") is proposing to take the action described in the Informative Digest. Any person interested may present statements or arguments orally or in writing relevant to the action proposed at a hearing to be held at:

**Department of Consumer Affairs
2420 Del Paso Road, Yosemite Room
Sacramento, California 95834
Monday, January 26, 2015
10:00 a.m.**

This proposed regulatory action was originally noticed and published on August 8, 2014

(Z-2014-0728-01) which had a scheduled hearing on September 22, 2014. However, due to some administrative oversight, some people may not have received the notice, so another hearing will be held on January 26, 2015. Written comments, including those sent by mail, facsimile, or e-mail to the addresses listed under Contact Person in this Notice, must be received by the Board at its office not later than 5:00 p.m. on Monday, January 26, 2015, or must be received by the Board at the hearing. The Board, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

Authority and Reference: Pursuant to the authority vested by sections 3023, 3023.1, 3025, 3090, and 3110 of the Business and Professions Code, and to implement, interpret or make specific sections 475, 480, 481, 482, 3010.1, 3010.5, 3024, 3025, and 3056 of said Code, and section 11522 of the Government Code, the Board is considering changes to Division 15 of Title 16 of the California Code of Regulations as follows:

INFORMATIVE DIGEST

The Board's highest priority is protection of the public, as mandated by Business and Professions Code (BPC) section 3010.1. To meet this mandate, the Board issues licenses to eligible applicants to practice optometry. The Board also investigates complaints against licensees, disciplines licensees for violation of state law, and monitors licensees placed on probation. BPC section 3025 authorizes the Board to adopt rules and regulations as necessary to administer and enforce the provisions of the chapters of the BPC for which it is responsible. In order to enhance its disciplinary function and strengthen its enforcement program to better achieve its public protection mandate, the Board is proposing the following changes:

Amend Section 1516. Application Review and Criteria for Rehabilitation

Existing law authorizes the Board to compel a licensee to submit to a physical or mental health examination if the licensee's ability to practice in a competent manner may be impaired due to physical or mental illness. Existing law also authorizes the Board to deny a license

for any act that would warrant discipline if done by a licensee.

This regulatory proposal would give the Board authority to require an applicant to be examined by one or more physicians and surgeons, or psychologists designated by the Board if it appears that the applicant is unable to practice optometry safely due to a mental or physical illness.

Policy Statement Overview/Anticipated Benefits of Proposal: Adoption of this proposed amendment will allow the Board to prevent these individuals from obtaining a license, resulting in enhanced consumer protection. Specifically, the Board would be permitted to take proactive measures and avoid the current process in place which requires the Board to issue the license first to obtain jurisdiction over the individual, and then order an examination. The licensee is allowed to practice as they wait for their results, putting consumers in potential harm. This proposal would prevent that from happening.

Adopt section 1582. Unprofessional Conduct

Existing law authorizes the Board to take disciplinary action against a licensee or to deny an application for licensure for unprofessional conduct. Existing regulations do not define unprofessional conduct to prohibit a licensee of the Board from the following activities:

- 1) Failing to cooperate and participate in a Board investigation, as long as such action does not infringe upon the licensee's constitutional or statutory rights or privilege;
- 2) Failing to report to the Board within 30 days the bringing of an indictment or information charging a felony against the licensee;
- 3) Failing to report to the Board within 30 days the conviction of the licensee of any felony or misdemeanor;
- 4) Failing to report to the Board within 30 days any disciplinary action related to the practice of optometry taken by another licensing entity state-wide or the federal government, or the United State military; and
- 5) Failing to, comply with a court order, issued in the enforcement of a subpoena, to release records.

This regulatory proposal would define the activities listed above as unprofessional conduct.

Policy Statement Overview/Anticipated Benefits of Proposal: Adoption of these proposed amendments further defining unprofessional conduct is expected to enhance consumer protection and allow the Board to complete investigation more quickly. Consumers will be better protected because the Board will be able to take action against licensees who refuse to cooperate in Board investigations or who actively subvert Board investigations.

CONSISTENCY AND COMPATIBILITY WITH
EXISTING STATE REGULATIONS

After conducting a review for any regulations that would relate to or affect this area, the Board has evaluated this regulatory proposal, and it is not inconsistent or incompatible with existing state regulations. Existing regulations currently outline several unprofessional conduct provisions, and set forth disciplinary guidelines. The proposed regulations expand upon these existing provisions and do not contradict or obstruct them in any way.

FISCAL IMPACT ESTIMATES

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

Nondiscretionary Costs/Savings to Local Agencies: None.

Local Mandate: None.

Cost to Any Local Agency or School District for Which Government Code Sections 17500–17630 Require Reimbursement: None.

Business Impact:

The Board has made an initial determination that the proposed regulatory action would have no significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states.

AND

The following studies/relevant data were relied upon in making the above determination:

The proposed regulatory changes would only affect licensees or applicants who are the subject of Board disciplinary action, if certain violations are committed or a mental or physical evaluation is deemed necessary. A business owned by a licensee that is deemed to be in violation of state law may be affected if the license is revoked, surrendered, or suspended.

Cost Impact on Representative Private Person or Business:

The cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action and that are known to the Board are costs associated with any disciplinary order imposed by the Board and legal fees, if the individual is represented by legal counsel. The disciplinary order impacts vary and could include loss of the licensee's employment income or business if their license is revoked, surrendered, or suspended.

Effect on Housing Costs: None.

EFFECT ON SMALL BUSINESS

The Board has determined that the proposed regulations may affect small businesses owned by licensees of the Board deemed to be in violation of state law and the license is revoked, surrendered or suspended. However, the Board only has authority to take administrative and disciplinary action against a licensee and not a business. The Board estimates that approximately 1–3 of the Board's licensees will be affected by this proposal.

RESULTS OF ECONOMIC IMPACT
ASSESSMENT/ANALYSIS

Impact on Jobs/Businesses:

The Board has determined that this regulatory proposal will not have a significant impact on the creation of jobs or new businesses, the elimination of jobs or existing businesses, or the expansion of businesses in the State of California.

Benefits of Regulation:

The Board has determined that this regulatory proposal will benefit the health and welfare of California residents who seek the services of the Board's licensees. Health and welfare is increased because this proposal will improve the efficiency of the enforcement process, and address weakness in current law. Also, the Board would be allowed to more quickly prevent individuals who may be in violation of the law from practicing optometry and causing more patient harm. This proposal will have no effect on worker safety or the State's environment.

CONSIDERATION OF ALTERNATIVES

The Board must determine that no reasonable alternative it considered to the regulation or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposal described in this Notice, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing.

INITIAL STATEMENT OF REASONS
AND INFORMATION

The Board has prepared an initial statement of the reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations, and any document incorporated by reference, and of the initial statement of reasons, and all of the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing upon request from the Board at 2450 Del Paso Road, Suite 105, Sacramento, California 95834.

AVAILABILITY AND LOCATION OF THE FINAL STATEMENT OF REASONS AND RULEMAKING FILE

All the information upon which the proposed regulations are based is contained in the rulemaking file which is available for public inspection by contacting the person named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact person named below or by accessing the website listed below.

**RULEMAKING PETITION
 DECISIONS**

DEPARTMENT OF FISH AND WILDLIFE

December 1, 2014

Keith Robert Walker
 9646 Mormon Creek Road
 Sonora, CA 95370

Re: Petition to Adopt and/or Amend Regulations; Determination

Dear Mr. Walker:

This letter, sent at the request of Charlton H. Bonham, Director of the California Department of Fish and Wildlife (CDFW), provides CDFW's determination pursuant to Government Code section 11340.7 regarding your petition for rulemaking dated October 26, 2014. In addition to providing this letter to you individually, CDFW, pursuant to the same provision of the Government Code, is transmitting this letter to the Office of Administrative Law for publication in the California Regulatory Notice Register at the earliest practicable date.

Your petition requests an amendment to CDFW's existing regulations governing the use of motorized vacuum and suction dredge equipment in California. (See generally Cal. Code Regs., tit. 14, §§ 228, 228.5.) CDFW is vested by statute with authority to promulgate regulations governing suction dredge mining pursuant to Fish and Game Code section 5653.9.

As to your petition specifically, you seek amendment of Title 14, section 228, subdivision (k)(1)(E), of the California Code of Regulations. In particular, you would like CDFW to add a specific section of the Main Stem of the Stanislaus River in Tuolumne and Calaveras Counties to the list of waterways specified in Section 228(k)(1)(E) where an 8-inch nozzle may be used as part of a suction dredging operation, subject to various conditions prescribed in CDFW's regulations. The specific section of the Main Stem of the Stanislaus River at issue in your petition is the "section of the river above New Melones Reservoir upstream to the Camp Nine bridge identified as 'New Camp Nine Bridge' on the current maps."

After considering your petition, CDFW has decided to initiate a rulemaking action under the Administrative Procedure Act (APA) (Gov. Code, § 11340 et seq.) to more formally consider the proposed adoption of the amendment you seek. As to timing, CDFW expects to have a better sense of when it will provide formal notice initiating the rulemaking action, which will include a related public hearing, sometime shortly after the first

of the year. Prior to formal initiation of the rulemaking action, for example, CDFW will need to prepare the various notice documents required by the APA, and consider its obligations for and initiate related environmental review under the California Environmental Quality Act (CEQA) (Pub. Resources Code, § 21000 et seq.).

In granting your petition and deciding to initiate a related rulemaking action under the APA, CDFW would also like to emphasize a number of important points. First, in taking action today CDFW is not adopting and has not adopted your requested amendment to California Code of Regulations, Title 14, section 228, subdivision (k)(1)(E). The decision today is simply a determination that CDFW will initiate rulemaking under the APA to consider the proposed regulatory amendment you seek. As to the rulemaking effort and related final action, CDFW reserves its future exercise of discretion as provided by law.

Second, the use of any motorized vacuum or suction dredge equipment is currently prohibited by statute throughout California. (Fish & G. Code, § 5653.1, subd. (b).) Importantly, the prohibited use of such equipment stands alone by law, separate from CDFW's existing regulations. The same is true separate and apart from CDFW's decision today to consider your proposed regulatory amendment through a regular noticed rulemaking action under the APA. That is, as of the date of this letter, even if CDFW were to adopt the amendment you propose and the amendment took effect for purposes of Title 14 of the California Code of Regulations, the use of any motorized vacuum or suction dredge equipment is and will continue to be prohibited as long as the statutory moratorium remains in effect.

In closing on behalf of CDFW, I hope this letter is helpful. Any related questions can be directed to me, at (916) 653-4674 or, via email, at craig.martz@wildlife.ca.gov. Please note as well that any interested person may obtain a copy of your petition at issue here by request to me at the same telephone number and email address.

Sincerely

/s/

Craig P. Martz
