

II. ORGANIZATIONAL ADMINISTRATION**II.1 Staff****2013 MTARS Finding (1)**

The Director shall hire, supervise, and annually evaluate the staff of the Council. Sec. 125(c)(9)

The Council Director (not the Governor) should hire Council staff and supervise and annually evaluate them. Instead the:

- Council Director submits hiring recommendations to the Governor and the Governor has the final authority to hire two deputy level staff.
- The Council has the final approval for the hiring of other staff.

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (1): The Council agrees with this finding.

CORRECTIVE ACTION (1): The Council proposes amending state law, the Lanterman Act, to provide that the Executive Director of the Council is the hiring authority for all Council staff. It is the Council's intent to propose substantive revisions to the Lanterman Act to address this and other MTARS findings of noncompliance. The Governor's office has indicated its support for relinquishing hiring authority in order to come into compliance with the DD Act.

STAFF ASSIGNED: Mark Polit, Deputy Director for Policy and Planning; Council's MTARS Committee to oversee process.

TIMELINES: Effective January 17, 2014, Assembly Member Wesley Chesbro agreed to sponsor a bill with intent language: "it is the intent of the Legislature to make statutory changes to Division 4.5 of the Welfare & Institutions Code as it pertains to the operations, structure and responsibilities of the Council. These changes will bring state law into full compliance with federal law, in order to provide for the continued operation of the Council." Assembly Bill 1595 (AB 1595) was introduced on February 3, 2014. Please refer to **Attachment B** for an anticipated legislative timeline and outline of legislative concepts. **Attachment C** is AB 1595. The Council anticipates that the bill will be signed by the Governor in September 2014 and take effect January 1, 2015.

III. MEMBERSHIP**III.1 Membership policies****2013 MTARS Finding (2)**

Membership recommendations solicited by Governor from a broad range of organizational sources including non-state agency members of the Council. Sec125(b)(1)(B)

The Council's membership nomination and appointment process has been historically inhibited by state bureaucracy. It is unclear if and how membership recommendations are solicited from a broad range of DD/ID organizational sources and non-state agency members of the Council.

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (2): The Council agrees that it is in limited compliance with this finding. In this instance, California state law is consistent with the DD Act. The Lanterman Act, Welfare and Institutions Code (WIC) Section 4521 includes the following provision:

4521(c) Prior to appointing the 31 members pursuant to this section, the Governor shall request and consider recommendations from organizations representing, or providing services to, or both, persons with developmental disabilities, and shall take into account socioeconomic, ethnic, and geographic considerations of the state.

However, the Council has historically been somewhat passive in its involvement in the recruitment of new Council members. Currently, individual Council members may informally recommend that a colleague or acquaintance apply for appointment, but there is no organized process for soliciting their recommendations and submitting them to the Governor's Appointment office as required in Section 125(b)(1)(B). The Governor does proactively seek input from a variety of ID/DD organizations, but that effort is conducted independent of the Council's involvement.

CORRECTIVE ACTION (2): The Council will amend its bylaws to establish a Membership Committee to recruit, solicit and advise the Governor on appointments to the Council. Its membership will consist exclusively of self-advocates and family advocates who are community leaders and who may or may not be Council members. Part of the rationale for selecting non-Council members in addition to Council members to sit on this Committee is to permit the Council to strategically reach out to influential individuals in the I/DD field who have extensive contacts. In many cases, these individuals are not eligible to themselves sit on the Council because they wear multiple hats as both self/family advocate and disability professional. The Committee will consist of at least three members, a majority of whom are Council members. Consistent with Council Bylaws, the Chair shall be a Council member. The Committee will meet quarterly at minimum and more frequently as needed. The bylaws will define its membership and responsibilities and will include language in Section 125(b)(1)(B) that the Membership Committee will "coordinate Council and public input to the Governor regarding all recommendations." Among its duties will be to develop recruitment materials and publicity strategy. The Membership Committee will, at least quarterly, solicit recommendations for candidates via social media, and email/web alerts from among the regional advisory committees, self-advocacy groups, family support groups, the Federal Partners and service providers. The Chair of the Membership Committee will be charged with submitting the Committee's recommendations to the Governor's Appointment Office.

STAFF ASSIGNED: Roberta Newton, Interim Executive Director; Chair to make appointments to Committee, consistent with existing bylaws; MTARS Committee to oversee implementation.

TIMELINES: Council to amend Bylaws to create Membership Committee at its March 20, 2014 meeting. Chair to complete appointments to the Committee by May 9, 2014. Membership Committee to hold first meeting in June 2014. Please refer to **Attachment D** for Council's February 2014 draft updated Bylaws.

Attachment E consists of the MTARS Committee Roster and Agendas

<i>III.1 Membership policies (continued)</i>	<i>2013 MTARS Finding (3)</i>
<p>Members reflect the state’s diverse geographic locations, race, and ethnicity. Sec.125(b)(1)(C)</p>	<p>The appointment process for obtaining new Council members has hindered compliance with the DD Act. Currently, SCDD’s membership composition does not meet the requirements for geographic, racial, and ethnic diversity.</p>
<p>California State Council on Developmental Disabilities Response</p>	
<p>COUNCIL RESPONSE (3): The Council has historically had several vacancies and currently has four vacancies for positions recommended by the Area Boards. However for the current 15 non-agency members of the Council, the ethnic and racial representation is as follows: 21% Latino, 7% black, 7% Asian. The membership is currently geographically diverse as well.</p> <p>By design, the Council has historically enjoyed geographic diversity, since 13 seats are filled by members from the 13 regions covering the entire state.</p> <p>CORRECTIVE ACTION (3): The newly constituted Membership Committee will formally take the lead in conducting outreach to unrepresented regions of the state and underserved communities. The Chair of the Membership Committee will solicit from among non-agency Council members, the regional advisory committees, self-advocacy leaders and family support groups, especially those whose membership is composed of individuals from traditionally underserved ethnic or racial minority communities. Based on the many findings relating to membership policies, the Council has begun to develop legislative language to amend the Lanterman Act. This will result in an appointment process that continues to promote geographic, racial and ethnic diversity. Currently, geographic diversity is established by having a seat assigned to each of the 13 regional advisory committees. It is anticipated that revisions to the Lanterman Act will preserve the geographic diversity by assuring that there will be at least one Council member from the geographic area encompassing each of the Council’s regional offices. The local regional advisory committees will be encouraged to recommend potential candidates, but the Governor retains authority to select the Council membership.</p> <p>STAFF ASSIGNED: Roberta Newton, Interim Executive Director; MTARS Committee to oversee</p> <p>TIMELINES: As cited above with Membership Committee holding first meeting by June 30, 2014. Based on conversations with the Governor’s Appointment staff, we are optimistic that all vacancies will be filled by July 2014. Please see Attachment F for Council roster effective February 6, 2014.</p>	
<i>III.1 Membership policies (continued)</i>	<i>2013 MTARS Finding(4)</i>
<p>The Council has provisions to rotate membership. Sec.125(b)(2)</p>	<p>Each regional office (i.e. Area Board) representative has to be nominated by the governor. Membership rotation has been historically inhibited by the state’s bureaucratic appointment process. For example, one regional office has not had representation on the Council for two years.</p>

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (4): There have historically been challenges in filling Council vacancies. The requirement that these seats be filled by Governor-appointed representatives of each regional office’s board has complicated the appointment process.

CORRECTIVE ACTION (4): The anticipated revisions to the Lanterman Act which are being proposed, will streamline the appointment process significantly. The Council intends to also request that statutory language be revised so that a member’s term begins on the date of their appointment. Additional statutory language will be crafted so that members can continue to serve while awaiting replacement.

STAFF ASSIGNED: Roberta Newton for activities of the Membership Committee; Mark Polit to oversee the legislative process; both overseen by MTARS Committee

TIMELINES: As cited above, by June 30 2014 for first meeting of Membership Committee. Anticipated revisions to state law will go into effect January 1, 2015. Beginning no later than June 30 2014, via the Membership Committee as its vehicle, it is anticipated that the Council will enjoy a collaborative and shared mission with the Governor’s office in constituting the Council.

III.1 Membership policies

2013 MTARS Finding(5)

The Council has provisions that allow continuation of membership until a new member is appointed. Sec.125(b)(2)

The Council did not provide evidence of a policy for allowing the continuation of Council membership until a replacement member could be appointed.

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (5): The Council agrees with this finding, as there are conflicting provisions of state law.

In compliance with the DD Act, the Lanterman Act currently states:

4521(g) A member may continue to serve following the expiration of his or her term until the Governor appoints that member's successor.

However, the Lanterman Act also contains a provision which contradicts both the DD Act and Section 4521(g), quoted above:

4521(d) ... In no event shall any member described in paragraph (1) of, subparagraphs (E) and (H) of paragraph (2) of, and paragraph (3) of, subdivision (b) serve for more than a total of six years of service.

CORRECTIVE ACTION (5): The Council is proposing an amendment to the Lanterman Act to clarify that Council members may continue serving until a new member is appointed.

STAFF ASSIGNED: Mark Polit, Deputy Director for Policy and Planning with oversight by MTARS Committee

TIMELINES: As previously cited, legislation has been introduced with the assumption that it will be signed by the Governor in September and go into effect January 1, 2015.

III.1 Membership policies (continued)	2013 MTARS Finding(6)
<p>The Council has a process to notify Governor re: membership and vacancies. Sec. 125(b)(2)</p>	<p>The Council did not provide evidence of a transparent and effective process to notify Governor regarding membership vacancies.</p>
<p>California State Council on Developmental Disabilities Response</p>	
<p>COUNCIL RESPONSE (6): Although a process exists in state law to address vacancies, in practice there have indeed been long-standing vacancies. The Lanterman Act states:</p> <p><i>4521(g) ... The state council shall notify the Governor regarding membership requirements of the council and shall notify the Governor at least 60 days before a member's term expires, and when a vacancy on the council remains unfilled for more than 60 days.</i></p> <p>CORRECTIVE ACTION (6): The Membership Committee shall propose to the Council a formalized process for documenting these provisions and the Council will adopt revisions to its bylaws accordingly. This will include: 1) Notifying the Governor six months in advance when feasible; 2) Submitting multiple recommendations to the Governor for consideration; 3) Soliciting support from the DSA when vacancies remain for more than four months; 4) Reporting persistent vacancies to AIDD through the PPR process; 5) Soliciting technical assistance from AIDD when persistent vacancies exist.</p> <p>STAFF ASSIGNED: Roberta Newton, with MTARS Committee overseeing process</p> <p>TIMELINE: Membership Committee to propose revisions to bylaws by December 31, 2014.</p>	
III.2 Membership requirements	2013 MTARS Finding(7)
<p>60% of membership represent individuals with DD in the following categories: Sec.125(b)(3); Sec.125(b)(5)</p> <ul style="list-style-type: none"> • 1/3 individuals with DD • 1/3 parents and guardians of children with developmental disabilities or immediate relatives of guardians of adults with developmental disabilities • 1/3 combination • At least one is immediate relative or guardian of an individual with developmental disabilities who resides or previously resided in an institution or an individual with developmental disabilities who currently/previously resided in an institution in the State. Sec.125(b)(6) 	<p>Historically the Council has had long term vacancies. Several membership rosters have been submitted since last year and four membership vacancies were filled just prior to the on-site monitoring visit. An updated membership roster is requested as part of the FY14 State Plan Amendment to AIDD to ensure compliance.</p>

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (7): The Council has historically had several vacancies.

CORRECTIVE ACTION (7): With the creation of the Membership Committee, we foresee a more engaged Council, wherein the Council will actively involve itself in seeking out and promoting candidates for the Governor’s consideration. The Chair of the Membership Committee and the staff assigned to support that Committee will be working with the Governor’s Office to rapidly fill existing vacancies. An updated membership roster was submitted as part of the FY14 State Plan Amendment. (**Attachment F** contains the current Council roster as of February 3, 2014.) It should also be noted that the Governor’s Assistant Appointment Secretary, Sarah Greenseid, sits on the MTARS Committee with the commitment of the Governor’s office to ensure the state’s compliance with the DD Act.

STAFF ASSIGNED: Roberta Newton, with oversight by MTARS Committee

TIMELINES: Immediate and ongoing, calls to Governor’s office bi-monthly, at minimum. A follow-up email will be sent to document the contact. Council members, staff and regional advisory members will be informed of an aggressive campaign to recruit new members via an email to be disseminated by February 28, 2014.

IV. PROGRAM ADMINISTRATION

IV.1. Five Year State Plan

2013 MTARS Finding(8)

The plan shall focus on Council efforts to bring about the purpose of this subtitle, by specifying 5-year goals, as developed through data driven strategic planning, for advocacy, capacity building, and systemic change related to the areas of emphasis, to be undertaken by the Council. Sec.124(c)(4)(A)

There was inadequate evidence that the:

- Council engages in data-driven strategic planning to develop the State Plan and takes the primary role in the planning process.
- State Plan is the Council’s Plan and that activities are undertaken by the Council versus the State Plan being one that is configured by and for the Area Boards.
- Council is free from state interference in the development of the State Plan. The state’s DD agency awarded the Council two contracts: (1) Client Rights Advocacy and (2) Volunteer Advocacy Services. This state supported work is documented in the Goal 2 in the Council’s State Plan which states: “local offices provide assistance that include systems navigation, technical assistance, attendance to Individualized Education Plan meetings and assistance with due process”. The review team heard more about these two projects during interviews and public forum testimony than any other Council supported activity. While AIDD does not question

	<p>the merit of the projects and the quality of the work being done by Council staff, it raises serious questions about whether the state is directing the Council's State Plan or whether the Council is developing the State Plan.</p>
--	--

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (8): In developing the California State Council State Plan, the Council is very unique and fortunate in having 13 local offices placed throughout the State. Compared to other states, California is an exceptionally large and diverse State with the 8th largest economy in the world. Further, because of the vast size and complexity of the State, the California State Council developed a unique, comprehensive, data-driven strategy to gather information in developing the State Plan. In past Plan development cycles, the Council relied on organizing public meetings which drew sparse audiences to a few central locations. Notwithstanding the richness of that material, it was limiting and did not utilize the networks and contacts of each of our regional offices.

The regional offices of the Council developed local needs assessments, utilizing the skills and insights of their advisory board members, local officials, school district personnel, and service providers.

The **Area Board Implementation Guide** assisted each of our local offices in focusing their energy and identifying the needs of their community. The process included a number of locally based public forums, which provided additional input to the work of the staff and volunteers who assisted the local offices in carrying out the identified local needs. At least one Council member attended each regional forum. It was this process repeated across each region that contributed to the development of the Council's State Plan. This was the first time that such a large number of local citizens had the opportunity to directly provide significant input into the development of the State Plan.

The work of the **Strategic Planning Sub-Committee** was to take this extensive data, quantify it, organize it into focus areas, and ultimately establish measurable goals and outcomes. The draft State Plan was presented to the Council which recommended revisions that were made by the Strategic Planning Sub-Committee. The State Plan that was ultimately submitted by the Council reflected data and stakeholder input that was collected throughout the state.

Please see **ATTACHMENT G** for documentation of the State Plan development process, including agendas/minutes of Strategic Planning Subcommittee

CORRECTIVE ACTION (8): As described in greater detail in the subsequent Section on Program Performance Report, the Council previously had a Strategic Planning Sub-Committee which oversaw the development of the 5 Year State Plan. That committee went dormant when the Planning Specialist position became vacant in 2011. As described in the later section, the Council intends to reconstitute as a Standing Committee, the State Plan Committee to both oversee implementation of the current State Plan, draft and submit to the Council the annual PPR, recommend State Plan Amendments as necessary, and begin planning for each subsequent 5 Year State Plan. It will be the job of the State Plan Committee to present to the Council at each Council meeting a document that demonstrates the Council's progress toward the specific goals and objectives.

STAFF ASSIGNED: Mark Polit, Deputy Director for Policy and Planning; Chair to appoint State Plan Committee members; State Plan Committee reports to Council; MTARS Committee to ensure timely actions taken.

TIMELINES: Chair to appoint members of State Plan Committee by April 1, 2014. The Committee will meet quarterly with its first meeting to occur no later than June 30, 2014

COUNCIL RESPONSE (8) REGARDING THE COUNCIL'S TWO CONTRACTS (BULLET 3)

Council staff evidently gave confusing information when discussing the two state contracts (actually, Interagency Agreements) held by SCDD as the AIDD team's understanding of the nature of the two contracts is inaccurate. To clarify, the Council has two contracts with DDS: one contract is to provide both Client Rights Advocacy and Volunteer Advocacy Services (CRA/VAS), solely to the 1383 residents of California's state developmental centers. The second contract is to administer the National Core Indicators surveys statewide, known in California as the Quality Assurance Program.

The references made in the Finding regarding the outpouring of support for Goal 2 activities, are actually references to the advocacy, collaboration, training, and outreach that is conducted in the community by the staff that are housed in our local area offices. These activities are quantified in the State Plan as Objectives 2a), 2b), and 2c). The CRA/VAS contract is referenced in Objective 2d) of Goal 2: "The Council will collaborate with federal developmental disability partners and other key stakeholders to protect the rights of residents in Developmental Centers and other large facilities. The Council will be involved in the planning and implementation of any closure process of a Developmental Center."

The CRA/VAS contract is limited in scope to providing advocacy and training to the residents, families and staff of California's five state-operated facilities, including self-advocacy assistance. There are only twelve Council employees throughout the state who work on the CRA/VAS contract and they are solely assigned to that contract and solely paid via that contract. These funds are identified in the Budget Section of the PPR as non-federal funds.

It should be noted that the Council entered into this contract voluntarily as it was seen as a means for having a voice in the state's policies and long term service planning especially as it relates to the planned closure of California's remaining institutions. As with any contract, either party, DDS or SCDD, may terminate the contract.

In 1997 legislation was passed to address a persistent conflict of interest in the provision of client's rights advocacy services for individuals served in the community by the network of regional centers and the individuals who lived in state-run institutions. The contract requires the Council to:

(1) Provide clients' rights advocacy services to persons with developmental disabilities who are consumers of regional centers and to individuals who reside in the state developmental centers and hospitals, including ensuring the rights of persons with developmental disabilities, and assisting persons with developmental disabilities in pursuing administrative and legal remedies.

(2) Investigate and take action as appropriate and necessary to resolve complaints from, or concerning persons with, developmental disabilities residing in licensed health and community care facilities regarding abuse, and unreasonable denial, or punitive withholding, of rights guaranteed under this division.

(3) Provide consultation, technical assistance, supervision and training, and support services for clients' rights advocates that were previously the responsibility of the Office of Human Rights.

(4) Coordinate the provision of clients' rights advocacy services in consultation with the department, stakeholder organizations, and persons with developmental disabilities and their families

representing California's multicultural diversity.

(5) Provide at least two self-advocacy trainings for consumers and family members. (our emphasis)

As a result of our role in the developmental centers, the State Council has been a key participant in the closure of three state institutions and the movement of former residents into an array of innovative new community living models.

For a clearer understanding of the scope of work and duties of staff assigned to this contract, please refer to **ATTACHMENT H** which consists of the CRA/VAS Interagency Agreement. Additionally, **ATTACHMENT I** contains the staff roster for the project. **ATTACHMENT J** contains the 2013 CRA and VAS Annual Reports.

CORRECTIVE ACTION (8): The Council welcomes AIDD’s guidance on the appropriateness of our work on this contract. It should be noted that the existence of this state contract has in no way deterred the Council from taking a variety of policy positions, even when critical of the administration and including criticism of the state’s continued reliance on institutional settings. Most recently, the Council was an invited participant on the 2013 Task Force on the Future of California’s State Developmental Centers.

The Council staff stated it does so from two contracts the state awards to the Council. <p>In regards to (C) <i>State Financial Participation</i>, when the review team inquired about how the state provides match, there were comments about state contract funds being factored in but there was a tremendous lack of clarity on this matter.</p> <p>In regards to (D) <i>Conflict of Interest</i>, the majority of the Council is comprised of non-agency representatives who</p>

The Council does not have a policy or procedure to address this.</p> <p>In regards to (K) <i>Staff Assignments</i>, it appears that Council staff is carrying out work directed by the state and not necessarily the Council through the state funded Client Rights Advocacy and Volunteer Advocacy Services projects. Through these contracts, Council staff conducts assessments and monitoring in the State’s developmental centers. Providing direct services is outside the purview of the Council’s responsibilities. Furthermore, this work is in support of the two state contracts and therefore directs the work carried out by Council staff located in the regional office. Since it is work created by and for the state, it raises questions as to whether the Council staff is assisting the Council or the state.</p> <p>In regards to (L) <i>Noninterference</i>, it is very difficult to conclude whether the Council is free of interference:</p> <ul style="list-style-type: none"> • To avoid duplication, issues related to interference with the budget process are described under <i>VI.1 Fiscal Requirements</i> • To avoid duplication, issues related to interference with personnel are described under <i>II.1 Staff</i> • To avoid duplication, issues related to interference with State Plan development are described in the Section above <i>IV.1. Five Year State Plan</i>.

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (9 B and C): The Council agrees that there has been a lack of clarity on the two issues of (B) Use of Funds; and (C) State Financial Participation. With the staff turnover experienced in recent years, there is a lack of institutional knowledge. This is an area in which the Council would appreciate technical assistance.

To clarify our current practice, the Council has an Interagency Agreement (IA) in the amount of \$390,000 with the California Department of Social Services (CDSS) to provide administrative support services in the areas of accounting; some IT support; some human resources services; procurement; and contracting. We have assigned \$50,000 of these costs to the DSA functions. However, the scope of administrative work

performed by the Department of Social Services far exceeds the required duties of the DSA. For example, the Council does not have state-approved delegated purchasing authority. Its purchasing authority is held by DSS and therefore, all contracts are encumbered by DSS on behalf of SCDD. We believe it is appropriate for the Council to assign some of the cost of our CDSS Interagency Agreement as General Management costs. If not for this Interagency Agreement, the Council would have to bring these functions in-house, at substantially greater cost. The \$390,000 CDSS IA is broken down as follows:

\$50,000.....DSA Functions

\$136,960..... Council General Management costs

\$92,040.....Funds from State CRA/VAS contract

\$111,000.....Funds from State QA (NCI) contract

The CDSS states that the cost of providing the support services as outlined in the IA, far exceeds the \$390,000 paid by SCDD. According to the CDSS, the services more accurately cost \$620,000. Therefore, the difference between the \$620,000 worth of support services provided to the Council versus the \$390,000 paid for these services, represents California's State Financial Participation.

Please see **ATTACHMENT K** for a copy of the CDSS Interagency Agreement as well as supplemental information from CDSS on this matter.

Additionally, it should be noted that, to a very large degree, the California Council implements its State Plan through staff activities which requires no match. In Fiscal Year 2013, the Council awarded \$580,414 in grants, which represents 9% of our allotment. The grantees did provide matching/in-kind funds for a total match of \$284,276 or nearly 50% of the funds awarded. Please see **ATTACHMENT L** for (FY 2013) Cycle 35 Grants and the current (FY 2014) Cycle 36 Grants.

CORRECTIVE ACTION (9 B and C): We provide this added documentation in order to assure sufficient clarity. The Council welcomes input from AIDD if further evidence is required to ensure that we are properly addressing assurances.

STAFF ASSIGNED: Roberta Newton, Interim Executive Director; Administrative Committee to oversee and report to MTARS Committee

Response(9) Regarding (D), Conflict of Interest

The California State Council on Developmental Disabilities (Council) is comprised of 31 members; 11 members are agency representatives, 7 members are statewide, or "at-large" and 13 members are from the local area advisory boards.

The regional advisory board members are appointed first by the Governor to the area advisory board and secondly by the Governor to the Council.

For California, the Legislature expressly determined that the planning activities of the Council depend on the direct involvement of Council members familiar with the structure and operation of services and programs for persons with developmental disabilities in areas throughout the state. The Legislature found this necessary due to the expansive geographical size of the state of California and its complexity and

diversity. To this end, WIC 4525 expressly exempts Council members from the local area advisory boards from the conflict of interest criteria.

CORRECTIVE ACTION (9 D): Based on the many findings relating to membership policies, as previously reported, the Council has begun to develop legislative language to amend the Lanterman Act. This is intended to result in an appointment process that eliminates the perceived conflict of interest. Currently, geographic diversity is established by having a seat assigned to each of the 13 regional advisory committees. It is anticipated that revisions to the Lanterman Act will preserve the geographic diversity by assuring that there is at least one Council member from each of the geographic areas that encompasses each regional office. The local regional advisory committees will be encouraged to recommend potential candidates to the Council’s Membership Committee and directly to the Governor’s Appointment Office, but the Governor retains authority to select the Council membership.

STAFF ASSIGNED: Mark Polit, Deputy Director for Policy and Planning for legislative action; Staff Counsel to confer on Conflict of Interest provisions; MTARS Committee to oversee.

TIMELINES: As previously noted, legislation is expected to be effective January 1, 2015.

RESPONSE TO K (Staff Assignments): Our response is addressed under **Response 8**, previously cited. It should again be noted that the Council’s activities with respect to serving the residents of state developmental centers is documented in the State Plan under Objective 2d; thus staff who implement the CRA/VAS contract are carrying out work that is consistent with the Council’s role and mission, with leveraged state funds.

IV.2 State Plan Implementation

2013 MTARS Finding(10)

The Council shall implement the State Plan by conducting and supporting advocacy, capacity building, and systemic change activities Sec.125(c)(5)

The Council’s 5-year plan implementation does not promote advocacy, capacity building, and systemic change at the state level. As discussed above, the review team heard more about the two state funded projects implemented by the Area Boards. Since so much attention was paid to the two state funded projects, the review team did not hear about a coherent set of activities implemented by the Council at the state level.

The Council is providing direct services through the two state contracts. This type of activity is outside the purview of the Council’s responsibilities and appears to overlap with P&A functions.

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (10): The Council believes it is in compliance with this provision of Sec.125(c)(5).

The review team focused a great deal on the relationship between the Council’s local offices and the Council. As such, we did not fully explore our state level work on advocacy, capacity building, and systemic change. Apparently, the Council and its staff did not adequately communicate the state level work the Council performs. We will discuss some of this information below and add information on activities since

the review team has visited.

In 2013, the Council sponsored AB 1041, Employment First Policy, and played a major role in SB 468, Self-Determination, a bill sponsored by Disability Rights California and Autism Society of Los Angeles. On October 10, 2013, Governor Brown signed both bills into law, creating a turning point in how California delivers services and supports to people with IDD. Combined, these bills may be the most significant change in California law affecting people with IDD since the passage of the Lanterman Act in 1969. These bills are fundamental to the purpose of the DD Act in promoting self-determination, independence, productivity, and integration and inclusion in all facets of community life. Also, as the DD Act envisioned, the Council worked very closely on both bills with some of our federal partners (DRC on SB 468 and the Tarjan Center, UCLA, on AB 1041).

With respect to state-level capacity building, for example, the Council worked with self-advocacy leaders to establish the Statewide Self-Advocacy Network (SSAN). The SSAN is supported by the Council, but will eventually be an independent 501(c)(3) organization. It is comprised of representatives from each of the 13 regions, the Council's Self-Advocacy Advisory Committee, each of the four federal DD partners, the California Foundation for Independent Living Centers, and People First of California. This is a dynamic group of self-advocacy leaders from around the state that is focused on influencing state level policy and building self-advocacy capacity and leadership at the local level.

Other examples of state level capacity building would include our sponsorships of major statewide conferences, an annual major contribution to the Youth Leadership Forum, which trains self-advocacy leaders of the future, and the Council's Program Development Grants.

With respect to state level advocacy, the PPRs submitted annually contain significant information on the extent of state level advocacy. Since the review team visited in January, the Council wrote 308 letters (including 240 to state legislators, 10 to the Governor, and 57 to the California Congressional Delegation and US Senators). In addition, the Council had over 145 legislative, Congressional and administration meetings.

Besides AB 1041, Employment First Policy, the Council sponsored two other bills: (1) The Council worked closely with Autism Speaks to co-sponsor SB 163, which sought to protect the rights of families to be reimbursed for insurance co-pays and deductibles for autism therapies approved by the state. That bill was defeated. The Council will continue to work with autism advocates to seek protection for those rights. (2) The Council also co-sponsored SB 577 which would create a new service category for job exploration and discovery. This bill is an important part of the strategy to remove barriers to the employment of people with developmental disabilities in integrated competitive employment. This was a two-year bill, passed out of the Senate in January 2014, and is now being considered by the Assembly.

At the federal level, the Council opposed the proposed sequestration cuts to health and human services and wrote the entire California Congressional delegation, informing them of the potential impact on individuals with developmental disabilities and their families. The Council also opposed proposed federal cuts to federal health programs, such as Medicaid. Council staff visited and spoke with staff and members in 15 congressional offices.

With respect to systems change, the Council has been a leading advocate for the last six years for making integrated competitive employment an option for people with developmental disabilities in the state. For example, during this time, the Council sponsored six pieces of employment related legislation. Three of these were signed into law: (1) SB 1270 (2006) authorized the Council to conduct extensive public meetings with stakeholders, consumers, and family members to recommend to the Legislature and

Governor steps to increase integrated employment options and more individualized day services. (2) In 2009, at the Council's request, AB 287 established the Employment First Committee within the Council that serves as a forum for all relevant departments and stakeholders to meet and develop strategies to improve employment outcomes. (3) In October of 2013, the Governor signed AB 1041, the Employment First Policy. In part because of the Council's work over the years, this Employment First Policy was not just an executive order or a statement by the department, but represents a consensus view of the DD stakeholder community.

Also with respect to systems change, the Council has played a key role, since 1998, in development of the Self-Determination option in California. The area boards have been partners with the regional centers in implementation of the five Self-Determination pilots. They staffed the pilot advisory committees at the local and state level. The Council contributed significantly to the first Self-Determination bill in 2011 and to the legislation that was signed into law this year.

Beside these highlights, the Council is active in most of the key state level policy forums affecting people with IDD. The Council is a lead agency in California Employment Consortium for Youth (CECY), a project of national significance funded by AIDD. The Council convenes the Employment First Committee which complements the work of CECY in providing a forum for key stakeholders and departments to address barriers to employment of people with IDD. The Council was recently represented on the Secretary's "Future of the DCs Task Force", which made recommendations supported by the Administration for the downsizing and closure of the DCs and the development of a new generation of community services for people with high behavioral needs. We are represented on the ODEP Vision Quest state team comprised of key department, academic and advocacy representatives. We participate in a cross-disability collaboration between leaders of the Tarjan Center and Councils and Committees with statutory responsibilities for the employment of people with disabilities. We participate in stakeholder workgroups convened by the department on state budget and, currently, Self-Determination. We have participated for the last 12 years in broad stakeholder collaborations within the I/DD advocacy and stakeholder communities (The Community Imperative Strategy Group and the Lanterman Coalition). And finally, the Council has a strong internal policy structure with a Deputy Director of Policy and planning, policy support staff, and a Legislative and Public Policy Committee that usually meets 8 or 9 times per year and makes recommendations to the Council on legislation, policy, regulation and state budget issues.

While there is already a great deal of activity, we strive to have a much larger influence and more effectively drive state level policy on a broader scale. We are also increasing the exchange of information between headquarters and regional offices. We appreciated the MTARS' team suggestions for improved work with the regional offices.

Our state level policy work is inextricably linked to and benefits enormously from the Council's regional presence. The Legislative and Public Policy Committee (LPPC) and the Council benefit from the regional offices and regional advisory committees' close connection to their communities. What is happening locally informs our decision making at the state level.

The Council also benefits from our reach into local communities when advancing policy change. For example, the information alerts distributed by the Council are typically forwarded on through our local office databases to what is ultimately a broad statewide network of local/regional/minority organizations and their contact lists. This multiplier effect would indicate that a Council information alert on a topic of high interest would reach at least 30,000 individuals. In 2013, the Council's work on both Employment First Policy and Self-Determination legislation helped contribute to a huge outpouring of support for these bills, and ultimately, their being signed into law.

Finally, once new policy is adopted, it is necessary to ensure implementation of that policy through information dissemination; training people with developmental disabilities, families, professionals and local regional centers; monitoring the implementation in local communities, where the polices are being implemented; and advocating for corrective actions when implementation lags.

Please refer to **Attachments M** and **N** for further information on the Council’s self-advocacy activities and its most recent Employment First Report, which is disseminated to the Legislature and the Governor.

CORRECTIVE ACTION (10): The newly reconstituted State Plan Committee, which will hold its first meeting by June 30, 2014, will develop a template that captures data on state plan implementation at both the local and statewide level. It will be distributed on at least a quarterly basis to the full Council and utilized to complete the PPR.

STAFF ASSIGNED: Mark Polit, Deputy Director for Policy and Planning; State Plan Committee

TIMELINES: Starting no later than June 30, 2014 and quarterly thereafter.

V. EVALUATION AND REPORTS

<i>Program Performance Report</i>	<i>2013 MTARS Finding(11)</i>
<p>The Council annually prepares and transmits to the Secretary a report containing information about the progress made in achieving the goals. The report includes:</p> <ul style="list-style-type: none"> • Extent to which each goal of Council was achieved. Sec.125(c)(7)(A) • Description of strategies that contributed to achieving goals. Sec.125(c)(7)(B) • Extent to which each goal was not achieved, describes factors that impeded goal achievement. Sec.125(c)(7)(C) • Separate information on self-advocacy goal. Sec.125(c)(7)(D) 	<p>Overall the Council’s Program Performance Report does not specifically describe how each Area Board is contributing to State Plan implementation. Because there are 13 regional offices implementing different parts of the Council State Plan, it is difficult to determine how State Plan achievement is being measured and evaluated.</p> <p>Some Area Boards referenced using "mini-plans" to document which parts of the Council State Plan they were implementing. Other Area Boards did not provide evidence of having "mini-plans". Without consistent use of Area Board "mini-plans" or some other tool it is unclear how the Council can assess progress made in achieving goals.</p>

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (11): The State Council funds 13 regional offices throughout the state. Each office has program staff that offer ongoing outreach, education, training and technical assistance to their local community. These activities are aligned with the Developmental Disabilities Act and are vital in furthering the objectives of the State Plan. The Council provides ongoing monitoring of the regional offices to ensure their activities correlate to the implementation of the State Plan.

The Council is cognizant that it is the Council's State Plan, not the Area Boards'. With a broad ambitious State Plan and many staff throughout the state implementing it, the compiling of data for the Program Performance Report is challenging. We have been further hampered in that the position of Planning Specialist that would assist in coordination of this effort has been vacant for two years.

For the 2012 PPR, California used DD Suite for the first time. All program staff were given access to DD Suite and each staff entered activity narratives directly; however, staff were not held to a specific schedule for reporting activities and outcomes. As a result, the PPR data lacked continuity and cohesion. This year the Council developed an Activity Form, which is a tool to achieve consistency in reporting progress on State Plan-related activities. All program staff now use the Activity form for reporting on each distinct activity. The Activity Reports are turned in to the Deputy Director for Policy and Planning on a bimonthly basis (per the timeline structure of DD Suite) and data is entered into DD Suite by one individual. This approach has resulted in a far more cohesive PPR. It has also resulted in a far more accurate document, demonstrating even better outcomes.

While the PPR is a comprehensive report of the Council's overall performance in implementing the State Plan, the individual Activity Forms provide the more specific data and document the details on how each objective is being implemented. The Activity Forms tell the Council what each regional office is doing to implement the State Plan. The State Plan Committee will be able to use the Activity Forms to better assess the performance of each regional office and the Council overall in implementing the State Plan. This in turn will also permit the Council to do more accurate budget planning and grant planning to fill the gaps in achieving outcomes. Please see **ATTACHMENT O** for a sample of several Activity Forms and **ATTACHMENT P** for the 2013 PPR.

CORRECTIVE ACTION (11): The Council had a strategic Planning Committee to oversee the development of the State Plan and the ongoing progress in implementing the State Plan. When the Planning Specialist position became vacant two years ago, however, the Strategic Planning Committee became inactive. In 2013, the Council took steps to reinstate a re-named State Plan Subcommittee; however, at this point it has not yet convened. The Council Executive Director is in the process of filling the Planning Specialist position, having identified a qualified candidate to fill the position on January 23, 2014. It is anticipated that the individual will begin her position on or around April 1, 2014. The Planning Specialist will be responsible for training program staff in reporting obligations and ensuring that the Council is kept abreast of progress made in implementing the State Plan. The State Plan Committee will be charged with reviewing the individual Activity forms and based on that data, developing a matrix that illustrates the Council's progress in implementing the State Plan. The chart will be provided to the Council at least quarterly. The information will be used by the Program Development Committee (PDC) to assist in determining priorities for grants. It will be used by the Administrative Committee to help guide fiscal priorities.

STAFF ASSIGNED: Mark Polit, Deputy Director for Policy and Planning who will supervise the Planning Specialist; MTARS Committee to oversee.

TIMELINES: The State Plan Committee will meet beginning no later than June 30 2014 and will convene at a minimum, quarterly. The Chair will appoint the members of this Committee no later than April 1, 2014.

<p>An accounting of the manner in which funds paid to the State for a fiscal year were expended. Sec.125(c)(7)(G)</p>	<p>The Council presented several documents that detailed different aspects of how the federal allotment is being spent, but overall the review team could not determine how the budget is developed and executed and how expenditure data is calculated.</p>

VI. FISCAL

VI.1 Fiscal Requirements

2013 MTARS Finding(12)

Council has authority to prepare, approve, and implement a budget to fund programs, projects, and activities. Sec125(c)(8)

The Council did not provide adequate evidence on how it developed or implemented its budget to fund programs, projects, and activities. Council members expressed a strong need for more fiscal transparency and training on state versus federal fiscal policy and the Council’s budget development/implementation process.

In addition, the Lanterman continues to include language that is inconsistent with the DD Act, posing challenges for the Council to be in compliance with the federal law:

- The Lanterman Act requires the Council to provide funding to Area Boards.
- The Lanterman Act provisions require the Council to hire staff at the deputy director level thereby interjecting a line item in the Council’s budget and limiting its authority to develop a budget.

California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (12): In this section we address both Sec 125(c)(7)(G): The PPR includes an accounting of the manner in which funds paid to the State for a fiscal year were expended; and Sec 125(c)(8) Fiscal Requirements since both specifically address the Council’s role in developing, implementing and tracking its budget.

As the MTARS report later states, at the time of the site visit the Council lacked a Budget Officer (Administrative Service Manager) and unfortunately, the previous Executive Director had provided little budgetary information to the Council. The Administrative Committee was re-established in January 2013 and has met ten (10) times in 2013, nearly monthly. The Administrative Committee’s first undertaking was to develop a 2013 Administrative Work Plan, based on the recommendations of the November 2012 Audit Report from the Department of Health Care Services. Additionally, the Committee ensured that the Council

received quarterly expenditure reports in 2013 and approved the Council's budget for FY 2014.

In May 2013, Council members received governance training, which included their obligations to approve and monitor the budget, from NACDD technical assistance staff.

At its July 2013 Council meeting, members received training from our Department of Finance (DOF) Analyst on the state budgeting process. Because the California Council implements its State Plan largely through staff activities and because it also retains a network of 13 regional offices, a large proportion of the federal grant is assigned to personnel and facility costs. Since these are largely predictable costs, much though not all, of the budget is necessarily based on historical expenditures. The budget approved by the Council breaks out costs in two categories: Personal Services and Operating Expenses and Equipment. However, the Administrative Committee reviewed a more detailed line item budget. It was the Administrative Committee that examined the Council's allocation of funds to determine how we would absorb the sequestration cut in FY 13 and into the future. The Administrative Committee recommended and the Council agreed that staff vacancies at the local area offices would not be filled.

Additionally, the re-established Administrative Committee receives programmatic and grant information from the Program Development Committee (PDC) that is used to guide fiscal decisions. The Chair of the Administrative Committee also sits on the PDC.

In 2000, California Department of Finance staff devised a cost allocation methodology that would enable the Council to assign costs by state plan goal. That methodology has been reviewed and revised periodically, most recently with the development of the current state plan. The formula is utilized by the state's primary accounting system, known as **Calstars**. As a result, Calstars provides monthly expenditure data, broken out several different ways, including by state plan goal.

For further insight into the Council's efforts to correct identified fiscal weaknesses and inadequacies, please also refer to the attached Fiscal Integrity and State Manager's Accountability Act report (FISMA Report). The FISMA report is a required biannual report of California state departments to examine the adequacy of the agency's system of internal controls.

As previously stated, the Council is pursuing legislation that will bring state law into compliance with the federal DD Act. This will include revised language that removes any provision that interferes with the Council's autonomy in establishing its budget.

Quarterly budget reports and Council's approved 2014 budget (two versions, with and without sequestration cut) are included. **ATTACHMENT S:** November Calstars report; **ATTACHMENT T:** FISMA Report

CORRECTIVE ACTION (12): The Council has made steady progress in establishing the necessary oversight and ensuring that the Council members are well informed about fiscal and budget processes. The Council now receives quarterly expenditure reports, develops and approves the annual budget. Further, the Council recognizes and welcomes that AIDD staff will be providing close supervision of our progress in this area. The Administrative Committee will continue to meet monthly. The Administrative Committee has set

the following priorities for its work in 2014:

1. Ensure that all MTARS noncompliance findings of a fiscal/administrative nature are resolved.
2. Take a more active role in developing the Council’s 2015 budget. (Presented at May 2014 Council meeting)
3. Ensure that the Council has a comprehensive Policies and Procedures Manual. (Completion by December 31, 2014)
4. Oversee the process of establishing an MOU with the DSA and evaluating the functions of the DSA. (Evaluation completed by May 2014. MOU completed by November 30, 2014.)

STAFF ASSIGNED: Roberta Newton, Interim Executive Director; Administrative Committee to oversee activities

TIMELINES: Ongoing, monthly

<i>VI.2 Fiscal Policies</i>	<i>2013 MTARS Finding(13)</i>
<p>Council has policies to carry out appropriate subcontracting activities. Sec.125(c)(8)(A)</p> <p>Council directs expenditures of funds for grants, contracts, interagency agreements that are binding contracts and other activities authorized by State Plan approval. California State Council on Developmental Disabilities Response

COUNCIL RESPONSE (13): The Council agrees that these findings accurately describe the Council in January 2013, but has since taken a number of strong steps to rectify that situation. We believe that the Council is now on a far stronger fiscal footing and that our policies and practices are transparent to the members, the public, and our business associates.

In July 2013 the Council was able to hire a new Budget Officer (the delay was due to legal procedures associated with the previous budget officer) She has been working closely with Department of Finance staff

and our accounting colleagues at the CDSS.

Immediately following her appointment as Acting (now Interim) Executive Director, Ms. Newton sought and received approval from the Council to enter into an Interagency Agreement for the California Department of Health Care Services Financial Audits Branch (FAB) to expand upon the Department of Finance Management Letter's findings, issued August 17, 2012. (Note: Department of Finance (DOF) staff were unavailable to conduct the follow-up.) The DSA was instrumental in securing the services of the FAB audit staff. Specifically, the request was for the audit team to examine all of the Council's practices around contracting and procurement and to provide recommendations. Those recommendations became the basis for an **Administrative Work Plan** which staff has been implementing throughout 2013 and Council has been overseeing, through the Administrative Committee. The Administrative Committee regularly reports to the Council on our progress.

In December 2013, staff completed a draft **Contract and Purchasing Manual** that to a large degree is based upon the manual utilized by the Department of Social Services. The Manual focuses on the Council's procedures for contracting and procurement. The draft Manual was reviewed by the Administrative Committee in January 2014. A second draft will be presented at the February 27, 2014 Administrative Committee meeting. It is anticipated that the Contract and Purchasing Manual will be one element of a more comprehensive Policies and Procedures Manual to be developed throughout 2014. Target completion date: December 31, 2014. The Council does continue to be hampered by staff management vacancies, especially that of the Chief Deputy for Administration. We have been assured that the Governor's Appointment Office will cooperate with the Council's Interim Executive Director in filling these positions expeditiously during this transitional period while legislation is pending to remove the Governor's hiring authority.

Please see **ATTACHMENT V**: Department of Health Care Services Audit Report and **ATTACHMENT W**: 2013 and 2014 SCDD Work Plans and **ATTACHMENT X**: SCDD Draft Contract Manual

CORRECTIVE ACTION (13): The Council is advertising for a Chief Deputy for Administration (advertisements have been placed in Monster, Idealist, Opportunity Knocks, Exec Searches, and Capitol Weekly) and a Deputy for Area Board Operations. The Administrative Committee will review a second draft of the Contract and Purchasing Manual in February 2014 and it will go to the Council for review and approval thereafter. As opportunities arise, administrative staff are attending contract development and oversight classes. For example, the contract analyst is registered for a two day class titled "Monitoring Grants and Cooperative Agreements for Federal Personnel" in April 2014.

VII. DESIGNATED STATE AGENCY	
VII.2 Responsibilities of DSA	2013 MTARS Finding(14)
<ul style="list-style-type: none"> • Receives, accounts for, and disburses funds under subtitle based on State Plan. Sec125(d)(3)(C)(i) • Provides the appropriate fiscal control and fund accounting procedures as may be necessary to assure proper disbursement of, and accounting for, funds paid to the state. Sec125(d)(3)(C)(ii) • Keeps and provides access to records as Secretary and Council may determine necessary and timely financial reports regarding status of expenditures, obligations, and liquidation by agency or Council, and use of Federal and non-Federal shares. Several DSA functions are performed by Council staff at the central office, specifically in the areas of: contracting, budget, fiscal, and personnel.</p>
California State Council on Developmental Disabilities Response	
<p>COUNCIL RESPONSE (14): The Council Interim Executive Director has met on multiple occasions with the DSA throughout 2013, specifically to discuss DSA functions.</p> <p>Currently, the DSA is in the process of obtaining final approval from the California Department of General Services on their revised fiscal control and purchasing authority policies and procedures. Based on these policies and procedures, the Council’s legal Counsel has adapted it and developed a Contract and Purchasing Manual policy handbook that establishes procedures to ensure accurate and appropriate fiscal controls. As previously noted, that manual is currently under review by the Administrative Committee. Once approved by the Committee, the Full Council will review and approve, anticipated at the May 2014 Council meeting. (Please refer to ATTACHMENT X)</p> <p>Council staff members have already attended several trainings regarding their fiduciary obligations as well as proper and standard accounting procedures that will ensure accuracy and dependability in accounting</p>	

and disbursement of funds.

All policies and procedures ensure that while staff is responsible for the daily work, the full Council retains control over authorizing expenditure of funds in accordance with federal laws, rules, and State Plan goals and objectives.

Neither the Council nor the DSA perceive duplication of Council staff duties with DSA functions. The Department of Social Services' Interagency Agreement (Attachment K) identifies DSA functions in considerable detail. We have attached the Duty Statements for our Contract Analyst, Contract/Procurement Analyst, Personnel Specialist, Budget Officer, and Information Systems Specialist. While it is certainly true that those positions correspond to DSA functions, Council staff coordinates duties with DSA (DSS) staff. They are complementary, not duplicative. For example, the Council's Personnel Specialist is the first line contact with our 65 (federally funded) employees. She handles duties associated with changes in benefits, salary, work hours, promotion or adverse actions. DSA staff have access to the state government mainframe and State Controller's Office and therefore are charged with inputting the transactional changes. Additionally, there are no Council staff who carry out accounting functions. Without direct access to Calstars, the state's multimillion dollar accounting system, we depend on DSS to handle these functions in a more cost effective manner than we could.

ATTACHMENT K: DSS Interagency Agreement; **ATTACHMENT Y:** FIVE (5) DUTY STATEMENTS

CORRECTIVE ACTION (14): The Council agrees that it will develop and enter into a Memorandum of Understanding (MOU) with the DSA during calendar year 2014. This effort will be coordinated by the Administrative Committee. The DSA is represented on the Administrative Committee by Kristopher Kent, Assistant Secretary, Health and Human Services Agency. The Council itself will approve the MOU and it will be signed by the Chairperson.

The Council agrees that it will conduct a formal evaluation of the DSA during calendar year 2014 again through the Administrative Committee. It should be noted, however, that Council management has met periodically with DSA staff to address deliverables, timelines, best practices in IT support and communication, among other issues.

STAFF ASSIGNED: Roberta Newton, Interim Executive Director, and the Administrative Committee

TIMELINES: Review current DSA functions; review sample MOUs from other states by April 2014 Administrative Committee. Draft MOU and meet with DSA to discuss review by July 2014 Administrative Committee. Meet with DSA and discuss/revise as needed draft MOU by September 2014. Execute and sign MOU at November 2014 Council meeting
